No. 20T2432 This lens possesses those peculiar optical qualities necessary in portrait work, working very rapidly and yielding soft, brilliant negatives. **The ¼-size is particularly suitable for penny picture work** and for small portraits. Many photographers purchase ordinary rectilinear lenses for penny picture work on account of the comparatively low price of such lenses as compared with regular portrait lenses, but in this lens we offer you an opportunity to equip your outfit with a lens designed and made expressly for portrait work, at a price even lower than the cost of a rectilinear lens. **The ½-size and 4-4 size are both designed for regular cabinet work** and of the two the 4-4 size is the most popular, as it can also be used for small groups and full figures.

CONSTRUCTION: The Seroco Portrait Lens is a double combination, the front system composed of two lenses cemented together, the rear system of two separated lenses, which is the true portrait method of construction. The lens tube is nickel plated and highly polished, the hood, flange and barrel of lacquered brass, and a **fine rack and pinion movement** is provided for accurate focusing, also a set of Waterhouse diaphragms in morocco case.

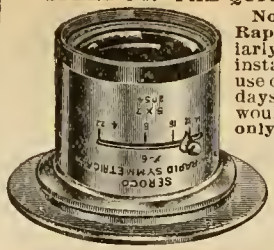
Size	Plate covered inches	Diameter lenses, inches	Back Focus, inches	Price
¼	3¼x4¼	1⅝	4½	$ 7.75
½	4¼x6½	2⅜	7	13.70
4-4	6½x8½	3¼	11	24.00

These lenses are small enough to be mounted on view cameras, such as our Seroco View, the Empire State, etc., and when ordered for either of the above cameras, we will mount them on front board to fit the camera without additional charge.

TEN DAYS' FREE TRIAL OFFER. **we make you this special ten days' trial offer on any lens we sell:** Send us your order, accompanied by remittance covering the price of the lens as quoted in this catalogue, and we will forward the lens, guaranteeing that it will prove perfectly satisfactory in every way. We will furthermore allow you the privilege of using the lens for ten days, during which time you can put it to any test, you can compare it with other lenses costing twice the amount we ask you, and if you do not find it satisfactory in every respect, exactly as we represent it and better value than any other dealer can give you at double the price, **you can return the lens to us at our expense and we will refund your money in full, including transportation charges.**

The Seroco Extra Rapid Symmetrical Lens.

SPEED F6. THE QUICKEST RECTILINEAR LENS MADE.



The Seroco Extra Rapid Symmetrical Lens with Iris diaphragm.

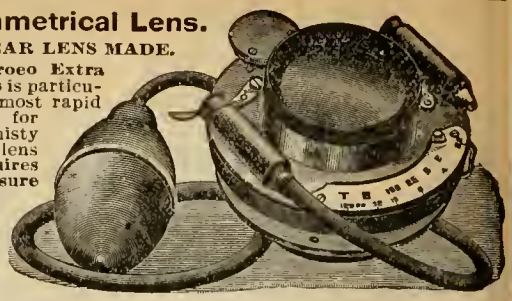
No. 20T2430 The Seroco Extra Rapid Symmetrical Lens is particularly well suited to the most rapid instantaneous work and for use on dark, cloudy or misty days, where an ordinary lens would utterly fail. **Requires only one-half the exposure** that must be given with the ordinary rectilinear lens. **For all-around work, including landscapes, general viewing, high speed instantaneous work, etc., The Seroco Extra Rapid Symmetrical lens offers advantages over any other existing type of lens on the market today.**

This lens is **perfectly rectilinear,** rendering the straight lines of buildings or other subjects absolutely without distortion, possesses **great depth of focus,** flatness of field and **brilliant definition.**

The great speed of this lens, almost equal to that of an ordinary portrait lens, makes it particularly desirable for **portrait work,** and for those who do not care to invest in both a rectilinear lens and a portrait lens, we can especially recommend the Seroco Extra Rapid Symmetrical Lens, which will answer both requirements.

Construction: This lens is composed of two systems, both the front and back systems each being composed of two lenses cemented together. Both front and rear combinations are perfectly corrected and either may be used alone when a greater focal length is desired. These lenses are of large diameter, but being quite thin the weight of the lens is not increased appreciably and the mounting is very compact.

It is provided with a finely adjusted Iris Diaphragm, operated by a small lever, as shown in the illustration, beautifully mounted in lacquered brass. In sizes 4x5 to 8x10 inclusive, we furnish these lenses either with or without the new Bausch & Lomb Automatic Shutter.



Seroco Extra Rapid Symmetrical Lens with Automatic Shutter.

Size of View, Inches.	Equivalent Focus, Inches	Back Focus, Inches.	Diameter Image Circle, Inches	Diameter of Lenses, Inches.	Diameter Across Hood, Inches.	Price of Lens Alone with Iris Diaphragm.	Price of Lens Complete with Automatic Shutter
4 x 5	6⅜	5 7/8	8¾	1⅛	1⅜	$15.68	$20.55
5 x 7	8	7	10¾	1½	1 33/64	20.10	24.75
6½ x 8½	9 7/8	8¾	12¾	1¾	1 33/64	25.12	29.62
8 x 10	11¼	9 41/64	15½	2⅛	2 3/64	32.40	36.60
10 x 12	14¼	12 7/8	19	2¾	2⅜	41.92	Not Made.
11 x 14	17½	15¾	24	3 5/8	3⅜	56.00	Not Made.
14 x 17	22¾	19 7/8	25¾	3¾	4⅛	72.52	Not Made.

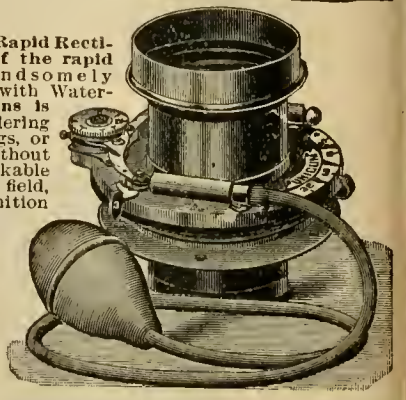
The 5x7 lens will cover a 5x8 plate sharply to extreme corners.

The new Bausch & Lomb Automatic Shutter represents this famous manufacturer's latest achievement in shutter making. In general appearance and principles of operation this shutter closely resembles the Unicum, which we fully describe under No. 20T2421, but in addition to having all the good points possessed by the Unicum this new automatic shutter **requires no setting,** as the mechanism is so constructed that it automatically resets itself after each exposure.

Seroco Rapid Rectilinear Lens.

The Seroco Rapid Rectilinear Lens.

No. 20T2421 The Seroco Rapid Rectilinear Lens, **a double lens of the rapid rectilinear type,** very handsomely mounted in lacquered brass with Waterhouse diaphragms. **This lens is perfectly rectilinear,** rendering the straight lines of buildings, or other subjects, absolutely without distortion, possesses a remarkable depth of focus and flatness of field, giving the most brilliant definition and detail. **This lens is unsurpassed for landscape work,** views of buildings, and other architectural subjects, flash lights, groups and instantaneous work. **Represents better value than any other lens on the market, and is superior in every respect to many lenses sold at double the prices.** In sizes 4x5 to 8x10 inches, inclusive, we furnish the Seroco Rapid Rectilinear Lens either with or without the Unicum Shutter. **The speed of this lens is F8.**



The Unicum Shutter.

The Unicum Shutter gives automatic exposures of 1 second, ½ second, ¼ second, 1/25 second or 1/50 second, with one pressure of the bulb. With indicator set to "B" a pressure of the bulb opens the shutter, which remains open until the pressure is released. With indicator set to "T" the first pressure of the bulb opens the shutter, which remains open until the bulb is again pressed. Back of the shutter blades is a perfect **Iris Diaphragm,** the opening being instantly adjustable to any desired size by the index lever at lower margin of shutter. **Accuracy and entire freedom from jarring are secured by a pneumatic retarding device,** and the actuating mechanism of the shutter is fully protected from injury or dust. Made from bronze metal, with nickel plated trimmings, very handsomely finished throughout.

The Seroco Rapid Portrait Lens.

SPEED F5.

No. 20T2435 The Seroco Rapid Portrait Lens **is a strictly high grade lens,** made on the true portrait principle, extremely rapid, possessing the highest degree of illumination consistent with depth of focus and definition. The Seroco Rapid Portrait Lens is made throughout in the most careful and accurate manner; the lenses are ground from the finest quality of optical glass and we guarantee this instrument to fully meet all requirements for the best studio work. In speed, flatness of field and brilliancy of illumination this lens is surpassed only by our justly famous Seroco Extra Rapid F4 Portrait Lens, and we can unhesitatingly recommend and absolutely guarantee it in every respect. **For cabinet work the Seroco Rapid Portrait Lens can be used with full aperture,** ample depth of focus and definition being secured without stopping down, thus enabling the operator to take advantage of the extreme working speed of the instrument.

CONSTRUCTION: The Seroco Rapid Portrait Lens is made with two systems, the front system composed of two lenses cemented together; the rear system of two separate lenses. Handsomely mounted in lacquered brass, finely finished and provided with a set of Waterhouse diaphragms in morocco case.

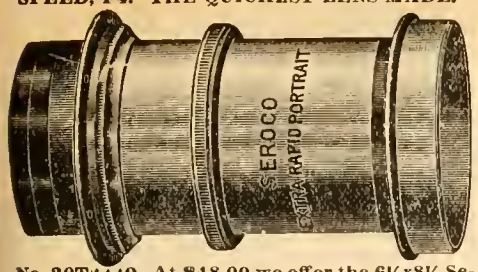
The Seroco Rapid Portrait Lens is intended only for use with regular portrait cameras, and is too large and heavy to be mounted on any other kind of a camera. To those who wish to do portrait work with an ordinary viewing camera, such as our Seroco View or the Empire State, we particularly recommend our Portrait Lens No. 20T2432, which is of smaller and lighter construction, or our Seroco Extra Rapid Symmetrical Lens No. 20T2430.

	Size of Plate Covered Inches	Diameter of Lenses, Inches	Back Focus, Inches	Diameter Across Hood, Inches,	Price
No. 1	5 x 8	2⅛	8⅛	3 3/8	$16.88
No. 2	6½x 8½	3 5/8	10⅛	4 5/8	23.25
No. 3	8 x10	4 1/8	13½	5 5/8	33.75

See next page for description of our Seroco Extra Rapid F4 Portrait Lens.

The Seroco Extra Rapid Portrait Lens.

SPEED, F4. THE QUICKEST LENS MADE.



No. 20T2440 At $18.00 we offer the 6½x8½ Seroco Extra Rapid Portrait Lens as the equal in every way of portrait lenses heretofore sold at several times our price. In quality of glass, perfection of finish, careful adjustment and fine workmanship; in softness, delicacy and depth of focus; in speed, flatness of field, and brilliancy of illumination; the **Seroco Extra Rapid Portrait Lens** is not equaled by any other portrait lens on the market, regardless of price or maker. **The Seroco Extra Rapid Portrait Lens** represents the very latest advances in scientific lens grinding, possessing all those peculiar optical qualities and special brilliancy of definition so necessary in high grade portrait work. **The Seroco Extra Rapid Portrait Lens** preserves that softness and roundness so essential in portrait making, even when stopped down, a quality possessed by no other portrait lens made, as all other lenses become distinctly wiry when a small diaphragm is employed. **We particularly invite comparison of the Seroco Extra Rapid Portrait Lens with any other portrait lens on the market regardless of price or maker,** as we know that in all these special points, whereby a portrait lens is judged, the **Seroco Extra Rapid Portrait Lens** is the best that money can buy.

CONSTRUCTION: The Seroco Extra Rapid Portrait Lens is composed of two systems, the elementary lenses of the front system being cemented together, while the elementary lenses of the back system are separated. The back system is mounted in an adjustable mounting, enabling the operator to vary the distance between these lenses, thus varying the depth of focus and quality of definition. Any desired degree of softness, roundness or distribution of focus can be obtained by thus varying the distance between the elementary lenses of the back system. A perfect iris diaphragm is provided with this lens, thus doing away entirely with loose stops to mislay or lose.

Number.	Size of Plate Covered, inches.	Diameter of Lenses, inches.	Back Focus, inches.	Diameter Across Hood, inches.	Price
1	5 x 8	3 5/16	8½	4 1/8	$33.75
2	6½x 8½	4 1/16	11½	5 1/8	48.00
3	8 x10	4¾	13½	5 7/8	90.00

Ray Filters.

No. 20T2450 A Ray Filter is a small device so constructed that it can be slipped over the hood of the regular camera lens during exposure. **The Ray Filter** absorbs the violet and ultra-violet rays of light and produces a picture in which the color values are correct, that is, it enables us to produce, in monochrome, photographs with true color values. **Certain colors** or combinations of colors, such as white clouds and blue sky, or reds and yellows, show little or no contrast when photographed without a Ray Filter. **Clouds in a photograph** improve the artistic value of the picture wonderfully, and except under very unusual conditions they cannot be obtained at all without using a Ray Filter. **Landscapes** photographed with the Ray Filter possess a brilliancy and contrast which it is impossible to obtain otherwise; and in the photographing of flowers, paintings or any brightly colored subjects, the Ray Filter is practically indispensable. **A Ray Filter in order to be of any practical value must be both chemically and optically perfect.** It must be accurately ground from the very best quality of optical glass. The surfaces must be absolutely true and mathematically parallel. The color must be chemically pure, transparent and of exactly the right shade according to spectroscopic test. Our Ray Filters are composed of two pieces of thin optical glass with surfaces ground optically plane, each coated with a spectroscopically accurate yellow tint and firmly cemented together, the very best Ray Filter it is possible to produce.

No. 1	for lenses 1⅝ inches in diameter	$0.60

Any of the above sizes are suitable for lenses ¼ inch less in diameter than size mentioned.

State exact diameter of lens when ordering.

AUXILIARY LENSES.

For Enlarging and Copying. For Portrait Work.

Section view of our auxiliary lenses showing perfect optical construction.

The use of auxiliary lenses for increasing the efficiency and capacity of ordinary folding hand cameras is becoming almost universal and practically every user of a folding hand camera today finds the use of these auxiliary lenses for enlarging and copying and for portrait work indispensable. The great demand for these auxiliary lenses has induced certain unscrupulous manufacturers to place on the market a line of very cheap goods, which are sold at wonderfully low prices, or given away as premiums. **Our auxiliary lenses** should not for a moment be compared with these trashy goods, which are made from **one piece of common window glass, imperfectly ground and not centered.** Such a lens is not achromatic, it is certain to distort the picture and will counteract all the good properties of the camera lens with which it is used. **Our auxiliary lenses are ground with scientific accuracy from the very best optical glass, the same glass that is used in making the highest grade photographic objectives. Every one of our auxiliary lenses is accurately centered, the edges are ground and polished and they are mounted in nickel plated brass cells.** Both our enlarging lenses and our portrait lenses are composed of two elementary lenses, one of flint glass and the other of crown glass, cemented together and correctly centered, thus forming an achromatic, optically perfect, scientifically corrected lens.

Auxiliary Enlarging and Copying Lenses.

No. 20T2475 These lenses are used in connection with the regular lens of any folding camera, greatly increasing its power. By the use of these lenses, copying and enlarging may be done with any folding camera, enabling one to copy other pictures or photograph small articles to their full size or even larger. **A 4x5 photograph copied with an ordinary camera will make a picture about the size of a postage stamp, but when copied with the aid of this lens can be made of full size or larger.** Many uses for this valuable discovery will readily suggest themselves for the user. **In use these lenses are simply slipped over the regular lens.**

No. 1	for 4x5 camera with lens 1⅝ in. in diam.	$ .90
No. 2	for 5x7 camera with lens 1⅝ in. in diam.	.90
No. 3	for fixed focus or box cameras	.90
No. 4	for 4x5 camera with lens 1⅞ in. in diam.	.90

No. 12	any size camera with lens 2¾ in. in diam.	1.95
No. 13	any size camera with lens 3 in. in diam.	2.10

If by mail, postage extra, on Nos. 1 to 7, 3 cents; Nos. 8 to 10, 4 cents; Nos. 11 to 13, 5 cents.

In measuring your lens, take the outside diameter, remembering that the enlarging lens slips over your regular lens same as a cap.

Any of the above sizes are suitable for lenses ¼ inch less in diameter than size mentioned.

Auxiliary Portrait Lenses.

No. 20T2478 In making portraits with the ordinary folding hand camera, the great difficulty heretofore has been the small size of the faces. This portrait lens, however, entirely overcomes this difficulty and enables anyone with any kind of a folding camera to make portraits in which the faces are large and distinct. Constructed in the same style and used in same manner as the enlarging lens No. 20T2475.

If by mail, postage extra, on Nos. 1 to 7, 3 cents; Nos. 8 to 10, 4 cents; Nos. 11 to 13, 5 cents.

In measuring your lens, take the outside diameter, remembering that the portrait lens slips over your regular lens same as a cap.

Any of the above sizes may be used on lenses ¼ inch less in diameter than size given.

REMEMBER, THAT A COPY OF

"COMPLETE INSTRUCTIONS IN PHOTOGRAPHY"

will be included, free of charge (if you ask for it), with every $2.50 order for Photo Goods. **See page 236.** . . . . . .

Duplicators.

No. 20T2480 This is a very ingenious little device which can be attached to the lens of any folding camera and enables one to photograph any person or persons in two positions on same plate without showing any division line where the two exposures meet. Many very humorous pictures can be made in this way; for example, a gentleman may be photographed as though he were playing cards with himself by photographing him first on one side of the table and then on the other; or two persons may be photographed together in a group without ever having seen each other, by making the picture of each one separately at different times.

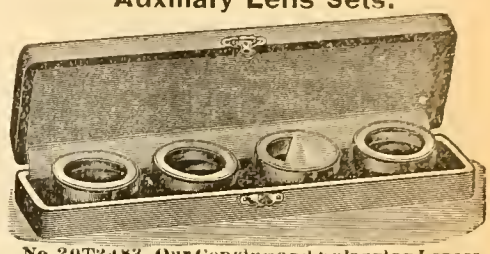
The Duplicator is attached to the lens in exactly the same way as our ray filter or enlarging lenses.

No. 1	for camera with lens 1⅝ inches in diam.	$0.15
No. 2	for camera with lens 1⅞ inches in diam.	.15
No. 3	for camera with lens 1½ inches in diam.	.15
No. 4	for camera with lens 1¾ inches in diam.	.18
No. 5	for camera with lens 2 inches in diam.	.18
No. 6	for camera with lens 2¼ inches in diam.	.21
No. 7	for camera with lens 2½ inches in diam.	.21
No. 8	for camera with lens 2¾ inches in diam.	.24
No. 9	for camera with lens 3 inches in diam.	.24

Duplicators cannot be used with fixed focus or box cameras.

If by mail, postage extra, on Nos. 1 to 5, 3 cents; Nos. 6 to 9, 5 cents.

Auxiliary Lens Sets.



No. 20T2483 Our Copying and Enlarging Lenses, Portrait Lenses, Ray Filters and Duplicators have proven so popular that we have made arrangements for furnishing these articles in sets at a special low price. Each set contains one copying and enlarging lens, one portrait lens, one ray filter and one duplicator, **all contained in a beautiful plush lined leather case. Put up only in the following sizes:**

Set No. 1 for 4x5 camera with lens 1⅝ in. diam. $2.55
Set No. 2 for 5x7 camera with lens 1⅞ in. diam. 2.55
Set No. 3 for 4x5 camera with lens 1⅞ in. diam. 2.55
Set No. 4 for 5x7 camera with lens 1⅞ in. diam. 2.55

Postage extra on any size, if sent by mail, 8 cents.

Larger sizes of these lenses are not put up in cases.

PLATE HOLDERS.

We list herewith plate holders to fit the principal and best known makes of cameras on the market. We can also furnish holders to fit other makes of cameras than those mentioned below, but when such holders are ordered the name of the camera which they are to fit, also the manufacturer's name and the size must always be mentioned, as without this information we cannot fill the order.

Seroco Plate Holders.

No. 20T2510 Seroco Plate Holders, made expressly for use with any of the Seroco cameras described in this catalogue. Extra high grade holders, made from hard wood throughout, all joints dovetailed, and absolutely light tight. Compact, easy to load, easy to unload. Fitted with the best grade specially coated black pressed board slides, the most durable and the most practical slides made. We can furnish hard rubber slides if wanted at an increase of 20 per cent over the prices quoted below, but we recommend the pressed board, as we consider it the best. Hard rubber possesses no points of superiority over pressed board, costs more money, is very easily broken and sometimes fogs plates by becoming electrified. Good results with the best or highest priced camera that can be produced are an impossibility unless the holders are perfect. **We absolutely guarantee the Seroco plate holders to be the very best holders that can be made.**

Price, each	$0.75	$0.86	$0.97	$1.20	$1.38

Multiplying Slides.

For Making Six Exposures, All Alike, or All Different, on One 4x5 or 5x7 Plate.

One of the latest novelties. A set of three plate holder slides so arranged that six separate exposures can be made on one plate. Can be used with any 4x5 or 5x7 focusing camera. An ordinary plate holder becomes a multiplying plate holder when these slides are used. Very easy to use. Full instructions with each set.

No. 20T2522 Multiplying Slides. For 4x5 plate holder. Price, per set 42c

No. 20T2523 Multiplying Slides. For 5x7 plate holder. Price, per set 63c

Be sure to state name of holder that slides are to be used in. Cannot be used with box cameras.

Photographers' Kits.

KITS are thin wooden frames, which fit into a plate holder, the same as an ordinary plate, and the opening in the center holds a plate of smaller size than the holder is designed for. They are to be used when it is desired to take smaller pictures than the regular size of the camera, and thus save the expense of the larger plates.

Camera Tripods.

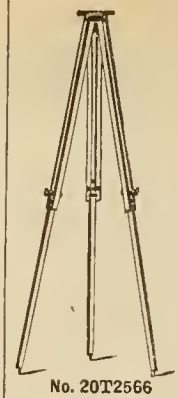
No. 20T2560

No. 20T2560 Sliding Tripod for 4x5 cameras. A light, well made, handsomely finished tripod, made from selected spruce, folding compactly, and adapted to any 4x5 hand camera or folding hand camera, such as the Delmars or other light cameras. Price, each, 45c

No. 20T2561 Combination Tripod for 4x5 cameras. A light, well made combined sliding and folding tripod, with detachable head; suitable for use with any 4x5 camera, and even for 5x7, provided the camera is not very heavy. Price, each 98c

No. 20T2661

Sliding Tripod.



No. 20T2566

No. 20T2566 Our Best Grade Sliding Tripod is, without a doubt the most perfect sliding tripod made. Constructed of best selected spruce, **top of three-piece wood to prevent warping** and covered with felt. A special brass binding plate, operated by set screw, clamps the legs securely at any desired height. **Suitable for hand cameras, folding hand cameras or regular view cameras.**

Size No. 1, for 4x5 or 5x7 cameras.
Price, each $1.35

Size No. 2, for 5x8 or 6½x8½ cameras.
Price, each $1.68

Size No. 3, for 8x10 cameras.
Price, each $2.00

Combination Tripod.

No. 20T2569

No. 20T2569 Combination Tripod, a combined sliding and folding tripod **one of the most convenient forms yet devised.** Quickly set up for use, readily adjusted to any desired height and perfectly rigid. Made in three sections with detachable head, the lower section slides into the second, while the upper section folds back upon it, thus making a very compact tripod. The best tripod made.

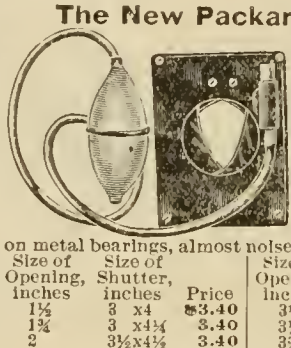
Size No. 1, for 4x5 or 5x7 cameras.
Price, each $1.68

Size No. 2, for 6½x8½ cameras.
Price, each $2.00

Size No. 3, for 8x10 camera.
Price, each $2.37

Size No. 4, for 10x12 or 11x14 cameras.
Price, each $3.05

The New Packard Shutter.

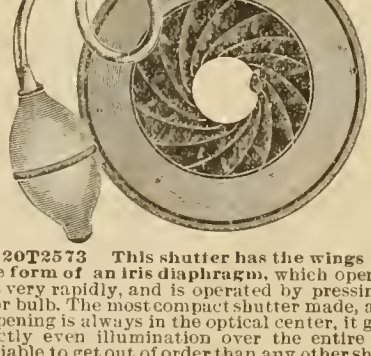


No. 20T2572 For anything except instantaneous work, this shutter is the best. Made with four wings and a larger opening in proportion to the size of the shutter than any similar device; works with almost no friction; each wing is pivoted separately on metal bearings, almost noiseless.

Size of Opening, inches	Size of Shutter, inches	Price	Size of Opening, inches	Size of Shutter, inches	Price
1½	3 x4	$3.40	3¼	6 x6	$4.25
1¾	3 x4¼	3.40	3½	6½x6½	4.25
2	3½x4½	3.40	3¾	7 x7	4.25
2¼	4½x4½	3.82	4	7½x7½	4.67
2½	4¾x4¾	4.25	4½	8 x8	5.10
2¾	5 x5	4.25	5	8½x8½	5.52
3	6 x6	4.25			

The Packard Shutter is attached to the inside of the lens board. Measure your front board before ordering and compare with dimensions of shutter as given above.

The Benster Studio Shutter.

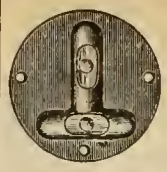


No. 20T2573 This shutter has the wings made in the form of an iris diaphragm, which opens and closes very rapidly, and is operated by pressing the rubber bulb. The most compact shutter made, and as the opening is always in the optical center, it gives a perfectly even illumination over the entire plate. Less liable to get out of order than any other shutter.

Number	Size of Opening	Size of Shutter	Price
1	1½ inches	2¾x2¾ inches	$4.05
2	2 inches	3⅝x3⅝ inches	4.50
3	2½ inches	4⅜x4⅜ inches	4.95
4	3 inches	5 x5 inches	5.40
5	3½ inches	5½x5½ inches	5.85
6	4 inches	6 7/16x6 7/16 inches	6.30
7	4½ inches	6⅞x6⅞ inches	6.75

The Benster Shutter is mounted back of the lense on inside of front board.

Camera Level.



No. 20T2576 This Little Level is intended to be attached to the bed of the camera, enabling the operator to quickly and easily place the camera perfectly level. It is nicely made from brass, finely finished and **accurately adjusted.**

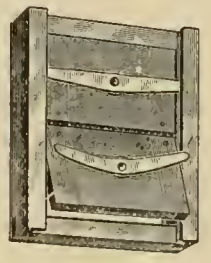
Price, each 42c

Camera Bulbs.

No. 20T2577 Bulb and Tube for Camera. Made from the very best quality of red rubber, very elastic; tube is 2 feet long and can be fitted to any shutter. Rubber always becomes hard, brittle or rotten after a certain length of time, and if the bulb and tube you now have has become useless you can easily fit one of these to your shutter.

Price, each ... **(If by mail, postage extra, 3c)** 18c

Light Printing Frames.



No. 20T2580 Light Weight Printing Frame. The best light weight frame made and a great improvement over the ordinary style. A special point of advantage is the care used in construction, giving strength and durability. The finish throughout is good.

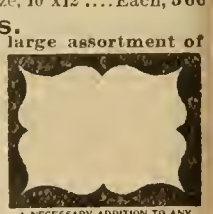
Masks.

Every package contains a large assortment of fancy and novel designs.



A NECESSARY ADDITION TO ANY PHOTOGRAPHIC OUTFIT.

No. 20T2587 Made from tough opaque paper, and designed to be placed between negative and sensitized paper while printing, thus producing oval, circular or various fancy shaped prints from any negative. The illustration shows only one of the many styles. Made for the following sizes of negatives: 2¼x3¼, 3½x3½, 3¼x4¼, 4¼x4¼, 4x5 and 5x7.

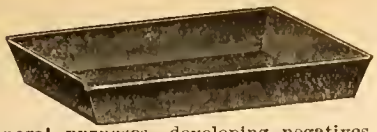
Assortment No. 1 contains one oval, one circle, one rectangle, one round corner rectangle, the balance being a variety of ornamental designs. **Assortment No. 2** is composed entirely of ornamental designs, all different from Assortment No. 1.

Price, per package, any size 20c

If by mail, postage, extra, on small sizes, 2 cents; on size 4x5, 3 cents; size 5x7, 4 cents.

State which assortment you want and size of negative.

Our Special Trays.



No. 20T2588 Our Special Trays. These are the best trays on the market for general purposes, developing negatives, toning, washing prints, etc. They are manufactured expressly for us from a peculiar composition material known as compressed fiber. These trays are jet black, perfectly smooth, without seam or joint, and perfect in shape. We guarantee them to stand all photographic chemicals without deterioration and to be acid and alkali proof. In shape, finish and durability they are superior to all others.

Fixing Baths.

No. 20T2610 These Fixing Baths are made of metal, thoroughly coated with a preparation which renders them impervious to the action of hypo. They are a very great convenience at a very low price. The use of these baths for fixing avoids the danger of spots and stains, which is the frequent result of fixing in an ordinary tray. They hold six plates each. These baths are provided with a rising bottom, so that the plates are readily raised above the top—a great convenience in removing them from the box and avoiding the danger of scratching.

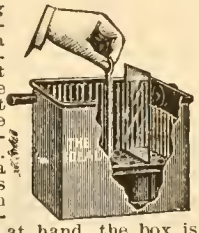
Zinc Washing Box.



No. 20T2615 Zinc Washing Box, a perfect device for washing plates, and should form a part of every photographic outfit. Constructed throughout of zinc and cannot rust. The water enters through the inlet tube, is circulated through the whole area of the box and passes off through the outlet tube. The patent lifting bottom is a valuable feature of this box, as the plates can be lifted out with no danger whatever of scratching. If running water is not at hand, the box is simply filled and emptied several times, in this way thoroughly washing the plates. Once used you will never be without again.

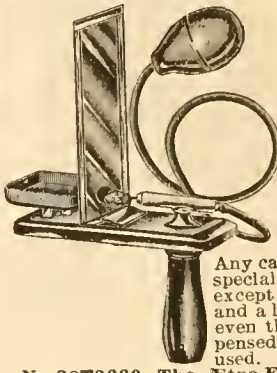
Two complete sets of weights are included, one set of avoirdupois, ⅛ of an ounce to 2 ounces, and one set of dram, scruple and grain weights. Price, complete $2.15
If by mail, postage extra, 40 cents.

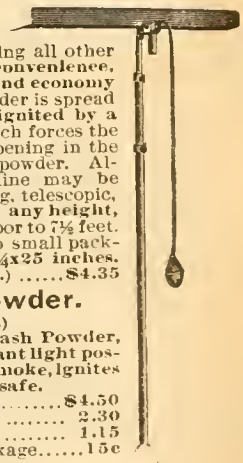
Flash Light Photography.



For many purposes a flash light is even better than natural light, as it can always be depended upon; it can be so placed as to get just the effect desired and literally turns night into day. Interior views, groups and portraits around the home fireside, at family gatherings or parties are all possible with flash light. Any camera can be used, no special apparatus is required except the flash powder itself and a lamp to burn it in, and even the lamp may be dispensed with if cartridges are used.

No. 20T2660 The Ætna Flash Lamp, one of the simplest and most easily manipulated lamps on the market. No danger of its going off before the time and is instantly lighted just when wanted by a pressure of the bulb. Price, each 48c

The Rex Flash Light Machine.



No. 20T2661 A regular professional flash lamp, suitable for any kind of work and excelling all other flash machines in safety, convenience, certainty of operation, and economy of powder. The flash powder is spread along the metal pan, and ignited by a pressure of the bulb, which forces the flame through a small opening in the pan, directly against the powder. Alcohol, kerosene or gasoline may be used. Made of brass tubing, telescopic, and can be adjusted to any height, from 3½ feet above the floor to 7½ feet. Very compact, folding to small package, measuring only 2x3¼x25 inches.
Price ... (Weight, 4 lbs.) $4.35

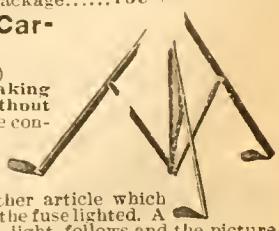
Flash Light Powder.

(Unmailable.)

No. 20T2665 Our Flash Powder, produces the most brilliant light possible, makes very little smoke, ignites quickly and is perfectly safe.

Price, per pound $4.50
Price, per ½ pound 2.30
Price, per ¼ pound 1.15
Price, per ⅛ ounce package 15c

Flash Light Cartridges.



(Unmailable.)

No. 20T2669 For making flash light pictures without a lamp. Each cartridge contains sufficient powder for one exposure, and for use the cartridge is simply placed on a stove shovel or other article which will not be injured and the fuse lighted. A blinding flash of white light follows and the picture is made instantaneously, in fact so quickly that if the subject moves or jumps the picture will still be all right because the impression is already made before the subject knows what has happened. Made in three sizes and put up in packages of ½ dozen each.

Size No. 1, per package of ½ dozen 20 grain cartridges 12c
Size No. 2, per package of ½ dozen 40 grain cartridges 22c
Size No. 3, per package of ½ dozen 60 grain cartridges 33c

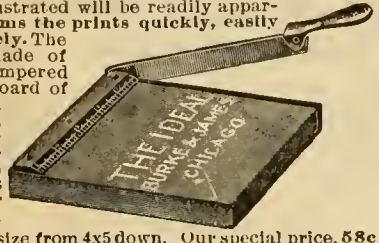
Print Trimmers.

No. 20T2700 Prints always have to be trimmed before mounting and while this can of course be done fairly well with scissors or knife, at the same time the advantages of a regular trimmer as here illustrated will be readily apparent. **It trims the prints quickly, easily and squarely.** The blade is made of finest tempered steel, the board of polished hardwood, has graduated measure which also serves as guide for the paper.



Trims any size from 4x5 down. Our special price, 58c

No. 20T2701 Trimming Board, same as above, but larger, suitable for prints up to 5x7. Price...89c

No. 20T2702 Trimming Board, same as No. 20T2700, but with 10¾-inch blade, suitable for any size up to and including 8x10. Price.....99c

Our Best Grade Trimmer.

No. 20T2710 The blade is made from the same steel used in the best paper cutting machines, finely tempered and ground to a perfect edge. The board is made of hardwood, polished, and so constructed that it cannot warp. The spring joint by which the blade is attached allows a slight lateral motion, so that the two cutting edges are in perfect contact at every point, insuring perfect, clean cut edges to either cards or paper.

Length of blade	Price	Length of blade	Price
6½ inches.....	$0.95	8½ inches.....	$1.30
10½ inches.....	1.95	12½ inches...	2.40

Always state which side the light falls on when ordering.

BACKGROUNDS.

Our backgrounds are all painted in oil on fine muslin, perfectly waterproof, and will not crack, practically indestructible. Do not compare our grounds with water color grounds or distemper, which are ruined if touched by water and can hardly be handled without cracking. **A secret process** known only to the painter who makes our backgrounds, enables him to get a perfect dull or dead finished surface in oil, making an ideal background, crack proof, waterproof and photographically correct.

Clouded Headgrounds.

No. 20T2721 The following grounds, in clouded designs, are especially suitable for bust pictures, although the larger sizes, 5x7 and 6x8 are extensively used for full figure work and small groups. Very artistic, up to date grounds, giving the soft shadowy effects so desirable in portrait work. Painted in oil on the best muslin. No better head grounds are made at any price.

Outfit for 6½x8½ pictures.	Price	3.86
Outfit for 8 x10 pictures.	Price	4.92

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

SENSITIZED PAPERS.

SEROCO.

A gelatine printing-out paper. 4x5 10 cents per dozen. 4x5 98 cents per gross.

SEROCO, THE BEST GELATINE PRINTING OUT PAPER on the market, at prices which our competitors simply cannot meet. Seroco is coated on the very best and highest quality of genuine imported stock, only the highest grade and the very best quality of gelatine is used, a chemically pure gelatine manufactured expressly for emulsion making, and the paper is coated in one of the most perfectly equipped factories in America, under the personal supervision of an expert and successful maker of sensitized paper.

SEROCO IS RICH IN SILVER. The chemicals used in its preparation are the very best that money can buy, and when we offer you Seroco as the best gelatine printing out paper on the market, we know the results it gives will substantiate our claims.

DO NOT COMPARE SEROCO with the so called "mill run" paper (which is only another name for seconds), with which many dealers attempt to meet our prices. Remember that Seroco is first choice paper, carefully sorted, every sheet subjected to the most rigid scrutiny for blemishes or imperfections, and every sheet which leaves our hands is perfect.

SEROCO IS A HARDENED PAPER, the film being absolutely insoluble, and it will not soften even in the hottest weather. Seroco can be used in any climate and its keeping qualities are unexcelled.

SEROCO CAN BE TONED in any ordinary gold toning bath, or, if preferred, it may be worked by the combined toning and fixing process. Seroco is an easy paper to work. It prints quickly and it yields tones of unequaled richness, with a wealth of detail in the half tones and a clearness of whites that is unsurpassed.

No. 20T2910 Seroco Paper.

Size	Dozen	Gross	Size	Dozen	Gross

5 x8	.24	2.40			

Rolls, 26 inches wide, 10 feet long, each $1.20
Rolls, 26 inches wide, 10 yards long, each 3.16

Less than one gross is sold at dozen rate only. For example: One-half gross of 4x5 (which is 6 dozen) would cost 60 cents; (6 dozen at 10 cents per dozen), and not one-half of 98 cents, or 49 cents. **We cannot violate this rule under any circumstances.**

DARKO.

A developing paper for black and white pictures. 4x5 10 cents per dozen. 5x7 16 cents per dozen.

DARKO IS ABSOLUTELY THE BEST DEVELOPING PAPER MADE, easy to work, beautiful in its results and absolutely permanent. The artistic qualities of Darko are unsurpassed, combining the effects of carbon and platinum.

DARKO IS PRINTED BY LAMP LIGHT. Sunlight is entirely unnecessary. Printing may be done at night or at any other time, regardless of light or weather.

ONLY A FEW SECONDS are required for printing, a few seconds for developing, and then, after fixing and washing, the pictures are complete. For simplicity, speed of manipulation and results, Darko stands without a rival.

DARKO PAPER IS COATED on the very best quality of imported stock, the highest grade and the most expensive raw stock that can be obtained, and it is coated in a factory equipped with all the latest improvements, under the personal supervision of a most experienced and successful maker of developing paper.

CARBON MATT DARKO AND SMOOTH PORTRAIT DARKO give results which are practically the same, namely, a fine matt surface or dull finish. Carbon Matt Darko is best suited to soft negatives, and Smooth Portrait Darko is best adapted to hard negatives, that is, negatives which show considerable contrast.

GLOSSY DARKO, as the name implies, finishes with a glossy or highly polished surface like ordinary gelatine printing-out paper and should be squeegeed or burnished.

ROUGH DARKO yields especially artistic effects and is suitable both for landscape or portraits. The surface is quite rough, a style of finish which is now very popular.

DARKO WILL KEEP FOR MONTHS and you can safely order a considerable supply without fear of it spoiling on your hands. Darko paper is made in four styles, as follows:

No. 20T2911 CARBON MATT DARKO.
No. 20T2912 ROUGH DARKO.
No. 20T2913 GLOSSY DARKO.
No. 20T2914 SMOOTH PORTRAIT DARKO.

PRICES ON DARKO. Order by number, as given above. Prices are the same on any kind of Darko.

Size	Dozen	½ Gross	Gross	Size	Dozen	½ Gross	Gross
3½x 3½	$0.08	$0.46	$0.87	5 x 7	$0.16	$0.91	$1.73
3¼x 4¼	.09	.52	.98	5 x 8	.19	1.09	2.06
4 x 5	.10	.57	1.08	6½x 8½	.29	1.66	3.14
3⅝x 5½ (Cabinet)	.11	.63	1.19	8 x10	.40	2.28	4.32
4 x 6	.13	.74	1.41				

Order by the gross; it will keep good for months. We do not furnish samples of Darko.

Developer for Darko Paper.

No. 20T2915 A combination of hydrochinon and metol in dry form, put up in small envelopes, six envelopes to a package. Each package makes twenty-four ounces of developer for Darko paper.
Price, per package 19c

Metalotype Paper.

No. 20T2922 Metalotype Paper is one of the latest novelties in the line of sensitized papers and is justly becoming very popular. **Metalotype is a developing paper,** being manipulated just the same as Darko, simply requiring a short exposure to artificial light, after which the picture is developed.

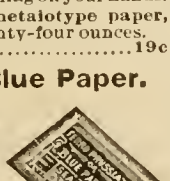
The distinguishing feature of this paper is the burnished silvery surface, due to a thin metallic coating, giving a beautiful silvery sheen to the picture and making it at once striking and different from anything else made. Metalotype must be seen to be appreciated; it is impossible to do it justice in a description. Order enough to give it a fair trial.

Size, 3½x3½. Price, per dozen, 12c; per gross, $1.20
Size, 3¼x4¼. Price, per dozen, 12c; per gross, 1.20
Size, 4 x5. Price, per dozen, 20c; per gross, 1.60
Size, 3⅝x5½. Price, per dozen, 20c; per gross, 1.60
Size, 5 x7. Price, per dozen, 28c; per gross, 2.80
Size, 5 x8. Price, per dozen, 32c; per gross, 3.20
Size, 6½x8½. Price, per dozen, 48c; per gross, 4.80
Size, 8 x10. Price, per dozen, 64c; per gross, 7.20

This paper keeps good indefinitely. You can order by the gross without fear of its spoiling on your hands.

No. 20T2923 Developer for metalotype paper, in powder form, sufficient for twenty-four ounces.
Price, per package 19c

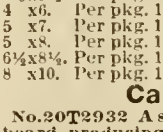
Ferro-Prussiate or Blue Paper.



No. 20T2925 Blue Paper is very easy to manipulate, as it requires no toning. Prints can be made from it very rapidly and no chemicals are necessary. It is merely printed for about ten minutes in the sunlight and then washed thoroughly in clean water. It will retain its sensitiveness longer than any other paper, and full instructions for working accompany each package. **It is a good paper for beginners for printing landscapes, etc.** The prints are of a brilliant blue and white color. Put up in lightproof packages of 24 sheets. We guarantee our paper to be the best blue paper made.

Size	Per Package	Size	Per Package
3½x3¼	12c	5 x 7	25c
3¼x4¼	12c	5 x 8	30c
4 x5	15c	6½x 8½	38c
4¼x6½	23c	8 x10	40c

Autotone Matt Paper.



No. 20T2930 An entirely new product in the line of sensitized printing papers, and one which by its simplicity in working, low price and beautiful results, is rapidly making many friends. **This paper tones while printing,** and the only treatment necessary after printing is fixing in a plain hypo bath. The tone secured in this way is a beautiful warm sepia, very pleasing, especially for landscapes. It has the popular dull or matt surface finish, requiring no burnishing.

Size
2¼x2¼. Per pkg. 2 doz. sheets, 10c; per ½ gro.. $0.24
3½x3½. Per pkg. 2 doz. sheets, 13c; per ½ gro. .32

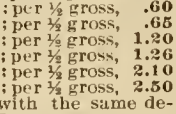
Cardboard Argo.



No. 20T2932 A sensitized cardboard, producing results exactly like Darko, and worked in the same way. Instead of being a thin, flexible paper, like all other sensitized papers, Cardboard Argo is a thick, stiff cardboard, and the pictures do not need to be mounted. **The finish is a dull or matt surface, the tone a pure black and white.** Very pleasing results are obtained on Cardboard Argo by printing with a mask, thus leaving a white margin.

Size, 3½x3¼. Price, per dozen, 8c; per ½ gross, $0.45
Size, 3¼x4¼. Price, per dozen, 9c; per ½ gross, .49
Size, 4 x5. Price, per dozen, 11c; per ½ gross, .60
Size, 3⅝x5½. Price, per dozen, 13c; per ½ gross, .65
Size, 5 x7. Price, per dozen, 23c; per ½ gross, 1.20
Size, 5 x8. Price, per dozen, 24c; per ½ gross, 1.26
Size, 6½x8½. Price, per dozen, 38c; per ½ gross, 2.10
Size, 8 x10. Price, per dozen, 45c; per ½ gross, 2.50

Cardboard Argo is developed with the same developer as Darko. See No. 20T2915.

Monox Bromide Paper.

No. 20T2934 A high grade Bromide Paper, coated on the best imported stock, made by the Defender Photo Supply Co. Suitable for either contact work or enlarging. **We guarantee Monox Bromide Paper** to be the best bromide paper which can be produced.

Size, 8x10. Price, per doz. $0.60; per gross, $ 6.75
Size, 10x12. Price, per doz. .90; per gross, 10.13
Size, 11x14. Price, per doz. 1.17; per gross, 13.00

Size, 20x24. Price, per doz. 3.60; per gross, 41.25

Special prices will be quoted, if desired, on larger sizes up to 40x72, or on rolls.

Mattino Paper.

Beautiful Black and White or Sepia Effects.

A Pure Collodion Matt Paper, the Equal of Any Collodion Matt Paper Made.

No. 20T2935 Mattino is coated on the highest grade of imported stock, the emulsion is rich in silver and we absolutely guarantee this paper to be equal to any collodion matt paper on the market, regardless of price or maker. **Don't pay a fancy price** just for the privilege of using a paper made by the "trust." Mattino is a perfect paper and costs you less money. **Mattino is easy to work,** gives the kind of results that bring trade, and it is absolutely permanent.

Backing Paper.

No. 20T2940 A Gelatine Backing Paper, for backing prints, made on Seroco, Darko or any other papers. **Commercial photographers** will find this backing paper an exceptionally good article at a very low price. Backing paper is the regular paper used in making Seroco, but is simply coated with gelatine and not sensitized. It is used for backing unmounted prints, making them more durable and preventing curling.

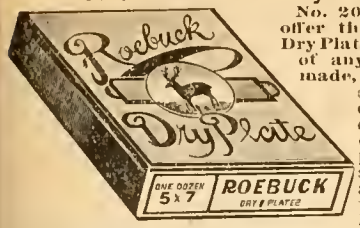
DRY PLATES.

The Roebuck Dry Plate.



No. 20T2960 We offer the Roebuck Dry Plate as the equal of any dry plate made, a plate that can be depended upon under any conditions, a plate that is suitable for any kind of work. The Roebuck Dry Plates are coated on the finest quality of imported Belgium glass, carefully sorted and free from bubbles, scratches or other imperfections. The emulsion is rich in silver, yielding strong, vigorous negatives with a wealth of detail and no tendency whatever toward fogging. The factory in which the Roebuck plates are made is one of the most perfectly equipped dry plate factories ever built, furnished with the very latest and most approved styles of coating machines, and a most complete system of ventilation and refrigeration, giving perfect control of both temperature and hygroscopic conditions. It is this perfect equipment, combined with long experience in dry plate making and the most perfect materials, which enables us to produce perfect plates and offer them at prices heretofore considered impossible. The Roebuck plates are exceedingly rapid, giving the finest possible results in the studio where short exposures are so desirable. For landscapes, portraitures, interiors, flashlight work, instantaneous exposures, in fact any work requiring a uniformly rapid and reliable plate, the Roebuck plate is unsurpassed. In brilliancy, detail, uniformity and speed, the Roebuck plate will satisfy the most exacting operator.

Seeds' Dry Plates.

No. 20T2963 Seeds' Plates have been on the market so long and are so widely known as good plates that comment upon their merits is almost unnecessary. The No. 27 is extremely rapid, but the No. 26X is fast enough for all ordinary work, even including instantaneous exposures.

Size	Quantity in Case	No. 26X. Price per Case	No. 26X. Price per Doz.	No. 27. Price per Case	No. 27. Price per Doz.

Seeds' Non-Halation Plates.

DOUBLE COATED.

No. 20T2965 Seeds' Non-Halation Plates are made with two coatings, one a slow emulsion, the other a fast one and this double coating entirely prevents halation or spreading of the high lights. With these double coated plates, interior views can be made directly towards bright windows or open doors. They preserve perfect detail in tree tops, outlined against a bright sky. They add wonderfully to the brilliancy of white draperies in portraiture. They are indispensable for photographing snow scenes. For landscapes and interiors they give better results than any other plates.

Size	Quantity in Case	Price per Case	Price per Dozen
3¼x 3½	18 doz.	$7.42	$0.45
3¼x 4¼	18 doz.	8.16	.50

Cramer's Dry Plates.

No. 20T2966 Cramer's Plates are widely known as strictly high grade goods, and are used extensively by the best studios and by the most experienced and successful amateurs. We furnish two speeds, known as the Banner and Crown brands. The Banner plate is the most extensively used for portrait work in the studio, and is rapid enough for ordinary instantaneous work. The Crown brand is extremely rapid and suited to the shortest possible exposures.

Prices on Cramer's Banner Plates are the same as quoted above for Seeds' No. 26X, and prices on Cramer's Crown Plates are the same as quoted above on Seeds' No. 27.

Hammer's Dry Plates.

No. 20T2967 Hammer's Dry Plates, another of the well known standard brands, are considered by professional photographers to be one of the best plates made. We furnish this plate in one speed only—the extra fast—suitable for studio work or general all around photography.

Sizes	Quantity in case, dozen	Price, per case	Price, per dozen

The Photo Beacon Exposure Tables.

No. 20T2972 A little book of tables which gives you the exact exposure at any hour of the day, and any day of the year, with any brand of plates, or any speed of lens. Simple and absolutely correct. No more over exposed or under exposed plates.

Price, each, only.....15c

If by mail, postage extra, 1 cent.

Photo Paste in Jars.

No. 20T2975 Perfection Photo Paste. The most perfect paste ever made for mounting photographs. It is always ready for use, of great adhesive power and will not mold, sour nor deteriorate in any way. The Perfection Paste is a purely vegetable paste, containing no acids nor other ingredients injurious to photographs.

Price, small size.....12c

Price, regular size.....20c

Unmailable on account of weight.

Photo Paste in Tubes.

No. 20T2976 This Paste is the same as described under No. 20T2975, but is put up in collapsible, soft tin tubes. Paste put up in this way never gets hard or dry and is always ready for use.

Price, 1-ounce tube..4c

If by mail, postage extra, 4 cents.

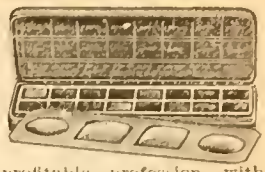
Price, 2-ounce tube..8c

If by mail, postage extra, 8 cents.

Price, 4-ounce tube 12c

If by mail, postage extra, 12 cents.

Acme Transparent Water Colors.



With these Improved Transparent Water Colors you can color any photograph with the most artistic results quickly and easily. No previous experience or skill required. The coloring of photographs is a beautiful art and a profitable profession, with these colors anyone can do the work and do it well. **The Acme Transparent Water Colors** are adapted to any and all kinds of photographs, and are also suitable for engravings, halftone pictures, etc., they are guaranteed to be perfectly pure, brilliant and reliable, the best colors made.

No. 20T2982 Acme Water Colors, large box, as shown in illustration, containing eighteen colors, with palette and instructions. Price, each.....$1.98

No. 20T2983 Acme Water Colors, small box, containing six colors, palette and instructions.

Price, each.....82c

No. 20T2984 "Photographic Coloring," a complete book of instructions for the use of water color paints in coloring photographs. Price, each.....21c

Opaque.

No. 20T2990 It is frequently desirable to block out or render opaque certain parts of a negative, and this can easily be done with this preparation, which is simply applied to the negative with a small camel's hair brush.

Price, per box.....20c

If by mail, postage extra, 2 cents.

Polish for Ferro Plates.

No. 20T2992 Ferrotype Plate Polish. A small quantity of this solution rubbed over the ferrotype plate before squeegeeing, makes it impossible for the print to stick to the plate.

Price, per bottle...(Cannot be sent by mail)....10c

Anti-Reflecto.

No. 20T2993 A backing for Dry Plates, easily applied to any dry plate and making any kind of a plate non-halation. After backing a plate with Anti-Reflecto, exposures can be made directly against the light, without any loss of detail, or halation. Very simple and easy to use. Put up in tin boxes with full directions.

Price, per box, large size, 38c; small size.....19c

Martin's Specialties.

A line of special photographic preparations, radically different from anything on the market and of great merit.

No. 20T2995 Soline, a liquid for sensitizing cloth, paper, postal cards or other materials. Prints made on cloth can be washed without injury; very useful in making sofa pillows, banners, tidies, book marks, etc. Price.....32c

No. 20T2996 Intensine, an intensifier in dry form for glass or film negatives or lantern slides. An extra good intensifier. Price.....15c

No. 20T2997 Platyo, a single platinum toner that gives fine platinum tones on any kind of printing-out paper, or on cloth prints made with Soline.

Price, per ½-ounce bottle, sufficient for 80 ounces toning bath.....30c

LIQUID DEVELOPERS.

Our liquid developers are made with special reference to giving the greatest possible value, and with this end in view are made extremely concentrated, thus making one bottle of our developer actually equal to three or four bottles of other makes.

Eikonogen Developer.

No. 20T3000 This developer has always been a very popular one, and the soft negatives with plenty of detail make it suitable for almost any kind of work, and especially adapted to portraits or groups. Price, per 8-ounce bottle.....15c

Unmailable on account of weight.

Hydrochinon Developer.

No. 20T3005 This developer is one of the old favorites, and although not working so rapidly as some others is preferred by many on account of the brilliant contrasting negatives yielded. Price, per 8-ounce bottle.....15c

Unmailable on account of weight.

Eiko-Hydro Developer.

No. 20T3010 This developer, a combination of eikonogen and hydrochinon, combines the good qualities of both, and is probably more largely used than any other developer. It is suitable for any kind of work. Price, per 8-ounce bottle.15c

Unmailable on account of weight.

Hydro-Metol Developer.

No. 20T3015 We consider this our best developer, being a combination of the well known hydrochinon and metol. It works very rapidly, never fogs the plate, brings out all the details and gives a very brilliant negative. Price, per 8-ounce bottle.....18c

Unmailable on account of weight.

DEVELOPING POWDERS.

We especially recommend the purchase of developers in powder form, as they ship better, transportation charges are exceedingly small and the purchaser gets the greatest possible value for the money, as the expense of bottling, compounding, etc., is all saved.

Eikonogen Developing Powders.

No. 20T3020 These powders afford a very convenient means for preparing the liquid Eikonogen developer; avoids the risk of breakage in transportation, and always insures a fresh and stronger developer. Each package contains six sets of powders, which is sufficient to prepare 24 ounces of concentrated developer.

Price, per package.....15c

If by mail, postage extra, 3 cents.

Hydro-Metol Developing Powders

No. 20T3025 Our **Hydro-Metol Developing Powders, a combination of hydrochinon and metol,** are made from the purest chemicals, put up in the most careful and exact manner, and will be found a **perfect developer in every way.** Our **Hydro-Metol Developing Powders** work very rapidly, do not fog or stain the plate, and produce **brilliant, sparkling negatives,** full of detail and of the most perfect printing quality. **The best Developing Powder made.**

Price, per package, containing six powders, sufficient to make 24 ounces of developer.....16c

If by mail, postage extra, 3 cents.

Eiko-Hydro Developing Powders.

No. 20T3026 A combination of eikonogen and hydrochinon, making a developer equally well suited to time exposures or instantaneous work, and one of our most popular productions. This developer works rapidly, is clean and stainless and produces a bright, snappy negative. Price, per package of six powders, sufficient for 24 ounces of developer.....15c

If by mail, postage extra, 3 cents.

TONERS.

No. 20T3035 Combined Toning and Fixing Solution, a high grade toning and fixing bath in one solution. For toning Seroco paper or any kind of gelatine printing-out paper. Our Combined Toning and Fixing Solution yields a variety of tones, and as it is **rich in gold** it may be used repeatedly.

Price, per 16-ounce bottle, 29c; per 8-ounce bottle.....16c

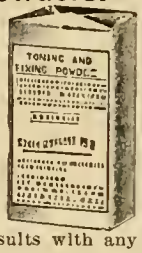
Unmailable on account of weight.

Cold Toning Solution.

No. 20T3040 Many photographers **prefer to work their paper in separate baths,** that is the toning and fixing being done in two separate baths; and this is certainly the most correct method, as prints made in a combined toning and fixing bath are very apt to fade or discolor in time. **This gold toning solution** requires only to be diluted with water, and after toning the prints are fixed in a plain solution of hypo. Concentrated. Price, per 8-ounce bottle.....27c

Unmailable on account of weight.

Toning and Fixing Powders.



No. 20T3045 Toning and Fixing Powders, for preparing the combined toning and fixing bath. The Toning bath made from these powders possesses all the good points of our regular liquid toner, **No. 20T3035,** and for use is simply dissolved in water. **These Toning and Fixing Powders** are radically different from any other preparation of the kind on the market, and are the only thoroughly reliable and perfect toner and fixer **in dry form** ever made. Made especially for Seroco paper, but yield splendid results with any gelatine printing-out paper.

Price, per pkg, sufficient for 24 ounces solution.15c

If by mail, postage extra, 6 cents.

Platinum Toning Solution.

No. 20T3048 Platinum Toning Solution, for producing black tones on any gelatine printing-out paper, such as Seroco. **The platinum finish** is very popular, and this toning bath affords an easy method of obtaining fine black platinum tones at small expense, also produces fine results with Autotone paper.

Price, per 8-ounce bottle, concentrated.....28c

Unmailable on account of weight.

Intensifier.

No. 20T3050 It frequently happens that **negatives, from errors in exposure or development, are too weak,** thin, or lacking in detail to make good prints, and in such cases negatives which might otherwise be thrown away as valueless **can be so improved by intensifying as to produce good prints.** This Intensifier is made from a special formula. It is absolutely the best one made, and there is nothing else on the market like it. Price.....38c

Unmailable on account of weight.

Intensifying Powders.

No. 20T3055 Intensifying Powders, for strengthening weak negatives. Requires only to be dissolved in water to make ready for use. One package makes 24 ounces of solution. Price, per package.....16c

Unmailable on account of weight.

Reducer.

No. 20T3060 From over development or other errors, negatives are sometimes so dense that they print very slowly or not at all. **Treatment with this reducing solution will restore them to good printing quality** and bring out the detail where before the negative was so dense as to be simply dead black. Price, 8-ounce bottle 15c

Unmailable on account of weight.

Reducing Powders.

No. 20T3065 Reducing Powders, for thinning negatives which are too dense. When dissolved in water this powder forms a reducing solution, possessing all the good points of our No. 20T3060 reducer. Each package makes 24 ounces of solution, ready for use. Price, per package.....15c

If by mail, postage extra, 4 cents.

Neg-Dry.

No. 20T3070 This Neg-Dry is a hardener for either plates or paper and is a most remarkable preparation. One of the most annoying things in photography is the long time required for a negative to dry after washing. **When treated with this preparation, the negative can be dried in five minutes by artificial heat,** and the film becomes so hard that it can scarcely be scratched or marred in any way. Used with Darko paper, the finished prints can be dried within a few minutes after development. **Can be used over and over again.**

Price, per 4-ounce bottle.....17c

Unmailable on account of weight.

Acid Hypo.

No. 20T3075 Acid Hypo is a preparation in dry form for making the acid fixing bath. Requires only the addition of water to make it ready for use. The acid fixing bath is of great advantage, both for plates and films, and for developing papers, having a clearing effect and preventing fog.

Price, per box .....

If by mail, postage extra, 8 cents.

Varnishes.

No. 20T3077 Negative Varnish, for varnishing negatives, flows over the negative easily, and makes a tough surface which will not absorb moisture. All negatives which are printed from frequently should be varnished, it makes them print quicker and protects them from moisture and scratches.

Price, per 6-ounce bottle 28c

No. 20T3078 Diamond Varnish, for tintypes or ferrotypes. Price, per 6-ounce bottle. 32c

Unmailable on account of weight.

Photographic Chemicals.

Especial attention is directed to the purity of our chemicals. Many of the failures met with in photography are traceable to the use of impure, low grade, or unsuitable chemicals. **We select our chemicals with the greatest care,** rejecting all which do not come up to the standard required for photographic work, and absolutely guarantee every package. Chemicals purchased at local drug stores are frequently the means of causing poor results or even total failure.

Chemicals are bought and sold by avoirdupois weight, but mixed by apothecary's weight. In the avoirdupois weight there are 16 ounces to the pound and 437½ grains to the ounce, while in apothecary's weight there are 12 ounces to the pound and 480 grains to the ounce. Please remember that if you get but 437½ grains of any chemical for an ounce it is not short weight, as all chemicals are bought and sold that way.

DEVELOPERS.

No. 20T3090 Pyrogallic Acid, the old reliable developer. **Our Pyro** is a pure, resublimed pyrogallic acid, of the very finest quality, guaranteed equal to any pyro on the market, regardless of price. Put up in tins.

Price, per pound..$2.68 | Price per ¼-pound..72c
Price, per ½-pound 1.38 | Price, per ounce.....20c

No. 20T3091 Sheriog's Pyro, a standard make of pyro, still preferred by many photographers.

Price, per pound..$2.80 | Price, per ¼-pound..80c
Price, per ½-pound 1.48 | Price, per ounce.....22c

No. 20T3092 The Hydrochinon we furnish is strictly chemically pure, perfectly white and the best hydrochinon we can buy.

Special Mounts for 4x5 Pictures.

Owing to the constantly increasing demand for cards and other supplies in the popular 4x5 size, we have made arrangements for furnishing the following new and attractive designs. These cards are all for 4x5 pictures only, and cannot be furnished in any other size.

No. 20T3375 Embossed Border Card, for 4x5 pictures, center white enamel, border very light queen's gray, with handsome embossed design. Outside measurement, 5⅜x6¾ inches.

Price, per package of 25 ..... 22c

No. 20T3376 White Line Beveled Edge Card, for 4x5 pictures. This card is made from the popular Melton face stock, color very dark gray, with white beveled edge. Around the border, about ⅛ inch from the edge, is a deeply embossed pure white line, which forms a very effective contrast with the picture and the dark mount. Outside measurements, 5⅛x6½ in. Price, per package of 25.... 30c

No. 20T3377 Black Line Beveled Edge Card, for 4x5 pictures. This card, like the preceding, is made from the best heavy Melton face stock, with white beveled edges. The color is a beautiful shade of pearl gray, and the deeply embossed line is jet black, making a very pretty card. Outside measurement, 5⅛x6½ inches. Price, per package of 25.... 30c

No. 20T3378 Paper Tint Center Card, for 4x5 pictures, one of the latest ideas. This card is made from Melton face stock, color dark ivy green, with plain straight edges and plate sunk center. The center of the card is covered with a plain white paper insert, just large enough so that a narrow white margin is left between the edges of the picture and the dark ivy green border of the card. Outside measurements, 5¼x6¼ inches; plate sunk center, 4⅞x6⅝ inches. Price, per package of 25 ..... 32c

No. 20T3379 Paper Tint Center Card, for 4x5 pictures, our best card. Made from medium weight Melton face stock of best quality, color a fine Scotch gray, edges perfectly plain and straight. Plate sunk center with plain white paper insert. This is an extra large card and one of the most stylish and up to date designs on the market. Outside measurement, 7x8 inches; plate sunk center, 5x6 inches; white center, 4¼x5¼ inches. Price, per package of 25..... 45c

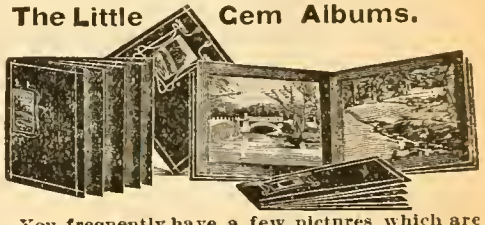
We will make name dies for from $2.00 to $3.00, depending upon the amount of work. Remit $3.00 and if die costs less we will return the balance. The die to remain in our possession subject to your order. Remember that cards cannot be shipped same day order is received if they are to be printed or embossed, but we can get this work out very promptly.

The Little Gem Albums.



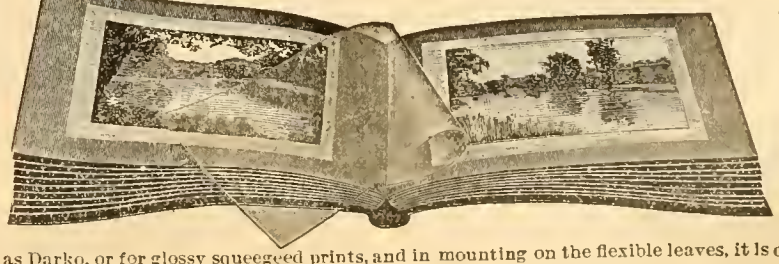
You frequently have a few pictures which are especially interesting, and which if mounted on cards are apt to get soiled or misplaced; but this neat little booklet will exactly fill your requirements, bring out the beauty of your photographs and please your friends. Made in two sizes only, one for 5x7 pictures, the other for pictures 4x5 or smaller. Has six ash gray flexible leaves, thus holding 12 pictures each, and the covers are handsomely tinted and embellished with halftone engraving.

No. 20T3400 The Little Gem Album for pictures 4x5 or smaller. Price, each 8c

No. 20T3401 The Little Gem Album for pictures 5x7. Price, each 12c

Order several, they are cheaper than card mounts

Our Flexible Leaf Albums.



These most attractive albums are made with flexible covers and leaves, in either full cloth or full leather, morocco grain binding.

The leaves are of the popular ash gray color, and for protection to the prints a sheet of transparent parchment is inserted between each two leaves. These albums are suitable either for the matt surface prints, such as Darko, or for glossy squeegeed prints, and in mounting on the flexible leaves, it is only necessary to put a little paste on each corner of the print.

No. 20T3601	For pictures 4x5	No. of leaves 25.	Price, cloth binding $0.25
No. 20T3602	For pictures 4x5	No. of leaves 50.	Price, cloth binding ..... .36

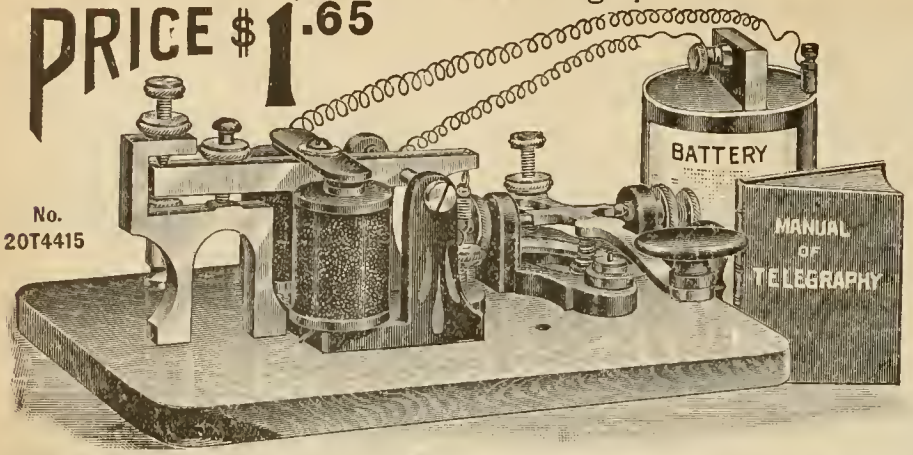
The 4x5 size is also suitable for smaller pictures.

TELEGRAPH INSTRUMENTS.

Our Complete Learner's Telegraph Outfit.

PRICE $1.65



No. 20T4415

For $1.65 we furnish a LEARNER'S COMPLETE TELEGRAPH OUTFIT, consisting of key and sounder, working battery, wire and Manual of Telegraphy (a complete instruction book), a regular $5.00 outfit. **Use this outfit,** follow the instructions and you will soon become a telegraph operator. Positions are open for operators on railroads everywhere at $40.00 to $60.00 per month.

THIS OUTFIT **as illustrated, consists of a full size key and sounder,** mounted on a polished cherry base. Comes complete with full size battery, with wire and chemicals, all ready for work. Key has nickel bar, latest thumbscrew adjustment, best rubber hand hold and cut out, platinum points, carefully adjusted. Sounder has covered magnets wound to 4 ohms resistance, polished brass sounding bar and frame; thumbscrew adjustment connections. **A thoroughly serviceable and practical LEARNER'S TELEGRAPH OUTFIT.**

INSTRUCTION BOOK. **The instruction book, or Manual of Telegraphy,** furnished with this outfit gives full instructions how to read and write by the Morse system, the alphabet, figures, punctuation, etc.; teaches you how to send and receive messages, teaches you everything pertaining to telegraphy, enables you, by carefully following the instructions and using the outfit in practice, by your own efforts to become an expert telegraph operator.

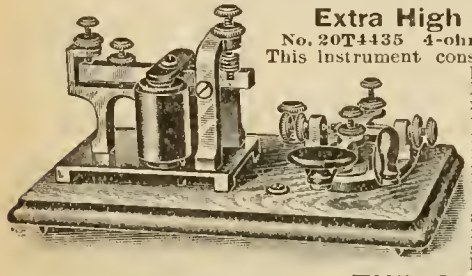
No. 20T4415 Learner's Telegraph Outfit, complete as described above. Price, each..... **$1.65**

4-Ohm Learner's Instrument.

No. 20T4426 4-Ohm Learner's Instrument, exactly the same as the instrument included with outfit No. 20T4415, but without battery or connecting wire. Price, each..... **$1.48**

20-Ohm Learner's Instrument.

No. 20T4427 20-Ohm Learner's Instrument, full size sounder and key, mounted on polished cherry base, magnets wound to 20 ohms resistance. **This instrument is intended for long distance work, and can be used on lines one-half mile or more in length.** Price, each..... **$1.90**



Extra High Grade Private Line Instruments.

No. 20T4435 4-ohm Private Line Instrument, for practice or short lines. This instrument consists of an extra high grade sounder and fine steel lever key, mounted on highly polished mahogany base. Materials and workmanship are the best. **The sounder magnets are wound to 4 ohms resistance** and covered with polished hard rubber, the sounding bar is made from aluminum, and for tone, loudness and quick action is unsurpassed. The fine steel lever key, has solid trunnion, hardened platina points, and thumbscrew trunnion adjustments. Price, each..... **$3.25**

No. 20T4436 20-ohm Private Line Instrument, exactly the same as No. 20T4435, except that the sounder magnets are wound to 20 ohms resistance, making the instrument suitable for long distance work. Can be used on lines one-half mile or more in length. Price, each.. **$3.90**

THE OMNIGRAPH.

An Automatic Learner's Telegraph Instrument.

THE OMNIGRAPH **is a High Grade Telegraph Instrument that will tick off messages,** containing all the letters in the Morse alphabet, absolutely correct and at any speed. **The Dots, Dashes and Spaces can be both seen and heard, and it makes learning both easy and interesting.** Did you ever stop to think how you learned to talk? You learned by hearing other people talk; telegraphy is the same as language, and by simply listening to the Omnigraph as it **ticks off the characters of the Morse alphabet** you will very quickly memorize them and be able to read messages as well as an experienced operator. The Omnigraph consists of a regular sounder and key mounted on a polished mahogany base, and between the sounder and a key is an exceedingly ingenious mechanical device called the transmitter, operated by a small crank. **This transmitter enables the Omnigraph to do what no other telegraph instrument will do,** that is, send you messages, in the most perfect manner, at any speed and at any time, and by simply listening to these messages you can learn the alphabet and with a little practice **become an expert operator in less time than by any other method.** Any kind of a battery can be used for operating the Omnigraph, but we especially recommend a dry cell battery such as our No. 20T4615. One cell is sufficient to operate the Omnigraph, but if two are used the sound is louder and clearer. **The Omnigraph can also be operated with the key in the ordinary manner just the same as any telegraph instrument.** We include sufficient wire with each instrument to connect with the battery. **No battery is included with the Omnigraph.**

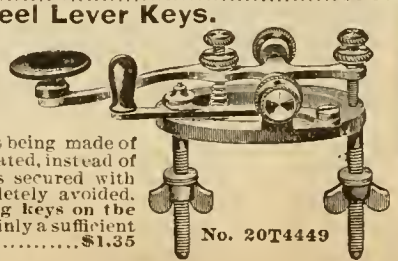
No. 20T4445 Price, each..... **$3.37**

Steel Lever Keys.

No. 20T4448

No. 20T4448 Steel Lever Key, legless. This is the standard Western Union Key, of the **latest and most improved type,** the lever and trunnions being made of solid steel, nickel plated, instead of brass, as in the old type of instrument. The same strength is secured with much lighter weight and the liability of loose trunnions completely avoided. This is without doubt **one of the handsomest and best working keys on the market.** Its adoption by the **Western Union Company** is certainly a sufficient recommendation for it. Price, each..... **$1.35**

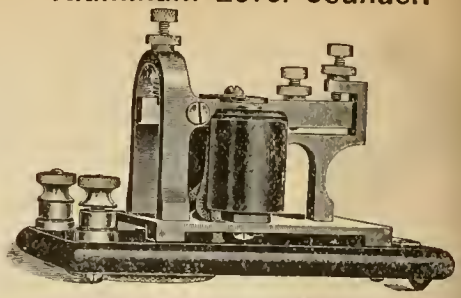
If by mail, postage extra, 10 cents.



No. 20T4449

No. 20T4449 Steel Lever Key, with legs. A standard Western Union key, just the same in general construction, material, workmanship and efficiency as the preceding style, but made with two legs, which go through the table, connection thus being made from below. Price, each..... **$1.28**

Aluminum Lever Sounder.



Our New Aluminum Lever Giant Sounders excel all other sounders in tone, loudness and quick action, being in every respect the finest and best sounders made. The sounding bar is made from **aluminum,** the balance of the instrument is of brass, and the magnets are covered with polished hard rubber. The base is of highly polished mahogany, and the entire instrument is finished with the most careful attention to details and appearance.

Special attention is directed to the way in which the wooden base is connected to the instrument, an open space being left between the wood and the metal, which greatly increases the sound and improves the tone. **The Western Union Telegraph Co. has thousands of these sounders in use on their main lines,** a fact which in itself speaks for their quality.

No. 20T4460 Aluminum Lever Giant Sounder, as described and illustrated above, with magnets wound to **4 ohms** resistance, for lines one-quarter mile or less in length. Price, each..... **$1.98**

No. 20T4461 Aluminum Lever Giant Sounder, as described and illustrated above, with magnets wound to **20 ohms** resistance, for lines one-half mile or more in length. Will work on lines up to fifty miles in length. Price, each..... **$2.28**

BATTERIES.

Batteries for Telegraph Instruments.

When only one instrument is used, simply for practice, a dry cell battery, such as we describe under No. 20T4615 is the **most convenient and best battery to use. But when a complete line with two or more instruments is established the only suitable battery is the gravity,** described under Nos. 20T4575 and 20T4576. If the dry cell battery is used on a line complete with two or more instruments, it will very quickly become exhausted, but the gravity battery will last for months.

Number of Batteries Required.

For a line with two instruments use four batteries for first mile, and add two batteries for each additional mile. If more than two instruments are on the line, add one battery for each additional instrument.

Gravity Battery.

The Gravity Battery is a closed circuit battery which is used for telegraphic work, and can also be used for operating electric bells, small motors, etc., but is not so desirable for such work on account of evaporation and the necessity for renewing the battery more often.

No. 20T4575 Gravity Battery, cell complete, size 5x7, weight about 5 pounds. Each..... **47c**

No. 20T4576 Gravity Battery, cell complete, size 6x8, weight about 7 pounds. Each..... **55c**

No. 20T4578 Battery Jar, glass, 5x7. Each.. **18c**

No. 20T4580 Battery Jar, glass, 6x8. Each.. **20c**

No. 20T4582 Zinc, for 5x7 battery. Each.... **20c**

No. 20T4584 Zinc, for 6x8 battery. Each.... **26c**

No. 20T4586 Copper, for 5x7, or 6x8 battery. Each..... **8c**

No. 20T4588 Blue Vitriol, per pound..... **8c**

Open Circuit Batteries.

For electric bells, burglar alarms, telephone work, etc.

These batteries are intended for use where the circuit is closed only a small portion of the time. If placed on a continuous closed circuit they will soon be exhausted, but for open circuit work such as bells, telephone work, etc., they will last from twelve to eighteen months without renewal.

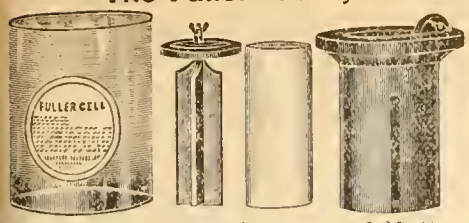
No. 20T4600 Our Special Battery, a strictly first class open circuit battery, suitable for door bells, telephones, etc., complete with jar, large round carbon, zinc and one charge of sal ammoniac. Price, only..... **28c**

No. 20T4605 The Le Clanche Porous Cell Battery, a very popular style of battery, the porous cup being its distinguishing feature. Price, complete, **38c**

No. 20T4609 Extra Zincs for above batteries. Price, each..... **4c**

No. 20T4610 Sal Ammoniac for recharging above batteries. Price, per pound..... **15c**

The Fuller Battery.



No. 20T4612 This is a large, powerful battery, consisting of 6x8 jar, carbon, zinc and porous cup, as shown in illustration. Used for gas engines, fan motors, telegraph instruments or any closed circuit work. Full directions with each.
Price, each.....$1.05
Prices on extra parts, jars, each, 20c; zincs, each, 10c; porous cups, each, 20c; carbons, each, 60c; compound for charging Fuller Battery, per pound, 18c.

Dry Batteries.

No. 20T4615 Dry Batteries are largely displacing the wet batteries of La Clede and Le Clanche type for nearly all kinds of work. **The principle is the same as Le Clanche.** They are clean in every respect and will last from four to eighteen months, depending largely on the amount they are used. They require no attention to keep them in order. When they have run out they are not to be recharged, but must be replaced by a new one. **These batteries are largely used for recharging medical batteries.** Price, each...15c

"Stand-By" Dry Batteries.

No. 20T4617 Very High Grade Dry Cell Batteries, adapted to door bells, telephones, annunciators, gas engines, slot machines, or any kind of open circuit work. These batteries will produce more current and last longer than any other dry cell battery on the market. The large sizes are used a great deal for gas engine work. Made in five sizes.

$1.72 Buys Our Electric Search Light.

No. 20T4740 Our Electric Search Light consists of a small electric lamp contained in the end of a cylinder. This lamp lights up when the small spring on the side is pressed, and throws the light wherever it is wanted. The lamp is lighted by a small dry battery contained within the cylinder. **This Electric Search Light** affords an ideal means for quickly obtaining a light in any dark place. **Invaluable to miners, hunters, plumbers** (looking for gas leaks), **oil men** (where a candle or lamp might cause an explosion), **watchmen, policemen, soldiers, etc.** Size, 9 inches long by 1⅝ inches in diameter. Will give from 6,000 to 8,000 flashes before battery becomes exhausted.
Price, each.....$1.72
No. 20T4741 Extra batteries for our Electric Search Light.

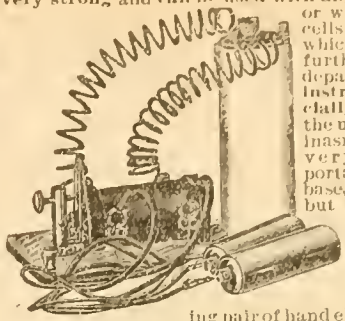
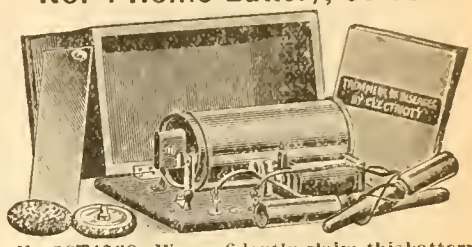
Complete Medical Battery, $2.07.



No. 20T4750 Induction Coil. This instrument is very strong and can be used with any acid battery, or with one or two cells of dry battery, which are listed further on in this department. **This instrument is especially desirable** for the use of travelers, inasmuch as it is very small and portable; size of base, 5⅜x2¾ inches, but still it has all the power of the larger instruments. Price of instrument complete, including pair of hand electrodes, cords and one cell of dry battery, each.....$2.07
Price, without battery.....1.90

No. 4 Home Battery, $3.98.

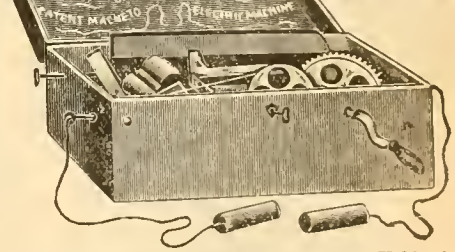


No. 20T4760 We confidently claim this battery as the best medical battery in the market. It uses a dry cell, thus doing away entirely with the annoyance of acids or other liquids, is contained in very handsome polished wood case. **The compact form, ease of operation,** handsome appearance and strong, even current of this battery, make it a universal favorite. All metal parts finely **nickel plated.** With each battery is furnished:
One pair silk battery cords; one pair wood handles; one pair metal handles; one nickel plated foot plate; one pair sponge electrodes; one copy "Treatment of Diseases by Electricity," a complete guide to the use of electricity in the treatment of diseases. Our special price for the battery complete, as described.....$3.98

Genuine Davis & Kidder Magneto Battery.

Operated without the use of chemicals or batteries of any kind.

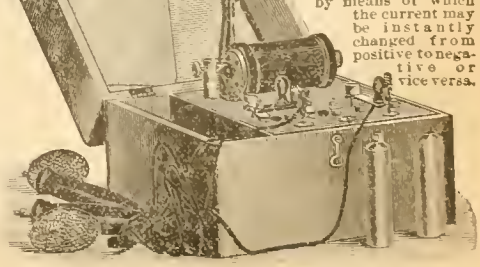
$7.85



No. 20T4770 This is the genuine Davis & Kidder battery, and not the cheap imitation which is so extensively sold at present. The electric current is produced by the revolving of fixed electro magnets by turning a handle from the outside of the case. This machine produces a very powerful current and will last a lifetime if properly cared for. **Every one absolutely guaranteed.**
Price, complete with cords and metal handles, ready for use, only.....$7.85

Double Cell Battery, $7.65.

No. 20T4772 This Medical Battery is an extra large and powerful instrument, fitted with two high grade dry cells, strongly made and handsomely finished throughout. In addition to adjustments for regulating strength of current, from very mild to very strong, it has an improved Pole changer, by means of which the current may be instantly changed from positive to negative or vice versa.



Latest improved vibrator, extra high grade coil, metal parts all nickel plated, wood work highly polished. Provided with Electric Hair Brush, metallic Foot Plate, one pair metallic Hand Electrodes, one pair Wood Handles, one pair Sponge Discs, one pair Silk Covered Cords, and Complete Instruction Book, explaining in full the proper method of using electricity for any kind of disease. Price, complete.....$7.65

JUVENILE MAGIC LANTERN OUTFITS

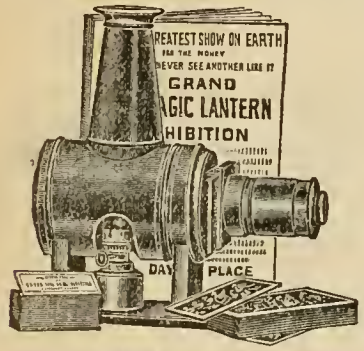
The young people not only derive great pleasure from giving MAGIC LANTERN EXHIBITIONS, but the business training which they gain in all the various details connected with the management of an entertainment, putting up advertising posters, selling tickets, etc., gives them ideas of the rudiments of money making which starts them on the highway to business success. REMEMBER that each outfit is complete, containing

A FINE MAGIC LANTERN, A SPLENDID ASSORTMENT OF COLORED VIEWS, A LARGE SUPPLY OF ADVERTISING POSTERS, PLENTY OF TICKETS.

INTERESTING, INSTRUCTIVE AND PROFITABLE.

You will easily make the original cost of the outfit in your first exhibition; after that it's all profit.

The Home Magic Lantern Outfits.



Our illustration gives a very exact idea of the general appearance and construction of the Home Magic Lantern. The body of this lantern is made of metal, japanned in black, **handsomely decorated in gilt,** and mounted on wood baseboard. Burns ordinary kerosene or coal oil.

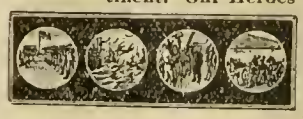
Genuine Photographic Slides.

Spanish-American War. A Trip Across the Continent. Our Heroes' Return.



We are able to offer this season for the first time the following series of actual photographic views, all popular and up to date subjects, in sizes suitable for use with our Juvenile Magic Lanterns. By making up these slides in great quantities, and putting four views on a slide, we are able to furnish them at astonishingly low prices. Heretofore real photographic slides could be obtained only in the regular professional size, suitable only for use with the large professional stereopticons; they were made with only one view on a slide, and cost from 35 cents to 50 cents per view. **Each set of our genuine photographic slides contains twelve slides, and there are four views in each slide, making a total of forty-eight views in every set. With every set we include a printed lecture, giving a complete description of every view.**

The Spanish-American War.

No. 20T5080 A splendid set of forty-eight views, illustrating the most interesting features of the late war between the United States and Spain. Portraits of prominent officers, battleships, camp life, battle scenes, etc. Twelve slides in the set, four views on each slide, making a total of forty-eight views.

Width, 1⅜ inches; price, per set, with lecture,	$1.13
Width, 2 inches; price, per set, with lecture.	1.35
Width, 2⅜ inches; price, per set, with lecture,	2.48
Width, 2¾ inches; price, per set, with lecture,	2.93

Sold only in sets. We cannot sell less than a set.

Our Heroes' Return.

No. 20T5085 This interesting set of views is also descriptive of events in connection with the war, but deals more particularly with happenings after peace was declared. It contains some splendid views of battleships, pictures of the Dewey parade in New York, soldiers on the way home, distinguished generals, naval parade, etc. All actual photographs from life. Twelve slides in the set, four views on each slide, forty-eight views in all.

Width, 1⅜ inches; price, per set, with lecture,	$1.13
Width, 2 inches; price, per set, with lecture,	1.35
Width, 2⅜ inches; price, per set, with lecture,	2.48
Width, 2¾ inches; price, per set, with lecture,	2.93

Sold only in sets. We cannot sell less than a set.

A Trip Across the Continent.

No. 20T5090 This exceedingly popular set is a series of photographic views, illustrating points of interest throughout the United States, prominent buildings, magnificent scenery in the Yellowstone Park, at Niagara, and in the Yosemite Valley, views of Washington, D. C., and other cities. Twelve slides in the set, four views on each slide, forty-eight views in all.

Width, 1⅜ inches; price, per set, with lecture,	$1.13
Width, 2 inches; price, per set, with lecture,	1.35
Width, 2⅜ inches; price, per set, with lecture,	2.48
Width, 2¾ inches; price, per set, with lecture,	2.93

Sold only in sets. We cannot sell less than a set

NOTE—These photographic slides can be used with any of our Juvenile Lanterns, except Nos 20T5020 and 20T5040. Note in the description of the lanterns the size of slide used, and select the corresponding size in these photographic slides.

DRAWING INSTRUMENTS AND MATERIALS.

MECHANICAL DRAWING OR DRAFTING IS AN ACCOMPLISHMENT, the value of which can hardly be overestimated. For the mechanic, the artist, or for anyone at all interested in the manual arts, architecture, civil engineering, mining, surveying, bridge building or any of these kindred sciences, a knowledge of mechanical drawing is not only of great assistance, but is absolutely essential. Mechanical drawing is a study that can easily be self taught. It does not require any artistic ability or previous knowledge of drawing to become proficient, and the time and effort spent in acquiring it will be fully repaid. **In this line of drawing sets the instruments are made of brass, and nickel plated.** The exceedingly low prices quoted upon these sets place them within the reach of all who desire to learn drafting.

NICKEL PLATED INSTRUMENTS IN SETS.

30 inches	32c
36 inches	36c
42 inches	46c

DEPARTMENT OF PUBLIC ENTERTAINMENT OUTFITS AND SUPPLIES.

Our experience in the past has proved that public exhibition work is extremely profitable and, with comparatively small investment, affords to the exhibitor an opportunity for realizing very large profits, and in addition opens up to him a line of business that is pleasant as well as invaluable in the development and building up of a successful business man.

THIS DEPARTMENT is maintained for the information of those who contemplate entering the exhibition field, or those who having done so, desire to "stay in front" and keep their exhibition outfits up to date and consequently successful, and with ability, energy and push, be the means of enabling the exhibitor to accumulate a fortune.

PUBLIC EXHIBITION WORK has never been brought to the same state of perfection as now. Our outfits are entirely new, are founded on the newest kind of intensely interesting, new and up to date subjects. Upon application we will send selections from the many hundred testimonials we have received bearing upon the same subject.

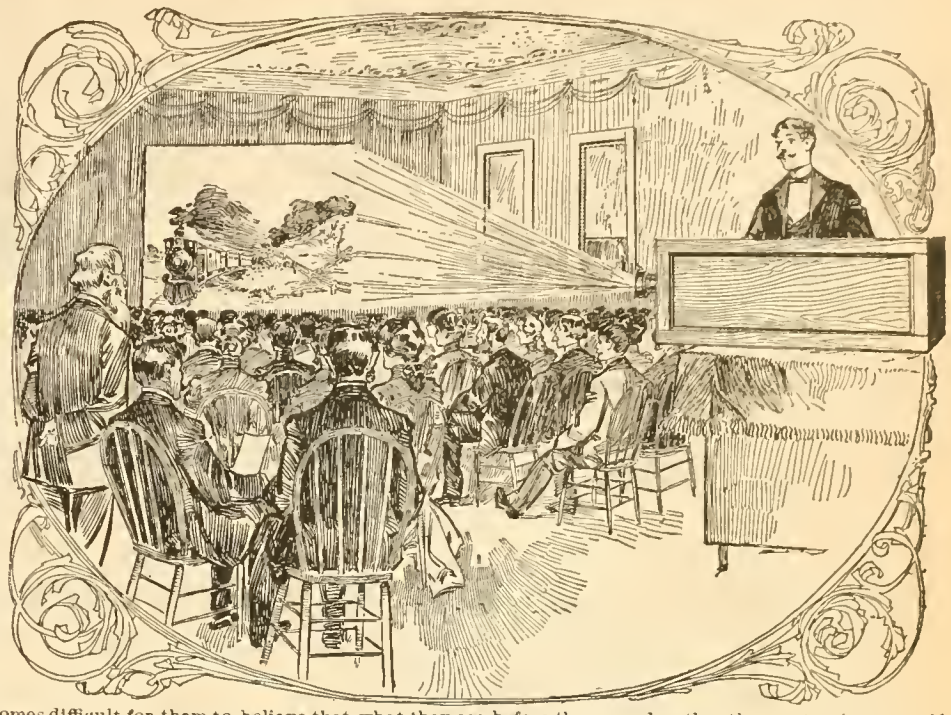
IN THESE PAGES we shall describe outfits for public exhibition work such as have never been brought together before, at lower prices than other dealers could offer them, and of a quality which it is impossible to surpass.

THE WONDERFUL GRAPHOPHONE TALKING MACHINE in its newest and most approved type, is the giant voiced marvel of the present century.

THE STEREOPTICON PANORAMIC EXHIBITION portrays illustrations of strange lands, men and countries, the varied beauties and grandeur of our own land, and illustrations of the all absorbing topics of the day. We aim to emulate the example of the great metropolitan daily, and to illustrate on canvas the important events of the day.

ILLUSTRATED SONGS. The present most effective method of illustrating the popular songs of the day by means of stereopticon pictures, showing the various scenes and incidents as they are described in the song itself, is new and has proved a most wonderful success wherever exhibited.

THE UNRIVALED MOVING PICTURE MACHINE, giving a pictorial presentation, not lifelike merely, but apparently life itself, with every movement, every action and every detail brought so vividly before the audience that it becomes difficult for them to believe that what they see before them can be other than nature's very self.



NO PREVIOUS EXPERIENCE NECESSARY, no ability as a public speaker required. Some of our most successful entertainers had never spoken in public before.

For the convenience of those who do not know what constitutes a complete exhibition outfit and to assist them in making their selection we draw attention to a few

COMPLETE EXHIBITION OUTFITS.

These are only a few out of the many outfits which we offer, and are intended principally as suggestions and means of guidance in arriving at the price of an outfit. We have divided these outfits under three heads: GRAPHOPHONE CONCERT ENTERTAINMENTS, PANORAMIC STEREOPTICON EXHIBITIONS, and ANIMATED PICTURE OUTFITS. All of these are provided with beautifully illustrated advertising matter and admission tickets. All are complete in every respect and ready to go at once to work. If you are undecided as to exactly what you need, write us for advice, which is always at your command. Let us know what changes you would prefer to make on these outfits and we will quote you prices on them altered to suit your requirements. Any two or all three of these types may be satisfactorily combined to make up a high grade outfit, and posters advertising the combined attraction will be furnished free with each order. THE PRICE OF HIGH GRADE WAX CYLINDER RECORDS, ALL NEWEST SELECTIONS, HAS BEEN REDUCED TO 30 CENTS EACH.

Graphophone Concert Entertainments.

500 posters. 1,000 tickets.
Printing outfit for filling in dates, etc.

COMPLETE FOR **$146.25**

OUR TALKING MACHINE DEPARTMENT.

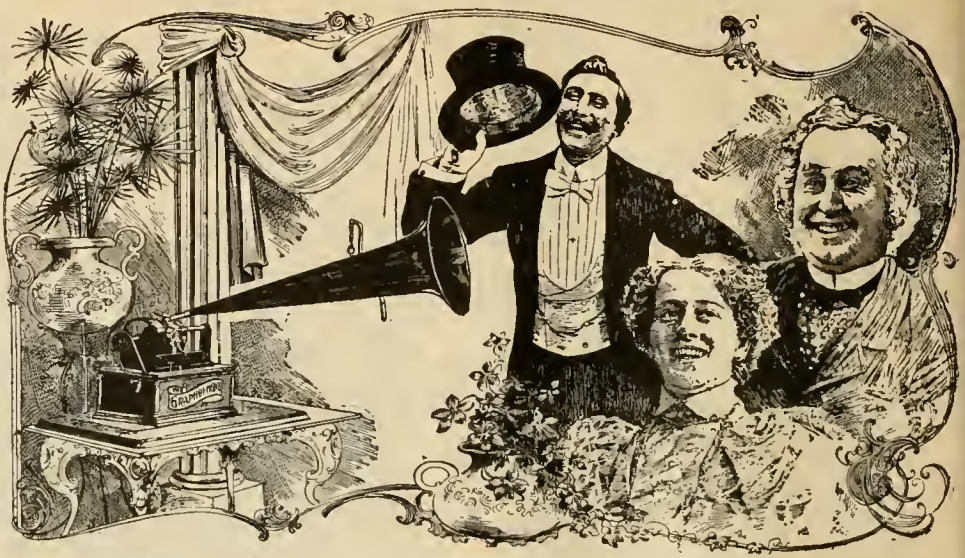
THE GRAPHOPHONE, OR TALKING MACHINE, has proved itself in the past, and we believe always will be a most successful and popular entertainer. The novelty and wonder of the natural reproduction of the human voice as well as band and instrumental music insures preliminary interest, and the performance itself is so wonderfully realistic and the actual reproduction of speech and music of such a quality as could not otherwise be heard.

IT REPRODUCES with startling accuracy the productions of the most noted bands, orchestras, vocalists and public speakers and the songs, music or conversation of self or friends. The capabilities of the Graphophone are not confined to the reproduction of regular factory made records, but, when provided with a recording diaphragm, they will record and reproduce any words spoken to it, or song sung to it, and such records may be preserved and reproduced at any time.

AS A MONEY MAKER or as a home entertainer it has no equal. It is one of the most wonderful of all inventions, and yet its construction is so extremely simple that it causes the observer to wonder that its basic principle did not lead to its discovery long ago.

RECENT IMPROVEMENTS, simplicity of construction, replacing the expensive electric motors with the simple but practical spring motor, automatic machinery for their manufacture, making them in very large quantities, etc., has enabled us to make arrangements with the manufacturers whereby we can now offer this most wonderful machine, complete with all the necessary accessories, at a price which not only brings it within the easy reach of those of small means, who wish to give public entertainments, but they can be owned by almost any family as a source of home amusement.

The Perfect Musical and Talking Machine. Tried, Tested and Guaranteed. A Public Entertainer of Unrivaled Merit and a Mint of Money for the Exhibitor.



AS A MONEY MAKER THE GRAPHOPHONE HAS NO EQUAL.

OUR LEADER, THE NEW GEM GRAPHOPHONE TALKING MACHINE.

You Can Make $5.00 to $25.00 Every Evening by Giving Public Exhibitions in Halls and Churches, School Houses, etc., at 15 to 25 Cents Admission, or by Using with Hearing Tubes and Charging 5 Cents for Each Individual.

No. 21T1 Gem Graphophone, with two hearing tubes and concert horn, but without oak base and carrying case..... **$10.00**

No. 21T2 Gem Graphophone, with two hearing tubes, concert horn and handsome oak carrying case with handle, as illustrated..... **$12.00**

Above price does not include records. Price of our best musical and talking records has always been 50 cents each, but owing to our having been successful in securing a reduced price on records of the regular standard grade,

WE NOW SELL RECORDS FOR 30 CENTS EACH.

FROM THE ILLUSTRATION, engraved by our artist direct from a photograph of the outfit, you can form a good idea of the appearance of this, OUR SPECIAL OFFER $20.95 PROFESSIONAL TALKING MACHINE EXHIBITION OUTFIT, but you must see and compare it with other graphophone outfits to appreciate the real value we are offering.

THIS IS THE OUTFIT which we have never sold before for less than $23.75, but owing to the reduction we have made in the price of records, we offer the same standard reliable outfit, the outfit which has stood the test of time and has proved the most satisfactory and the greatest value for the money, at the rock bottom price of

$20.95 at which figure it cannot be duplicated elsewhere.

GET OUT OF THE RUT which, perhaps, you are in. If you are making less than $200.00 a month, you cannot afford to lose this opportunity. Start in a business where the way has been paved and everything prepared by those whose wide business experience enables them to place in your hands an outfit perfect and complete in all respects, and ready now to go at once to work.

No. 21T5 is the Number which designates this complete "ready to use" outfit. Order by Number.

THE GEM GRAPHOPHONE

IS A CONCERT SIZE MACHINE and an exceedingly handsome one, thoroughly well made in every respect, and perfectly finished. It is provided with a powerful spring motor, guaranteed not to get out of order. The gears and pinions are machine cut, insuring perfect accuracy of action. It is provided with governer and tension screw, which effectually regulates the speed. Runs two pieces with one winding. Has the latest automatic, extra loud, aluminum reproducer; new style, extra long bearing record mandrel. The machine is substantially mounted on a handsome oak base, with highly finished bent oak cover, furnished with convenient clamps securing cover to base and carrying handle. It is equipped with all the latest improvements, all the up to date points of all high grade graphophones made, with the defects of none. No lighter, more portable, more durable, handsomer or louder graphophone was ever offered; far superior and not to be compared with the old style machines.

ABOVE ALL DO NOT DELAY

to take advantage of the most liberal offer ever made on the most complete and perfect talking machine outfit ever gotten together. Every detail of the outfit has been carefully prepared and considered, every item is guaranteed to give satisfaction, and we feel safe in guaranteeing absolute success. Remember, $20.95 is a special offer price; $20.95 is a price that has never been made before on a concert exhibition graphophone and complete outfit such as we are now offering; $20.95 is a price that is intended to secure your order at once; it is a price based on the actual cost of material and labor, with only our one small percentage of profit added; a price that will not be made by any other concern on a complete high grade outfit; a price that means a saving to you on such an outfit of fully one-half.

NEW IMPROVED GEM TALKING MACHINE EXHIBITION OUTFIT.

For those who wish to secure one of our new improved Gem Talking Machines for exhibition purposes, we have made up an exhibition outfit. We furnish the following complete outfit which includes everything needed as follows: For only $20.95 we now offer a complete Talking Machine Exhibition Outfit, including our new large Concert Exhibition Graphophone with the new 26-inch Amplifying Horn. A larger, better and more complete Talking Machine Outfit than has ever been offered before at a great deal more money. No. 21T5 Graphophone Outfit Complete:

No. 21T2 Gem Graphophone, the popular and perfectly finished Gem Graphophone described above.
1 Automatic extra loud Aluminum Reproducer.
24 best Musical or Talking Records, your own selection.
1,000 Advertising Posters, large size (14x21 inches).
2,000 Admission Tickets.
1 Rubber Printing Outfit, with movable type for filling in date, place where exhibition is to be given, etc.

No. 21T5 OUTFIT ALL FOR $20.95

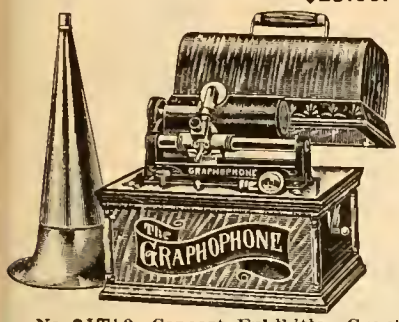
1 Large Japanned Tin Amplifying Horn, 26 inches in length, with supporting stand.
1 Instruction Book, complete, with information about operating the outfit, making engagements ahead, etc.
The carrying case in which records are shown in this illustration is not included with the outfit, but it will be supplied for only $3.25 extra.

NOTE THAT OWING TO THE REDUCED PRICES MADE BY US ON RECORDS, WE HAVE REDUCED THE PRICE OF EVERY OUTFIT ON THIS PAGE WITHOUT DEPARTING FROM OUR UNIFORM STANDARD OF EXCELLENCE.

THE COLUMBIA CONCERT MACHINE.

The Perfect Graphophone, the machine with which the exhibitor can make his own records. Concert Exhibition Graphophone No. 21T10.

SOLD BY OTHER DEALERS FOR $25.00. OUR PRICE REDUCED TO $20.00.



Our Concert Exhibition Graphophone, of which this is an exact facsimile picture stands alone as **the best value graphophone ever made for beauty, for durability, for the number of records which can be run with one winding and for the ease with which records can be made as well as reproduced.** It is provided with machine cut gears and all parts are made with a view to strength, durability and easiness of motion. It runs five records with one winding. It is provided with a recording as well as a reproducing diaphragm which is interchangeable, and records can be either made or reproduced with equal facility.

No. 21T10 Concert Exhibition Graphophone. Price, complete, without records, **reduced to**.....**$20.00**

WE MAKE UP A SPECIAL EXHIBITION OUTFIT WITH THIS MACHINE WHICH IS KNOWN AS

OUR CONCERT SPECIAL OUTFIT.

Exhibition Outfit No. 21T14 with Clarion Brass Horn Effect.

This Concert Special Outfit, designed particularly for those wishing to engage in the public exhibition work, uses the new 30-inch clarion brass horn, a most beautiful instrument, imparting not only loudness to the reproduction, but a peculiarly sweet and melodious musical effect.

The outfit complete consists of the following:

The wonderful Concert Exhibition Graphophone No. 21T10, described above, an instrument which makes and reproduces records.

24 electrically recorded talking and musical records, either vocal or instrumental, as selected.

Our 30-inch clarion brass horn with handsome nickel plated stand.

Leatherette carrying case with handle, 24 records.

1,000 handsome and attractive advertising posters.

2,000 admission tickets; 1,000 for adults and 1,000 for children.

And one rubber printing outfit for filling in dates, etc.

No. 21T14 Special Clarion Concert Outfit, complete.....**$33.45**

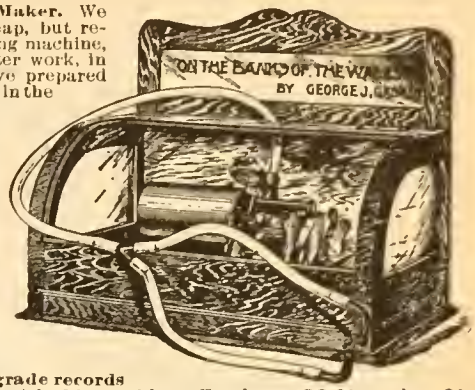
Any change in this exhibition outfit can be made to meet the wishes of our customers. The machine itself we sell only as listed complete for $20.00.

The following change may suit some better:

Outfit No. 21T16, same as No. 21T14 with the addition of the set of 11 way hearing tubes, and including also the clarion brass concert horn. These hearing tubes are especially useful for public work outside the concert room. With them 11 persons can listen to the machine at one time and as each will gladly pay 5 cents for the privilege, a very remunerative business can be done.

No. 21T16 This outfit complete with the addition of the money making eleven hearing tubes, also including the clarion horn for.....**$39.45**

A COIN IN THE SLOT TALKING MACHINE, $20.00.

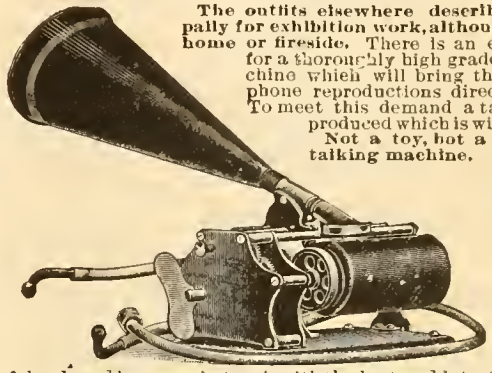


The Automatic Money Maker. We are often asked for a cheap, but reliable coin actuated talking machine, for stores, offices or counter work, in response to which we have prepared the cheapest reliable coin in the slot machine ever offered. **Furnished for either pennies or five cent pieces.**

No. 21T20 Automatic Coin in the Slot Graphophone, former price $50.00 to $75.00. Price....**$20.00**

No better investment can be made than by putting a few of these machines in stores and other public places on shares, giving the proprietor of the store part of the proceeds. $20.00 is the price of the Coin in the Slot Graphophone without records. **Standard high grade records your own selection to use with this machine.** Per dozen, $3.60; each....30c

THE $5.00 HOME GRAPHOPHONE.



The outfits elsewhere described are intended principally for exhibition work, although also well suited to the home or fireside. There is an enormous field, however, for a thoroughly high grade but less expensive machine which will bring the advantages of graphophone reproductions directly into the home circle. To meet this demand a talking machine has been produced which is within the reach of all.

Not a toy, but a high grade and perfect talking machine.

No. 21T30 Louder, more brilliant in its reproduction and in every way better than the machine which five years ago sold at $50.00. We offer this complete and perfect graphophone for.....**$5.00**

It will brighten the home, entertain yourself, your family and friends and keep you in touch with the best and latest music of the finest bands and singers.

Standard high grade records for use with this machine, your own selection. Per dozen, $3.60; each.....30c

$8.60 buys a complete family outfit consisting of graphophone and one dozen records.

CUT RATES ON ALL MISCELLANEOUS GRAPHOPHONE SUPPLIES.

WE ARE ABLE TO FURNISH our customers and owners of talking machines in general all kinds of miscellaneous supplies and repairs at about one-half the price charged by ordinary dealers. Compare our prices with those published by any recognized standard dealer of repute and you will be satisfied that the Cheapest Supply House on Earth can save you money on talking machine goods exactly in the same manner as on every other line of merchandise. We are enabled to do this because our trade is so large that we can buy in enormous quantities, get the benefit of the lowest price and are satisfied with one small margin of profit on all the goods we handle. This will be found especially true on all classes of concert horns, amplifying horns, clarion horns, tin horns, brass horns, aluminum horns and glass horns. Any or all of these can be purchased from us at a saving of all the way from 25 to 50 per cent over prices made by other dealers. We have established our own factory for the making up of these goods. We are personally responsible for the material used and for the class of work turned out and we guarantee these goods to be not only cheaper but infinitely superior in quality to any others on the market.

Amplifying Horns.

No. 21T70 26-inch Horn with 12-inch bell or mouth, handsomely japanned and shipped complete with japan stand for.....**$1.25**

Other dealers charge $2.25 for this horn and stand.

No. 21T71 14-inch, highly polished, has round seamless bell of spun brass. Price, each.....**$1.00**

No. 21T72 Brass Horn, same as No. 21T71, but 18 inches long with small supporting stand. Price, **$2.25**

No. 21T73 Brass Horn, 24 inches long with folding stand. This is a fine horn with 11-inch spun bell. Price, including stand.....**$3.00**

This horn and stand is sold for $5.00 by all other dealers.

Mammoth Brass Amplifying Horns

Finely made and the greatest improvement to the graphophone of any type we have manufactured; made of genuine brass and can be used with any talking machine. Guaranteed to enormously increase the volume of sound, and impart great sweetness, purity and richness of musical quality.

No. 21T74 Clarion Amplifying Horn, polished brass, handsome nickel plated folding supporting stand. Horn is 30 inches long, 13¾-inch spun bell, with all the appearance of a handsome band instrument. Sold everywhere for $6.50. Our special price with stand is only.....**$3.75**

No. 21T78 Our new pattern brass horn, 36 inches, with handsome nickel plated stand, very convenient size for carrying and gives magnificent results. Special price, complete with stand, only.....**$4.75**

No. 21T75 Our Original Brass Amplifying Horn, complete with handsome nickel plated stand, the most popular amplifying horn on the market, large enough to give the best results, not too large for convenience. 42 inches in length with 16¾-inch beautifully spun bell. Sold elsewhere for $11.50. Our special price, complete with stand, only.....**$6.50**

No. 21T76 New Size Amplifying Horn, manufactured by no other firm, preferred by some exhibitors to either the 42-inch or 56-inch horn, 48 inches in length, handsome spun bell, complete with No. 1 nickel plated stand. Price.....**$8.75**

No. 21T77 The Jumbo Brass Horn, largest size manufactured, intended principally for theaters and operatic work. Size, 56 inches in length with 20¾-inch spun bell. Sells everywhere for $16.50. Our price with supporting stand.....**$10.25**

Hearing Tubes.

COMPARE OUR PRICES on Hearing Tubes, single or with the nickel plated 11-way reservoir, for outside work at fairs, etc.

No. 21T80 Hearing Tube, for 11 persons, with nickel plated reservoir, flexible connections and metal straps for attaching to the graphophone.

Price, complete.....**$5.75**

Hearing tubes for one person, price, each.....**.40**

Additional sets can be furnished at 40 cents per set.

Carrying Cases.

OUR PRICES for carrying cases are much lower than the same goods can be procured from any other source. A record carrying case is a very necessary accessory to anyone desiring to do exhibition work. It is covered with canvas; has nickel plated corners, catches, lock, key, and handle for carrying.

No. 21T90 Carrying Case, for 24 records, with lock and key. Price, each.....**$3.25**

No. 21T91 Carrying Case, for 36 records, with lock and key. Price, each.....**$4.00**

No. 21T92 Carrying Case, for 72 records, with lock and key. Price, each.....**$5.75**

These are the standard highest grade record carrying cases manufactured, constructed to wear almost unendingly. We also furnish a very strong and handsome leatherette carrying case, without lock and key or nickeled corners.

No. 21T95 For 24 records. Price.....**$2.25**

ALWAYS STATE WHAT KIND OF A GRAPHOPHONE YOU HAVE. GIVE THE NAME, TYPE AND PRICE OF MACHINE WHEN YOU ARE ORDERING SUPPLIES FOR IT.

THE LATEST AND THE GREATEST, THE COLUMBIA GRAND.

USES 5-INCH CYLINDER RECORDS. APPLICATION OF NEW PRINCIPLE IN RECORDING AND REPRODUCING. ABSOLUTE PERFECTION ATTAINED AT LAST.

THE MONEY MAKER OF THE AGE. Will pay for itself in one week. The graphophone has been developed step by step, until today the Columbia Grand stands upon the pinnacle of perfection. Perfectly reproduces the human voice. Just as loud, just as clear, just as sweet. Duplicates instrumental music with perfect fidelity, tone and brilliancy. The Columbia Grand fills the largest auditorium or concert hall, and never fails to charm all who hear it.

IT IS THE TALKING MACHINE LONG LOOKED FOR, bringing the singer, the musician and the orchestra into the audible presence of the listener. Those familiar with other types, but who have never listened to the Graphophone Grand, have no conception of its wonders. Even those who are familiar with the marvels accomplished by sound reproducing mechanism, on first hearing the Grand are amazed by the absolute naturalness, the full volume and tone perfection of the reproduced sound, which seem almost beyond belief. It is the real sound, resonant and vibrant, and can be heard as far and even farther than the original.

THE PRICE OF THIS MACHINE IS LOW, considering its unique character and the marvelous results which can be obtained from it in sound reproduction. When first produced, this machine sold readily for $100. We are now able to offer for the first time, the same machine, of the same sterling qualities, the same loudness and beauty of tone, the same wonderfully vibrant and clear reproduction, for the unapproachable price of $50.00, while the 5-inch cylinder records will be furnished for $1.00 each.

No. 21T180 The Columbia Grand. Price..... $50.00

THIS PRICE INCLUDES MACHINE COMPLETE WITH HANDSOME OAK CABINET.

1 Automatic reproducing diaphragm, guaranteed to give the loudest and clearest result obtainable, furnished with genuine sapphire reproducing ball.
1 New style "Perfect" automatic recorder.
1 Shaving knife with adjustable lever carriage for paring or cleaning records, so that they may be used over and over again, and one especially adapted brass horn for recording work.

THUS EQUIPPED the machine at this price is ready for use either in making new records or reproducing those already made. It is furnished with heavy spring motor, which will last a lifetime, the most careful attention has been paid to every detail and it is properly described as THE MOST HANDSOME, MASSIVE AND PERFECTLY FINISHED MUSICAL INSTRUMENT OF THIS DESCRIPTION EVER FURNISHED.

THE SUCCESS OF THE COLUMBIA GRAND has been demonstrated in New York, Washington and Chicago, in some cases to an audience composed of 2,000 people, with the most satisfactory results, even to those in the remote corners of the hall, the reproduction being heard as loudly and plainly as by those in the front seats.

No. 21T180 Order by Number

For reproducing and concert work we recommend a larger horn. Actually accomplishes what has heretofore been deemed the impossible.

Picture represents machine with small recording horn only.

FOR EXHIBITION WORK THE COLUMBIA GRAND IS WITHOUT A PEER.

NOT ONLY AS A TALKING MACHINE, BUT IN ITS POWER OF ENTERTAINING AND AMAZING AN AUDIENCE, AND ABOVE ALL AS A MONEY GETTER, it cannot at the present time be equaled by any other entertainment feature now before the public.

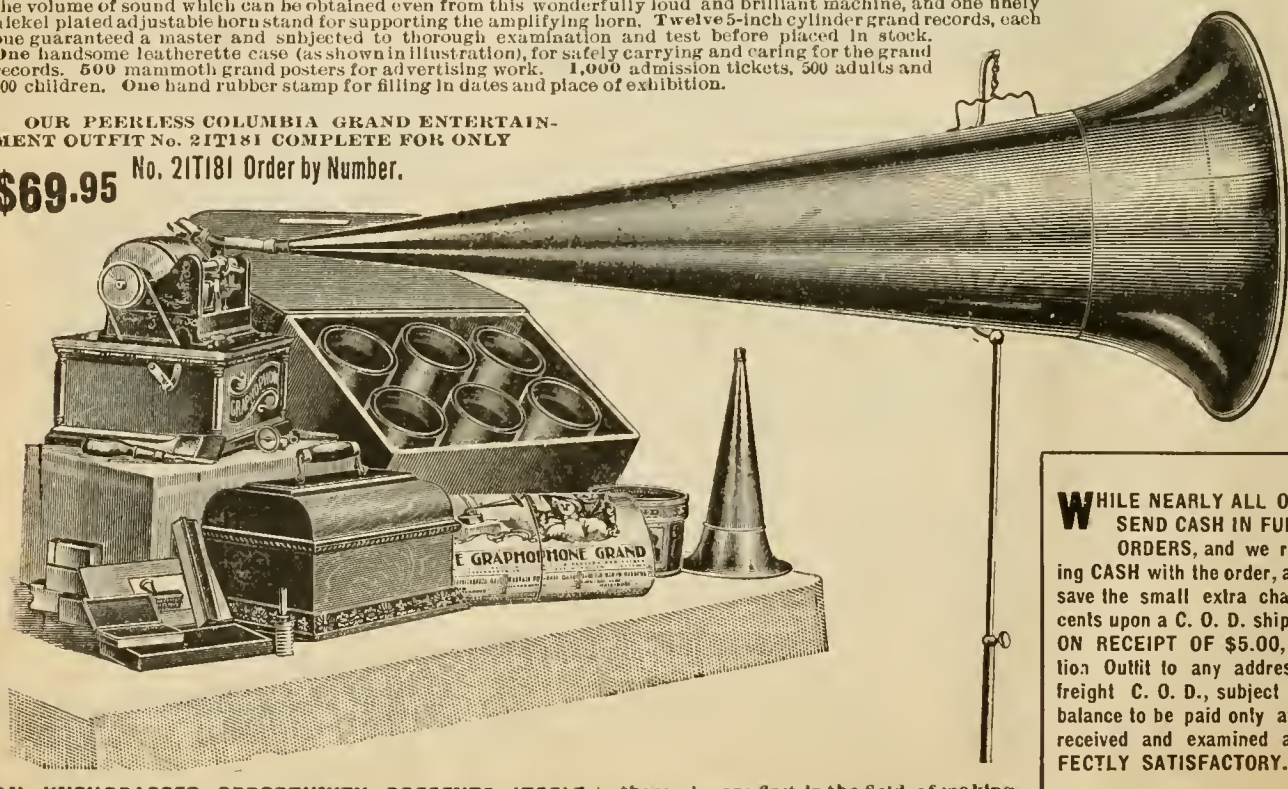
OUR ADVICE TO WOULD-BE EXHIBITORS IS THAT NO ENTERTAINMENT OUTFIT which has so far been placed on the market is the equal of the Columbia Grand in the three great requisites for a beginner: of simplicity, portability and money producing power.

FOR ONLY $69.95 WE NOW OFFER OUR COMPLETE GRAND PEERLESS TALKING MACHINE EXHIBITION OUTFIT

Including Columbia Grand, with our own special 42-inch Amplifying Horn, the greatest, the loudest, the most complete and perfect talking machine outfit ever assembled. One suitable for the largest metropolitan opera house, and which has drawn crowds in cities of such magnitude as New York, Chicago and Washington. With this our new Graphophone Grand Peerless Exhibition Outfit we furnish the Columbia Graphophone Grand No. 21T180, complete in every respect as above described. One 42-inch monster amplifying brass horn, doubling or tripling the volume of sound which can be obtained even from this wonderfully loud and brilliant machine, and one finely nickel plated adjustable horn stand for supporting the amplifying horn. Twelve 5-inch cylinder grand records, each one guaranteed a master and subjected to thorough examination and test before placed in stock. One handsome leatherette case (as shown in illustration), for safely carrying and caring for the grand records. 500 mammoth grand posters for advertising work. 1,000 admission tickets, 500 adults and 500 children. One hand rubber stamp for filling in dates and place of exhibition.

OUR PEERLESS COLUMBIA GRAND ENTERTAINMENT OUTFIT No. 21T181 COMPLETE FOR ONLY

$69.95 No. 21T181 Order by Number.



FROM THIS ILLUSTRATION . . . engraved by our artist direct from a photograph of the outfit, some idea can be obtained of its magnitude and completeness. But no one who has seen only the ordinary standard graphophones and outfits, can appreciate the real merit and value we are offering.

WHILE NEARLY ALL OUR CUSTOMERS SEND CASH IN FULL WITH THEIR ORDERS, and we recommend sending CASH with the order, as in this way you save the small extra charge of 25 to 40 cents upon a C. O. D. shipment, WE WILL ON RECEIPT OF $5.00, send any Exhibition Outfit to any address by express or freight C. O. D., subject to examination, balance to be paid only after the outfit is received and examined and found PERFECTLY SATISFACTORY.

AN UNSURPASSED OPPORTUNITY PRESENTS ITSELF to those who are first in the field, of making not only big wages, but a small fortune in an easy, honorable and pleasant manner. The records furnished by us with these machines are incomparable. Price, each..... $1.00

EVERY EXHIBITOR can now have an entertainer on hand which sings, talks and plays with the same volume of tone as the best professional artists in the world.

ORIGINAL RECORDS can be made on this machine very easily and this has proved a most attractive exhibition feature. A record can be made in the hearing of the audience and at once reproduced. This feature is novel, startling and effective. The Grand type of talking machines is supplied with the same record making device as those used by professional record makers

THE GRAPHOPHONE GRAND INTERCHANGEABLE.

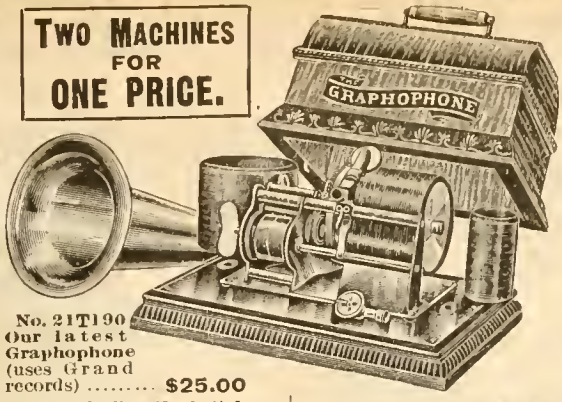
THE NEW MACHINE with which you can use your old style small records to the best advantage, and which by a simple change of mandrel, easily accomplished by anyone, can be equipped to use the mammoth 5-inch cylinder records, converting the machine into a

GRAPHOPHONE GRAND

AT THE EXTRAORDINARILY LOW PRICE OF **$25.00**

A New Type.
A New Idea.
A Mechanical Wonder.
A Musical Prodigy.

TWO MACHINES FOR ONE PRICE.



No. 21T190 Our latest Graphophone (uses Grand records) $25.00

IN THE ILLUSTRATION we here give of the COMBINATION GRAPHOPHONE GRAND INTERCHANGEABLE, taken from an actual photograph, the machine is shown with the large mandrel in place and one of the giant 5-inch cylinder records in position on the mandrel. To one side stands an ordinary or "P" record. If it is desired to use the machine for records of this type, all that is necessary is to unscrew the metal button shown in the center of the large mandrel, thus releasing it, and when removed an ordinary mandrel suitable for the standard size record is in position and can immediately be used with the small records.

The machine is invaluable for those who already have a supply of small records, and who are wishing to add the large concert records to their outfit and do not wish to sacrifice those they already have.

We are at all times prepared to consider an exchange of the small types of machines for this Interchangeable Graphophone, and will be glad to correspond with our customers and advise them the terms upon which such an exchange can be made.

This Graphophone stands alone, and in many Respects is the Most Unique Talking Machine ever made. It Performs Four Functions:

FIRST—Being equipped with the latest model large automatic reproducer, it reproduces the ordinary standard records louder than any of the smaller type of machines.

SECOND—It is equipped with the new McDonald recorder, and can be used for making a record as well as reproducing it. In this respect also the machine is instantaneously interchangeable. The substitution of the recording for the reproducing diaphragm being so simple as to be easily accomplished in less than one minute's time.

THIRD—It is a "Grand" machine. By this we mean, it belongs to the grand type, the machine which plays the 5-inch cylinder records, and although costing just half the price of any other grand machine, it plays grand records just as loudly, just as clearly and just as brilliantly as the most expensive grand machines on the market.

FOURTH—Grand records can be made with this machine and with the recorder which accompanies it in the same manner as with other grand machines.

WHERE ELSE can such a combination in the field of talking machines be found? And when to this is added cheapness, portability, beauty and strength of construction, it is no wonder that we are advised by our factory that they are over 2,000 orders behind.

EXHIBITION WORK.

No. 21T191 OUR SPECIAL COMBINATION INTERCHANGEABLE GRAND CONCERT OUTFIT CONTAINS THE FOLLOWING ITEMS:

1 No. 21T190 Combination Interchangeable Graphophone Grand with extra grand mandrel, standard mandrel for P records, recorder and reproducer.
12 standard new process P records, vocal or instrumental.
12 mammoth giant voiced 5-inch cylinder records, vocal or instrumental.
Our special 30-inch Clarion spun brass horn with handsome nickel plated stand.
500 handsome and attractive advertising posters.
1,000 admission tickets; 500 for adults and 500 for children.
1 rubber printing outfit for filling in dates and places of entertainment.

No. 21T191 A Graphophone Grand with complete outfit, for...$45.75
Can be purchased no where else for as little money.

WE ARE NOT AFRAID of "Low Prices." We are proud of them. WE GUARANTEE OUR GOODS, and sell the same goods by the same manufacturers as others apparently take pride in selling at higher prices.

ILLUSTRATED SONGS.

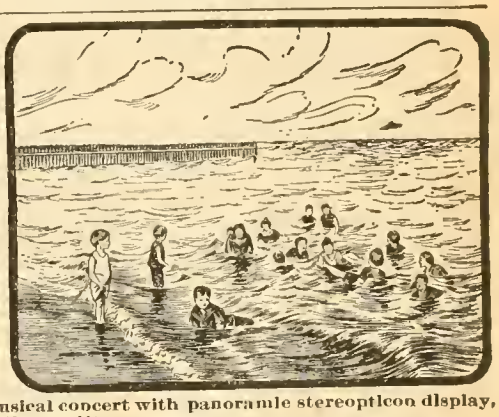
OUR GREAT COMBINATION, THE

GRAPHOPHONE GRAND

will sing, and our marvelous stereopticon will illustrate

SONGS IN PICTURES and PICTURES IN SONGS

Songs of Mirth,
Songs of Sentiment,
Songs of Childhood's Happy Days,
Songs of War,
Songs of Patriotism.



BY MEANS OF OUR GREAT COMBINED STEREO-GRAPHO OUTFIT, the exhibitor can present a musical concert with panoramic stereopticon display, and can introduce this newest Metropolitan success.

SELECT YOUR OWN SONGS from our complete list. This form of entertainment involves a comparatively inexpensive outfit, but is better calculated to interest and enthuse an audience and is more successful as a money maker for our customers than any outfit we have arranged. We have used special effort and endeavor to place this complete outfit within the reach of every exhibitor or would-be exhibitor. Our efforts have had the usual result, and we are able to guarantee this outfit as being not only lower priced, but superior to anything else of the kind which money can purchase.

IN THE FIRST PLACE we have had records made specially for us with special reference to the song itself and to the illustrations prepared for it. Each record is made separately, each song is sung separately and the result is a series of master records which we sell only in connection with this illustrated song work, and which in clearness of enunciation, loudness of tone and volume of melody stand in a class entirely by themselves.

WHILE THESE SONGS ARE BEING SUNG BY THE GRAPHOPHONE and sung in such a manner as possibly was never heard before from a graphophone record, beautiful colored slides from life posings are thrown on the screen or curtain, representing each character and incident of the song. These slides are colored by a high class, high priced artist, and every individual slide is a masterpiece. They are the finest slides ever thrown on a screen and any audience will say so when they see them.

ILLUSTRATED SONGS are the most popular means of entertaining the public. The dramatic effect produced and the enthusiasm it promotes making them the favorite feature of every high grade entertainment at the present time.

WE SUGGEST AN OUTFIT AS HERE GIVEN, but our customers will understand that they can send for our full list of illustrated songs and make their own selections. The outfit is made up as a suggestion, and an illustration of what can be done in exhibition work at an almost nominal figure. A price which the exhibitor may expect to take in clear the first night, and thereafter own his outfit without cost.

This is the Great Combined Stereo-Grapho Outfit which we suggest:

One Combination Interchangeable Graphophone, No. 21T190, for full description of which please refer to the upper part of this page	$25.00
One 30-inch Clarion Brass Horn, with nickel plated stand	6.50
One dozen Concert Mammoth 5-inch Cylinder Giant Voiced Records, supplying a concert, a lecture and an opera all in one	12.00
One Highest Grade Professional Stereopticon, finest imported lens (money cannot purchase a more perfect instrument), for projecting a 10x10 picture, with new acetylene gas outfit, complete for generating and burning, entire stereopticon and light outfit at a price lower than was ever made before on a high grade stereopticon	37.50
One 12x12 Foot Screen	5.00
Three sets of song slides, beautifully hand colored and illustrating the three following up to date and most popular songs. With each song is also included one of the special master records which will surprise and delight your audience to an extent which can hardly be overstated. The following songs are suggested as samples which in our judgment will be very successful, but any selections preferred can be made.	
The Silent Violin, beautiful baritone ballad, just published and the hit of the day, 14 colored slides with special master record	9.00
Little Boats Should Keep Close to the Shore, perhaps the most beautiful illustrated song ever presented, 21 highest grade colored slides, with special master record	12.00
"Tohie, I Kind o' Likes You," comic hit of the day, 18 highest grade slides with special record	11.00
(We give below names of some of the newest and most popular songs from which selections can be made if desired, or on application we will send our special list of over 200 original song negatives.)	
500 Specially Prepared Posters, advertising the combined attraction	2.00
1,000 Admission Tickets, 500 for adults and 500 for children	1.50
Handsome Hand Printing Outfit, for filling in dates	2.50
Total	$124.00
By making up these outfits in large numbers we have effected a considerable saving in regular prices, the benefit of which is for our customers, and from these regular one-profit prices we make a further reduction of	19.00
WE WILL SHIP THE ENTIRE OUTFIT COMPLETE FOR	$105.00

REMEMBER, $105.00 is a special offer price, made to introduce the great stereo-grapho outfit, a price which will place in your possession an outfit with which you can make money from the out set, and please and delight your audience as they were never pleased before. SOMETHING NEW, NOVEL, INTERESTING, ATTRACTIVE AND AMUSING. It is an entertainment which can be varied almost indefinitely. For any of our regular customers we will exchange sets of song slides for any new ones on almost nominal terms.

LIST OF NEWEST SONGS WITH SLIDES FROM WHICH SELECTION CAN BE MADE, IF DESIRED:

'TIS NOT ALWAYS BULLETS THAT KILL, 20 Slides.
WHILE THE CONVENT BELLS WERE RINGING, 16 Slides.
LAST NIGHT WHEN THE MOON WAS SHINING, 16 Slides.
WILL I FIND MY MAMMA THERE, 16 Slides.
HELLO, CENTRAL, GIVE ME HEAVEN, 18 Slides.
IN THE HOUSE OF TOO MUCH TROUBLE, 17 Slides.
SWEATHEARTS AND ROSES, 18 Slides.
WHEN THE HARVEST DAYS ARE OVER, 17 Slides.
WHERE THE SWEET MAGNOLIAS BLOOM, 18 Slides.

SEND FOR OUR FULL LIST if you wish to make other selections. This is our leader in illustrated work, and no combination has so far been made up which will prove AS GREAT AN ATTRACTION AND AS GREAT A MONEY MAKER,

LIST OF GRAPHOPHONE RECORDS, SINGING, TALKING AND INSTRUMENTAL

THESE ARE WAX CYLINDER RECORDS AND CANNOT BE USED ON THE FLAT DISC MACHINES. WHEN ORDERING DISC RECORDS, MAKE YOUR SELECTION FROM DISC RECORD LIST FOUND ELSEWHERE IN THIS CATALOGUE.

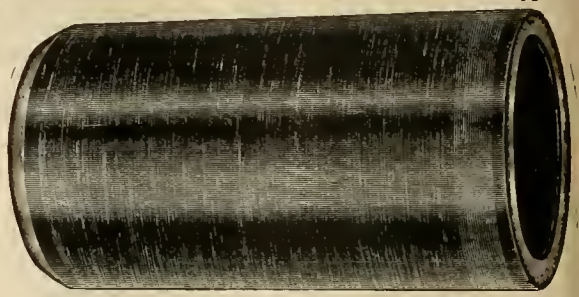
WAX RECORDS REDUCED IN PRICE TO 30 CENTS EACH.

30 CENTS FOR ANY 50 CENT RECORD IN THIS LIST.

CATALOGUE NUMBERS OF RECORDS prefixed with letter "G" and with titles set in boldface type, are supplied in grand records as well as in the regular standard size. If you are at a loss to know what to order, leave the selection us, stating the classification or kind of records you wish, and we will use our best judgment in filling your order. It sometimes happens that we are unable to furnish on short notice a certain record ordered, and when this occurs we will, unless otherwise ordered, send something as near like it as possible. **RECORDS SHIPPED BY MAIL ARE AT CUSTOMER'S RISK. WE CANNOT GUARANTEE THEIR SAFE DELIVERY.**

No. 21T170	P Records for Standard Graphophones, each	$0.30
No. 21T171	P Blanks, each	.15
No. 21T172	Grand Records, each	1.00
No. 21T173	Grand Blanks, each	.75

IN THE FOLLOWING LIST all of the records mentioned are regularly carried in stock and can be furnished in the standard size record. If wanted in the grand 5-inch cylinder record, a longer time must be allowed to order from the factory, except those in boldface type and preceded by letter "G," which are carried in stock in both types.



WHY SHOULD YOU BUY RECORDS OF US? **BECAUSE** we furnish a superior higher grade of records than ever before. **BECAUSE** we can give you a new and entirely fresh selection of the brightest popular favorites of the day. **BECAUSE** we handle none but the best made. **BECAUSE** we carefully select and test every record before putting it in stock. **BECAUSE** we guarantee safe delivery by express or freight (not by mail), and will make good, with your next order, any record broken in transit. **BECAUSE** we repair without charge, except for necessary material, all graphophones purchased from us, or graphophones belonging to purchasers of records. **BECAUSE**, and this is most important, we are selling the same records as have been sold for years at 50 cents each for 30 cents. If quality, care and price count for anything, we are entitled to receive your orders.

EXCHANGE OF RECORDS. We Cannot Exchange Old Records for New Ones on ANY TERMS.

OF ALL THE MUSICAL RECORDS made for the Graphophone, the orchestra selections are far in advance. They are especially adapted to Graphophone reproduction, and we believe that almost without exception, they are most appreciated by everyone. **The beautiful tones of the violins and clarionets,** blended with the **piano, cornets, piccolos, trombones, bass viol** and other instruments, produce melodies which no other class of band can equal.

WE PRIDE OURSELVES on having selected the most superb orchestra records ever made. The character and value of them appeal to the most critical and are plainly demonstrated by the records themselves. **Don't fail to include a liberal assortment of these superb orchestra records with your orders.**

Miscellaneous Instrumental Solos and Duets.

Every one of these records is pure and clear, and the record of the original production is reproduced with a faithfulness to detail that is astonishing. They are magnificent demonstrations of the high grade of excellence attained in record making.

Piccolo Solos by Geo. Schweinfest.

THESE RECORDS HAVE GREAT POWER, are brilliant, clear tone, full of musical excellence.

Irish Reel..... 23503
Hornpipe Polka..... 23505
Medley Jig..... 23507
Bobolink Schottische..... 23526
Rag Time Skedaddle..... 23533

Xylophone Solos, by Chas. P. Lowe.

These records are bright and attractive, are made by a most excellent performer, and the novel instrument adds much to their popularity.

Home, Sweet Home..... 12000
Carnival of Venice (with variations)..... 12003
My Old Kentucky Home..... 12006
The Mocking Bird..... 12009
Then You'll Remember Me..... 12010
The Suwanee River..... 12011
Robin Adair..... 12013

Clarionet Solos, by William Tuson.

Blue Bells of Scotland..... G3402
Old Black Joe..... 3408
My Old Kentucky Home..... 3409

Cornet Solos, by W. P. Chambers.

These records are now well known, and we are glad to still be in a position to furnish them. Mr. Chambers is a soloist of great ability, and it is needless for us to say that this style of records is very much appreciated on the graphophone.

Schubert's Serenade..... 3700
The Lost Chord..... 3701
The Last Rose of Summer..... 3705
Scenes That Are Brightest, from "Maritana"..... 3706
Bugle Calls, U. S. Army..... 3769

Fife, Drum and Bugle Corps.

Girl I Left Behind Me and Auld Lang Syne..... G12800
Marching Through Georgia..... 12801
American Melodies..... 12803
Medley of Popular Airs..... 12804

Mandolin Solos.

Coon Songs, Medley of..... 31385
El Cefiro Schottische..... 31387
Elfin Dance..... 31390
Hawthorne Club Two Step..... 31389
La Bonita Waltz..... 31388
Maritana Mazurka..... 31391
Remembrance of Thee, Gavotte..... 31393
Tidings of Love Waltz..... 31394
Waltz Espagnol..... 31392
Zenda Waltz Medley..... 31386

Banjo Solos, by V. L. Ossman.

These records are wonderfully loud and have the true banjo tone. As Mr. Ossman is one of the finest banjoists in the world it is a guarantee for the quality of these records.

Sounds from Africa..... 3804
Liberty Bell March..... 3807
Yankee Doodle..... 3814
Handicap March..... G3820

Violin Solos.

Imitation of Bag Pipes and Scotch Airs (special arrangement)..... 27006
Then You'll Remember Me..... 27008
El Miserere from "Il Trovatore"..... 27013

Songs by Geo. J. Caskin.

OF THE SONGS of this popular vocalist, **no liner records have ever been made.** Every one is loud and clear, with beautiful tone, and each word and syliable distinctly articulated. Mr. Gaskin's reputation is so well established that the mere announcement of his name is a guarantee for the record.

O, Promise Me..... 4003
Drill, Ye Tarriers, Drill..... 4004
Say An Revoir..... G4011
Little Alabama Coon..... 4028
Louisiana Lou..... G4042
Tenting To-Night..... G4044
Ben Bolt..... 4057
My Old Kentucky Home..... G4062
The Sweetest Story Ever Told..... 4067
In the Baggage Coach Ahead..... G4080
There'll Come a Time..... 4082
Sweet Inoisearra (Ohauncey Olcott's new song)..... G4097
Annie Laurie..... 4100
America..... G4104
The Old Oaken Bucket..... 4106
St. Patrick's Day..... 4111
The Old Fashioned Mother..... 4112
On the Banks of the Wabash Far Away..... 4130
The Wreck of the Maine..... 4154
Break the News to Mother..... G4156
The Flag That Has Never Known Defeat..... 4162
She Was Bred in Old Kentucky..... G4166
She Rests by the Suwanee River..... G4273

I Ain't Seen No Messenger Boy. 7495
I Couldn't Stand to see my Baby Loose..... 7497
Ma Tiger Lily..... 7502
Ma Rainbow Coon..... 7503
I Ain't a Goin' to Weep No More..... 31320
Every Race has a Flag but the Coon..... 31342
Coon, Coon, Coon. (The latest and greatest comic success).. 31603

The Spencer Trio.

This trio is composed of three eminent artists: Billy Williams, Len Spencer and Billy Golden, and the selections listed below afford ample scope for the introduction of their best work.

The Mocking Bird Medley (tenor solo, accompaniment by Golden's whistling, chorus by trio)..... G7705
In Front of the Old Cabin Door (old man character by Spencer, clog dance to Golden's whistling, chorus by trio)..... 7706
Camp Meeting (opens with chorus by trio, followed by a negro sermon by Golden; ends with song by trio)..... G7707
Alpine Specialty (yodle song by Golden, tenor solo, chorus by trio)..... 7708

Yodling Songs.

These records introduce some famous artists, and are among the most popular for either public exhibition work or home entertainment.

Katharina..... 8000
Hush-a-Bye, Baby..... 8001
Sleep, Baby, Sleep..... 8002
Emmett's Cuckoo Song (German dialect)..... 8101
J. K. Emmett's famous Yodle Song (Sung in German)..... 8900
Lauderbach, with Yodle..... 8902
Silver Moon..... 8911
Sunshine Will Come..... 8914
Baby Songs..... 8916

Vocal and Orchestra.

These records are among the best, if not the best vocal records for exhibition work ever prodoced. The blending of the human voice with the carefully rendered and trained professional accompaniment gives a result unequaled for attractiveness by any other style of record.

Always (by the author of "Because")..... G24006
Armorer's Song, from "Robin Hood"..... G24009
The Girl I Loved in Sunny Tennessee..... G24004
The Marriage Bells (song and dance)..... G24013
The Moth and the Flame.... G24008
My Black Bird (Coon song)... G24000
Way Down in Old Indiana..... 31749
Pretty Mollie Shannon..... 31751
My Hannah Lady (Coon song) G24011
The Oriental Coon (Coon song) G24001
The Palms..... G24005
Pretty as a Picture (clog effect) G24012
The Story of the Rose..... G24002
You Don't Stop the World From Going Round (Coon song)..... G24010
Shade of the Palms..... 31620

Comic Songs.

It's Up to You, Says Reilly. 4650

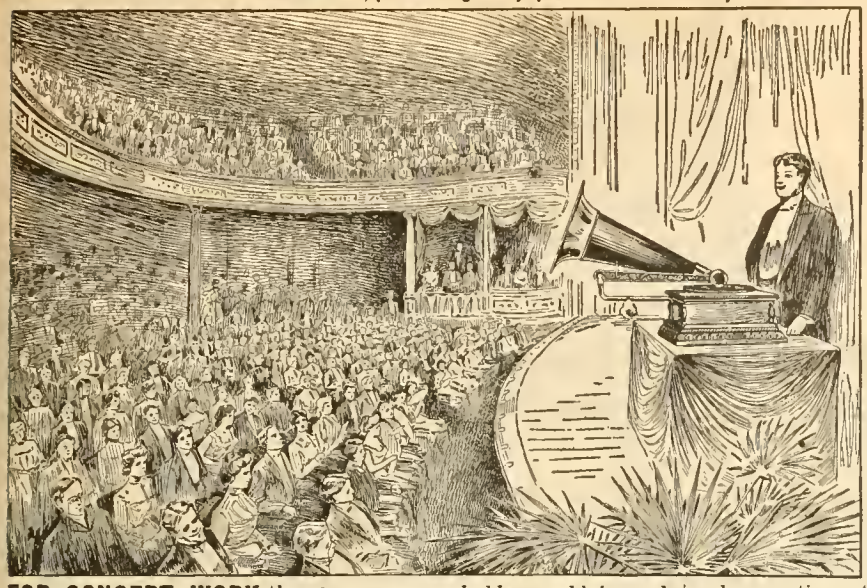
THE NEW COLUMBIA REGAL AND REGINA GRAPHOPHONES

USING THE FLAT DISC RECORDS

The Exhibitor's Ideal Machine, possessing every qualification necessary to make it most serviceable to those engaged in Public Exhibition Work.



FOR CONCERT WORK they are unapproachable, combining volume and purity of tone with a loud, clear and brilliant reproduction, and preserving absolute fidelity to the original. Not only the best disc record talking machine manufactured, but, as will be seen from the illustration, drawn from an actual photograph, is a handsome and very highly finished instrument.

RESULTS. The reproduction is resonant and perfect. They combine to the highest degree perfect accuracy in reproduction, perfect fidelity to the original and perfect quality of tone.

MECHANISM. The Regal and Regina machines are equipped with scientifically designed spring motor of substantial construction, assuring regular and reliable action, and running three records with each winding. These machines will appeal to all users of talking machines, as much for their mechanical perfection as for other reasons. The cost of repairs, if any are needed, is nominal and the machine is guaranteed by us for one year.

EQUIPMENT for both machines consists of handsomely designed, quarter sawed oak cabinet, spring motor mechanism, steel bed plate for records with nickel holder, tension screw for regulating time and speed, brake for stopping and controlling the revolution of the disc, acting directly on the governor; amplifying horn, steel body and burnished brass bell; ornamental stand and carrying arm for horn and extra loud vibrant sound box and reproducer. The amplifying horn for the Regal is 21 inches in length, for the Regina 14 inches.

No. 21T200 The Regal Graphophone, especially designed for 10-inch records, complete with all equipment (except records).. $30.00

No. 21T205 Regina Graphophone, especially designed for 7-inch records, complete with all equipment (except records)..... 20.00

No. 21T210 Climax Records, 10-inch, per doz., $10.00; each. 1.00

No. 21T211 Acme Records, 7-inch, per doz., 5.00; each..... $0.50

TO THE PROFESSIONAL EXHIBITOR. To the man who intends to make a living, these new instruments are the most valuable. Their portability, freedom from danger of breakage, absolute perfection in quality of tone, loudness and clearness of enunciation, have rendered these instruments the leaders in exhibition work. No experience is necessary to operate an outfit of this description to begin public exhibition work at once. Our instructions give complete information how to operate the outfit successfully, how to make engagements, hire halls, etc.

GUARANTEE. We absolutely guarantee the Regal and Regina machines will keep them in repair for one year without charge, except cost of material used.

PORTABILITY. The Regal Graphophone is 14x14 and 8 inches high. The Regina is 11x11 and 6 inches high. Appliances and accessories pack closely and the whole is included in a convenient carrying case. The flat disc indestructible records occupy so little space that the exhibitor can easily carry his entire outfit in one hand.

LOUD IN TONE, CLEAR AND BRILLIANT. Gives the loudest, clearest reproduction of any talking machine ever made. Reproductions of speech, song and instrumental music can be clearly heard in the most remote corner of large halls or any ordinary auditorium.

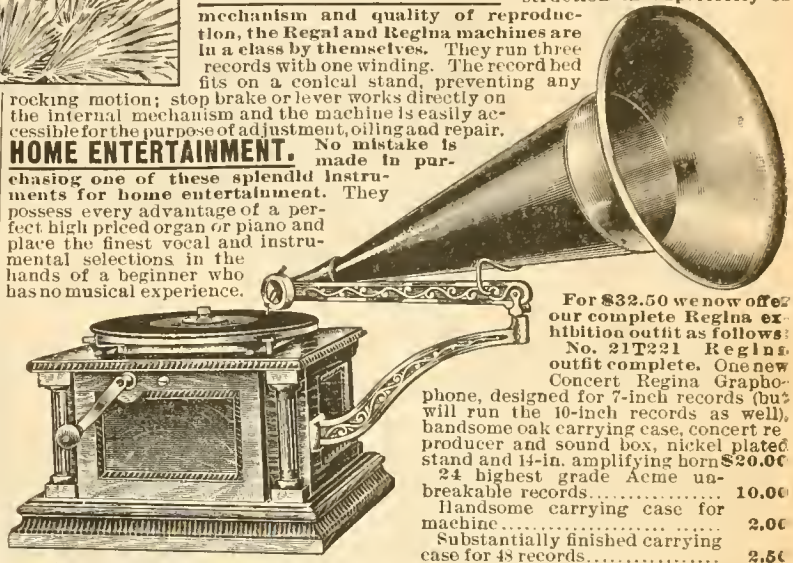
DURABILITY. The construction of these machines is well-nigh perfect and being provided with the new flat indestructible records the exhibitor is free from annoying interruptions to his work arising from breakages.

A Perfect Talking Machine, with Unbreakable and Indestructible Records.

THE DEMAND for a talking machine using the flat disc records and combining loudness of tone with the fidelity of reproduction, so far only obtained in the wax cylinder records, is very great. In the Regal and Regina machine, we present the perfected and ideal instrument for sound reproduction from the flat disc records. These machines are of the highest type of perfected talking machine, specially adapted for exhibition purposes.

POINTS OF SUPERIORITY. In every detail of construction in superiority of mechanism and quality of reproduction, the Regal and Regina machines are in a class by themselves. They run three records with one winding. The record bed fits on a conical stand, preventing any rocking motion; stop brake or lever works directly on the internal mechanism and the machine is easily accessible for the purpose of adjustment, oiling and repair.

HOME ENTERTAINMENT. No mistake is made in purchasing one of these splendid instruments for home entertainment. They possess every advantage of a perfect high priced organ or piano and place the finest vocal and instrumental selections in the hands of a beginner who has no musical experience.



For $32.50 we now offer our complete Regina exhibition outfit as follows:

No. 21T221 Regina outfit complete. One new Concert Regina Graphophone, designed for 7-inch records (but will run the 10-inch records as well), handsome oak carrying case, concert reproducer and sound box, nickel plated stand and 14-in. amplifying horn $20.00

OUR SPECIAL STEREOPTICON LECTURE DEPARTMENT.

DO YOU WISH TO MAKE MONEY WITH LITTLE EFFORT?

Pleasant and honorable employment. Short hours and little effort. No soliciting and no goods to sell.

OUR REGULAR ILLUSTRATED STEREOPTICON OUTFITS ARE OFFERED FOR $53.00,

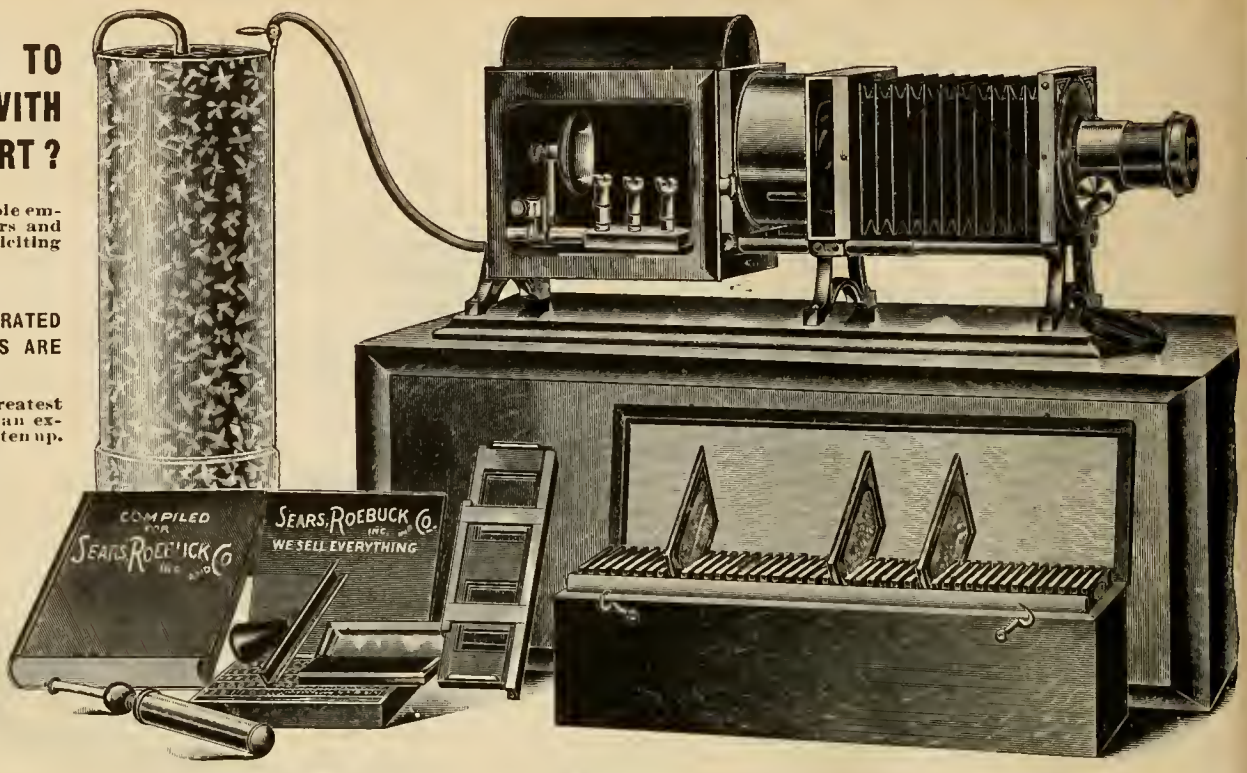
and represent the greatest bargain in the way of an exhibition outfit ever gotten up.

Project a clear and Brilliant Picture 10 feet square.

PROFESSIONAL LECTURE OUTFIT FOR ONLY

$53.00

No. 21T230



This illustration is made from a photograph of the Stereopticon as it appears in operation.

TO THOSE WHO ARE NOT SATISFIED with their present occupation, to those whose income is perhaps less than $1,000 per year, we direct attention to the unrivaled opportunities presented by our special lecture outfits. Place your order for one of these special outfits. Your first week's work will more than pay for this investment, your first evening's work may pay for it.

NO PREVIOUS EXPERIENCE or no ability as a public speaker is required, as the description of the view is printed and can be read while they are shown with the stereopticon.

A comparatively small investment will enable you to make a start.

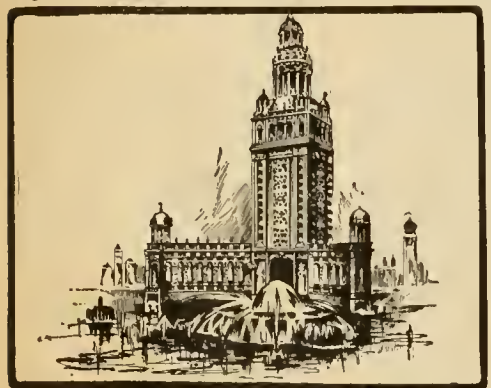
THE STEREOPTICON provided with this outfit is the **Enterprise Stereopticon** with the **Seroco Acetylene Light.** It is the highest grade of lantern made.

WE FURNISH WITH THE STEREOPTICON OUTFIT

52 MAGNIFICENT TRANSPARENT PHOTOGRAPHIC VIEWS,
1 POLISHED WOOD CASE FOR THE VIEWS,
1 SEROCO GENERATOR AND SIMPLEX BURNER FOR ACETYLENE ILLUMINATION,
1 SPECIAL HIGH POWER SINGLE STEREOPTICON,
1 CARRYING CASE FOR STEREOPTICON,
1 LARGE WHITE SCREEN (120 square feet),
1 LECTURE, BOUND IN BOOK FORM,
1,000 LARGE ILLUSTRATED ADVERTISING POSTERS,
EXHIBITION ADMISSION TICKETS,
1 PRINTING OUTF FOR FILLING IN DATES, ETC.,
1 BOOK OF INSTRUCTIONS.

No. 21T230 ALL FOR **$53.00**

The above complete Stereopticon outfit includes any 52 slides or views which the customer may select, of which twelve will be colored and forty plain; the selection of a larger number of slides will only very slightly increase the cost in proportion, and the coloring of a larger number would also, if desired, be provided for at a small increase.



WHILE THE CHOICE OF LECTURES AND VIEWS is left exclusively to our customers' discretion, and can be made from any of the popular and high grade lecture sets which are described in the two next pages, we are sometimes asked to advise as to which is the most popular set for present purposes. The **PAN-AMERICAN EXPOSITION** with lecture conveys a very realistic idea of the latest World's Fair and the views rank with the finest stereopticon pictures ever obtained. The **PASSION PLAY OF OBERAMMERGAU.** Every view taken from actual life posings. The **PHILIPPINE WAR** and the **BRITISH-BOER WAR,** both revised and brought down to date, we have found, during the last three months, to be the leaders, and all of them possess drawing capabilities; and insure an audience to an extent which must not be overlooked by exhibitors.

WHEREVER IT IS POSSIBLE we would strongly advise the exhibitor to add to this Pan-American set, our special set of fifteen slides describing the

ASSASSINATION OF PRESIDENT McKINLEY,

which are proving the most attractive special lecture feature ever offered.

THE SET OF McKINLEY ASSASSINATION SLIDES include realistic views of the assassination, of the assassin himself, taken within ten minutes of his capture by the police, and beautiful illustrations of the funeral cortege, in fact, a complete illustrated history of the most terrible tragedy of the present century. The love and respect in which the president was held by all classes of people, of all shades of politics, will insure the success of this addition to an outfit.

No. 21T242 Set of descriptive slides, illustrative of the assassination of President McKinley, fifteen in number, all colored, with graphic lecture and description of the tragedy..... **$7.50**

This set of President McKinley slides can be used in connection with any of our regular lecture sets at the very small extra cost of $7.50, and will form a very valuable addition to any set which customer may select.

No. 21T230 With any of our regular lecture sets described on next two pages, including 40 plain and 12 artistically colored stereopticon slides at our very special price of..... **$53.00**

The following are some of the many additional lecture sets which are placed at the customer's disposal for selection, any of which will insure success, and all of which will be found fully described in the following pages.

PATRIOTIC AND MARTIAL.

No. 21T231 Spanish-American War and the Philippines, illustrated.
No. 21T233 The Boer-English War and Scenes in South Africa.
Note—Both of these sets have been revised, the lectures re-written and all brought strictly down to date.
No. 21T238 Life of Wm. McKinley; Soldier, Statesman and President. 25 slides only in this set, of which 13 are colored. Price for set of slides proportionately reduced.

RELIGIOUS AND INSTRUCTIVE.

No. 21T240 Shadows of a Great City.
No. 21T234 Passion Play Series.
No. 21T232 Life of Christ on Earth.

TRAVEL AND EXPOSITIONS.

No. 21T243 Around the World in Eighty Minutes.
No. 21T235 Across the Continent—Washington to San Francisco.
No. 21T241 Pan-American Exposition.

SPECIAL COPYRIGHTED SUBJECTS.

No. 21T237 The Wonders of America; or, Uncle Sam's Success.
No. 21T236 Life Under a Circus Tent.
No. 21T242 The Assassination of President McKinley.
No. 21T239 The Electrocution of the Assassin Czolgosz.

For Further Information on these Lecture Sets Consult Full Descriptions on the Next two Pages.

$15.00 IS THE PRICE OF ANY OF THESE STEREOPTICON LECTURE SETS,

YOUR OWN SELECTION.

Any one of these complete and beautiful sets can be chosen by customer and included in the $53.00 Stereopticon Outfit just described.

No. 21T231 THE SPANISH-AMERICAN WAR AND THE PHILIPPINES ILLUSTRATED.

Ingorrote Spearmen Drilling.

Patriotic and interesting as well as a most popular lecture. Our new possessions, our future possibilities, expansion or anti-expansion. These will continue to be the all absorbing topics of the day, and a lecture bearing on this subject has only to be advertised to bring crowded houses of the best class of people. This set of views has been revised and new views added, the lecture has been rewritten and the entire set brought down to date, practically a new lecture.

The latest battles and military engagements, deeds of darlog, acts of heroism, beautiful scenery and native customs will interest and inspire every patriot.

No. 21T231 Lecture Set, 52 views, 12 colored..... $15.00

This Lecture Set with the complete Stereopticon Outfit No. 21T230, 53.00

No. 21T232 LIFE OF CHRIST ON EARTH.

The Attractiveness of this set is much enhanced by having all slides in colors.

This set is made up of a series of fifty magnificent photographic views descriptive of the Life of Christ on Earth. They possess artistic merit of the highest degree. Each taken from original photographic negatives, and many of them from the world famed works of the greatest living painters. This is a lecture set which is always standard, always successful. "The old, old story" can never be told too often, and as many of the highest grade lectures are given in churches, they appeal strongly to religious audiences.

This set is a money maker. Do not wait, but order at once.

Christ's Entry into Jerusalem.

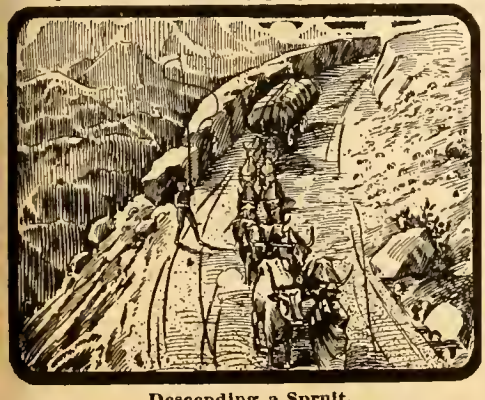
No. 21T233 THE BOER-BRITISH WAR.

All eyes are turned to South Africa, the theatre of one of the most important of modern military engagements. A war which has shaken one of the greatest governments in the world to its foundation and has demonstrated the ability of a freedom loving people to defend themselves against a superior force. The Boers' stand for liberty will go down to future generations, and our own liberty loving people are intensely interested.



Descending a Spruit.

We have revised and brought down to date the finest set of stereopticon slides on this subject ever prepared. The lecture has been rewritten, many of the subjects are new, the latest battles and engagements, methods of warfare, etc., are illustrated and mode of life in the Transvaal described.

The interest in the Boer-British War, instead of decreasing is higher today than ever and those who cater to the overwhelming interest taken in this great struggle for liberty can sweep the entertainment field and be sure of a good house wherever they go.

No. 21T233 Lecture, 52 slides, 12 colored..... $15.00
500 Advertising Posters, 1,000 Admission Tickets..... 2.00
Lecture Set, with Stereopticon Outfit No. 21T230..... 53.00

No. 21T234 THE PASSION PLAY OF 1900.

This is a lecture set of surpassing interest, consisting of fifty slides descriptive of the representation of the Passion Play given in 1900 by the peasants of the small Bavarian village of Ober-Amergau. It consists in part of scenery of the wonderful Tyrol mountains, but principally of magnificent photographic copies of the various scenes occurring in the presentation of the play. The entire world is interested in the production of this the only religious play of the present century, given only once each ten years, and there is possibly no subject so well fitted to be illustrated by the stereopticon as this.

Ecce Homo.

No. 21T234 Lecture Set, 50 slides, 12 colored..... $15.00
500 Advertising Posters, this lecture set, and 1,000 Admission Tickets, only..... 2.00

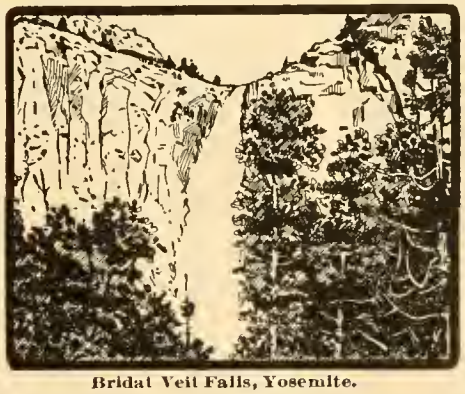
No. 21T235 ACROSS THE CONTINENT, WASHINGTON TO SAN FRANCISCO.



Bridal Veil Falls, Yosemite.

The American public as well as tourists from foreign lands are beginning to thoroughly appreciate the matchless grandeur of our home scenery, and the demand for lantern slides pertaining to the Rocky Mountains, Pacific Coast, the Yosemite Valley and our National Park is increasing daily. Nothing will interest the stay at home American more than to have these beautiful features of his native land brought before him through the agency of high grade stereopticon representations. We have succeeded in making arrangements with a brilliant lecturer, traveler and journalist to personally conduct an audience on this trip across the continent, and the lecture which accompanies this set of views will be found full of interest and of thoroughly popular description.

The slides are made from original negatives and the lecture is written by the artist who took them.

No. 21T235 The set consists of 50 slides, of which 12 are colored and 38 plain. Price with printed lecture bound in book form.... $15.00
The set of slides Across the Continent, with complete Stereopticon. Outfit No. 21T230..... 53.00

No. 21T236 LIFE UNDER A CIRCUS TENT.

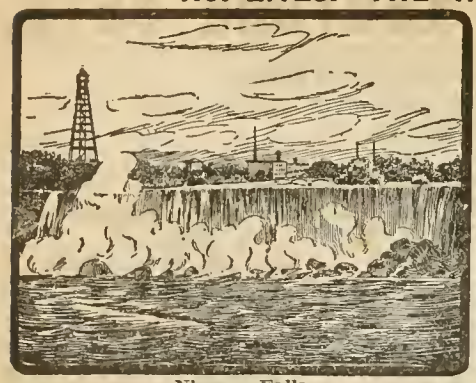
Since the days of Ancient Rome the circus has always been the popular amusement of the people and the arrival of a circus is the great day of all the year in towns and small cities throughout the country, not only to the small boy, but to his elders as well. All the world loves a circus, but all the world does not get an opportunity of seeing the modern circus of the Twentieth Century, an army of men, troops of horses and an immense collection of wild animals from the four quarters of the world, organized into one institution and traveling by special railroad trains. This set of views shows both circus and menagerie from actual negatives and will bring the modern circus before the eyes of your audience.

Performing Elephants.

For those looking for something comical, and at the same time interesting in the line of a stereopticon lecture, we recommend this set above all others. It brings the young folks and the young folks bring the old folks.

No. 21T236 Life Under a Circus Tent, 52 slides. 12 are beautifully hand colored, with entertainingly written lecture..... $15.00
250 Advertising Posters printed in colors, 1,000 Tickets..... 2.50
Set included with Stereopticon Outfit No. 21T230..... 53.00

No. 21T237 THE WONDERS OF AMERICA, OR UNCLE SAM'S SUCCESS.



Niagara Falls.

This is our newest lecture set, specially prepared at a very great expense and we frankly believe, calculated to supply an evening's entertainment which will be more universally and popularly successful than anything so far attempted in the line of stereopticon or panoramic work. This lecture is descriptive and illustrates graphically the great and successful achievements which have made this country the admiration of the world. Never before has a lecture been written covering a field so broad or a subject so popular.

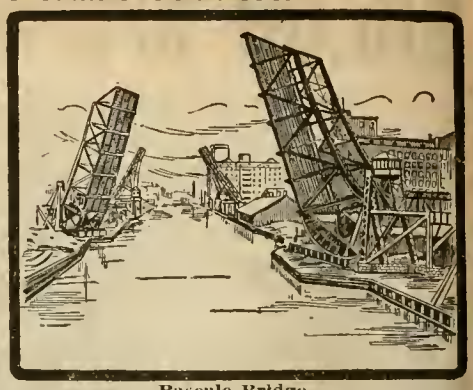
The lecture is divided into 15 different headings all combined in one grand descriptive whole. It is so written that each part or subject is complete in itself, and any amount of time desired from ten minutes to three hours can be assigned to it.

To gather this authentic and valuable information has required an expenditure of a great deal of time and money. Access has been had to the leading public and private libraries in the country to complete the lecture.

THE WONDERS OF AMERICA will make your entertainment popular with the public, will fill your house and bring you return dates, and will insure success where otherwise there might be failure. No one using a stereopticon can afford to be without these slides. The entire lecture will last about three hours and is illustrated by 124 slides, or the full number of slides can be used and the ground covered in about one and one-half hours.

The wide range covered by this set can be best appreciated by a perusal of the various subjects or titles into which the lecture is divided—Natural Scenery, Agriculture, Mines, Manufactures, Commerce, Transportation, Inventions, Education, Libraries, Architecture, Engineering, Government, Churches, Great Personalities and World Influence.

Set No. 1 consists of 30 colored and 32 plain slides and covers all the subjects of the lecture. Price, with printed lecture..... **$22.75**



Bascule Bridge.

Set No. 1 of **THE WONDERS OF AMERICA,** with complete Stereopticon Outfit No. 21T230, only..... **$60.00**

Set No. 2, 60 colored and 64 plain slides, with lecture..... **45.00**

Set No. 2, with Stereopticon Outfit No. 21T230, comprising in all 124 slides, with lecture printed in book form, only..... **83.00**

Set No. 2 can be used either for one or two entertainments, as desired, and really provides ample material for a two days' exhibition. Make your lecture rich with slides. **Write for a descriptive circular with illustrations and full list of slides comprising this set.**

No. 21T238 LIFE OF WM. McKINLEY, SOLDIER, STATESMAN AND PRESIDENT.

William McKinley.

We have prepared at considerable expense a beautiful set of 25 slides, pictorially relating the life of our late President from boyhood to the presidential chair. This is a subject of great educational value to every American citizen, and the lecture prepared for this set of slides is written from a high standard of patriotic sentiment. No stereopticon exhibitor should be without this newest and greatest set of stereopticon illustrations. The first entertainment will more than repay him the cost of the set.

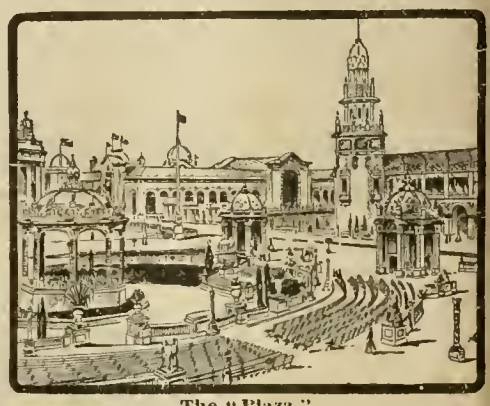
This set, with the two next described, make up our Martyred President Series, and combined, afford the most complete lecture on this or any similar subject ever prepared.

No. 21T238 Price of Lecture Set, 25 views, 12 colored and 13 plain, including lecture..... **$10.00**

No. 21T241 THE PAN-AMERICAN EXPOSITION.

The months which have elapsed since the close of the Pan-American Exposition at Buffalo have demonstrated the great hold which it had upon the people's interest and its great success for public exhibition work. The Pan-American Exposition easily ranks as one of the features of the present decade, and it is a mistake to suppose that interest in it is abated.

The entire set of views is one of permanent and particular merit. The various scenes are selected with a view to their future exhibition through the stereopticon. The negatives were all made by our own special commissioner, coloring is done by hand by artists of distinction, and combines interesting and popular subjects, the acme of photographic art and beauty of artistic coloring. **An exhibitor who purchases this set makes no mistake and will find that it will soon repay his first investment.**



The "Plaza."

No. 21T241 Lecture Set, 54 slides, 12 colored..... **$15.50**

No. 21T239 THE ELECTROCUTION OF CZOLGOSZ AND PANORAMA OF AUBURN PRISON.

The Electrocution of Czolgosz.

This is a fitting supplement to the last two sets of stereopticon slides, Life and Assassination. We have prepared, copyrighted and are able to offer our customers a set of ten slides, all colored, illustrating the electrocution of the assassin Czolgosz. **The demand for stereopticon views illustrating this subject is unprecedented,** and, although we have been to a very heavy expense in procuring them, we will offer them without increase in price. The ten subjects embrace the full illustrations of the fatal electric chair and depict the actual execution of the president's murderer

No. 21T239 Electrocution of Czolgosz, ten colored slides. **$6.75**

Send for full descriptive illustrated circular of the Martyred President Series.

No. 21T242 ASSASSINATION OF PRESIDENT McKINLEY.

In response to almost numberless requests for a lecture set on this subject, we have had a special set of descriptive slides made up at great expense which we believe will not only be of the most enthralling interest at the present time, but will always remain a valuable memento of the sad event whereby the nation was deprived of its president under circumstances so afflicting and grieving to every American citizen. The range of subjects is complete, covering almost every leading scene and incident in connection with the tragedy. Send for full descriptive circular.

The Assassin Czolgosz.

No. 21T242 Price of Lecture Set, 15 slides in this special set, all colored, with lecture. Price..... **$7.50**

No. 21T240 SHADOWS OF A GREAT CITY.

A wonderful lecture outfit. A powerful factor for good wherever exhibited. An entirely new combination in the lecture field. Descriptive and temperance. A popular set illustrating the "Lights and Shades of a Great City, or the Slums of New York." This entertainment is of a descriptive order, intensely interesting to all classes, but at the same time it has a strong moral influence, and is adapted to the requirements of **ministers and temperance lecturers.**

No. 21T240 Lecture Set, 61 slides, 16 colored..... **$19.00**

500 Advertising Posters 9x11, for window advertising..... **2.50**

Included with regular Stereopticon Outfit No. 21T230 for only.... **59.00**

EACH SET OF STEREOPTICON SLIDES IS ACCOMPANIED BY A THOROUGHLY READABLE AND POPULAR LECTURE AND ARE PACKED IN A SUBSTANTIAL AND HANDSOME CARRYING CASE.

No. 21T243 AROUND THE WORLD IN EIGHTY MINUTES.

Particular attention is directed to this, one of the best and most standard lecture sets ever prepared, consisting of eighty views, describing a complete trip around the globe. With this wonderful selection of choice views, the exhibitor can give his patrons a big run for their money, as he takes them with him on a trip around the world and imparts information which it has cost thousands of dollars to secure.

No. 21T243 **Around the World,** 80 slides, of which 20 are colored and the remainder plain, with well written lecture in book form **$25.00**

500 Advertising Posters and 1,000 Admission Tickets (children and adults)..... **2.00**

Set of Around the World in Eighty Minutes, included with regular Stereopticon Outfit No. 21T230. 80 slides in all..... **62.50**

MISCELLANEOUS STEREOPTICON VIEWS.

COLORED ILLUSTRATED SONG VIEWS FOR THE STEREOPTICON.

AT THE PRESENT TIME illustrated songs are the most popular means of entertaining the public, and have been wonderfully successful at various theaters in Chicago, New York and other metropolitan cities. The dramatic effect produced by illustration of the song in this manner is very marked, and the audience become greatly enthused from the vivid combination of song and scenery. The views represent the most important incidents related in the song, and are projected by the stereopticon to fully life size. They are all most artistically hand painted, and in each instance are taken from life models. The result is artistic and realistic, almost beyond description. At the present day these illustrated songs are more popular in the large cities than even the moving pictures.

UPON APPLICATION we will send you a list, embracing the entire series of illustrated songs, from which a selection can be made, and we give the price of each set, which varies according to the number of slides used in illustrating the song or ballad. Each view is beautifully colored by hand and nothing better has ever been accomplished in the way of stereopticon art.

We will send you on application our full list of illustrated song slides, containing over 1500 original song negatives and embracing every variety of vocal music—religious, romantic, patriotic, grave and gay. We have selected as the best and most likely to please, the following new popular songs, for each of which we have had special original Master Records for the Graphophone Grand sung, enabling our customers by the purchase of a graphophone, to render this most attractive entertainment feature without being compelled to engage the services of a skilled vocalist.

We carry the following list of complete song sets always in stock and the corresponding Grand Records, sung specially for us and specially adapted to the illustrations.

Understand, we have a list of Song Slides, over 200 in number, but for these we give below we can furnish both Records and Views.

The price per slide, artistically colored by hand, is 50c. The price of a complete set is governed by the number of slides used in making it up. For example, the song set "Last Night While the Moon Was Shining" is illustrated by 15 slides and would cost $7.50.

COMIC SLIDES

"A little nonsense now and then is relished by the best of men." No finer stereopticon slides have ever been made than our present list of comics. We have entirely discarded the old style so-called comic slides made from cartoons and line drawings, every one of our present list being taken from actual models, who have studied the humorous pose artistically and with a full appreciation of the comic side of life. We furnish our full line of "Comics" either plain or colored.

Miscellaneous Lantern Slides.

We can obtain for our customers any slides which are on the market and at prices lower than they are regularly advertised and sold for. The following sets, however, in addition to those already described, we carry in stock at all times.

Special Temperance and Religious Sets.

These sets supply what has long been wanted, a series of illustrations depicting, in varied form, the evils of intemperance and the possibility of reform, even with those who have sunk to the lowest depth. A descriptive reading accompanies each set, forming a pleasantly written temperance tale.

Advertising Posters.

We have, at considerable expense, provided a supply of advertising posters, which, by printing in large quantities, we can supply customers at a much lower price than would be charged for printed bills as they would be required. These posters are attractively displayed and, with proper use, will be helpful in securing a good attendance at your entertainment. State exactly what outfit they are intended to advertise. With all of our regular stereopticon sets we include, free of charge, a number of posters in proportion to the number of slides which the set contains. Wherever it is desired to purchase these posters separately, prices will be as follows:

Posters, advertising all of our regular large lecture sets, described and priced with sets.

General stereopticon and popular lecture poster, suitable for any lecture. Price, per 1,000, $4.00; per 500 .....$2.25

Posters for stereopticon, illustrated songs and a popular lecture. Price, per 1,000, $4.50; per 500 .....$2.50

Stereopticon and moving picture, graphophone, illustrated songs and popular lecture. Price, per 1,000, $5.00; per 500 .....$2.75

Samples sent free on application. We do not sell these posters in quantities of less than 500 at one time and cash must, in each case, accompany the order.

Secret Society Views.

We make to order fine colored photographs illustrating the degree workings in almost all secret societies. Masonic, Odd Fellows, Knights of Pythias, etc. Write us for prices and description of work.

MOVABLE COMIC VIEWS.

These slides are so constructed that two effects are shown on the screen without removing the slide from the lantern. The slides are all colored; the subjects all comic. We have over eighty different subjects in stock. If you leave your selection to us we will see that you get the very best subjects only.

STEREOPTICONS, LANTERNS, ETC.

No. 21T350
Enterprise Stereopticon
Patented in the United States and England.

The above illustration shows the objective lens in position to show the stereopticon views.

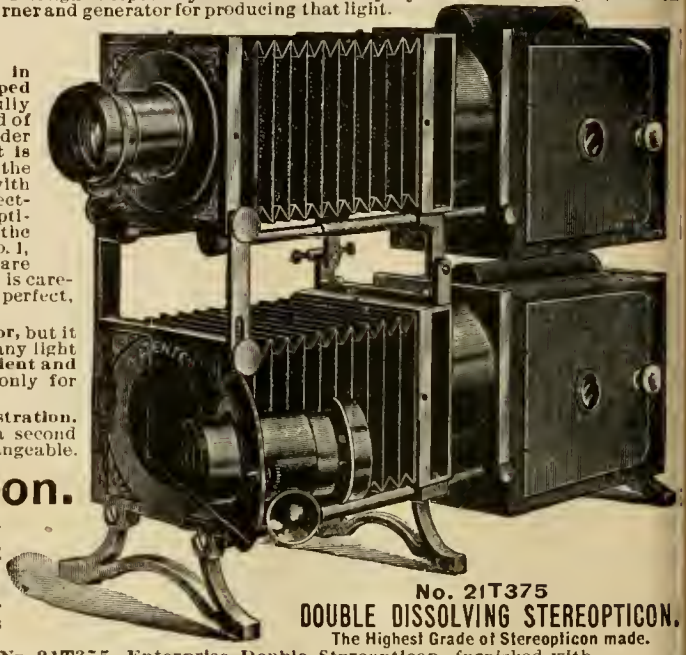
WE THIS SEASON LIST ONLY TWO STEREOPTICONS, both, however, of the highest grade and pre-eminently fitted for the highest class of professional work. With these two lanterns we cover the entire field for professional stereopticon work, and while each of our lanterns, both the **Enterprise** and the **Leader**, possess individual merits of their own, either lantern is guaranteed as efficient for the highest class of stereopticon projecting work when used either with **electricity, oxy-hydro, calcium light, the new hydro-carbon light or acetylene gas.** In the construction of both these lanterns the very best of materials have been used, the most recent improvements adopted and care used to insure optical excellence, mechanical perfection and a thoroughly handsome and up to date appearance.

WE LIST FIRST OUR No. 21T350 Enterprise Stereopticon, long recognized as the leader in high grade professional stereopticons, and a lantern which we use in making up our Special $53.00 Standard Stereopticon Outfit, the most successful low priced, high grade stereopticon outfit ever offered. The accompanying illustration is taken from an actual photograph, and shows instrument without burner, ready to be fitted up either for electricity, oxy-hydro, hydro-carbon or acetylene. This is a most beautiful instrument, perfectly finished, and cannot be surpassed for practical and efficient service. It is fully nickel plated, has dark red bellows, and is designed especially to be used with oxy-hydro or calcium light, or with acetylene burner and generator for producing that light.

THE ENTERPRISE STEREOPTICON has all necessary adjustments known in first class stereopticon work and is equipped with all the latest improvements. It is made of metal throughout and beautifully nickel plated. All parts are made interchangeable and it is so arranged that any kind of combination may be made, including the addition at any time of a second lantern in order to render it a **double dissolving stereopticon, for which purpose this instrument is peculiarly suitable.** The object in making up this lantern has been to secure the clearest, brightest and largest picture at any range. For this purpose it is equipped with the finest 4½-inch hardest annealed imported condensing lens. The projection or objective lenses, the most important part of any lantern, are manufactured by the leading optical goods house in America. The objective lenses come in three ranges contained in the same sized tube or barrel so as to be interchangeable at any time. These lenses, are No. 1, equivalent to regular quarter size; No. 2, to half size; and No. 3, to two-thirds size; and are furnished with the lantern at customer's option without increase of price. Every lens is carefully tested before it is fitted to the stereopticon so as to insure its being optically perfect, and the finish from a mechanical standpoint cannot be improved on.

WE FURNISH THIS LANTERN regularly with acetylene burner and generator, but it can be used equally well with calcium light or any light used regularly for stereopticon projection purposes. **It is the most compact, convenient and beautiful stereopticon made** to sell at anywhere near the price asked and is fitted only for high grade first class work.

THIS STEREOPTICON is usually sold by us in single type as featured in our illustration. It is especially suitable, however, for combination with a second lantern and for use as a double dissolving stereopticon, being made with all parts interchangeable.



No. 21T375
DOUBLE DISSOLVING STEREOPTICON.
The Highest Grade of Stereopticon made.

Our Double Dissolving Stereopticon.

We present an illustratinn, taken from actual photograph, of our Double Dissolving Enterprise Stereopticon No. 21T375. It is intended to show dissolving views, which is the highest art in stereopticon work. This is the only perfect instrument for producing dissolving views and the most effective scenic results so much desired in public exhibition work. Dissolving effects are produced by having two different views, one in each stereopticon, turning the gas gradually from one jet to the other so that while one view fades away the other grows brighter, and until one view has faded away altogether and the other developed to full brilliancy.

No. 21T350 Enterprise Single Stereopticon, complete with lens and fitted with acetylene burner $26.50

Same Instrument, complete with acetylene burner and generator ready for immediate use..... 33.50

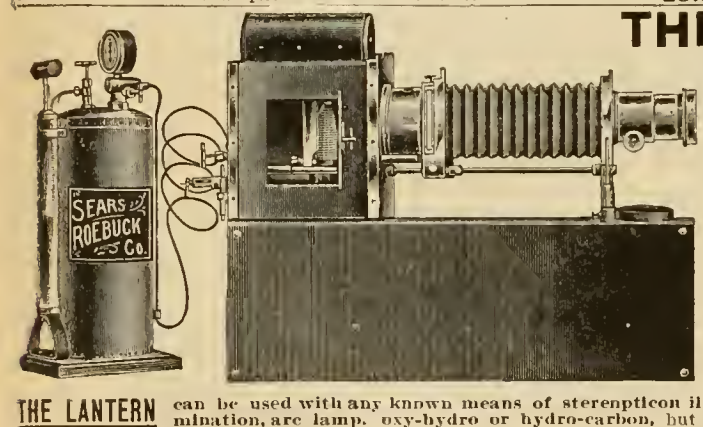
No. 21T351 Enterprise Single Stereopticon, with calcium burner or electric arc lamp..... 29.50

No. 21T375 Enterprise Double Stereopticon, furnished with either acetylene gas or calcium light jets or burners and complete with carrying case..... $57.50

No. 21T376 Dissolving Key, for use with acetylene gas and double dissolving stereopticon..... 4.75

No. 21T377 Dissolving Key, for use with calcium light and the double dissolving stereopticon..... 9.00

THE LEADER LANTERN, ALUMINUM BODY AND FRAME.



THIS EXCEEDINGLY HANDSOME LANTERN is designed more especially for use with electricity or with the new hydro-carbon light and the illustration, taken from an actual photograph, shows the **Leader Lantern in combination with the new hydro-carbon light.** This lantern is a combination of all the good points of other lanterns, presenting a handsome and massive appearance, and is intended for the very highest grade of stereopticon work; and in appearance, in suitability for long range work and brilliancy and clearness of the picture projected from the screen, and quality of lens with which it is equipped, **stands without a rival.** The body of the lantern is made of cast aluminum, insuring against discoloration or tarnish, while although very light, **it is stronger and less liable to breakage than any other type of stereopticon with which we are acquainted.** The sliding rods are brass, nickel plated and highly polished. The condensing lenses are 4½ inches in diameter and mounted in spun brass ventilated holder; we equip this lantern with **highest grade Bausch & Lomb adjustable lens** in fine half size tube which can be adjusted either to range known as half or two-thirds, at the option of the operator. The folding bellows front is a dark red maroon, contrasting well with the aluminum, and is mounted on nickel plated telescoping rods. **The lantern is very light and compact, weighing about 9 pounds, and is packed in a carrying case 9x14x8 inches.**

All parts of the lantern are interchangeable, and a second lantern can be ordered at any time, thus converting it into an elegant dissolving outfit.

THE LANTERN can be used with any known means of sterenpticon illumination, arc lamp, oxy-hydro or hydro-carbon, but on account of the generous proportions of the lamp house and special arrangement of the condensing lens, it is especially suitable for electric light or for the new hydro-carbon light, as shown in illustration.

SPECIAL ATTENTION is directed to the type of projection lens as furnished with this lantern. **It is absolutely the highest grade Bausch & Lomb half-size lens,** with special adjustment to convert it into a two-thirds lens. It will project a perfect image on the screen, clear cut and brilliant to the edge, **and every lens is guaranteed and may be returned at our expense if this representation is not fully carried out.**

THE CARRYING CASE is leather, fitted with nickel plated corners, lined with dark colored cotton flannel. **This lantern will be found a profitable investment and sure to please the purchaser.**

No. 21T380 Leader Lantern, with 4½-inch condensing lens, half size convertable projection lens, double slide carrier, and equipped either with calcium jet or electric arc lamp, but without carrying case for..... $36.50

No. 21T381 Leather Carrying Case for Leader Lantern, with nickel corners and trimmings, provided with lock and key..... 5.00

THE NEW HYDRO-CARBON LIGHT.

THE GREATEST IMPROVEMENT ever made in portable light for magic lanterns, a bright white intense light. For years there has been an urgent demand by lecturers, illustrated song operators and those using stereopticons, for a really light and portable apparatus which will produce a bright, white light, free from flicker or disagreeable odor, absolutely safe and reliable and easy to handle, so that it could be used by an operator without previous experience, so light in weight that it can be carried in the hand and above all that the material consumed should be such as could be obtained in any small town or cross roads in the country, and not only in this country, **but all over the world.** This has all been accomplished in the invention of the **new hydro-carbon light.**

THE DISCOVERY was made a few years ago that the hydro-carbon vapor from kerosene, when burned with a strong or forced draft under proper conditions, **produces an intensely brilliant, pure, white light.** This principle has now been applied to stereopticon work, and we are enabled to place this illuminant before our customers the first of any dealers in a similar line.

THE APPARATUS AND LIGHT PRODUCED ARE DESCRIBED ON PAGE 273.

No. 21T430 Hydro-Carbon Outfit complete, including tank, burner, pressure gauge, pump and six mantles..... $25.00

No. 21T431 Light Fiber Case with straps for carrying outfit... 2.00

Extra mantles, each..... .15

No. 21T387 The Leader Lantern, complete with hydro-carbon outfit as shown and carrying cases for lantern and light outfit..... 60.50

With the above complete outfit, the song illustrator or traveling lecturer is fitted with the acme of perfection in the way of both stereopticon and light and is ready to successfully exhibit any type or style of stereopticon pictures plain or colored.

WRITE FOR SPECIAL CIRCULAR, DESCRIPTIVE OF THE NEW HYDRO-CARBON LIGHT.

OUR MOVING PICTURE DEPARTMENT.

OF ALL FORMS OF PUBLIC ENTERTAINMENT

THERE IS ONE WHICH LEADS

ALL OTHERS FOLLOW.

WE REFER to the projection of moving, animated pictures, an effect which is so realistic, so lifelike and so true to nature, that it never fails to charm an audience, whether it is within the walls of a huge metropolitan auditorium, or confined within the comparatively narrow limits of the little red school house.

THE CHARM OF NOVELTY IS THERE. Outside of the big cities only a small percentage of the people have been privileged to witness a good moving picture exhibition. All, however, have heard of it and almost all are anxious to see it.

THE MOVING OR ANIMATED PICTURES are not only just as popular as ever, but a great deal more so. This is accounted for by the steady improvement which has been made in the machines by which the pictures are projected and the films containing the pictures which are thus shown. Enterprise also has greatly developed the art of taking the pictures themselves, and competition is responsible for the fact that new and more interesting scenes are each day photographed and depicted.

THE APPARATUS is used in combination with the stereopticon, but must not be confounded with it. The magic lantern or stereopticon shows merely the stationary pictures. The moving picture machine is of comparatively recent invention, and projects moving pictures lifelike and of life size upon a screen or canvas. It undoubtedly represents the highest branch in the art of photography and illuminated picture projections and brings before the eye an exact and life size reproduction, with all the accompanying effects of light, shadow and expression. We have always been in the forefront of dealers in handling this type of outfit. We have made a study of this branch of the exhibition business. For the past three years the manager of this department has come in personal contact with more exhibitors, has corresponded with a larger number of successful operators than probably any man in the United States. We know what is needed to build up a successful exhibition. We place our knowledge and our experience at the disposal of any purchaser or prospective purchaser absolutely free of charge. We advise him to the best of our ability whether he does or does not purchase an outfit, and we are able to assist him in his final selection by pointing out to him outfits which will make his success certain, and subjects for his exhibition which will insure him an audience wherever he advertises, and guarantee him in successfully entertaining them.

WE GUARANTEE EVERY MACHINE, every outfit which we send out. We have an established reputation in this line to support. Those who have dealt with us do not require any assurance of this, but to those who have not, we say, that any outfit sent out by us can be thoroughly tested, tried and examined at the customer's house and if not exactly as represented, up to standard and capable of the most effective work, we not only permit but we ask that you return it to us within a reasonable time from its receipt and we will refund whatever money you have paid for it.

THE OUTFIT may be shortly described as made up of three principal items outside of the small and less considered accessories; these are, first: The moving picture machine or apparatus itself, upon which the most depends and in the choice of which the frankest and most careful advice is offered to our patrons, and an absolute guarantee given with the machine. Without a high grade projecting instrument, such as we furnish, the most talented operator can do nothing, and the small amount saved by purchasing an inferior or lower grade machine is money worse than wasted; it is not only thrown away, so far as the moving picture outfit is concerned, but tends to bring the entire exhibition into disrepute owing to its inferiority.

THE FILMS, which come usually in lengths of 50 feet or longer, containing from six hundred pictures upwards, each taken from the same subject in slightly different pose, and the combined effect of which when thrown on the screen by the Optigraph is to give the result of a single picture apparently with all the movements of life. Every movement and every detail is clearly defined.

THE LIGHT for projecting and illuminating the pictures upon the screen. For first class results either electricity or the oxy-hydro light, sometimes known as calcium, must be used. Where there is an electric light current, and where the place of entertainment is wired for the purpose, electricity is the best. This, however, can only be obtained in the larger towns and cities; and for ordinary traveling purposes, calcium or oxy-hydro light is used. The gases required for this light can be procured in any large city, compressed in tanks; or can be generated by the operator with his own gas making outfit, which is described on the following page, No. 21T428.

WHAT IS THE BEST MOVING PICTURE MACHINE FOR GENERAL USE? Is a question that we are asked daily. The answer is simple. First, a machine that will give the FINEST RESULTS; will project a life size picture on the screen without flickering and unsteadiness, so that it may be clearly and distinctly seen in every part of the hall. Second, LEGALITY. Make sure that it does not interfere with or infringe on any conflicting patents, and last but not least, THE COST.

THE FIRST TWO QUALIFICATIONS ARE COMBINED IN THE MACHINE WE HANDLE AND THE PRICE WILL SPEAK FOR ITSELF.

THE OPTIGRAPH

IMPROVED 1902 MODEL.

WILL PROJECT PICTURES OF ANY SIZE AND AT ANY DISTANCE, AND IS GUARANTEED TO DO ANY WORK THAT ANY OTHER MOVING PICTURE MACHINE WILL DO.

PORTABILITY. We are pleased to call the attention of our customers to the many points of excellence possessed by this machine. It is portable, and even when combined with the Enterprise Stereopticon weighs less than 25 pounds and will only occupy a comparatively small space in any ordinary trunk.

SIMPLICITY. The machine is easily set up and operated, every instrument is accompanied by full directions. An amateur can operate it as well as a professional.

DURABILITY. Every part is thoroughly well made of the best material, under the immediate supervision of the inventor. It includes many devices, many improvements, which until the present year were entirely unknown.

ACCURACY. Every detail has been so carefully planned that the result is a steady and brilliant picture and any scratching or injury to the films is reduced to a minimum, there being an entire absence of friction on the picture, something which has never been attained before.

NOISELESSNESS. The Optigraph works with a motion so smooth, easy and perfect that no noise is perceptible. This can be said of no other moving picture machine on the market.

SIZE OF PICTURE. It will project a picture of any size and at any distance, and is equipped at purchaser's option with any one of three ranges of lens, so that the size of the picture is practically controlled by him.

NO FEAR OF HARASSING LITIGATION. A word about litigation. The United States Court has handed down a final decision that the basic principles of moving picture machines is open to the world. The special advantages possessed by the Optigraph are carefully covered by patents; outside of these, however, the market is open and the purchaser of an Optigraph can be assured that he is fully protected and guaranteed in using his machine and in doing so he cannot be interfered with by any person, company or corporation in the United States.

COST. The purchase of a very large number of these machines has enabled us to make the above prices the lowest ever made upon a high grade, reliable combined outfit capable of the best work in either stationary or moving pictures. We place the 1902 Optigraph, admittedly the most practical, the most simple, the most portable and the most durable moving picture machine on the market, within the reach of anyone who contemplates embarking in this most profitable field of labor.

FILMS FOR PROJECTION OF MOVING PICTURES. Next to the instrument for projecting moving pictures, the film, which contains the pictures themselves, is the most important item. It is a long celluloid tape, usually about fifty feet, with a series of photographs taken at the rate of forty every second, the animated movement being obtained by passing the same film rapidly before the projecting lens of the Optigraph at the same rate of speed, thus reproducing all the movements which were in view when the picture was taken.

THE NEW MODEL 1902 OPTIGRAPH MOVING PICTURE MACHINE.

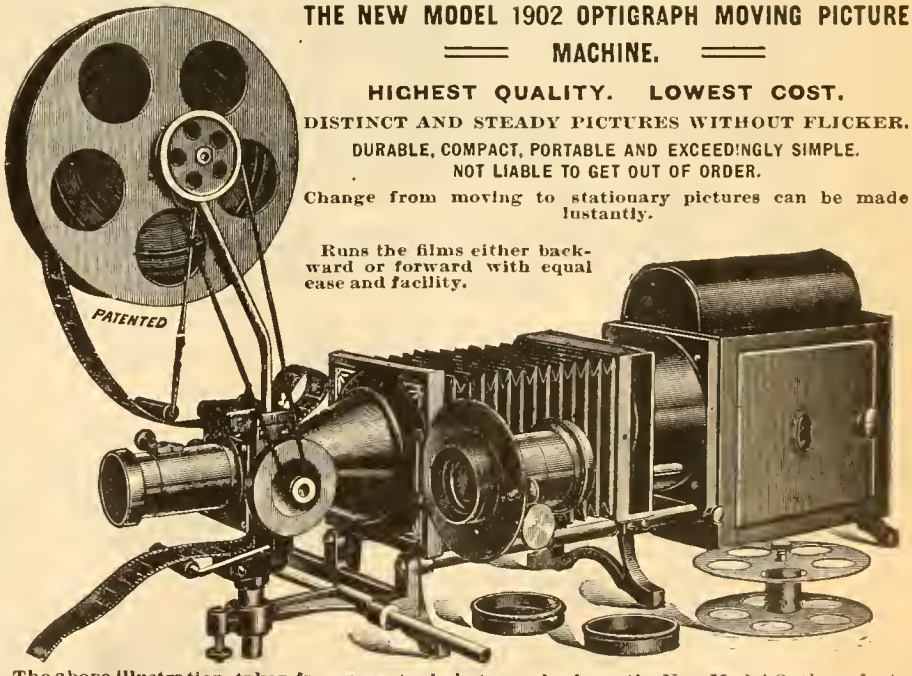
HIGHEST QUALITY. LOWEST COST.

DISTINCT AND STEADY PICTURES WITHOUT FLICKER.

DURABLE, COMPACT, PORTABLE AND EXCEEDINGLY SIMPLE. NOT LIABLE TO GET OUT OF ORDER.

Change from moving to stationary pictures can be made instantly.

Runs the films either backward or forward with equal ease and facility.



The above illustration, taken from an actual photograph, shows the New Model Optigraph attached to our regular Enterprise Stereopticon for the projection of moving pictures as well as the ordinary stereopticon views. We usually furnish this combination, but the Optigraph alone can be attached to and used with any regular stereopticon or magic lantern.

No. 21T400 New Model 1902 Optigraph, used for attaching to any regular magic lantern or stereopticon, either single lantern or double stereopticon, including sliding device for change from moving to stationary pictures..... **$35.00**

No. 21T402 Combined Enterprise Stereopticon with 1902 Model Optigraph, fitted with either electric arc lamp or calcium burner..... **64.00**

FOR EACH SUBJECT A SPECIAL FILM IS NECESSARY.

THE FILMS which we handle are of the finest grade. A complete revolution in the printing and development departments, the employment of an entirely new process, and the care exercised in scrutinizing and inspecting every film before it is sent from the factory, has resulted in a clearness of definition and a mellow tone, which, although long sought for by leading exhibitors, has never been obtained before. We have not space to give here a detailed list of our entire stock of films. We publish, however, a complete list containing names, lengths and descriptions of the latest films. We supplement this list with monthly statements of all new films as they are taken, and upon receipt of a postal card we will send free of cost our latest list of films and will place customers' names on our mailing list so that they may keep posted regarding the latest subjects. Our present list, which will be forwarded on application, includes over 300 subjects, classified under the following headings: War Films, Civic and Military Parades, Fire Films, Mythical and Mysterious Subjects, Comic Subjects, Railway Scenes, Dances and Miscellaneous.

Lights for the Projection of Moving Pictures.

ELECTRICITY, CALCIUM OR OXY-HYDRO LIGHT AND HYDRO-CARBON—THE BRIGHT WHITE LIGHT.

ELECTRICITY is the best light for projecting moving pictures, but must be taken from a dynamo, and this means of illumination can only be used where the hall is already wired for an electric current.

No. 21T410 High grade self centering electric arc lamp. Price..$8.00
No. 21T411 Standard Rheostat, adjusted to current of 110 volts or lower. Price.....$4.75
No. 21T412 Carbons, ⅜-inch, for arc lamp. Price, per hundred.... 2.75
No. 21T413 Large Size Carbons, ½-inch. Price, per hundred..... 4.10
No. 21T414 Insulated Electric Light Wire for making electric light connections. Price, per foot.....$0.05
No. 21T415 Switch and Fuse Block. Price..... 1.75

Our Complete Book of Instructions for electric lighting for Stereopticon and Moving Picture Work sent free on application.

NEW HYDRO-CARBON LIGHT. For a full description of this light we refer to the next page. This illuminant is not as powerful or brilliant as electricity or calcium, but there are circumstances under which it is the only available light which can be used for showing moving pictures.

No. 21T430 Hydro-Carbon Light Outfit. Complete, including tank, burner and pressure gauge, pump and six mantles.....$25.00

CALCIUM OR OXY-HYDRO LIGHT. In the smaller towns and where electricity is not available, the Oxy-Hydro or Calcium light is generally used, and for moving pictures either it or electricity must be used if the best results and the largest pictures are to be obtained. The oxygen and hydrogen gases for Calcium light may be procured from the calcium light companies in the larger cities or may be generated by the use of a Gas Making Outfit such as is described on next page.

Refer to the description of the gas making outfit on next page or write us for detailed pamphlet concerning same.

No. 21T420 Calcium light jet or burner.....$8.00
No. 21T422 Best Quality Limes; in screw top cans, per dozen.....95c

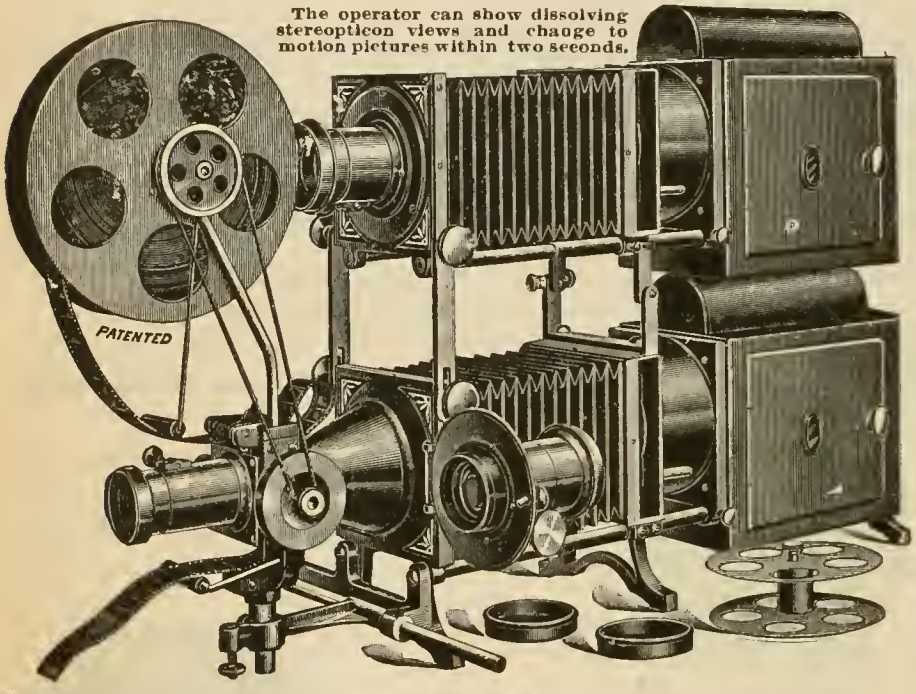
If oxygen and hydrogen gases are not purchased from the gas companies these chemicals are necessary for generating the gas:

No. 21T425 Chlorate of potash, per pound 16c
No. 21T426 Oxide of manganese, per pound... ..... 6c

NOTE—We put up these chemicals in quantities of 20 pounds chlorate to 5 pounds manganese, which is the usual supply ordered with an outfit.

No. 21T427 5 gallons 88-test gasoline in flat top cans, boxed to prevent evaporation.....$2.50

The operator can show dissolving stereopticon views and change to motion pictures within two seconds.



The 1902 Model Optigraph (from an actual photograph) shown in conjunction with the double dissolving lantern elsewhere described, is the highest and most perfectly finished and equipped type of instrument for projecting animated and still pictures and for changing from one to the other instantaneously.

No. 21T405 1902 Latest Model Optigraph combined with Double Dissolving Lantern, as shown in illustration. Each lantern fitted with either electric arc lamp or calcium burner as selected, without dissolving key, complete for..... $92.50

No. 21T402 1902 Optigraph or Moving Picture Machine combined with latest model Enterprise Single Lantern, fitted as desired either with jet for calcium light or arc lamp for electric current..... 64.00

OPTIGRAPH, MODEL 1902,

...WITH...

DOUBLE DISSOLVING STEREOPTICON.

THIS ILLUSTRATION shows the manner in which the OPTIGRAPH Moving Picture Machine is attached to and used in combination with a double dissolving stereopticon. The manner of making this attachment is exactly similar with the single stereopticon, simply omitting the upper lantern and dissolving key. This illustration, taken direct from a photograph, gives an admirable idea of this complete and beautiful combined machine. For the highest grade of stereopticon work, where the cost is not so much considered as the securing of the finest results, we recommend the use of the optigraph with the double dissolving stereopticon, although the double stereopticon is not necessary for the presentation of moving pictures. The single stereopticon with optigraph attached will give, not only as good, but exactly the same moving pictures, the only difference being in the superiority which is reached in illustrating the stationary pictures.

THIS COMBINATION EMBODIES ABSOLUTELY THE BEST IN EVERY RESPECT WHICH CAN BE PROCURED; THE BEST DISSOLVING STEREOPTICON; THE BEST MOVING PICTURE MACHINE; THE BEST CONDENSING LENS; THE BEST PROJECTION LENS; THE HIGHEST FINISH AND THE MOST THOROUGH PERFECTION IN MECHANICAL CONSTRUCTION.

WE IMPRESS UPON OUR CUSTOMERS that the prices quoted are for the machines alone without the films, stereopticon slides or other accessories. In the same manner the optigraph complete in itself is necessarily used with a stereopticon or professional magic lantern. If you are already equipped with a lantern all you have to do is to purchase the optigraph. If you have not a lantern, purchase our combined single stereopticon and optigraph; or better still, our combined double stereopticon and optigraph, including the sliding attachment by which it can be instantaneously changed from stationary to moving pictures.

WRITE US for full information concerning the manner of making up a moving picture outfit, the method of using these machines, or any other points which are not clear to you, and our expert will be glad to answer your individual questions promptly and fully.

THE PENNY OPERATING PEANUT VENDING MACHINE,

FOR VENDING SALTED, SHELLED SPANISH PEANUTS.

AN AUTOMATIC SALESMAN, REQUIRING NO ATTENTION.

A BIG MONEY MAKER.

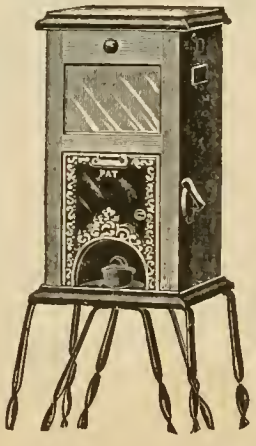
Start with one, five or ten machines and you may soon be independent.

No. 21T700 Old Honesty Automatic Vending Machine, for selling shelled nuts of any kind, candies, etc., complete without stand for counter work. Price..... $10.00
No. 21T701 Same machine complete with stand. Price 12.00
$1.50 to 3.00 weekly income from a $12.00 investment.

IT IS POSSIBLE that you may not have seen or heard of a peanut vending machine, arranged so that when the proper coin is dropped in it unlocks the interior mechanism and by pressing down the lever a quantity of delicious shelled, buttered and salted peanuts are delivered into the receptacle prepared for the purpose. 200 per cent profit. Have you ever considered the enormous returns which can be had from a small investment of this description and all without consuming practically any of your time, and with no thought, care or trouble.

A MECHANICAL SERVANT which makes no mistakes and never taps the till, and which upon a penny being dropped in the slot, presents the customer with a very liberal penny's worth of best Spanish salted peanuts, and safely keeps the penny and many other pennies with it for you until it is convenient for you to call for them.

ALMOST ANY LOCATION where people pass or congregate is suitable for the purpose and all that is necessary to bear in mind is that the more they are in sight of the public the greater the patronage will be. In fine, dry weather they are most profitable outside and in full view, but inside is usually the best for cold or winter weather. To adapt the machine to either situation it is best to purchase No. 21T701, with **THE NUTS** used are a very fine Spanish variety, are shelled, roasted, buttered and salted and as a result are deliciously nutritious.



The Automatic Peanut, Candy or Package Vendor.
Price $12.00
Profits 200 per cent.

THE PENNIES MAKE THE DOLLARS. You may think that to sell peanuts a penny's worth at a time would be a slow way to make money, but a trial will convince you that men, women and children part with their pennies easily for a good thing. The receipts usually range from 50 cents to $1.00 per day and the yearly profit from two or three machines is equal to the returns made on a moderate capital invested in ordinary mercantile pursuits. It is not necessary to start on a large scale. In order to engage in this business, one or two machines placed in favorable positions will (even allowing for a liberal percentage to the storekeeper) soon pay sufficient profits to enable you to purchase other machines without encroaching on your original capital.

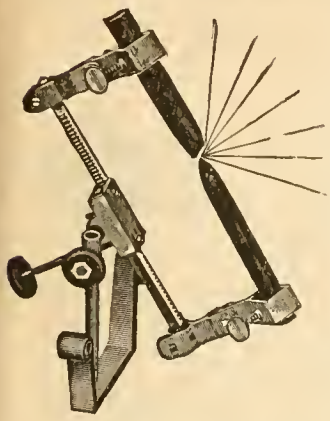
THE BUSINESS IS NEW but peanut vending machines have been in operation long enough to prove without any doubt that as money makers and a business proposition they possess wonderful merit. We furnish Spanish salted peanuts at 7½ cents per pound in 30-pound pails. Old Honesty sells them for you at the rate of 30 cents per pound, taking in from 50 cents to $1.00 per day, of which three-fourths is profit—30 to 75 cents per day. Storekeepers, station agents and others are glad to give Old Honesty a favorable position and be responsible for its safety for 20 per cent of the receipts, which still leaves a clear profit of over 200 per cent.

THE MACHINE. Old Honesty is the newest and latest peanut vending machine, embodying features not offered by any other machine now on the market. It is artistic in design, beautiful in finish and substantial in construction; its attractive appearance invites the customer to sample its contents. Old Honesty is equipped with patent devices which offer great protection against spurious and imitation coins, and make it practically proof against washers, steel or iron slugs. The case is of solid quarter sawed oak with plate glass front, and is constructed so as to be absolutely moisture proof. An automatic slot which opens each time the machine is operated prevents clogging. Simple, Durable, Ornamental, Profitable. A clean, honorable and profitable business for men or women, and may be carried on without interfering with other regular employment.

The Light or Illuminant used for the Projection of Moving Pictures

A MUCH MORE POWERFUL LIGHT IS REQUIRED FOR THE PROJECTION OF MOVING PICTURE FILMS THAN FOR THE STEREOPTICON OR STATIONARY PICTURES. THERE ARE ONLY THREE LIGHTS WHICH CAN BE USED TO PRODUCE A SATISFACTORY PROJECTION OF MOVING PICTURES; THESE ARE: FIRST, ELECTRICITY; SECOND, CALCIUM LIGHT; THIRD, THE NEW HYDRO-CARBON LIGHT.

ELECTRIC ARC LIGHT



Is the best artificial light which can be used for projection purposes, due not only to its brilliancy, but as it radiates from a small point, there is no loss of light.

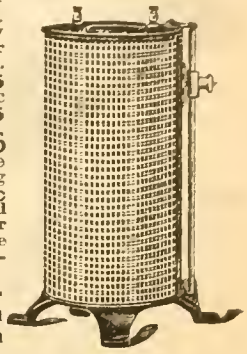
AN ARC LIGHT cannot be made from a battery, but must be taken from a current where a dynamo is used. It is only practically available in the larger towns and cities. The average exhibitor therefore cannot make much use of electric light. In cases however, where only occasional exhibitions are given in towns where access can be had to an electric current, **our new electric arc lamp is invaluable and should form part of every equipment.**

THE ILLUSTRATION given on this page, taken from photograph, shows the new model arc lamp which is used with the combined Moving Picture Machine and Stereopticon. It combines every improvement and convenience, the carbons may be set at any angle and adjusted by feed screws either at top or rear of the lamp.

No. 21T410 Electric Arc Lamp for connection with electric current. Price..... **$5.50**

THE RHEOSTAT.

WHEN USING AN ARC LAMP WITH AN INCANDESCENT ELECTRIC CURRENT it is necessary to use a rheostat to convert a low tension current into an arc lamp. Our special Excelsior Rheostat is light, strong, tightly wound and thoroughly adjustable and adaptable to circuits of from 55 to 110 volts. **Illustration shows our Excelsior Rheostat ready to connect up. Can be used for alternating or direct currents, and can be operated by any one.**



No. 21T411 Excelsior Rheostat complete **$4.75**
No. 21T412 Carbons for using in electric arc lamp. Price, per hundred, ⅜-inch diameter. **$2.75**
No. 21T413 Large size carbons, diameter ½-inch, cored. Price, per hundred..... **$4.10**
No. 21T414 Insulated electric light wire, flexible wire with heavy corded insulation for making electric light connections. Price, per foot..... **5c**

The arc lamp and carbons with rheostat and flexible wire constitute all that is necessary for projecting by means of electric light where there is already an established current with which connection can be made.

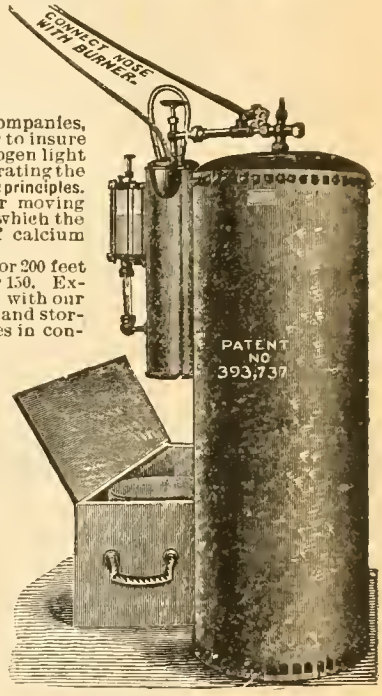
N. B.—We equip the combined Moving Picture Machine and Stereopticon with arc lamp and Rheostat, or with Calcium Burner free of charge.

OXY-HYDRO GAS OR LIME LIGHT.

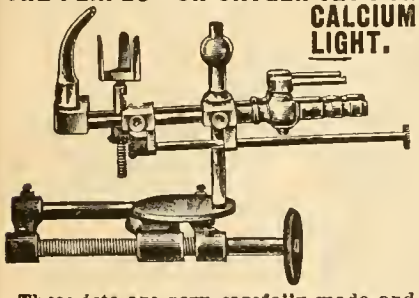
THIS IS THE SECOND AND MOST EFFICIENT LIGHT for the projection of moving pictures, and the one on which exhibitors in smaller towns where electricity is not available are compelled to rely almost entirely. Calcium or lime light is in general use by exhibitors, advertising and theatrical companies who require a powerful light for projection purposes. It is produced, as is known, by burning oxygen and hydrogen gases combined on a lime pencil, and is familiarly known as the "exhibitors stand-by."

The necessary oxygen and hydrogen gases may be obtained in two ways. By purchasing of the calcium light companies, who store it in steel tanks under pressure, and ship to different points as directed, customer paying a deposit in order to insure return of the tanks which remain the property of the calcium light company. The expense of using oxygen and hydrogen light in this manner is about $1.50 per night. It is cheaper and in many ways more satisfactory to use an apparatus for generating the oxygen and hydrogen gases, for which purpose we list the only portable calcium light outfit **constructed on practical and scientific principles.**

THIS ILLUSTRATION **describes our new improved calcium light and gas making apparatus** for stereopticon or moving picture machine provided with the latest improved **non-explosive saturator,** by the use of which the exhibitor is enabled to make his own gas at a cost of about one-fourth of ready made gas, and is also independent of calcium light companies, avoids delay in shipment and many other annoying circumstances.



THE PERFECTION OXYGEN JET FOR CALCIUM LIGHT.



These jets are very carefully made and yield the minimum intensity of illumination and give a uniform light without hissing.

No. 21T420 Perfection oxygen jet with swing or stand. Price..... **$8.00**
No. 21T421 The same jet without stop cocks..... **$7.00**

WE MANUFACTURE THESE OUTFITS in two sizes, one tested for 200 feet of gas and the other for 150. Except for the size both outfits are exactly similar, and each is provided with our latest non-explosive saturator. They consist of the gas making outfit and storage tanks, the improved saturator, retort and all necessary appliances in connection with it. It has brass valves and connections, all of which are polished; the large tanks weigh 53 pounds and will hold sufficient gas for three hours; the small tank is of the same material and weighs about 40 pounds, and holds sufficient gas for about two hours.

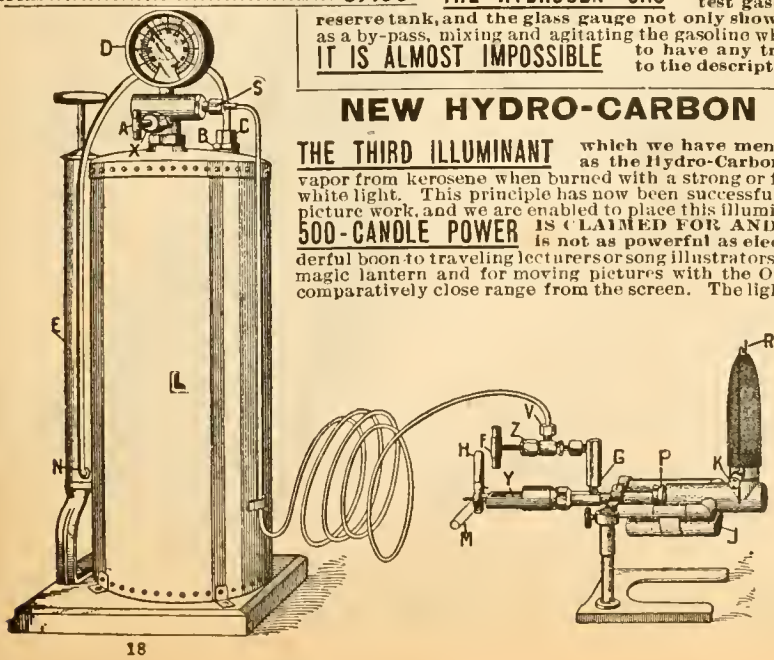
No. 21T428 Small tank portable gas making outfit complete **$40.00**
No. 21T429 Same outfit complete with large tank..... **45.00**

These outfits possess many points of superiority over gas in ready made tanks. You can make your own gas at one-fourth the expense, and to those who expect to show in small towns, the calcium light apparatus is indispensable. **Produces about 700 candle power,** and is the only efficient, satisfactory substitute for electricity in moving picture work. Both the small and large tank outfits are provided with a pressure gauge showing the amount of oxygen gas in the cylinder at any time.

HYDROGEN GAS IS PRODUCED FROM A SATURATOR. **We use our new improved non-explosive saturator for the purpose, the only reliable and scientific one made, provided with glass gauge, regulating valve and reserve supply tank.**

THE HYDROGEN GAS **is produced by the evaporation of 88-test gasoline stored in the saturator of reserve tank, and the glass gauge not only shows when the proper amount of liquid is in the saturator,** but also serves as a by-pass, mixing and agitating the gasoline whereby the evaporation is considerably increased.

IT IS ALMOST IMPOSSIBLE **to have any trouble with a saturator of this description. Send for circular devoted to the description of this apparatus, and which will give you all possible information.**



NEW HYDRO-CARBON LIGHT, OR BRIGHT WHITE LIGHT.

THE THIRD ILLUMINANT **which we have mentioned in connection with the projection of moving pictures, is known as the Hydro-Carbon Light.** The discovery was made a few years ago, that the hydro-carbon vapor from kerosene when burned with a strong or forced draft under proper conditions, produces an intensely brilliant, pure white light. This principle has now been successfully applied to a portable outfit suitable for both stereopticon and moving picture work, and we are enabled to place this illuminant before our customers the first, as usual, of any dealers in a similar line.

500-CANDLE POWER **IS CLAIMED FOR AND DEMONSTRATED BY THIS WONDERFUL LIGHT, and while this is not as powerful as electricity or calcium,** it is sufficiently strong to constitute it the most wonderful boon to traveling lecturers or song illustrators that has yet been brought out. It can be used with any regular professional magic lantern and for moving pictures with the Optigraph in cases where exhibitions are given in a small room and at a comparatively close range from the screen. The light produced is nearly white and intensely brilliant. The expense of operating is almost nominal, a gallon of oil lasting twelve hours and making the running expense less than one cent per hour.

THE LIGHT IS FREE FROM FLICKER **or disagreeable odor, absolutely safe and reliable, and easy to handle,** so that it can be used by an operator without previous experience. It is so light in weight that it can be carried in the hand, and the material used (ordinary kerosene), can be obtained in any small town or cross roads in the country, and not only in this country but all over the world. The light is obtained by placing about three gallons of kerosene in a stout steel cylinder, this is vaporized by the action of compressed air into the vaporizer, and under a strong draft is burned on a regular Welsbach mantle. By means of a pump the air is compressed in the cylinder to the proper point, and the apparatus is ready for immediate use.

No. 21T430 Hydro-Carbon Light outfit, including tank, burner, pressure gauge, pump and six mantles..... **$25.00**
No. 21T431 Light fiber case with straps for carrying outfit. **2.00**
No. 21T432 Extra mantles, each..... **.15**

WRITE FOR SPECIAL CIRCULAR DESCRIPTIVE OF THE NEW HYDRO-CARBON LIGHT.

SPORTING GOODS DEPARTMENT.

ON RECEIPT OF $1.00 we will ship any gun or revolver by express C. O. D., subject to examination, the balance to be paid upon receipt of the goods, if found entirely satisfactory, but we recommend that you send cash in full with your order, thereby saving the extra charge on a C. O. D. shipment. Nearly all of our customers send cash in full with their orders as we agree to promptly refund your money for anything not entirely satisfactory. All we ask is that you keep goods in perfect condition. Ammunition, Tents and Seines will not be shipped C. O. D.

$14.95 BUYS THE CELEBRATED COLTON FIRE ARMS CO.'S NEW MODEL DOUBLE BARREL HAMMERLESS SHOTGUN,

REDUCED IN PRICE from $15.95 to $14.95, a reduction of $1.00 in price, and the gun generally improved, brought strictly up to date, perfected along the most modern lines, and offered to our customers at $14.95, as by far the lowest price ever quoted on a double barrel hammerless shotgun.

$14.95 for an all American interchangeable parts, machine made double barrel, bar action, hammerless shotgun, is a price heretofore unknown, a price lower than you can buy an American hammer shotgun from any other dealer or maker, a lower price than it has heretofore been generally supposed it was possible to manufacture a hammerless gun, a price lower than the cost of material and labor to other makers of the same grade of hammerless guns.

IMPROVED in almost every part for this year, the Colton gun is made handsomer, smoother, stronger and much better than ever before. All the little defects shown in the first lot produced have been corrected, until the Colton gun of today, even at the lower price, a reduction of $1.00, only $14.95, is much handsomer, stronger and better than ever before.

SEND US $14.95

State the length of barrel and weight of gun wanted, and we will send you the Colton Gun with the understanding that if it is not perfectly satisfactory when received, and the equal of hammerless guns that sell at $20.00 and upwards you can return it to us at our expense of express charges both ways, and we will immediately return your money.

OUR BINDING GUARANTEE.

Every $14.95 Colton Hammerless Shotgun is covered by a binding guarantee. We guarantee every piece and part absolutely perfect, and if any piece or part gives out by reason of defect in material or workmanship within one year, we will replace or repair it free of charge.

WHILE NEARLY ALL OUR CUSTOMERS SEND CASH IN FULL WITH THEIR ORDERS'

if desired we will send this gun to any address by express C. O. D. on receipt of $1.00, the balance of $13.95 and express charges to be paid after the gun is received, examined and found perfectly satisfactory. But in order to save you the extra charge of 25 to 40 cents on a C. O. D. shipment, we recommend that you send the full amount of cash with your order.

Do not pay from $10.00 to $18.00 for a cheap, weak, shaky, poor shooting, cylinder bored, wide scattering, imported or so called machine made double barrel breech loading hammer gun, when for $14.95 you can get the genuine Colton all American hammerless shotgun, or for $14.75 the greatest gun wonder of the age, our Chicago Long Range Wonder Double Barrel Hammerless Shotgun.

There are thousands of shotguns on the market offered at $10.00 to $30.00 that are almost worthless if not dangerous. This is especially true since the introduction of nitro or high explosive powders.

IN SELECTING a double barrel shotgun for durability, hard and long range shooting, and above all for safety, be sure to select an American made gun, either a high grade gun, such as the Smith, Remington, Parker, Ithaca or Winchester, or our world's wonder, the Chicago Long Range Wonder at $14.75, or the Colton at $14.95. Or, if a hammer gun, one of our all American made guns which we quote at $10.22 to $15.87, but we advise you by all means not to buy from any dealer at from $17.00 to $20.00 an imported or Belgium gun.

We recommend especially the hammerless gun, the $14.95 Colton or the $14.75 Long Range Wonder, not only as the strongest and hardest shooting all American made guns, perfectly safe for white or black powder, made specially to shoot the highest explosive powders used, but for additional safety, convenience, quick action and rapid firing produced in a hammerless shotgun over the old style hammer guns.

We feel that the introduction of an all American genuine hammerless gun at $14.95 and $14.75 to those who see our catalogue, it ought to do away entirely with the sale of double barrel hammer shotguns.

$14.95

THE HAMMERLESS GUN is in every point of view an improvement over the hammer gun. It is much safer for the reason there are no hammers to slip from the fingers in cocking, no hammers to accidentally snap when setting the gun down, thus causing accidental discharge. In this respect it materially reduces the number of accidents. There is probably not one accident in the use of a hammerless gun where there are ten in a hammer gun.

For rapid firing the gun cocks automatically. When you throw out the shell and reload, the gun is cocked and yet with the safety device under instant control at all times by the thumb, it is perfectly safe, the triggers refusing to act until relieved by the safety.

If you have ever used a hammerless gun we know you will have no other. If you have not as yet used a hammerless gun and will send us your order for our $14.95 Colton or $14.75 Long Range Wonder, we know after a trial you could not be induced to shoot a hammer gun.

APPEARANCE OF THE COLTON. From the illustration shown, which has been engraved by our artist from a photograph taken direct from a Colton Hammerless Gun, you can form some idea of this our new improved model Colton Double Barrel Hammerless Breech Loading Shotgun. It is a gun you must see, examine and compare with other guns to appreciate the value we are giving.

The Colton Hammerless Guns all come in 12 gauge, 30 or 32-inch barrels, as desired, weigh from 7¾ to 8¼ pounds. They come regularly at $14.95 in fine genuine laminated steel barrels, highly polished, handsomely browned, taper choke bored by the celebrated taper system, for close, hard and long range shooting. Every gun is carefully targeted before it leaves the factory to insure satisfactory specified target and satisfactory penetration, and the Colton gun will throw as many pellets into a given circle at a given distance with as much penetration as any gun made.

COLTON ACTION.

THIS ILLUSTRATION is designed to give you an idea of the strong, simple, non-breakable, never-get-out-of-order automatic system effected in the action of the Colton gun. Being made of fewer parts than other guns it is stronger, more durable and less liable to any accident, and the few parts being simple and interchangeable can be replaced if broken at very little expense.

1 Shows the hammer, strong and positive in its action.
2 Shows the main spring, one of the strongest and best grade springs made.
3 Shows the sear, which operates on the trigger to release the hammer.
4 Shows the sear spring.
5 Shows the cocking lever rocker, simple, accurate, strong and effective.
6 Shows the cocking lever in the fore end iron which cocks the hammer when opening the gun.

Mr. Colton challenges any maker to produce a lock stronger, more simple or more effective in its working.

BARRELS. At $14.95 we furnish the Colton with extra fine genuine laminated steel barrels, and laminated steel barrels should not be compared with the many imitation laminated steel and imitation twist barrels on the market and which are being used so extensively in cheaper guns, barrels that are not safe for the shooting of white or nitro powder. Every pair of Colton barrels are guaranteed genuine laminated steel, they are handsomely browned, made with matted rib, choke bored by the latest process and extra well finished.

AT $17.20 we furnish the Colton gun with the genuine Damascus barrels, the extra charge of $2.25 barely covers the difference in cost. On another page in this catalogue we show by illustration and description the manner in which the Damascus steel barrels are made. The Damascus barrels used in the Colton gun at $17.20 are extra high grade. They are furnished by us at about one-third the extra charge other houses make, and while our laminated steel barrels are the best of the kind on the market we especially recommend for the finest thing made in gun barrels that you select the Damascus barrel quoted at $17.20.

AT $14.95 for laminated steel and $17.20 for Damascus barrels we furnish the Colton gun, exactly as illustrated and described, complete with handsome walnut stock, nice pistol grip, fancy ornamented butt plate, fancy checkered fore end, and with hand-some case hardened frame.

UNDERSTAND, you can get the Colton double barrel hammerless gun from us and us only. We control the output of the factory; under our contract we take every Colton gun that is made, and are the only house from which a double barrel hammerless gun can be purchased at anything approaching our special $14.95 price.

UNDERSTAND, when you send cash in full with your order you save the extra 25 to 50 cents which the transportation companies charge for returning C. O. D. money to us, but if you prefer we will send this gun C. O. D. on receipt of $1.00 and you may pay the balance of the money and transportation charges after examining the gun or you may return it to us at our expense if you do not find it satisfactory or as represented. CAN ANYTHING BE MORE FAIR?

No. 6T8 Colton Gun, genuine Laminated Steel Barrels, 12-gauge, 30 or 32-inch barrels, weight 7¾ to 8¾ lbs. Price $14.95
No. 6T10 Colton Gun, genuine Damascus Barrels, 12-gauge, 30 or 32-inch barrels, weight 7¾ to 8¾ lbs. Price..... 17.20

BE SURE TO MENTION LENGTH OF BARRELS AND WEIGHT WANTED. Shipping weight, about 14 pounds.

OUR PATENT GLOBE FRONT SIGHT.

FURNISHED FREE WITH THIS GUN.

THIS PATENT SIGHT is owned, made and controlled by us, and is furnished free with our Colton gun and with every shotgun we sell at $10.00 or over. It can be quickly and easily attached and adjusted to any gun and quickly removed when desired. For wing, field and trap shooting, our patent sight more than doubles the value of any shotgun, for it doubles the execution. With our patent sight the inexperienced can do the most difficult wing shooting. If you are only a fair shot and average to kill two or three ducks on the wing out of five shots, with our patent Globe Sight you will kill four or five. Our patent sight on a shotgun can almost double the game you will bag, in fact for wing shooting it doubles the value of any shotgun, and it costs you nothing, for we furnish it free with every shotgun we quote at $10.00 or more.

OUR SPECIAL $14.95 PRICE is made possible, first, by taking the entire output of the factory, thus doing away practically with all expense known to the manufacturers as overhead expense, such as traveling salesmen, clerical force, bookkeeping force, sample room, loss by bad debts, collections and the one hundred and one items of expense incident to regular methods employed by other houses in the manufacture and sale of shotguns. Secondly, by equipping a new factory with the most modern type of up to date automatic gun making machinery, designed and made expressly for the manufacture of the different parts that go into this Colton Hammerless Shotgun.

COLTON GUN FEATURES.

We recommend our $14.95 bar lock hammerless Colton Breech Loading Shotgun, in preference to all other guns, except the celebrated Chicago Long Range Wonder, the leader of leaders, our $14.75 hammerless gun, described on another page, and with the exception of this gun the Colton is the greatest value ever attempted in a double barrel shotgun. In many respects it has been greatly improved for this year, for when ever an improvement can be made to better the gun we always make the improvement. It is made for us under contract by the Colton Fire Arms Co., a concern well known and of recognized ability in the manufacture of shotguns, made with one of the strongest bar locks manufactured, very simple and almost impossible to get out of order. Positive cocking device, patent safety, heavy strong locking bolt, strong extension rib, extra strong extractor, patent fore end, matted rib, extra fine barrels, choke bored, made for service and hard, long range shooting.

L. C. SMITH BREECH LOADING SHOTGUNS.

IN PRESENTING TO OUR CUSTOMERS the L. C. Smith Shotguns, manufactured by the Hunter Arms Company, Fulton, New York, we do so, knowing that these guns possess a high standard of merit; are very popular and have as many friends among the shooting classes as any guns yet produced.

THE SPECIAL FEATURES of the L. C. Smith Guns consist of their being built on symmetrical lines, nicely balanced, systematically bored for hard shooting and made from the finest material money can buy.

ALL THE EMPLOYES of the Hunter Arms Company are classed as skilled mechanics of a high order and with a wide experience in gun manufacture.

THE L. C. SMITH GUNS have the popular nitro cross bolt lock which takes up wear and prevents the gun from becoming loose and shaky. All have elegantly tapered and matted ribs, finely case hardened frame and locks, nicely checkered stock and fore end, polished and blued mountings, straight grain walnut stock, and are first class in every way.

SHOOTING QUALITIES. The shooting qualities of the L. C. Smith are recognized by the professional sportsmen everywhere as the highest of high grades, the greatest possible penetration, the best target that any gun can make and every gun is carefully tested to target, to penetration and to accuracy in all parts before it leaves the factory.

WE WOULD BE GLAD and perfectly willing to sell this line at lower prices, but the manufacturer restricts the selling prices, and would not supply us with goods were we to sell below these printed prices.

THESE PRICES ARE GUARANTEED to be as low as offered by any reliable dealer in the United States, and should you be offered these goods lower by any dealer, you will confer a great favor by advising us, in order to give us an opportnuity of adjusting the prices.

THE L. C. SMITH is made on the very latest principles. It is extra strong at every point, devoid of all complicated mechanism, has the best known mechanical movement for cocking tumblers and strikers; easy to manipulate. The bolting joint check and extractor mechanism are the best known to gun making. The cocking mechanism on the hammerless gun is composed of but two pieces, with no springs, pins or screws.

THE L. C. SMITH hammer and hammerless guns are made from the very best material that money can buy. Only skilled mechanics are employed. There is probably no more popular gun among trap and professional shooters than the L. C. Smith. It has stood the crucial test of years of constant service at the trap and in the field, and it is so strong and so perfect in its action that we have yet to learn of one which has become loose or shaky, and many of them have a record of over one hundred thousand shots, and this is most remarkable when it is considered that the most powerful charges of nitro powder are common to this class of shooting, and this most extraordinary record fully substantiates the claim that the Smith gun is constructed on thoroughly sound mechanical principles, as no gun, no matter how finely made, can stand the test of everyday use unless the metal is properly distributed, the bearings large and well supported and the locking device of the most substantial character.

No. 6T26
Our Special Inside Price,
$27.85

THIS, OUR OWN PATENT GLOBE SIGHT is furnished free with this gun. It can be quickly put on and taken off. It will double the game you will kill; makes difficult shots easy; makes poor shooters expert shots.

DOUBLES THE VALUE OF ANY SHOTGUN FOR PRACTICAL SHOOTING.

OUR GLOBE SIGHT can be had only from us. We furnish it free with every shotgun sold at $10.00 or over.

THE ABOVE ILLUSTRATION, engraved from a photograph, will give you some idea of the appearance of the No. 00 grade L. C. Smith hammerless gun. We furnish the L. C. Smith in the various grades as illustrated hereon.

ON OUR SPECIAL No. 00 GRADE illustrated above, we name a very low price, the lowest price ever made, or allowed to be made, on an L. C. Smith hammerless shotgun, and if you wish a genuine L. C. Smith gun at an extremely low price, we would recommend the gun above illustrated and described.

BY OUR SPECIAL ARRANGEMENT with the manufacturer we can quote a price on this gun based on actual cost of material and labor at the factory, with but one small percentage of profit added.

THE ABOVE ILLUSTRATION will give you a good idea of the appearance of this, our special No. 00 grade L. C. Smith double barrel hammerless shotgun, but you must see it, examine it and compare it with other high grade guns.

THIS OUR No. 00 GRADE is built on the very latest lines for this season. It is made with new Armor high grade steel barrels; both barrels full choke bored and fully tested; tested for nitro powder. It has a very fine imported English walnut stock, beautifully finished; half pistol grip, fancy checkered and well finished; it has the latest top break; it comes in either 30 or 32-inch barrels; fancy case hardened locks; automatic safety block; heavy breech; narrow muzzles, nicely tapered matted rib, with all the latest improvements. Weighs from 7½ to 8 pounds.

The above illustration is of the New Armor Steel Smith Hammerless Gun. English walnut pistol grip stock checkered, and checkered fore end, case hardened locks, automatic safety block, heavy breech, narrow muzzles with all the latest improvements, guaranteed for nitro as well as black powders.

On Guns made to special order we require full amount of cash with the order, and if made according to order CANNOT BE RETURNED UNDER ANY CIRCUMSTANCES. Allow us two to four weeks' time for made to order guns.

The duty on guns to Canada is 30 per cent, which must be paid to the Canadian Government by Canada customers.

WE MAKE NO CHARGE FOR BOXING GUNS FOR SHIPMENT.

NOTICE.

Nos. 6T44 and 6T46 can be furnished with special nitro steel barrels, to special order, at the same price as Damascus barrels.

Nos. 6T44 and 6T46, in 10-gauge, to special order, 30 or 32-inch barrels; 8½ to 9½ pounds, same price as 12-gauge.

ABOUT THE SAFETY OF HAMMERLESS GUNS. Many hunters who have always used hammer guns are under the impression that hammerless guns are dangerous. We would like to say in regard to this that hammerless guns are just as safe as hammer guns. In fact, they may be considered safer, for it is possible to lock a hammerless gun by the safety slide so that it is absolutely impossible to pull off the hammers; whereas, with a hammer gun it has often happened that when the hammer was at half cock something coming in contact with the hammer has discharged a shell accidentally. This is not possible with a hammerless gun, for the hammer is concealed within the frame and it is impossible for it to come in contact with anything.

$1.29 PER 100 BUYS BEST LOADED SHELLS. SEE PAGE 310.

AT $14.75 IT IS THE WORLD'S WONDER.

No. 6T54 ORDER BY NUMBER.

$14.75 buys the now justly celebrated, high grade, Chicago Long Range Wonder, Double Barrel Breech Loading Hammerless Shotgun, as illustrated hereon, a double barrel, hammerless gun, which in gun making is indeed the "World's Wonder."

OUR OWN PATENT GLOBE SIGHT FURNISHED FREE WITH THIS SHOTGUN.

OUR GLOBE SIGHT is a wonderful invention, for it makes possible more accurate and far more rapid wing shooting than would otherwise be possible. Can be quickly put on or off from any gun. When aimed at a bird on the wing (flying ever so fast) it defines a big circle, and when the bird appears within that circle (as it will, even if you are a very poor shot), pull the trigger and you kill the bird every time. THIS SIGHT DOUBLES THE VALUE OF ANY SHOTGUN, but we furnish it free with this gun and all other shotguns at $10.00 and over.

YOU CANNOT ESTIMATE THE VALUE OF OUR PATENT GLOBE SIGHT.

Don't Buy a Gun Without It.

HOW A $14.75 PRICE IS MADE POSSIBLE.

The manager of our gun department being convinced that high grade hammerless shotguns, such as are usually offered, were being sold at prices unreasonably high, conceived the idea of establishing a strictly up to date modernized gun factory of our own, where a high grade gun, embodying all the good points of other high grade guns could be made and offered to our customers at a price that would barely cover the cost to make and leave us our one small percentage of profit. To accomplish this we secured as manager of our gun factory one of the best gun makers in America, a gentleman who has for years been in charge of several of the best gun and revolver factories in this country. We also secured the services of his two sons, expert gun machinists, gun and gun toolmakers. These three gentlemen, the father and two sons in charge, selected and had built for our factory the very highest types of gun making machinery, machines built, with marked improvements of their own over the machines employed by other gun factories. Ample time was taken for the making of all special tools, dies, patterns, jigs, chucks, gauges, etc., everything essential to the accurate making and finishing of every part of the gun was completed and perfected before any start was made to get out guns. All this machinery, all necessary tools and appliances were perfectly placed in one of the most modern gun plants in this country. A competent corps of selected mechanics, the best men picked from the best factories, where the father and two sons had formerly been in charge, were engaged and detailed to take charge of, operate and make the different parts that go into our **$14.75 LONG RANGE WONDER** so that when the factory was opened for the production of the Long Range Wonder, every piece came out with a nicety and perfectness of shape and finish to be found only on the highest grades of guns made, a gun with a general outline, weight, shape, proportion, dimensions, style, finish, fit, strength, durability, long and hard range shooting, simplicity of action such as can be equaled only by the most expensive guns on the market.

$14.75

ABOUT THE SAFETY OF HAMMERLESS GUNS.

Many hunters who have always used hammer guns are under the impression that hammerless guns are dangerous. We would like to say in regard to this that hammerless guns are just as safe as hammer guns, in fact they may be considered safer for it is possible to lock a hammerless gun by the safety slide so that it is absolutely impossible to pull off the hammers, whereas with a hammer gun it has often happened that when the hammer was at half cock something coming in contact with the hammer has discharged a shell accidently. This is not possible with a hammerless gun, for the hammer is concealed within the frame, and it is impossible for it to come in contact with anything.

AT $14.75 we know we are offering a hammerless gun that once seen, you would have no other. If you are about to select a cheap foreign made gun at $10.00 to $20.00, a single barrel gun at $5.00 to $15.00 or a high priced gun at $30.00 to $50.00, and could first see our Hammerless Long Range Wonder at $14.75, you would instantly accept this gun in preference to any other gun made.

BUILT IN OUR OWN FACTORY

under the direct supervision of one of the most skilled gun makers in America, utilizing the highest types of automatic gun making machinery, buying only the highest grades of raw gun material, we produce the finished hammerless, double barrel shotgun as illustrated, at a net shop or factory cost that enables us to undersell almost any other maker by half, and quote the astonishingly low price of $14.75.

The $14.75 LONG RANGE WONDER

is a hammerless gun that must be seen to be appreciated, a gun that is seldom equaled even by the most expensive guns, in its perfect proportion, in its beautiful case hardened finish, in all those lines so much appreciated by the lover of a fine hammerless shotgun.

ON RECEIPT OF $1.00 we will send this gun to any address by express C. O. D., subject to examination, balance of $13.75 and express charges to be paid after the gun is received and found in every way satisfactory. We, however, recommend that you send cash in full with your order and save the small extra charge on a C. O. D. shipment. Nearly all of our customers send cash in full with their orders, as every gun goes out under our binding guarantee for quality, and if you do not find it the greatest gun value you have ever seen, return it to us at our expense of express charges both ways and we will return your money.

THIS ILLUSTRATION which is engraved from a photograph taken direct from our $14.75 Chicago Long Range Wonder, will give you some idea of the appearance of this handsome gun, but it must be seen and compared with other hammerless shotguns to appreciate the value we are giving.

DETAILED DESCRIPTION.

BARRELS. We furnish this gun with either genuine twist or laminated steel barrels or genuine Damascus barrels as desired. The laminated steel barrel at $14.75; the Damascus at $17.00.

THE TWIST OR LAMINATED STEEL BARRELS we use in these guns are the highest grade of genuine laminated steel, and should not be compared with the many imitations and so called laminated steel barrels that are not safe for high explosive powders. Our barrels are made for the highest explosive gun powders used, such as white or nitro powder. The Damascus barrels are extra high grade, beautifully finished. The method of making Damascus barrels is illustrated and described on another page. These barrels are all beautifully browned and given an extra high finish. They are the highest strength barrels of the kind made, and are made with handsome heavy matted rib, tapering from breech to muzzle, as found only on the most expensive guns made. The matting is especially fine, of neat design. The rib is extra heavy, and beautifully finished. The barrels are made with a strong Edwards extension rib. They are taper choke bored, by the celebrated Taner system, to insure the strongest long range shooting qualities, the best possible target, the highest possible penetration, and being made in the proper proportion of heft at the butt, the minimum of recoil is obtained. The barrels are flatted at the breech with a genuine flat water table, found only on the most expensive guns made. They have a very heavy self locking steel lug, the strongest fore end lug used on any gun made.

FRAME. The frame is made of the best quality of decarbonized steel. It is thoroughly machined and accurately fitted, beautifully case hardened, and made especially strong at the points where the recoil acts in order to insure perfect safety. In design it is one of the handsomest hammerless shotgun frames made, smooth, symmetrical, strong at every part, perfect fitting and highly polished.

ACTION. This includes the locking, cocking safety double lever, the concealed hammers, sears, triggers and main spring of the mechanism with which the gun is operated, and these parts are made from the very best material procurable. Positive, accurate, yet simple in construction, made interchangeable so that if the parts should break (which rarely happens) they can be immediately replaced at a very slight expense. The action will, in simplicity of construction, strength, durability, in finish and every essential feature, compare favorably with the action furnished on the highest priced hammerless shotguns made.

STOCK. The stock is handsomely shaped, pistol grip, handsomely checkered in a neat design, fancy checkered butt plate. The stock is made from carefully seasoned selected walnut, hand finished and hand polished, and fitted to the gun by one of the best gun stock fitters in the country.

FORE END. The fore end is made from carefully selected walnut, handsomely finished and polished, beautifully checkered in a neat design, made with a special patent spring fastener.

SAFETY. We offer in our $14.75 Long Range Wonder Hammerless Gun one of the best safety devices used on any gun. It is positive and automatic in its action and renders an accident next to impossible, as the gun always stands on safe when loaded, unless pushed forward ready to shoot. Standing on safe the triggers are locked and the gun cannot be discharged. By a very ingenious mechanical device, we feel we have the best automatic safety made.

GENERAL FINISH. This gun is not only honestly built from the best material procurable, by skilled makers, but in finish you will find it has none of the ear marks of cheapness common to hammerless guns that sell for from $20.00 to $30.00, on the contrary, in finish it is given all the appearance of a high priced hammerless gun such as sells at $50.00 and upwards. The beautiful browning effected on the barrel, the case hardening of the frame and trigger guards, bringing out a clear handsome mottled effect unequaled by any other maker; the high finish given to stock and fore end, the artistically finished checkering, the taper extension rib (a special mark of high grade) and the generally well proportioned outlines of the gun throughout gives you in this gun at $14.75 all the show and style, as well as all the essential features, everything that you would get in a hammerless shotgun that cost three times the money.

SHOOTING QUALITIES. This all essential point has been the foundation from which the manufacturer has built this gun up, to furnish a gun that would not shoot loose, that would be the equal of any gun made for durability and a gun that could be relied upon for close, hard shooting at long range, and one in which white or nitro powder could be used as safely as the regular black powder. This gun has been built on lines to insure all this in the highest degree. The barrels are made gauged and bored (choke bored by the celebrated Taper system) to effect the best possible target, the longest range that it is possible for white or black powder to throw shot, and no matter what make or what price you may pay for a gun you will get no gun that will shoot stronger or better.

WEIGHT, LENGTH, GAUGE, ETC. These guns are made in 12-gauge only. They can be furnished in no other gauge. They are made in 30 or 32-inch barrels as desired, and can be furnished in weights ranging from 7½ to 8 pounds, as desired. In ordering be sure to state length of barrel and weight wanted.

ABOUT BROKEN PARTS OR REPAIRS. While this gun is built with a view of making repairs or replacements unnecessary, in case by accident or otherwise, any piece or part should get broken or lost, we wish to say that from our factory we can at any time to come furnish at a comparatively small expense to the purchaser any piece or part to replace any part that may break or get lost. This should be quite an object to the purchaser of a gun, for it may mean the saving to you of quite an expense at some future date.

AN ALL PURPOSE GUN. We are manufacturing this gun to meet the general demand throughout the country for a thoroughly reliable, high grade hammerless all purpose double barrel breech loading shotgun, and it is suitable for all kinds of game that can be hunted with any shotgun—geese, ducks, prairie chickens, partridges, squirrels, quails, snipe, rabbits—in fact it is an all around general purpose, high grade, up to date guaranteed, double barrel, hammerless, breech loading shotgun.

We make the price, $14.75, a very small percentage above the actual cost to produce in our own factory, the cost of material and labor, for we must depend upon our customers, upon the illustrations and descriptions given on this page to consume the entire output of our factory.

We have at present a capacity of about 25 guns a day, or 7,500 a year, and to insure our selling every gun we make we have really made the price ridiculously low, namely, $14.75. Understand, you send us your order, we taking all the risk, guaranteeing the gun to you in every respect, guaranteeing it to reach you in the same perfect condition it leaves us, and further, if not found perfectly satisfactory to you, to be returned to us at our expense of express charges both ways, we to return your money at once.

No. 6T54 Chicago Long Range Wonder, twist or laminated steel barrels, 12-gauge, 30 or 32-inch barrels, 7¼ to 8 lbs. **$14.75**

No. 6T54½ Chicago Long Range Wonder, twist or laminated steel barrels, 16-gauge, 30-inch barrels, about 7¼ lbs. **14.80**

No. 6T56 Chicago Long Range Wonder, Damascus barrels, 12-gauge, 30 or 32-inch barrels, 8 to 8½ lbs. ... **17.00**

No. 6T52 We have a few of these with blued decarbonized steel barrels, 12-gauge, 30 or 32-inch barrels, 7¼ to 8 pounds. Price, each **$14.00**

EVERY LITTLE POINT is studied in this gun to make it in all essential points the equal of any gun made, regardless of price, a shotgun we can recommend above all others.

$1.29 PER HUNDRED BUYS HIGHEST GRADE BLACK POWDER LOADED SHELLS MADE. SEE PAGE 310.

...REMINGTON NEW MODEL DOUBLE BARREL SHOTGUNS...

NOTICE. We would be glad and perfectly willing to sell this line at lower prices, but the manufacturer restricts the selling prices and would not supply us with goods were we to sell below these printed prices. These prices are guaranteed to be as low as offered by any reliable dealer in the United States, and should you be offered these goods lower by any dealer you will confer a great favor by advising us in order to give us an opportunity of adjusting the prices.

AT $20.10, $23.10 and $25.10 we furnish the latest New Model, Highest Grade, Guaranteed Double Barrel Breech Loading Hammer Shotguns.

At $25.10, $35.10 and $45.10 we furnish the Highest Grade New Model Remington Double Barrel Hammerless Shotguns.

AT $40.10 and $50.10 we furnish the very latest Self Acting Automatic Ejector Remington Double Barrel Hammerless Shotguns.

OUR TEN DAYS' FREE TRIAL OFFER. We give you the privilege of ordering any Remington gun, giving it 10 days' trial, during which time you can compare it as to shooting qualities, strength, durability and finish with any gun made, and if you are not perfectly satisfied with your purchase, you are at liberty to return the gun to us at our expense, and we will immediately return all the money you have sent us. All we ask is that you keep the gun in perfect condition.

WE ARE HEADQUARTERS for the Remington double barrel hammer and hammerless self-ejecting shotguns. We buy them direct from the manufacturers, the Remington Arms Company of Ilion, New York, under contract in immense quantities for cash, at a price which permits us to quote the lowest possible prices.

THE BINDING GUARANTEE. Every Remington gun is covered by a binding guarantee. It is made on the very latest principles, from the best material that can be secured, by skilled mechanics, and if any piece or part gives out by reason of defect in material or workmanship it will be replaced free of charge. Every Remington gun that goes out of our house is put to a careful test, both as to target, penetration and strength at every point, and each gun bears a tag showing the target that each gun made in its test before shipping.

$20.10 FOR OUR LATEST MODEL Double Barrel Remington Shotgun.

$20.10 is our price for this the latest double barrel bar lock, pistol grip Remington hammer shotgun. How much we save you in price you can tell by comparing our prices with those asked by others.

From the above illustration engraved from a photograph, you can form some idea of the appearance of this our special $20.10 bar lock double barrel Remington shotgun. This special $20.10 gun is built on the very latest lines for this season, up to date in every piece and part.

DESCRIPTION—The barrels are made by the Remington Arms Company from blued barrel steel, elegantly finished, tested to the highest test and guaranteed in every respect. **STOCK**—The stock is a fine walnut stock, made of thoroughly seasoned selected black walnut, correctly shaped, nicely finished, full pistol grip, handsomely decorated, made with fancy butt plate. **LOCKS**—This gun is fitted with Remington Arms Company decarbonized steel bar action locks, made from the very best material that money can buy, thoroughly tested, accurately fitted and adjusted. **ACTION—Our $20.10 Remington** has the strongest, most simple and nearest perfect action of any similar gun on the market, built with a deep matted extension rib, with two heavy automatic locking bolts; extra heavy, well finished breech; low circular hammers; latest style top snap break; all parts are made interchangeable; the fore end is automatic, self acting, of Deeley & Edge pattern, beautifully checkered finish. The gun is built extra strong at every part, made and bored for nitro or black powder.

FOR LONG RANGE SHOOTING, for ducks, geese and other large game, we recommend the 10-gauge Remington as one of the very best long range shooting guns made, and if you order our $20.10 Remington gun and you do not find it as a shooter, the equal of any gun made, regardless of price, you are at liberty to return it to us at our expense and we will refund your money.

OUR $20.10 REMINGTON GUNS come in 12-gauge; weigh 7½ to 8 pounds; length of barrel 30 or 32 inches, as desired, 10-gauge guns come in 32-inch barrels and weigh 8¾ to 9¼ pounds.

OUR $20.10 REMINGTON GUNS are furnished with choke bored barrels, bored for nitro or black powder on the best principles, with a view to securing the most perfect long range target possible.

No. 6T63 Our No. 1 grade furnished with fine decarbonized steel barrels, as described and illustrated above, 12-gauge, 30 or 32-inch barrels, 7½ to 8 pounds, or 10-gauge, 32-inch barrels, 8¾ to 9¼ pounds. Mention gauge, length and weight which you prefer. Our special price..... **$20.10**

OUR SPECIAL PRICES OF $25.10 TO $50.10 are the lowest prices ever quoted for these high grade guns, and we honestly believe the Remington double barrel hammerless shotgun in any grade is, in shooting qualities and in point of construction, general workmanship, finish and durability, in fact, in every essential point, the equal of any gun made, regardless of price.

OUR PATENT GLOBE SIGHT FREE WITH THIS GUN.

WORTH $10.00, that is you would not take $10.00 for this sight after you had used it if you could not get another. IT'S A KILLER. It's free with this and all other shotguns at $10.00 or more.

THE REMINGTON HAMMERLESS GUNS are strong and durable. The mechanism is very simple, hence it cannot get out of order. In opening the gun, the fore end engages with the cocking levers, which raises the hammers to full cock, when the sears drop into position. The gun can be taken apart or put together with one or both hammers cocked or uncocked. This obviates trouble or the use of special tools in assembling, and does away with the snapping of hammers, or putting the gun away cocked, as required in some actions. The hammers can be let down without snapping, by breaking down the gun, pushing forward the safety slide and closing the action as the triggers are pulled. The cocking mechanism is so arranged that before the gun can be opened sufficiently to admit of a shell being inserted in the chamber

$1.29 PER 100 FOR LOADED SHELLS, SEE PAGE 310.

From the above illustration, engraved from a photograph, you can form a very good idea of the appearance of the highest of high grade Remington Double Barrel, Hammerless, Self Acting, Automatic Shell Ejecting Shotguns which we quote at $40.10 and $50.10, and without the automatic ejector, at $25.10, $35.10 and $45.10.

BOTH HAMMERS ARE COCKED AND TRIGGERS ARE LOCKED AUTOMATICALLY.....

OUR BINDING GUARANTEE Every Remington gun is sent out under our binding guarantee, and if any piece or part gives out by reason of defect in material or workmanship, we will repair or replace it FREE OF CHARGE.

THE AUTOMATIC EJECTOR is composed of hammer, sear, center sear, main and sear springs, and is cocked by the action of the extractor when closing the gun. It is operated when the gun is fired by the main spring moving forward and lifting the ejector sear out of the ejector hammer notch. This allows the ejector hammer to fall on the center sear where it remains until the gun is nearly opened, when the joint check engages with the center sear and raises it out of the ejector hammer notch. Then the ejector hammer, moving forward, strikes the ejector stem, causing the fired shell to be expelled from the gun.

QUALITY OF MATERIAL. The Remington Hammerless Guns are made from the best material money can buy. The stock, the barrels, the locks, the working parts, the trimmings and the finishings are from the very best material that can be procured, and only the most skilled mechanics are employed. The fittings are perfection, they are done with all the accuracy of the finest watch mechanism. The action is simple, accurate, strong and almost everlasting.

SHOOTING QUALITIES. The Remington Hammerless Shotgun is in shooting qualities, without doubt, the equal of any gun made, regardless of price. There is no gun made that will give a better target, greater penetration, that will kill game at longer range than will the Remington shotguns. They are made by a concern who have had the experience of years; they embody every high point of perfection in every high grade gun, with the defects of none.

AT $25.10 TO $50.10 according to grade, these guns all come with fine steel and Damascus barrels as illustrated, all are choke bored to secure the very best possible target and penetration, all have fine imported English walnut stocks, full pistol grip, beautifully finished, polished, and checkered; fancy rubber butt plate, fancy checkered fore end, very finest case hardened frame and mountings, latest patent automatic safety, patent and Purdy fore end; fore end is beautifully finished and handsomely decorated; extension rib with nitro bite, flat matted rib, and the automatic ejectors on the $40.10 and $50.10 grades are the equal of any ejectors made. The "K" grade has patent fore end, all other hammerless guns have Purdy fore end.

No. 6T66 K grade has fine Decarbonized steel barrels, plain English walnut stock, plain finish without automatic ejector, 12-gauge, 30 or 32-inch barrels, 7½ to 8 pounds. Our special price.... **$25.10**

No. 6T68 A grade, two-stripe Damascus barrels, plain finish. English walnut stock, without ejector, 12-gauge, 30 or 32-inch barrels, 7½ to 8 pounds. Our special price..... **35.10**

No. 6T70 AE grade, two-stripe Damascus steel barrels, fine line engraving, with automatic ejector, 12-gauge, 30-inch barrels, 7½ to 8 pounds. Our special price..... **40.10**

No. 6T72 B grade, extra quality fine three-stripe Damascus barrels, fine line engraving, extra fine imported English walnut stock, without ejector, 12-gauge, 30-inch barrels, 7½ to 8 pounds. Our special price..... **$45.10**

No. 6T74 BE grade, with extra quality three-stripe Damascus barrels, fine line engraving, extra fine imported English walnut stock, with automatic ejector, 12-gauge, 30-inch barrels, 7½ to 8 pounds. Our special price..... **50.10**

ALLOW TWO TO FOUR WEEKS' TIME ON GUNS MADE TO SPECIAL ORDER. IF MADE ACCORDING TO YOUR ORDER THEY CANNOT BE RETURNED UNDER ANY CIRCUMSTANCES. WE DO NOT CHARGE FOR BOXING GUNS.

ITHACA NEW MODEL HAMMER AND HAMMERLESS SHOTGUNS

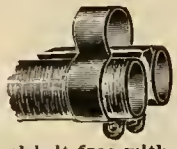
At $21.10, $25.10, $26.60, $33.10, and $37.60 we offer the new improved, latest and highest grade ITHACA HAMMER AND HAMMERLESS SHOTGUNS.

The New Improved Ithaca Hammer Gun in fine English stub twist barrel, for $21.10; In fine damascus steel barrels, $25.10.
The Ithaca Hammerless Gun at $26.60, $33.10 and $37.60, according to grade.
All our Ithaca Gun barrels are double thick and reinforced at breech and have matted rib.

OUR SPECIAL INSIDE $21.10 TO $37.60 PRICES ON ITHACA GUNS are the lowest prices that may be named. They are prices based on the factory cost under season contract direct from the Ithaca Gun Co., with but our one small percentage of profit added, prices as low if not lower than your dealer could buy in quantities.

OUR BINDING GUARANTEE. Every Ithaca gun is covered by a binding guarantee, by the terms and conditions of which if any piece or part gives out by reason of defect in material or workmanship we will replace or repair it free of charge. The Ithaca guns are manufactured by the Ithaca Gun Company, of Ithaca, New York. They are made on the latest and most improved mechanical lines. Only the best of material is used, only skilled mechanics are employed. They build a strictly high grade gun, extra strong in every piece and part, perfect in action, accurately gauged and adjusted, price for price the equal of any gun made.

SHOOTING QUALITIES. The Ithaca gun is recognized as one of the strongest shooters in the market. For target and penetration it is really a marvel. The Ithaca heavy 10-gauge gun for extra long range shooting for big game, such as geese, turkeys, etc., is one of the most favorite guns among professional sportsmen.



OUR PATENT GLOBE SIGHT.

FREE WITH EVERY ITHACA SHOTGUN.

Can be instantly put on or taken off from any shotgun. When on you get the game. You can't miss on the wing; every shot is a killer. Makes most difficult shooting very easy; the poor shooter becomes at once an expert. Doubles the value of any gun. Can be had only from us as we own the patent, but we furnish it free with every shotgun over $10.00.

UNDER OUR CONTRACT every Ithaca gun that comes into our house must be tested at the factory as to target, penetration, fit, finish, quality of material, action, etc., and the gun must not only be perfect in every part but must produce a certain target and a certain penetration, and attached to each gun must be the manufacturer's tag which shows the result of such test, and this tag remains attached to the gun until it reaches you. In addition, every gun is tested by an inspector in our gun department and found accurate in sight, range, target, drop, penetration, equalization, finish and action, and the result is that if you get an Ithaca gun from us you get one that is perfect in every respect, you get one from which every point of the slightest imperfection has been culled out and thrown back. All our Ithaca Guns have barrels double thick, reinforced at breech.

FOR $21.10 We offer this the very latest model ITHACA HAMMER GUN, a gun with all the up to date improvements, with all the latest changes and additions effected, brought right up to date. 12-gauge loaded shells, $1.29 per 100. See page 310.

OUR NEW IMPROVED UP TO DATE ITHACA HAMMER GUN FOR $21.10.

From the above illustration engraved from a photograph, you can form a very good idea of the appearance of this the new improved Ithaca Double Barrel Breech Loading Hammer Gun which we quote at $21.10.

This extra strong, compact, adjusted, perfect hanging, strong shooting arm is, as before stated, made of the best of materials. It has the simplest and best locking device known. It has the latest low circular hammers, latest fancy finished top lever break, swinging over the hammers when cocked, it is made self-compensating, self-acting and automatic in adjustment, made to take up wear at every point, so adjusted as never to get loose or shaky. It has the latest steel Edwards' extended matted rib; it has a finely finished walnut stock, with half pistol grip, handsomely checkered. It has the best grade case hardened lock plates, with fine blue mountings. The guns come all choke bored to give the longest possible range, the most uniform close pattern and the greatest possible penetration. All guns are made with fancy rubber butt plate, they have a fancy checkered finished fore end. Bored for nitro or black powder.

No. 6T75 Fine English stub twist barrels, 12-gauge, 30 or 32-inch barrels; weight, 7¼ to 8¼ pounds. Our special price..... $21.10
No. 6T75½ Fine English stub twist barrels, 10-gauge, 32-inch barrels; weight, 9 to 9¾ pounds. Our special price..... 21.10
No. 6T77 Fine Damascus barrels, 12-gauge, 30 or 32-inch barrels; weight, 7¼ to 8¼ pounds. Our special price..... 25.10
No. 6T77½ Fine Damascus barrels, 10-gauge, 32-inch barrels; weight, 9 to 9¾ pounds. Our special price..... 25.10

WHEN ORDERING GIVE LENGTH, GAUGE AND WEIGHT YOU PREFER. 16-gauge, 28 or 30-inch barrels, made to special order (cash with order), same price as 10 or 12-gauge. Allow one or two weeks' time to make the 16-gauge.

WE ARE HEADQUARTERS FOR ITHACA GUNS.

We are the recognized general selling agents to the consumer. We name the lowest price the factory ever named, give you the benefit of all the profit the wholesaler would make in our special $21.10 to $37.60 prices.

NOTICE. We would be glad and perfectly willing to sell this line at lower prices, but the manufacturer restricts the selling prices and would not supply us with goods were we to sell below these printed prices. These prices are guaranteed to be as low as offered by any reliable dealers in the United States, and should you be offered these goods lower by any dealer you will confer a great favor by advising us, in order to give us an opportunity of adjusting the prices.

THE NEW IMPROVED $26.60 TO $37.60 ITHACA HAMMERLESS SHOTGUNS

FOR 1902. ALL BARRELS ARE DOUBLE THICK AND REINFORCED AT THE BREECH AND HAVE MATTED RIB.

Our Globe Sight FREE with every Ithaca gun.

The new model 1902 at $26.60; it is wonderful gun value. NO BETTER SHOOTING GUN ever made by anyone at any price. Every gun covered by binding guarantee. Greatly improved. The best hammerless gun ever turned out for the money.

No. 6T76

WE ARE ABLE to offer the Ithaca Hammerless Gun at $26.60, a gun which has retailed at $40.00 and upwards and wholesaled at $30.00 to $35.00. The prices we name are based on factory cost, the actual cost of material and labor with our one small profit added; with all the unnecessary expenses for advertising, salesmen, bad debts, etc., omitted. We give you full gun value for your money.

THE ACCOMPANYING ILLUSTRATION is engraved from a photograph and will give you some idea of the general appearance of the **Ithaca Hammerless Gun.** This gun is too well known to require comment from us. It is bored for nitro and black powders. Barrels can be put on and taken off same as hammer gun, whether gun is cocked or not. Locks are rebounding, automatic safety, can be changed to independent by a touch of the thumb for rapid firing. All have pistol grip, all have extension rib, all choke bored, all finely finished and greatly improved for this season. All have matted ribs. The stub twist barrels used on these guns are better than laminated or cheap Damascus barrels. 12-gauge, 30-inch barrels, weighs 7⅛ to 8 pounds; 32-inch barrels, weighs 7¾ to 8¼ pounds.

No. 6T76 Our 1 P grade, fine English stub twist barrels, American walnut stock, pistol grip checkered, line engraving, 12-gauge, 30 or 32-inch barrels. Price..... **$26.60**

We can furnish this gun with Automatic Ejector, made to special order, extra, $10.00.

Our Globe Sight FREE with every Ithaca gun.

THIS ILLUSTRATION is engraved from a photograph of the New Ithaca Hammerless Gun, and will give you an idea of the appearance of this gun. The Ithaca Gun is so well known that it is unnecessary for us to make a full description of every detail.

No. 6T80

Bored for Nitro or Black Powder.

The following is our line of Damascus barrel Ithaca Guns:

No. 6T78 Our 1½ grade, fine Damascus steel barrels, English walnut stock, pistol grip checkered, 12-gauge, 30 or 32-inch barrels; weight, 7½ to 8 pounds. Our price..... **$33.10**

No. 6T78½ Our 1½ grade; 10-gauge, 30 or 32-inch barrels; weight, 8¼ to 9 pounds. Price..... **33.10**

No. 6T80 Our 2 grade, fine Damascus barrels, English walnut stock, pistol grip checkered, engraved, 12-gauge, 30 or 32-inch barrels; weight, 7¼ to 8¼ pounds. Price..... **$37.60**

10 or 16-gauge, same price as 12-gauge. Made to special order.

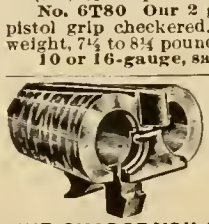


ILLUSTRATION SHOWING THE HEAVY BREECH OF ITHACA GUNS.

This illustration is intended to show our customers the double thick breech of Ithaca Gun. All guns made for us by the Ithaca Gun Co. have this reinforced breech and are made extra strong for any proper load of black or nitro powder.

WE CHARGE YOU NOTHING FOR BOXING GUNS FOR SHIPPING.

TESTING GUNS. The best way to test a gun is to make a target of four sheets of a newspaper, step off 30 or 40 yards and shoot at it, then draw a 30-inch circle around the shot. Many shooters put up a piece of paper 12 inches square and miss it, then they blame the gun.

ABOUT SAFETY OF HAMMERLESS GUNS. Many hunters who have always used hammer guns are under the impression that hammerless guns are dangerous. We would like to say in regard to this that hammerless guns are just as safe as hammer guns, in fact, they may be considered safer, for it is possible to lock a hammerless gun by the safety slide so that it is absolutely impossible to pull off the hammers; whereas with a hammer gun it has often happened that when the hammer was at half cock, something coming in contact with the hammer, has discharged a shell accidently. This is not possible with a hammerless gun for the hammer is concealed within the frame and it is impossible for it to come in contact with anything.

12-GAUGE LOADED SHELLS, $1.29 PER 100. SEE PAGE 310.

NEW IMPROVED BAKER BREECH LOADING SHOTGUNS.

AT $22.60, $24.10, $32.10 AND $37.60, WE OFFER THE CELEBRATED BAKER DOUBLE BARREL BREECH LOADING SHOTGUNS, THE VERY LATEST UP TO DATE MODELS, THEIR NEW IMPROVED GUNS, UNDER OUR BINDING GUARANTEE.

WE ARE HEADQUARTERS for the new Improved Baker Hammer and Hammerless Shotguns. We are general selling agents to the consumer. Under our arrangements with the manufacturer we are able to quote you prices based on the cost of material and labor, with but our one small percentage of profit added, a price as low as any dealer can buy in quantities, **a price that will mean a saving to you of from $5.00 to $15.00 on a gun.**

THE NEW IMPROVED HAMMER AND HAMMERLESS Baker Breech Loading Shotguns are made for us under contract by the Baker Gun and Forging Company of Batavia, New York. They are made from strictly high grade material on the most improved lines of gun making. They embody the good points of all strictly high grade American guns. They are among the most durable, strongest shooting and best finished guns on the market.

OUR PATENT GLOBE SIGHT FREE WITH THIS GUN.

THIS SIGHT DOUBLES THE VALUE of this gun in effectiveness. Can be quickly clamped onto any gun without marking, marring or scratching the barrel, and quickly taken off. On a duck pass it works wonders. If you are a poor or only a fair shot, use this sight once, see the big circle it describes around every bird, pull the trigger and the bird is yours. You can't afford to buy a shotgun without this sight. It will almost double the game you will bag.

WE OWN THE PATENT. It can be had only from us, but we furnish it free with this gun and all other shotguns over $10.00.

DON'T BUY A GUN OF ANY KIND UNTIL YOU HAVE GOTTEN OUR PRICE. If you are thinking of buying a breech loading shotgun, before patronizing any, looking at a gun or before sending to any other house, write to us. We are prepared to give such values in high grade shotguns as can be had from no other house. We not only give you the benefit of a lower price than you can get elsewhere, but we give a uniformly higher grade of goods, for every American gun in our stock is given a thorough test as to penetration and target, a careful test and inspection as to accuracy, fit and finish, and every gun must come up to the highest mark of perfection before it leaves our house.

OUR NEW IMPROVED UP TO DATE $22.60 BAKER BREECH LOADING SHOTGUNS.

FOR $22.60 we offer this high grade double barrel breech loading hammer shotgun as the best hammer breech loader ever turned out by

THE BAKER GUN AND FORCING COMPANY.

The above illustration, engraved from a photograph, will give you an idea of the appearance of this, our new improved, up to date, high grade Baker Hammer Gun, which we quote at $22.60.

OUR CONTRACT CALLS FOR THE VERY BEST WORK the makers can possibly furnish, best in every piece and part and every gun must be covered by a **WRITTEN BINDING GUARANTEE.** They claim for this gun even pattern, powerful shooting, and in durability, simplicity and long range shooting, the equal of any gun made, regardless of price.

12-Gauge Loaded Shells, $1.29 Per 100. See Page 310.

THIS GUN IS MADE WITH ENGLISH STEEL TWIST BARRELS, very latest bar lock, cross bite exteosion rib, fancy checkered pistol grip, fancy English walnut stock, fancy rubber butt plate, low circular hammers, solid strikers, rebounding locks, latest top snap break, interchangeable parts throughout, choke bored to make the very best possible target at longest possible range, unless otherwise ordered. This is a very handsome, plain, richly finished, well balanced gun, made with compensating fore end, cannot get loose and shaky in the hinge joint; in fact, just the gun for business, and at a moderate price. **Bored for NITRO or BLACK POWDER.**

No. 6T83 12-gauge, 30 or 32-inch barrels; weight, 7½ to 8¼ pounds. Our price..... $22.60

HOW GUN BARRELS BURST AND CAUTION TO SHOOTERS.

GUN AND RIFLE BARRELS can only burst by having some obstruction in the barrel or by overloading with nitro powder. We would like our customers to read this for it will prevent accidents.

PLEASE OBSERVE THE FOLLOWING CAUSES, for we are extremely anxious that our customers have no accidents with firearms, whether they buy them from us or some other house. Every gun or rifle which we offer for sale is bought from reliable manufacturers, made from the very best materials that money can buy, and is made to stand any proper load of nitro or black powder, but no matter how good or how strong the material is, you can burst the very strongest barrels by misuse or improper loading. Even an army cannon may be burst in this way. A strong rifle barrel, such as made by the Winchester Arms Co., which has a bursting strain limit of 40,000 to 80,000 pounds to the square inch, can be burst by misuse or carelessly loading smokeless powder, but no barrel will ever burst by using factory loaded ammunition, provided there is no obstruction or foreign substance inside the barrel.

WE MAKE NO CHARGE FOR BOXING GUNS FOR SHIPMENT, SOME HOUSES DO . . . .

FOLLOW THESE INSTRUCTIONS and you will never have a burst gun or rifle barrel. Do not accidentally put two charges of smokeless powder in the shell, always look through the barrels before loading and see that there is nothing in them. Don't ram the wad edgewise into the powder, nor crimp the shell more than ¼ of an inch.

DON'T USE A MALLET for ramming the powder, use hand pressure. Don't rest the muzzle on the ground, nor leave the gun in the bottom of a boat or buggy, for something is liable to get into the barrel in this way. When using 12-gauge brass shells use 10-gauge wads, so they will not get loose in the shell and bulge the barrel. If you get a bullet stuck in the barrel don't try to shoot it out or you may bulge the barrel. **No manufacturer is held responsible for a burst gun or rifle barrel,** because barrels are made to withstand a greater bursting strain than you can possibly get from any factory loaded ammunition. **When a gun barrel bursts at the breech or chamber it is caused by an overload of nitro powder,** and when it bursts near the muzzle it is caused by some obstruction, such as a dent, snow, water, moss, mud, etc. **Nitro powder should only be used by people familiar with it;** and dense nitro powder **should be weighed** by an apothecary's scale **and not measured.**

THE NEW DAVIS HAMMER AND HAMMERLESS GUNS.

OUR GLOBE SIGHT, furnished free with every Davis gun. **THE DAVIS HAMMERLESS GUN FOR $19.50**

No. 6T130

Best quality twist barrels, choke bored, extension matted rib, double bolt, one on the lug of barrel and nitro cross bolt through extended rib, patent fore end. Full pistol grip stock, stock and fore end checkered. All parts nicely fitted. Cocks by the opening of barrels, and by the action of closing them the sears and triggers are both blocked by a positive motion, thus avoiding all danger from jarring off or prematurely pulling off, by trigger or otherwise, and is absolutely safe. Safety can be used as automatic or independent, a very desirable feature for rapid firing. Gun can be put together or taken apart with hammers in any position, and without any extra operation. Hammers may also be let down without snapping, which is always preferable. Fine twist barrels, American walnut stock.

No. 6T130 12-gauge, 30 and 32-inch barrels; weight, 7½ to 7¾ pounds only. Our price..... **$19.50**

Weight, packed for shipment, about 15 pounds.

$1.29 PER 100 FOR LOADED SHELLS, SEE PAGE 310.

$15.75 BUYS THE DOUBLE BARREL BREECH LOADING SHOTGUN. **OUR GLOBE SIGHT FURNISHED FREE WITH EVERY DAVIS GUN.**

No. 6T133

AMERICAN MACHINE MADE.

A genuine Davis American made gun for $15.75. This gun is guaranteed by the manufacturer to be equal in material and workmanship to any $25.00 gun on the market. The illustration is engraved from a photograph and will give you some idea of the appearance of this gun. Bar rebounding locks, strongest and most simple lock made, double bolt, one on the lug and a cross bolt on the rib. The barrels are genuine twist, double thickness over shell chamber, fine selected imported walnut stock, fancy checkered full pistol grip, fancy rubber butt plate, latest style low circular hammers, best and latest top snap break, strong, long extension rib, large firing pins, case hardened mountings, choke bored.

No. 6T133 12-gauge, 30 or 32-inch barrels; weight, 7½ to 8¼ pounds. State length wanted. Our special price..... **$15.75**

$1.29 PER 100 FOR LOADED SHELLS, SEE PAGE 310.

HOW OUR IMPORTED GUNS ARE TESTED BY THE BELGIAN GOVERNMENT.

All our imported guns are tested by the government of Belgium in the following manner: After the barrels are first made and before they are brazed together, reamed or chambered, they are sent to the government proof house where a plug is screwed into the breech of the barrel and it is loaded with 11 drams of good quality black powder and a bullet weighing 1 ounce. After this test they are brazed together and tested again with 7 drams of good black powder and a bullet weighing 1 ounce. After this second test is made the frame, or breech, is fitted to the barrels and they are tested for the third time with 6½ drams of powder and 1⅛ ounces of shot. You will see that the test is very severe and each and every Belgium gun which we sell, from the cheapest to the best, is put through this same test, so if you buy a Belgium gun of us you are assured that you are getting a gun which has been thoroughly tested for Sears, Roebuck & Co. with more powder and more shot than you can possibly put into a shell. In order to put such a heavy charge into the barrels the government must load from the muzzle and any gun you buy from us is safe, as you will see by the foregoing rigid tests.

OUR LINE OF IMPORTED DOUBLE BARREL SHOTGUNS.

OUR LINE OF IMPORTED GUNS is very extensive and embraces the products of some of the best European makers. We recognize no competition in this line, and a comparison of our prices with those of other houses will convince you that we have none. We aim to handle only thoroughly first class goods, guns that will stand service and give the best satisfaction, and every gun we offer is warranted in every respect.

In our line of imported guns we would call your attention to our Double Barrel Breech Loader, our T. Barker, our Special Greener Action Guns, and our high grade machine guns. We are in a position to make you prices on this class of goods at least 25 per cent below any competition, and if you will favor us with your order we know you will be so well pleased that you will not only give us your future orders, but recommend our house to your friends.

$1.29 PER 100 BUYS HIGHEST GRADE LOADED SHELLS MADE. SEE PAGE 310.

IN ORDERING SHOTGUNS you will avoid delay and annoyance both for yourself and for us by ordering by catalogue number, and state name of gun. Where a choice is given, always STATE GAUGE, LENGTH OF BARRELS, WEIGHT desired, and GIVE ALL PARTICULARS with care. You will then be sure to get what you want, and exactly as you want it, for you leave nothing for us to chance or guess.

AN IMPORTED EXTENSION RIB GUN.

10, 12 and 16-Gauge.

$7.45

No. 6T2371/4

The above illustration, engraved from a photograph, will give you an idea of the appearance of this gun. Weight, packed for shipment, 14 pounds.

DESCRIPTION—Double barrel breech loader, top lever snap action rebounding back action locks, walnut stock, case hardened lock plates and mountings, shell extractor, twist finish barrels and fancy butt plate, nicely checkered stock and fore end, Raleigh steel barrels.

No. 6T2371/4 10-gauge, 32-inch barrels; weight, 8½ to 9¼ pounds. State weight wanted. Our special price.....

No. 6T2371/2 12-gauge, 30 or 32-inch barrels; weight, 7½ to 8 pounds. State length wanted. Our special price.....

No. 6T2373/4 16-gauge, 28 or 30-inch barrels; weight, 6½ to 7 pounds. State length wanted. Our special price..... **$7.45**

OUR $7.45 BACK ACTION GUN.

We offer you a high grade, imported double barrel shotgun at $7.45 which cannot be duplicated elsewhere for less than $10.00 to $12.00. We import these guns direct. Every gun is a direct blow at monopoly. The result is you buy a gun for less than one-half the retail price, 20 to 40 per cent cheaper than other houses advertise, and far below the price you would pay for a poorer gun from other houses. We guarantee every gun to have barrels of best Raleigh steel.

RUSTED AND DAMAGED GUNS OR RIFLES. Do not return to us a gun, revolver or rifle which is rusted, pitted or has the finish worn off, for we have no way of selling these guns. If you have a gun, rifle or revolver which needs repairing, first write us, fully describing the article and what is broken and we may be able to send you the part necessary, thus saving the express charges on the gun both ways.

OUR HIGHLY ENGRAVED DIANA STYLE BREECH SHOTGUN.

30 OR 32-INCH, $8.95

38-INCH, $11.10

ENGRAVED LOCKS MATTED RIB, TOP SNAP, 12-GAUGE ONLY, PISTOL GRIP, PATENT FORE END.

No. 6T238

This illustration, engraved from a photograph, will give you some idea of the gun. All our imported guns are thoroughly tested for safety (see our Belgian government test above), and we have no hesitation in saying that they are superior to any guns in the market. Don't buy guns known as seconds when you can buy first quality guns of us. This gun has top snap, two blade Damascus finished Raleigh steel barrels, Diana style breech, rebounding back action locks, pistol grip stock, matted extension rib, checkered pistol grip and patent fore end, latest style nitro firing pins, circular hammers, fancy butt plate, highly engraved locks; in fact, a very superior gun.

No. 6T238 12-gauge, 30 or 32-inch barrels, 7½ to 8 pounds. Mention length of barrel which you desire. Our special price..... **$8.95**

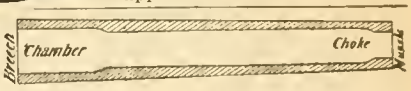
HOW A SHOTGUN BARREL IS CHOKE BORED.

For the benefit of our customers who are not familiar with choke boring, we give here illustration of how a shotgun barrel is choke bored. From the illustration you will imagine that a shotgun barrel has been cut in two the entire length, and you are looking at the inside of the barrel. You will notice that the chamber is large, the rest of the bore (cylinder bore) is smaller and of the same diameter until you come to about one inch from the muzzle, which is smaller than the cylinder bore from the chamber to the choke. This is known as taper choke, that is to say, the diameter is the same after it leaves the chamber until it meets the choke about one inch from the muzzle, when it tapers slightly, leaving the muzzle about one or two gauges smaller than the diameter of the cylinder bore from the chamber forward. It requires fine reamers and skill to taper choke a shotgun barrel. The difference between the cylinder and choke bore is hardly great enough to notice with the naked eye and the philosophy of choke bore is that the shot travels normally until it meets the choke when it becomes concentrated while leaving the barrel and being concentrated puts a larger number of pellets in a 30-inch circle than if the shotgun was cylinder bored. Cylinder bored shotguns are similar, except that they are not smaller at the muzzle, the bore being the same from the chamber to the forward end of the barrel.



OUR FIVE GREAT LEADERS IN STRICTLY HIGH GRADE GUARANTEED AMERICAN GUNS, NEW FOR THIS YEAR.

WE OFFER YOU THESE NEW HIGH GRADE guaranteed American guns at prices $10.22, $10.95, $12.67, $13.42, and $15.87 as the equal of any gun you can buy anywhere at double the money.

YOU CANNOT AFFORD to buy a cheap gun when you can get a strictly high grade, genuine American machine made, double barrel, breech loading gun, in durability, accuracy and penetration the equal of any Belgian gun made, regardless of price, and as low as $10.22.

THESE SPECIAL GUARANTEED AMERICAN GUNS are worth a dozen cheap guns. Different from the cheap guns, which others would ask you from $15.00 to $20.00 for, our five guaranteed American guns are bored for white powder, while it is exceedingly dangerous to use white powder in a cheap gun; different from the cheap gun that scatters, has poor penetration and is poorly bored. The American guns are choke bored by the very best known system, they shoot close, they have a penetration and a target equal to any gun made, regardless of price.

THE VAST DEMAND WE HAVE HAD FOR GUNS at prices ranging from $10.22 to $15.87, and which we have heretofore been compelled to supply with guns that are not equal to American guns, has induced us to look for a manufacturer who would build a line of strictly high grade, thoroughly well made, guaranteed guns, at prices that would admit of our competing in price with the Belgian guns. We found a manufacturer who was willing to accept a contract with us on this class of goods. We placed our contract with him for this year to build these special guns on specifications furnished by us from the best material that money could buy. Guns that we guarantee for durability and shooting qualities the equal of any American guns on the market, and by reason of taking the entire capacity of the factory during this year we were enabled to reduce the cost of construction to where we could, by adding one very small profit, name prices of $10.22 to $15.87 in competition with cheap Belgium made guns.

OUR BINDING GUARANTEE. With every one of these American guns we issue a guarantee. We guarantee the gun to be made of the best material, to be American made by the latest machine process, all parts to be accurate and true to gauge and interchangeable, guarantee the gun for durability, for shooting qualities, penetration and pattern, and if not found so the gun can be returned to us at our expense and we will cheerfully refund your money.

IF YOU WILL REFER TO THE EXPRESS RATES IN FRONT OF BOOK you can tell almost exactly what the express charges on any gun will be to your station. The express charge will amount to nothing compared to the big saving in price.

THESE GUNS, PACKED FOR SHIPMENT, WEIGH ABOUT 12 TO 14 POUNDS.

MORE THAN 70,000 OF THESE GUNS NOW IN USE, AND ALL SOLD WITHIN SIX YEARS.

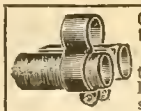
OUR NEW $10.22 AMERICAN GUN.

FOR $10.22 WE OFFER A Genuine Bar Lock All American high grade guaranteed gun as the equal of any double barrel breech loading gun on the market at double the price.

YOU CANNOT AFFORD to buy an imported Belgium gun at any price when for $10.22 you can get this genuine American made gun, a gun combining the good points of all strictly high grade guns and the defects of none.

From the illustration, engraved from a photograph, you can form some idea of the appearance of this our strictly high grade $10.22 American made gun. These guns are made with the very best steel frames, hardened steel locks and parts, all beautifully case hardened, all made by machinery and interchangeable. The gun is bored by the latest taper system, the same as is used on the highest grade work made, bored for nitro or black powder. The left barrel is full choke bored, the right barrel cylinder bored.

OUR PATENT GLOBE SIGHT FREE WITH THIS GUN.



You would not take $10 for the sight alone after you had used it; can be instantly put on or taken off.

LOADED SHELLS $1.29 PER 100. SEE PAGE 310.

THIS GUN is made with the latest top snap, has genuine armory steel barrels, has the strongest kind of a bar lock, and locks are rebounding, barrels are made round at breech, the gun is fitted with the latest concave circular hammers, nitro firing pins, strong Edwards' extension rib; it has nicely checkered and capped full pistol grip, has full matted rib, latest patent fore end, and fancy butt plate.

OUR SPECIAL $10.22 PRICE IS BASED ON THE ACTUAL COST OF MATERIAL AND LABOR with but our one small percentage of profit added. It is the lowest price ever made on a strictly high grade American gun.

No. 6T259 12-gauge, 30 or 32-inch barrels, weight, 7¼ to 8 pounds. Our special price..... $10.22

NOTICE—On any goods not described or listed in this catalogue and bought for your convenience, we must ask cash in full with the order, and they cannot be returned under any circumstances. We make no charge for boxing and packing guns for shipment.

CANADIAN CUSTOMERS PLEASE NOTICE THAT THE DUTY ON SHOTGUNS IS 30 PER CENT WHEN SHIPPED FROM THIS COUNTRY INTO CANADA.

OUR $10.95 DOUBLE BARREL AMERICAN BAR LOCK WONDER

FOR $10.95

we offer this strictly high grade A1 American extra strong full pistol grip American Double Barrel Breech Loading Shotgun, as the superior of any imported machine made gun sold generally at $20.00 to $30.00, and the first time a strictly high grade bar lock choke bored genuine laminated steel breech loading genuine American gun was ever offered at anything like the price.

WHERE THE GUN IS MADE.

THIS GUN is made for us under contract by a large New England maker, a manufacturer who has gained the reputation for the manufacture of

STRICTLY HIGH GRADE

breech loading shotguns, guns that are made and offered in competition with other American guns that sell at double the price. Only skilled mechanics are employed.

EVERY PIECE AND PART THAT ENTERS INTO THIS GUN IS MADE TRUE TO GAUGE AND IS INTERCHANGEABLE.

$10.95

OUR PATENT GLOBE SIGHT FURNISHED FREE WITH THIS GUN.

This sight can be instantly adjusted to, or taken off from any shotgun without in any way marring or scratching the gun barrel. When the gun is aimed at a bird on the wing, no matter how swiftly it flies or how inexperienced the marksman, it describes a large circle around the bird, and once the bird is within the circle and you fire you are sure of hitting the mark. It makes possible the most effective and accurate wing shooting even in the hands of an inexperienced hunter. This sight really doubles the value of any shotgun for actual service. Once you have used our sight you would not be without it even at the cost of the gun, and yet we furnish it free with this and all other shotguns at $10.00 or more.

While our prices on the guns, including the sight, are very much lower than you can buy the gun, without the sight, elsewhere, for a gun for wing shooting, one fitted with our patent sight would be really cheaper than you could buy elsewhere, even if our price were double.

Understand, we own and control the patent. The sight can only be had from us. It is free with this and all other shotguns at $10.00 or more.

$10.95

BORED FOR NITRO POWDER

GENERAL DESCRIPTION.

BARRELS. The barrels are genuine laminated steel. They are made on the most approved process. Every barrel, before leaving the factory, is thoroughly tested with nitro (white and black) powder, tested to the greatest possible strain. These barrels are choke bored on the latest taper system, with a view to giving the most perfect target, the greatest possible penetration, to insure long range effect such as can be had only from the highest grade American guns made.

FINISH OF BARRELS. These barrels are given an extra fine finish and polish. The illustration will give you some idea of the effect worked out on the coloring process, the barrels being browned, colored and decorated by the latest barrel coloring process.

RIB. The rib to these barrels is handsomely finished, beautifully matted, perfectly leveled and comes with a heavy genuine Edwards' lock extension rib.

EXTRACTOR. These barrels are fitted with the very latest shell extractor, as illustrated; positive in its action.

EXTRA HEAVY BOLTS. These barrels are fitted with extra heavy bolts, made very strong, thus insuring perfect lock and a strength from which the gun, even with the use of white or black powder, can not give out or wear loose or shaky.

LENGTH OF BARREL. The American Wonder comes with either 30 or 32-inch barrels, as desired. In ordering, be sure to state whether you wish 30 or 32-inch barrels.

WEIGHT. The American Wonder is made to weigh from 7½ to 8 pounds.

AMERICAN WONDER FRAME. This gun is made with one of the heaviest, strongest and most durable steel gun frames made. The frames are extra heavy, strong in every part, extra well finished, case hardened and handsomely colored. They have the latest nitro firing pins, handsomely shaped; perfect acting top snap break, neat circular hammers, very strong genuine bar lock, with steel hardened interchangeable parts perfectly finished.

STOCK. The stock is made from carefully selected straight grained walnut, thoroughly seasoned. It is perfectly shaped. The maker of these guns employs only the most expert stock makers. The stock is fitted to the frame by an automatic stock fitting machine that insures a perfect fit and the frame and stock are so constructed at the point of construction as to insure the strongest kind of a stock where many guns are weakened. This stock is full pistol grip with a handsome fancy cap on grip. The grip is handsomely checkered, as illustrated. Stock comes with handsomely ornamented butt plate.

FORE END. Our $10.95 American Wonder is fitted with the Edwards' automatic fore end, made of selected walnut, handsomely checkered as illustrated, beautifully finished, self locking in its application.

GAUGE. These guns come in 12-gauge only, but in shooting qualities, penetration, pattern and for long range work they are the equal of any ordinary 10-gauge American gun. For all kinds of game for which a shotgun in used this American Wonder is perfectly suited.

SAFETY AND DURABILITY. First, in considering hard long range shooting, extra penetration, extra target, the question of strength, durability and safety has not been overlooked, and while it is not safe to use white or nitro powder in any cheap foreign made guns or many of the cheap American guns manufactured, this gun is built for shooting any white powder of proper load that can be safely used in any of the highest priced American guns made. It has been built extra strong, of the best material, strongly locked, strongly reinforced, especially strong where many guns are weak, all with a view of giving you a gun that will be always safe, always reliable; a gun that will last for years and give the very best of satisfaction.

SHOOTING QUALITIES. Too much cannot be said for the shooting qualities of our $10.95 Wonder. Nothing has been spared to make this gun in shooting quality the equal of any gun made, regardless of price. The gun was in every part designed by one of the best and most practical gun makers in this country. It was designed after considering all the strong points for shooting work of all other American guns and has been built with a view of embodying the strong features of other double barrel breech loading American guns with the defects of none. If a strong point, one that would add to the target or penetration, anything that would help for long range shooting was found in another American gun, it has been applied in this, so that we feel perfectly safe in assuring the purchaser that he will find in this gun a gun that will equal if not outdo in strength and shooting qualities any other gun he has ever used.

12-GAUGE LOADED SHELLS, $1.29 PER 100. SEE PAGE 310.

HOW WE MAKE THE PRICE SO LOW.

While a thoroughly reliable genuine American Double Barrel Breech Loading gun has never been sold at anything beginning to approach our special $10.95 price, determined that we would get out a genuine American gun at as low or a lower price than the very inferior machine made foreign or Belgian gun could be sold, we took the matter of manufacturing this high grade gun up with a celebrated New England gun maker, figuring how by running a certain branch of his factory at its utmost capacity, the price of a reliable gun might be greatly reduced. We found by employing the very highest type of automatic working machinery for making the different parts, by buying the raw material, including the drop forgings, steel, walnut, etc., in large quantities, and by running the factory to its utmost capacity, the actual factory cost, the cost of material and labor could be reduced even below what we ourselves or the manufacturer had any idea of reaching and to this net factory cost, the cost of material and labor, we add our one small percentage of profit and name you the heretofore unheard of price of $10.95.

THE BARRELS ON THESE GUNS are all Genuine Laminated Steel, and not Imitation Laminated Steel as sold by some houses. We guarantee them just as represented or money refunded.

NO OTHER HOUSE will give you such a guarantee on a gun at the price which we offer you this gun, and it is certainly the best gun value offered by any house in the United States.

No. 6T260 Our American Bar Lock Wonder, 12-gauge, 30 or 32-inch barrels; weight, 7¾ to 8 pounds. State length wanted. Our special price..... **$10.95**

WHEN ORDERING PARTS for guns, rifles or revolvers, always give catalogue number in full, also give the name, caliber, gauge of the gun, rifle or revolver. This will save us from writing you for this information.

NOTICE. The Canadian Government charges 30 per cent duty on guns shipped into Canada from this Country.

TESTING SHOTGUNS. When testing a shotgun do not attempt to test it on a target 12 inches square, but take four sheets of newspaper, rest the muzzle on some solid object and shoot at 40 yards. This will give you a chance to see how the shot groups and will not deceive you in case you shoot to one side of the target and show only about half the pellets, which often happens. After you get the target, draw a 30-inch circle around the shot and you will find as a rule, that any gun you get from us will make a satisfactory target.

When a gun puts 60 per cent of the entire charge in a 30-inch circle it is considered a satisfactory shooting gun.

THE NEW AMERICAN DOUBLE BARREL BREECH LOADER, $12.67

MADE IN 10 AND 12-GAUGE ONLY

30 OR 32-INCH BARRELS.

$12.67

Our Globe Sight sent Free with this Gun.

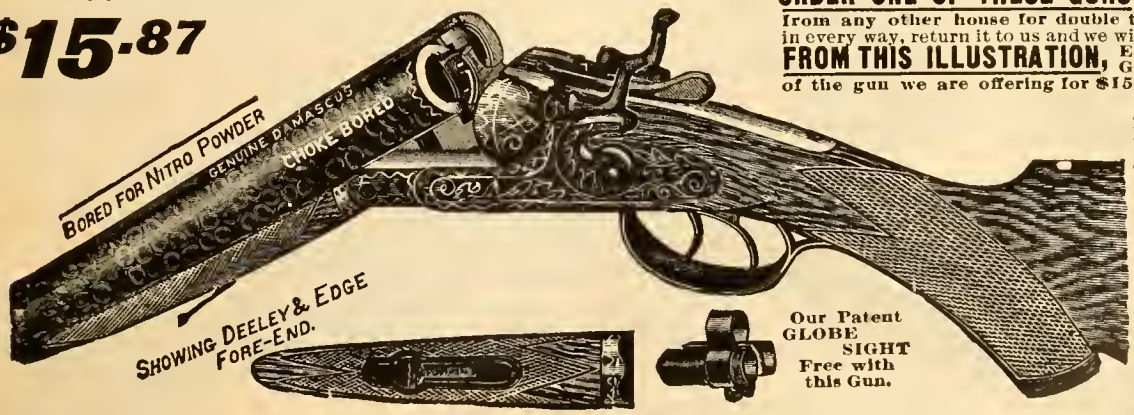
OUR VERY FINEST SPECIAL MADE AMERICAN GUN FOR $15.87

FOR $15.87 WE OFFER THE HIGHEST GRADE GUN made by the manufacturer on our contract for this year. For $15.87 we have endeavored to furnish you a gun on the basis of the actual cost of material and labor, with but our one small profit added, that will combine the good points of every strictly high grade gun made, with the defects of none. For $15.87 we offer you a gun under our binding guarantee as the equal in all essential parts of any gun made, regardless of price. For strength, for safety, for shooting qualities, penetration, pattern, and all, we guarantee this gun equal to any gun made.

$15.87



Our Patent GLOBE SIGHT Free with this Gun.

ORDER ONE OF THESE GUNS and after you receive it, compare it with any gun you can buy from any other house for double the money, and if it is not equal in every way, return it to us and we will immediately return your money.

FROM THIS ILLUSTRATION, ENGRAVED FROM A PHOTOGRAPH, you can form some idea of the gun we are offering for $15.87. This is a strictly high grade American gun. It has the strongest kind of a steel frame, and the locks, screws, levers and all parts are made of the finest case hardened steel. All are made true to gauge by automatic machinery and are practically interchangeable.

THIS $15.87 GUN IS MADE WITH THE LATEST TOP SNAP BREAK, has genuine Damascus steel barrels, has the very best made bar rebounding locks, barrels are flattened at breech, known as water table; is fitted with the very latest concave circular hammers, has the very best nitro firing pins, is made with an Edwards' strong full extension rib, which is neatly decorated, has a full fancy capped pistol grip, handsomely decorated; fine walnut stock and fore end, is fitted with the celebrated Deeley & Edge patent fore end, has a fancy rubber butt plate; the gun is elaborately engraved by hand.

CONSIDER, FOR $15.87 YOU GET A GENUINE AMERICAN MADE GUARANTEED DOUBLE BARREL BREECH LOADING SHOTGUN, fitted with the very finest genuine Damascus steel barrels, choke bored by the celebrated Taper system, bored for white or nitro powder; you get a gun covered by a binding guarantee to the effect that it is in all essential parts the equal of any gun made, regardless of price. For $15.87 we furnish this gun in 12-gauge, 30 or 32-inch barrels, a gun weighing 7½ to 8 pounds.

WE ESPECIALLY RECOMMEND THIS OUR HIGH GRADE GUN AT $15.87. We guarantee every penny extra you pay in selecting this our highest grade gun goes into the work. The difference of $10.22 for our cheapest guaranteed American gun and this at $15.87 is the exact difference in cost to us. It is represented by the difference in the cost of material and labor.

WE GUARANTEE THAT IF YOU ORDER THIS GUN FOR $15.87 you will find it equal to any gun you can buy elsewhere for twice the money, equal in all essential parts to any gun at any price. Don't let anyone persuade you into buying an imitation Damascus barrel gun offered by other houses. This gun is guaranteed to have genuine Damascus barrels or money refunded. Shipping weight, about 13 pounds.

No. 6T265 12-gauge, 30 or 32-inch barrels; weight, 7¾ to 8 pounds. Our special price..... **$15.87**

Our 8-gauge Goose Gun is made especially for us under contract, and nothing but the best material and the best barrels are used in the construction of this gun. We realized the importance of having guns intended for 8-gauge charges, strong at every point, and we have covered these points in the manufacture of these goose guns.

No. 6T282 The Giant Goose Gun. Made 8-gauge, 36-inch barrels; weight, 12 to 14 pounds. Our special price..... $21.40

HOW DAMASCUS GUN BARRELS ARE MADE.

The above illustration shows, as near as possible, how the Damascus gun barrels are made. The three strips, A, B and C, each consist of from 40 to 60 layers of iron and steel welded together into one square strip, then they are twisted (D) while hot and rewelded into one strip about ⅜-inch wide, and ⅛-inch thick; the object being that if any one of these numerous layers of iron or steel has a flaw, the welding process entirely eliminates the flaw. After these numerous layers of iron and steel are twisted and rewelded into one strip, the strip is twisted around a mandrel and welded together as shown in the illustration.

These barrels are all hand made by skilled mechanics who have spent years in learning this art. They cannot be made by machinery. When a barrel is made from three strips it is called three-blade Damascus, when made from two strips it is called two-blade Damascus, and when made from one strip it is called laminated steel. The more strips used in making the barrel, the finer is the figure of the barrel, and the more costly to make.

HOW TO AVOID DELAY. We carry a stock valued at about Two Million Dollars, and aim to keep this stock up, but it sometimes happens that we receive orders in one day from every part of the United States for the same single item, which exhausts the stock temporarily. It also sometimes happens that one of our factories falls in business, has labor strikes, can't make goods as fast as we sell them, and, while we try as far as possible to deal with reliable factories, we cannot guarantee to furnish goods under these conditions, but we always try to do the best we can for our customers. If you can give us a second or third choice when we are out of an article, it will avoid delay in shipping your order.

WE MAKE NO EXTRA CHARGE FOR BOXINC AND PACKING GUNS. SOME HOUSES DO.

NOTICE. Any goods not described or listed in this catalogue and bought for your convenience, or made to special order, cannot be returned under any circumstances if sent as ordered.

SEND GOODS BY FREIGHT. We advise sending goods by freight, as it is cheaper than by express. If you order a gun or a rifle, and you include enough needed goods from our big catalogue to make a shipment of 50 to 100 pounds, the entire shipment will be very near as cheap by freight as the gun alone would cost you by express. When shipping 50 to 100 pounds or more by freight, it makes the freight charges cost practically next to nothing on each item.

RUSTED AND DAMAGED GUNS. Do not return to us a gun, revolver or rifle which is rusted, pitted or has the finish worn off, for we have no way of selling these guns. If you have a gun, revolver or rifle which needs repairing, first write us fully describing the article and what is broken, as we may be able to send you the part necessary, thus saving the express charges on the gun both ways.

OUR HIGHLY ENGRAVED DIANA STYLE BREECH, DOUBLE BARREL BREECH LOADER FOR ONLY $10.90

Our Patent Globe Sight furnished free with this gun. Doubles the value of any shotgun for wing shooting.

12-GAUGE LOADED SHELLS, $1.29 per 100. See page 310

MADE IN 12-CAUCE ONLY.

THIS GUN IS MADE IN EUROPE by one of the oldest and most reliable makers there, and we offer it for the first time at the remarkably low price of $10.90. Don't be deceived by anyone into buying any of the many cheap imitations.

By reason of a large contract, which we have made for a quantity of these guns, we have gotten the manufacturer to figure the price down to the lowest point, and by paying cash for the goods we were able to obtain them based on the actual cost of labor and material, and by adding our one small percentage of profit, we are enabled to name you this heretofore unheard of price on the highly engraved Diana Style Breech, Double Barrel Breech Loading Shotgun.

No. 6T286
The above illustration, engraved from a photograph, will give you some idea of the appearance of this gun.

DESCRIPTION: Complete bar lock, top snap break, engraved lock plates, the best made, finest two-blade Damascus finished barrels, Diana style breech barrels, rebounding hammers, strong matted extension rib, pistol grip, selected walnut stock, finely checkered fore end, strong nitro firing pins, fancy butt plate. 12-gauge, 30 or 32-inch barrels as desired. Weight, 7½ to 8 pounds. A neat, well made and attractive looking gun. ALL THESE GUNS are tested by the Belgian Government to stand the rigid Government test, which is described on another page, and all guns have the celebrated Raleigh steel barrels. Weight, packed for shipment, about 13 pounds.

No. 6T286 12-gauge, 30 or 32-inch barrels; weight, 7½ to 8 pounds. Our price..... $10.90

When Loading Black Powder weigh by Avoirdupois weight.
When Loading Nitro Powder weigh by Apothecary's weight.

THIS ILLUSTRATION will serve to give you an idea of the general appearance of this gun, which is very handsome in appearance, and a first class shooter. It has Royal Damascus finished barrels, made from Wilson's celebrated steel, with fine matted rib. The latest patent top lever break. Low circular rebounding hammers below the line of sight. Beautifully engraved locks and action. The lock plate being inlaid with a silver hunting dog, which, together with the beautiful hand engraving gives this gun the fine appearance only found in high priced guns. The stock is of fine walnut, full checkered pistol grip with inlaid cap, and full checkered patent fore end; fancy butt plate. Strong, durable action with two through lumps, shell extractor, Morgan extension rib, and all improvements of the high priced guns.

Our Patent Globe Sight furnished free with this gun. Doubles the value of any shotgun for wing shooting.

THE T. BARKER GUN is made by one of the most noted gun makers. It is one of the best guns we have ever handled, and has never yet failed to give perfect satisfaction.

OUR BIG LEADER. This gun would retail at $20.00 from regular stores. We furnish them in 10, 12 or 16-gauge, as desired. Weight, packed for shipment, 13 pounds. No handsomer gun made. No better gun for all purposes.

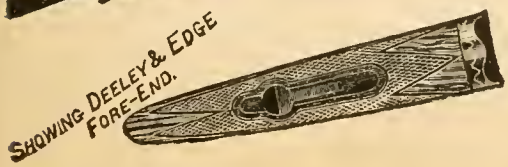
12-GAUGE LOADED SHELLS, $1.29 PER 100. See Page 310.

BARRELS MADE FROM WILSON'S BEST STEEL.

DEELEY & EDGE FORE END.

No. 6T300

Our Patent Globe Sight furnished free with this gun. Doubles the value of any shotgun for wing shooting.



AT $12.72 WE OFFER

a strictly high grade imported shotgun as shown in this illustration. While this picture is drawn by our artist, and the cut is made direct from the gun itself, it does not give a perfect idea of the wonderful value which we are offering at the low price named above. This shotgun is one of the latest guns on the market, bought by our European buyer because of its manifest excellence and wonderful value, and offered to our customers at importers prices, representing a saving of from 33⅓ to 40 per cent.

THIS BEAUTIFUL GUN is furnished in 12-gange only, has fine two blade Boston finished Damascus barrels, rebounding bar locks, matted extension rib, circular hammers and pistol grip. The stock is made of the very best selected walnut and, as shown in the illustration, the gun has the celebrated Deeley & Edge fore end. It is complete with nitro firing pins, fancy butt plate, case hardened locks and breech. Our buyer was able to secure a limited lot of these high grade guns. In view of the fact that we are quoting this gun in our catalogue, which goes to 3,000,000 customers, it will be well worth your while to send your order at once, for after this consignment is gone we doubt whether others can be secured before six months or a year. While they last they will be offered with Deeley & Edge fore end at our reduced price of $12.72.

No. 6T300 12-gauge, 30 or 32-inch barrels; weight, 7½ to 8 pounds. Weight, packed for shipping, about 13 pounds. Our special price..... $12.72

OUR $17.10 BELGIAN COMBINED RIFLE AND SHOTGUN.

THIS ILLUSTRATION OF OUR COMBINED RIFLE AND SHOTGUN is an engraving made by our artist direct from the gun itself and is a very excellent reproduction of this handsome field piece. For hunters who find use for both shotgun and rifle, this gun is par excellence, relieves one of the necessity of carrying two guns, is thoroughly well made by the best European manufacturer, accurate, reliable, and thoroughly satisfactory in every respect. The rifle barrel shoots cartridge No. 6T2432.

EQUAL TO $25.00 AND $30.00 GUNS.

OUR $17.10 BELGIAN COMBINED RIFLE AND SHOTGUN is a gun equal to what retail gun stores offer for $25.00 to $30.00; it is such a gun value as has never before been offered. In appearance one of the handsomest guns made. Combines every strictly high grade feature, easily handled. A gun that cannot get out of order, a gun that will last a lifetime.

EVERY $17.10 GUN we put out will be a big advertisement for us. Everyone who sees the gun will admire it; every true sportsman will appreciate its splendid qualities, and every dealer in sporting goods will realize the wonderful value we are offering in this field-piece at only $17.10. On this basis we solicit your order, feeling confident we will give you such a gun at the price as cannot be duplicated elsewhere.

$17.10

No. 6T308

38-55 CALIBER RIFLE BARREL., 12-GAUGE SHOTGUN BARREL.
Cannot be Furnished in Any Other Caliber or Gauge.

This combined shotgun and rifle has a 38-55 caliber rifle barrel and a 12-gauge shotgun barrel, side by side, as shown in the illustration. It has top snap break, the barrels are laminated finish, complete with back action locks, rebounding hammers, extension rib and pistol grip. Has the celebrated Spring patent fore end and nitro firing pins. It has matted rib, handsomely ornamented butt plate and circular hammers. The sights are the best rifle front and rear sights.

IN OFFERING THIS GUN AT $17.10 we are saving you the profits and expenses of the jobber and wholesaler and being large importers ourselves are able to furnish the gun to you at importers' prices, which means that the gun costs our customers about the same that the wholesale dealer has to pay for it. This gun will seldom if ever retail at less than $25.00 to $28.00, and even a higher price will be asked by many dealers who have little competition. The Globe sight cannot be fitted to this rifle and shotgun as well as on a double barrel shotgun on account of one barrel being smaller than the other.

No. 6T308 12-gauge shotgun barrel, 38-55 caliber rifle barrel, taking cartridge No. 6T2432; 30-inch barrels; weight, 8¼ to 8¾ pounds. Our special price..... (Weight, boxed for shipping, about 15 pounds)..... **$17.10**

$5.65 OUR SPECIAL BELGIAN DOUBLE BARREL MUZZLE LOADER.

No. 6T324 Has laminated steel finished barrels, filed patented breech, case hardened back action lock plates, fancy carved stock as shown in illustration, wood ramrod, German silver escutcheons, iron butt plate, blued mountings. The above illustration is made from a photograph by our artist and we consider this the best value ever offered for the money. Made in 12 or 14-gauge, 32 or 34-inch barrels; weight, 7½ to 8 pounds. Weight, packed for shipping, about 13 pounds.

Our special price..... **$5.65**

THE BELGIAN MUZZLE LOADING DOUBLE BARREL SHOTGUN ...FOR $6.98

No. 6T331

These guns are imported direct from Belgium, and all have the Belgian Government test same as our Breech Loaders.

No. 6T331 Has genuine patent breech, genuine twist barrels, case hardened bar lock plates, checkered pistol grip stock, wood ramrod, German silver escutcheons, iron butt plate case hardened and blued mountings. This illustration is made from a photograph of the gun and is an exact copy. This is our best grade muzzle loading double gun. Made in 12 and 14-gauge, 32 or 34-inch barrels; weight, 7½ to 8 pounds. Weight, packed for shipping, about 13 pounds.

Price..... **$6.98**

TO LOAD SHELLS. If you load your own shells and put one card wad and two black edge and then another cardboard wad over the powder and one card wad over the shot, it takes 1¼ pounds of black powder, 6¼ pounds of shot, 200 black edge wads and 300 cardboard wads to load 100 shells with 3 drams of powder and 1 ounce of shot.

A CUT DOWN MUSKET FOR $2.75.

We have secured a few more Cut Down Muskets, which we will close out at $2.75 each. There are only a few of these guns left on the market, and when these are gone there will be no more at any price. They are good shooters for general use.

No. 6T347 The above illustration shows the exact appearance of our Special $2.75 Cut Down Musket, made from U. S. Springfield Musket Model 1863. Altered to shotgun, front action lock, case hardened mountings and lock, blued barrel, steel rod. For quality of material, shooting qualities and durability, this gun is too well known to require any comment from us. Weight, packed for shipping, about 13 pounds. Price..... **$2.75**

PITTING OF GUN BARRELS. We frequently have complaints from some customers saying that their gun or rifle barrels have become pitted (or spotted) inside, and we wish to inform our customers that this is not the fault of the material from which gun barrels are made, nor is it the fault of the gun maker; it is usually caused by carelessness or neglect on the part of the owner of the gun.

If you wish to prevent your gun barrels from becoming pitted, do not leave any burnt powder inside, especially burnt nitro powder. Burnt nitro powder is extremely severe on steel and iron.

When 10, 12 or 16-gauge barrels become pitted, it necessitates having them re-bored and re-pollshed, which costs from $1.50 to $5.00, according to the condition of the barrels. As we are not responsible for pitting of gun barrels, we must charge for re-boring and re-polishing same.

Always clean and oil the gun or rifle barrels after shooting, and if you wish to put the gun up for several months, put a coating of gun grease inside of the barrels and keep it in a dry place. As a rule pitting does not hurt the shooting qualities of a gun.

$1.29 PER 100 FOR BEST LOADED SHELLS. SEE PAGE 310.

LOADED SHELLS $1.29 PER 100. SEE PAGE 310.

OUR 16-GAUGE AUTOMATIC EJECTOR SINGLE GUN, $4.55.

Decarbonized Armory Steel Barrel.

16-gauge only. 30 or 32-inch barrel. Weight, about 6½ lbs.

OUR $4.55 16-gauge Ejector Single Gun is fitted with decarbonized steel barrel, walnut pistol grip stock, walnut fore end, choke bored, bored smooth and true to gauge for field shooting and has fancy butt plate. The hammer is hung in the center so as to strike the cartridge square. The automatic ejector device is very strong and simple and cannot get out of order. The barrel is detachable, making it convenient to carry the gun apart in a Victoria style gun case. It is fitted with top snap break. The frame and trigger guard are case hardened and beautifully finished. Made in 16-gauge, 30 or 32-inch barrel. Shell is thrown out automatically when you open the gun. State length of barrel wanted.

Guaranteed Genuine Twist Steel Barrel.

OUR $5.05 16-gauge Ejector Single Gun is fitted with a genuine twist barrel, walnut pistol grip stock, walnut fore end, bored smooth and true to gauge, choke bored for field shooting and has fancy butt plate. The hammer is hung in the center so as to strike the cartridge square. The automatic ejector device is very strong and simple and cannot get out of order. The barrel is detachable, making it convenient to carry the gun apart in a Victoria style gun case. It has rebounding lock, top snap break, and the frame and trigger guard are case hardened and beautifully finished. Made in 16-gauge, 30 or 32-inch barrel. Shell is thrown out automatically when you open the gun. State length of barrel wanted.

No. 6T394 Weight, boxed for shipping, 10 pounds. Our price... **$5.05**

TESTING SHOTGUNS. When testing a shotgun do not attempt to test it on a target 12 inches square, but take three or four sheets of newspaper, rest the muzzle on some solid object, and shoot at 40 yards. This will give you a chance to see how the shot groups and will not deceive you in case you shoot to one side of the target which often happens and shows only about half the pellets. After you get the target, draw a 30-inch circle around the shot, and you will find as a rule that any gun you get from us will make a satisfactory target.

When a gun puts 60 per cent of the entire charge in a 30-inch circle it is considered a good shooting gun.

If you live in Canada the duty on guns is 30 per cent when shipped from the United States.

$3.98 BUYS THE LONG RANGE WINNER

AT $3.98 reduced from $5.50 the price of a year ago, and reduced from $4.45 the price of last season, we offer the genuine Long Range Winner as one the highest grade automatic, shell ejecting, single barrel breech loading shotguns made for white or black powder.

HOW WE MAKE THE PRICE $3.98.

$3.98 barely covers the cost of material and labor in our own gun factory with but our one small percentage of profit added. It is lower than dealers can buy in any quantity, a gun the equal of guns that retail everywhere at from $7.00 to $10.00.

OUR $1.00 OFFER. While nearly all of our customers send cash in full with their orders, we will, on receipt of $1.00, send this gun to any address by express C. O. D. subject to examination, the balance of $2.98 and express charges to be paid after the gun is received and found perfectly satisfactory and in every way as represented. We recommend that you send the full amount of cash with your order, as we guarantee the gun to reach you in perfect condition. We guarantee every part and piece that enters into the construction of the gun to be absolutely perfect, and if you do not find it equal to any automatic single barrel long range gun that retails at $7.00 to $10.00, you may return the gun to us immediately at our expense of express charges both ways, and we will return your money.

COMPARE THIS OUR $3.98 LONG RANGE WINNER with any of the single barrel, automatic shell ejecting, breech loading guns on the market, those catalogued by other houses at $4.50 to $6.00, those that retail generally at $7.00 to $10.00, and if you do not find our Long Range Winner at $3.98, the equal of any other shell ejecting breech loader, you can return the gun to us at our expense of express charges both ways and we will immediately return your money.

WE OWN THE FACTORY

in which these guns are made and control the entire output. The cost to us is gotten down to merely the cost of the raw material and labor, and to this we add our one small percentage of profit, naming the heretofore unheard of price of $3.98. This gun is made in our own factory at Worcester, Mass., and the factory is in charge of one of the best single gun makers in the world, and we believe under his management, utilizing the modern machinery we do, that we produce a better automatic shell ejecting single barrel shotgun at a lower cost than any other factory.

WE MAKE AND FINISH MORE BARRELS of this kind than any other maker, thus reducing the cost. On the item of barrels alone there is a saving to us in the cost of every gun over other manufacturers of about 50 cents. Where nearly all makers of single guns import the barrels, the barrels being made in Belgium, we make our barrels in our own factory from solid bars of genuine Wilson welded steel. To make the barrels we buy the highest grade of genuine Wilson welded steel in solid bars of about 12 foot lengths. We cut this steel up into lengths of 30 and 32 inches, and in a new improved automatic barrel boring machine we bore two barrels at a time, and by this process we not only reduce the cost of the barrels about 50 cents each, but we furnish a higher grade, truer, stronger, better finish, and hence a better shooting barrel than is furnished on any single gun made.

BY OUR SYSTEM each barrel is choke bored for strong and long range shooting, made and bored to shoot either white, nitro or black powder, is more highly polished, better finished and blued than any similar gun on the market. We have installed special machinery for making every screw, every piece and every part for the milling, cutting, polishing, shaping, making and fitting of stock, the most economical and finest case hardening plant, everything combined to turn out a perfect gun at the very minimum of cost, and to this actual cost we add our one small percentage of profit, and quote the ridiculously low price of $3.98.

WE LOCATED OUR SINGLE GUN FACTORY at Worcester as a matter of economy and efficiency of labor. Worcester, Mass., is located in the very center of the gun and revolver making industry of America. Within a short radius of our factory, nearly all the American gun and revolver factories are located, hence we have the most skilled labor concentrated and always at our disposal. The supply usually being in excess of the demands of other factories, we are able to build this gun at a lower wage scale at Worcester than at any other point in the country.

ALL THIS HELPS TO MAKE POSSIBLE OUR SPECIAL $3.98 PRICE.

$3.98

LOADED SHELLS $1.29 PER 100

SEE PAGE 310.

WILSON'S WELDED STEEL.

TAPER CHOKE BORED

SPECIAL POINTS OF EXCELLENCE.

We claim for the Long Range Winner, superiority over other single barrel guns, especially on the following points: First, genuine Wilson's welded steel barrels, choke bored, and finished in our own factory, smoother, stronger and better than other makers furnish, and bored for Nitro or black powder.

AUTOMATIC SHELL EJECTOR, stronger, more sure, and less liable to get out of order than any other single barrel shell ejecting device made.

LOCKING BOLT. The heaviest, strongest and best locking bolt used on any single gun.

FRAME AND ACTION. The strongest, handsomest, most simple, oeatest and best finished frame and action used on a single barrel ejector.

SHOOTING QUALITIES. Above all we claim for our $3.98 Long Range Winner, the best shooter of any single barrel gun of this type on the market. Our barrels and frames are made, and the gun is hung in a way that insures a better target at longer range than you will get from any single barrel gun you can buy from any other house at $1.00 to $3.00 more money.

UNDERSTAND, we accept your order and money with the agreement to immediately return your money to you and pay the express charges both ways if the gun is not found perfectly satisfactory.

DETAILED DESCRIPTION.

BARREL. The barrel is made from the highest grade of extra refined, thoroughly tested genuine Wilson's welded steel, choke bored by the celebrated Taper system. Each barrel is blued, decarbonized finish, fitted with automatic shell ejector, one of the strongest positive-motions, perfect working automatic shell ejectors made, so constructed that when you open the gun the empty or discharged shell is automatically thrown clear from the gun.

The illustration shows the action of the shell as it is being automatically ejected. By this device there is no stopping to remove the shell by hand, it being thrown clear from your way ready to receive the new loaded shell. This makes possible very rapid firing, in fact, you can load and unload very much faster than with the ordinary extractor gun. The device is only appreciated by those who have used automatic shell ejecting guns, and such people would have no other, in fact with this single barrel automatic shell ejecting gun you shoot almost as rapidly, and do almost the same execution that you can accomplish with a double barrel hammer breech loading shotgun.

FRAME. The $3.98 Long Range Winner has one of the very strongest solid steel frames, made extra heavy, reinforced at all parts, nicely shaped, perfectly finished. It is given a handsome mottled finish on the outside. It has the latest rebounding hammer, positive springs, the very latest top snap break. The gun is the latest type of take-down or detachable model. By simply removing the thumbscrew the barrel and fore end can be detached from the frame.

STOCK. This gun is fitted with an extra quality, thoroughly seasoned straight grain walnut stock, with pistol grip as illustrated, and the stock is fitted with a fancy butt plate. The fore-end is of selected straight grained seasoned black walnut.

GENERAL FINISH. This gun is gotten up to present a more symmetrical, shapely and in every way a better general appearance than the ordinary single barrel gun. With its neat stock, handsome butt plate, beautifully decarbonized frame and trimmings, highly finished blued barrel, nicely proportioned parts and fittings throughout, even at our special $3.98 price it is one of the handsomest single guns on the market.

GAUGE. This gun comes in 12-gauge only, and being made and bored for white or black powder, made extra strong throughout, the gun is suitable for any kind of shooting where any shotgun can be used, suitable for game, geese, ducks, chickens, partridge, quail, snipe, rabbit, squirrel, etc.

LENGTH OF BARREL. The barrel is either 30 or 32 inches in length as desired. When ordering be sure to state the length of barrel wanted.

NOTE THE ILLUSTRATION. From this large illustration, engraved by our artist from a photograph taken direct from the gun, showing the ejector and action automatically throwing the shell from the gun, you can form a good idea of the general finish and style of this our $3.98 Long Range Winner, but it is a gun you must see and compare with other guns to appreciate the value we are offering.

ABOUT THE EXPRESS CHARGES

The gun weighs packed for shipment about 10 pounds, and you will find the express charges will amount to next to nothing as compared with what we will save you in price. The express charges will average for 300 miles, 40 cents; for 500 miles, 50 to 65 cents; 1,000 miles and upwards, 75 cents to $1.00. If you live in Canada the Canadian Government will charge you 30 per cent duty or $1.20 on this gun when shipped from here.

OUR $3.98 GUN weighs about 6½ pounds, making a light gun to carry, very convenient and at the same time one of the strongest shooting guns made, and in this respect is more convenient than a double barrel gun, for it is in shooting qualities equal to a double barrel gun that would weigh from 8 to 10 pounds.

Weight, packed for shipment, about 10 pounds.

ALWAYS STATE LENGTH OF BARREL WANTED.

No. 66T15519 Long Range Winner, 12-gauge, 30 or 32-inch barrel. Our special price, $3.98

NO. 66T15519 ORDER BY NUMBER.

THE NEW WHITE POWDER WONDER, $4.10.

ONLY $4.10 FOR A GENUINE AMERICAN MADE NITRO POWDER BREECH LOADER. $4.10 is the LOWEST PRICE ever made on a breech loading gun made to shoot white powder. The manufacturer guarantees this gun the equal of any gun made in shooting qualities and OUR SPECIAL PRICE of $4.10 is based on the actual cost to make, with but our one small percentage of profit added. Don't buy a cheap gun. Order this and if you don't find it the greatest value for $4.10 in a single barrel breech loader you have ever seen, return it at our expense immediately and we will refund your money.

BORED FOR NITRO POWDER.

The strongest single gun made. Barrel is made of Wilson's best welded steel. Choke bored. Makes a good target. Will shoot any kind of smokeless or black powder.

12-GAUGE ONLY.

THE NEW WHITE POWDER WONDER is a gun that will stand any load. We have had a large quantity of these guns made especially for us and can now supply those of our customers who desire an extra strong gun for nitro powder, and adapted to heavy loads for long range shooting. This gun is gotten up expressly for heavy shooting and will stand any proper load, having a double reinforced breech, and made of the finest quality of steel, imported expressly for them. The barrel fits squarely in the frame and is bolted by a special device, which makes it impossible for it to become shaky. They have a fine walnut pistol grip stock with top lever break. The barrel and mountings are of the finest blued finish. The breech of this gun being very thick, gives the barrel a beautiful taper which is seldom seen even on high priced guns.

WE FULLY GUARANTEE this gun for either smokeless or black powder, and for those who desire a gun for heavy shooting, we recommend the White Powder Wonder. All are choke bored, bored on the taper system. Our sale of these guns has been constantly increasing, and we have made a contract this year for twice as many guns as we sold last year, and by increasing our contract we were able to make a slight reduction in the cost of manufacture, and we give you the benefit of this reduction.

LOADED SHELLS, $1.29 PER 100.

No. 6T413 12-gauge only, 30 or 32-inch barrel; weight, 6¼ to 6½ pounds. Mention length of barrel wanted. Weight, packed for shipment, about 10 pounds. Our special price..... **$4.10**

OUR $4.40 NEW WHITE POWDER WONDER EJECTOR.

OUR $4.40 PRICE is made possible by reason of our building this gun in our own factory. We started the manufacture of these guns with a view of giving our customers something better than the regular grade of single barrel guns turned out by factories generally. We started our own factory that we might produce a gun free from all the weak points of the many guns that are being manufactured under competitive conditions that compel the manufacturer to slight vital parts in order to meet the price made by other makers.

WE HAVE SUCCEEDED in turning out in our New White Powder Wonder Ejector, a gun combining the good points of all strictly high grade guns with the defects of none, and yet on a basis of the actual manufacturing cost, the cost of material and labor with but our one small percentage of profit added. We can offer this gun

AT ONLY $4.40, much less than inferior single guns are being sold generally.

AT $4.40 a reduction of $1.50 from our last year's price of $5.90, we offer the New Improved White Powder Wonder Ejector, a gun with all the very latest 1902 improvements brought right up to date, a high class automatic shell ejector breech loading single barrel shotgun, built to combine the good points of every strictly high grade single barrel shotgun made, with the defects of none, at a price much lower than ever before known, a price that barely covers the cost of material and labor with but our one small percentage of profit added, one of the highest of high grade single barrel shotguns. We especially recommend to you for your consideration our New 1902 Model White Powder Wonder Automatic Ejecting Single Barrel Loading Shotgun at only $4.40.

No. 6T414 Order by Number.

LOADED SHELLS, $1.29 PER 100. See page 310.

FROM THE ILLUSTRATION, engraved by our own artist from a photograph, taken direct from our $4.40 New White Powder Wonder Ejector, you can form some idea of the appearance of this gun, but you must see this gun, examine it, compare it with others, must put it to the test of its shooting qualities, compare its target, penetration, long range, killing effect, to realize fully what we have, from our own factory, from the material we ourselves control, from the workmanship we put on the gun by employing the very finest automatic machinery, attained in this justly termed, New White Powder Wonder Ejector; THE ONLY WHITE POWDER EJECTOR AMERICAN GUN OFFERED AT $4.40.

SPECIAL POINTS OF SUPERIORITY in the New Model White Powder Wonder over the many other single guns made: Wilson's highest grade full welded steel barrel, bored for black or white nitro powder, choke bored by the celebrated taper system; more perfect and more positive action; stronger built and lock mechanism; highest grade automatic shell ejector made; greater strength, accuracy and better finished frame; interchangeable and better finished parts; longer range, better target and more carefully tested. All these very essential points in the shooting and lasting qualities of a gun go to make our New Model White Powder Wonder Ejector superior to any of the regular factory made ejectors now on the market.

BROKEN PARTS ALWAYS REPLACED. If by accident or otherwise any part should get broken or become lost, being interchangeable they can be readily replaced and can always be had from us at a very nominal charge.

OUR BINDING GUARANTEE. Every New White Powder Wonder Ejector offered at $4.40, is sent out under our binding guarantee, by the terms and conditions of which if any piece or part gives out by reason of defect in material or workmanship within one year from date of purchase, we will replace or repair it free of charge.

DETAILED SPECIFICATIONS. Wilson's welded steel barrel; choke bored by the celebrated taper system; very finest automatic ejector, heavy bolted, self locking, self compensating, interchangeable parts, reinforced frame, beautifully case hardened; barrel detachable from frame; rebounding hammer, latest top snap break, fine selected straight grain pistol grip walnut stock, fancy butt plate to stock.

Weight, packed for shipment, about 10 pounds.

No. 6T414 Automatic Ejector, case hardened frame, 12-gauge only, 30 or 32-inch barrel. State length of barrel wanted. Our price..... **$4.40**

OUR GOLD MEDAL WONDER, WITH GENUINE TWIST BARREL, $4.60.

FOR $4.60 WE OFFER YOU A GENUINE TWIST BARREL AMERICAN MADE SINGLE BARREL BREECH LOADER, BORED FOR NITRO OR BLACK POWDER.

WE HAVE JUST CONSUMMATED A LARGE CONTRACT with one of the largest manufacturers in this country, and by taking his entire output for a term of years, we are able to offer you this heretofore unheard of price on an American made Single Barrel Breech Loader with GENUINE TWIST BARRELS.

THE GOLD MEDAL WONDER Single Barrel Breech Loader is made from the best material that money can buy, made by the latest improved machinery by skilled mechanics, bored on the latest improved principles, all leading parts being made to gauge are interchangeable, the springs of the best quality steel, best quality walnut stock, fancy butt plate and walnut fore end.

FROM THE ILLUSTRATION engraved by our artist from a photograph taken direct from the gun, you can form some idea of the appearance of the new

GOLD MEDAL WONDER
SINGLE BARREL BREECH
LOADING SHOTGUN.

WE MAKE AN EXCEPTION TO OUR $10.00 RULE, and furnish our own patent Globe Shotgun Sight Free with this gun. The sight alone is worth more than the price of the gun, for the shooting possibility it adds to the gun. You get the sight for nothing if you send $4.60 for this gun.

LOADED SHELLS, $1.29 PER 100. SEE PAGE 310.

We furnish the Gold Medal Wonder Single Barrel Breech-Loading Shotgun with GENUINE TWIST BARREL in 12-gauge only; 30 or 32-inch; weighs, 6¼ to 6½ pounds.

DESCRIPTION—It is fitted with a top snap break, rebounding hammer, walnut pistol grip stock and fore end. The mountings are beautifully finished, made extra strong at all essential points, and the gun is so constructed that the barrel may be taken from the frame by unscrewing the thumbscrew at the side of the frame, and the gun is bored on the taper choke system, giving the best penetration possible.

THE PRICE which we name on this gun is, as far as we can learn, lower than any dealer can buy a similar gun in quantities, and it represents the actual cost of material and labor with one small percentage of profit added. Weight, packed for shipment, about 10 pounds.

No. 6T420 Our Gold Medal Wonder with genuine twist barrel, 12-gauge, 30 or 32-inch barrel. Mention length wanted. Our special price..... **$4.60**

NOTICE. When ordering parts for guns, rifles or revolvers, always give the catalogue number in full, also give the name, caliber, gauge of the gun, rifle or revolver. This will save us from writing you for this information.

OUR WORLD'S CHALLENGE EJECTOR, WITH GENUINE TWIST BARREL $4.90

FOR $4.90 WE OFFER THE WORLD'S CHALLENGE EJECTOR SINGLE BARREL BREECH LOADER WITH GENUINE TWIST BARREL.

We furnish our own patented shotgun Globe Sight for this our World's Challenge $4.90 Ejector Single Barrel Breech Loading Shotgun. While the profit does not admit of it, we make a single exception in our Gold Medal Wonder at $4.60 and our World's Challenge Ejector at $4.90 single barrel shotgun, and furnish free with each gun our patent Globe Sight. The sight alone for effective wing shooting is worth more than the price of the gun. It makes possible such effective wing game shooting with this gun in the hands of even a poor shot as can only be accomplished by the most expert marksman without our sight.

Our Globe Sight is owned by us and can only be had from us, but we will furnish it to you free with every World's Challenge Ejector at $4.90 and you cannot afford to buy a single barrel shotgun from any other house when you can get our World's Challenge Ejector for $4.90 and our patent Globe Sight attachment FREE.

EACH AND EVERY ESSENTIAL PART is made to gauge and interchangeable, and the gun is made from the best material, by the most improved machinery and by the best mechanics obtainable for this class of work. The barrel is bored on the latest improved taper system, which gives the best possible penetration for field or water fowl shooting.

DESCRIPTION: Our World's Challenge Ejector has a genuine twist barrel, the best quality walnut pistol grip stock, beautifully case hardened frame, walnut fore end, top lever, rebounding hammer, fancy butt plate, and is bored for either nitro or black powder.

IT IS ONE OF THE BEST and closest shooting single barrel shotguns made, and will shoot any proper load of smokeless or black powder.

THE BARREL on this gun is a genuine twist and not imitation twist as sold by some houses. We guarantee this gun to be just as represented or money refunded.

NO OTHER HOUSE will give you such a guarantee on a gun at the price which we offer you this gun, and it is certainly the best value offered by any house in the United States.

LOADED SHELLS $1.29 PER 100. SEE PAGE 310

OUR WORLD'S CHALLENGE EJECTOR is fitted with an automatic shell ejector, which throws out the empty shell after it has been fired and the gun is ready for reloading. By having an automatic shell ejector gun, you can lead and shoot a single barrel gun very nearly as quick as a double barrel gun. **Weight, packed for shipping, about 10 lbs.**

No. 6T422 **Our World's Challenge Ejector** is made in 12-gauge only, 30 or 32-inch barrel; weight, 6¼ to 6½ pounds. Mention length of barrel wanted. **$4.90**

TESTING SHOTGUNS. When testing a shotgun do not attempt to test it on a target 12 inches square, but take three or four sheets of newspaper, rest the muzzle on some solid object, and shoot at 40 yards. This will give you a chance to see how the shot groups, and will not deceive you in case you shoot to one side of the target, which often happens, and shows only about half the pellets. After you get the target, draw a 30-inch circle around the shot, and you will find, as a rule, that any gun you get from us will make a satisfactory target. When a gun puts 60 per cent of the entire charge in a 30-inch circle, it is considered a good shooting gun.

NEW FOREHAND SINGLE BARREL HAMMERLESS GUN, $6.87

MANUFACTURED by the Hopkins & Allen Mfg. Co., Norwich, Conn., who have bought all the patents, machinery, tools, etc., from the Forehand Arms Co. We have all the guns that have been finished specially fine and put to the severest test of pattern, penetration and action. It is the finest, the best single breech loading shotgun made. RUSTED AND DAMAGED GUNS. Do not return to us a gun, revolver or rifle which is rusted, pitted or has the finish worn off, for we have no way of selling these guns. If you have a gun, revolver or rifle which needs repairing, first write us fully describing the article and what is broken and we may be able to send you the part necessary, thus saving the express charges on the gun both ways.

$1.29 PER 100 FOR BLACK POWDER, $1.67 FOR SMOKELESS, BUYS BEST GRADE 12-GAUGE LOADED SHELLS. See Page 310.

OUR 36 AND 40-INCH SINGLE BARREL SHOTGUNS.

OUR NEW 36 AND 40-INCH BARREL, AUTOMATIC EJECTOR, SINGLE BARREL BREECH LOADER, $5.95 AND $6.55.

In response to the many inquiries for a 36 and 40-inch, 12 or 16-gauge Single Barrel Breech Loading Shotgun, we have had some special barrels made and are now able to furnish a single barrel gun with 36 and 40-inch barrels for our southern and western trade.

As all 12 and 16-gauge guns are usually made in 30 and 32-inch barrels, all makers have their machinery arranged and set for the 30 and 32-inch barrels only, and will not go to the expense of changing the machinery for making and handling 36 and 40-inch barrels; we have gone to this expense and now offer you 36 and 40-inch single barrel, breech loading guns in 12 and 16-gauge for only

$5.95 AND $6.55

No. 6T510

These Special 36 and 40-inch Barrel Guns are made of the best material throughout, with automatic shell ejectors, made on the latest improved principle, choke bored by the latest taper system, fine quality of walnut stock, and fore end nicely finished; and bored for nitro or black powder.

ORDER BY NUMBER.

The automatic ejector device is very strong and simple and less liable to get out of order than any other device known.

The frame is made from the best material that money can buy; the barrel from Wilson's best quality welded steel, and we consider it one of the best guns that was ever put upon the market.

The frame and trigger guard are case hardened and beautifully finished; all are made with pistol grip walnut stocks. The hammer is hung in the center of the frame so as to strike the shell squarely; and the gun can be taken down by removing the patent fore end. Weight, packed in box, for shipping, about 12 pounds.

No. 6T510 12-gauge, 36-inch barrel; weight about 7 to 7¼ pounds; blued steel barrels, pistol grip stock, rebounding hammer, patent top snap action, fancy butt plate, automatic shell ejector. Our special price..... $5.95

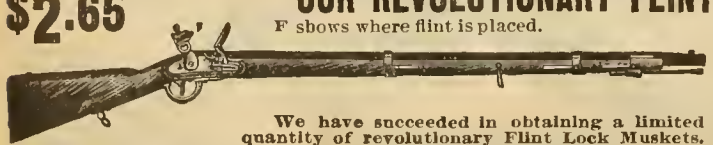
Weight, packed for shipment, about 10 pounds.

$2.65 OUR REVOLUTIONARY FLINT LOCK MUSKET FOR ONLY $2.65.

F shows where flint is placed.



We have succeeded in obtaining a limited quantity of revolutionary Flint Lock Muskets. These muskets have a 37-inch blued barrel, and weigh 9 pounds, fitted with three steel bands and a steel ramrod.

They have been cleaned and refinished. It has been supposed that there were no more of these flint lock muskets to be had, but our European buyer succeeded in finding a small lot of them in Belgium and has sent them on to us.

This Revolutionary Musket is not only a good antique relic, but it may also be used as a shotgun, by first loading the gun, then raising the hammer and placing some powder in the powder pan. The gun is then ready to shoot. When you pull the trigger, the flint ignites the powder by striking the pan cover and producing sparks.

Do not fail to place your order as early as possible, because the supply is limited and liable to become exhausted. When you have one of these flint lock muskets you can show your friends the kind of gun that our grandfathers and great grandfathers used to shoot before caps and cartridges were invented. All you need for shooting this musket is powder and shot. The gun does the rest.

No. 6T540 Our special price for this revolutionary flint lock musket, only..... $2.65

Weight, packed ready for shipment, about 14 pounds.

WINCHESTER REPEATING SHOTGUNS $17.92 TO $33.60.

ILLUSTRATION OF WINCHESTER REPEATING SHOTGUN, MODEL 1897.

WE WOULD BE GLAD and perfectly willing to sell this line at lower prices, but the manufacturer restricts the selling prices and would not supply us with goods were we to sell below these printed prices. **THESE PRICES ARE GUARANTEED** to be as low as offered by any reliable dealer in the United States, and should you be offered these goods lower by any dealer, you would confer a great favor by advising us in order to give us an opportunity of adjusting the prices.

THE WINCHESTER REPEATING SHOTGUNS, as furnished by us in the following grades, are manufactured from the very best material that money can buy, built by the best mechanics that may be employed, every piece and part is made true to gauge, tempered and case hardened in a thorough manner, and it is impossible to produce a better firearm in workmanship, material and exactness at any price, and all parts are interchangeable.

THE BARRELS OF OUR WINCHESTER SHOTGUNS are made from a very superior grade of steel, which has an elastic limit of 45,000 pounds. This means that a pressure of 45,000 pounds would not burst the barrels; and while the average shotgun shell when properly loaded has an initial pressure of 10,000 to 15,000 pounds, you can readily see that the barrels of our Winchester repeating shotguns are amply able to stand any properly loaded shotgun shells; and as the barrel is one of the main parts of a shotgun, we cannot recommend these guns too highly on account of their very superior grade of barrels, finest kind of accurate and finished workmanship, well seasoned and selected walnut stock, all parts interchangeable, so that if a part breaks it can easily be replaced at a reasonable expense, and will not have to be made by hand.

ALL OUR REGULAR WINCHESTER REPEATING SHOTGUNS in 16-gauge 28-inch barrel and 12-gauge 30 or 32-inch barrels are made full choke bored, while all our Winchester repeating Brush guns are made cylinder bore only.

THE BRUSH GUNS are intended for shooting in underbrush, woods, etc., or for buck shot, where the hunter usually sees the game at short range, while the choke bored guns are intended for shooting where the game is liable to be encountered at a distance of thirty to sixty yards.

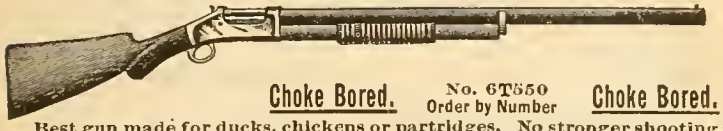
To load the magazine turn the gun with the guard upward, lay the cartridge on the underside of the carrier and push it into the magazine.

Model 1897. Latest Repeating Shotgun Made.

THIS GUN IS KNOWN AS THE WINCHESTER PUMP GUN.

Model of 1897. Winchester Repeating Shotgun. Shoots six times without reloading. Retails at $25.00; our special price..... **$17.92**

THE HIGHEST GRADE, MOST PERFECT, BEST WORKING AND LOWEST PRICE REPEATING SHOTGUN MADE.



Choke Bored. No. 6T550 Order by Number Choke Bored.

Best gun made for ducks, chickens or partridges. No stronger shooting gun made; has wonderful penetration and makes a perfect pattern. Operated by sliding forearm below the barrel. When the hammer is down the backward and forward motion of this slide unlocks and opens the breech lock, ejects the cartridge or fired shell and replaces it with a fresh cartridge. The construction of the arm is such that the hammer cannot fall on the firing pin and strike the cartridge until the breech block is in place and locked fast; while the hammer stands at the full cock notch the gun is locked against opening. In this position the firing pin must be pushed forward to open the gun. When the hammer stands at half cock, the gun is locked both against opening and pulling the trigger. **To load the magazine** turn the gun with the guard upward, lay the cartridge on the under side of the carrier and push it into the magazine.

Finest quality, patent rolled steel barrel, fine selected walnut stock, pistol grip; length of stock, 13 inches; drop of stock, 2¾ inches; weight, 7¾ pounds, shoots six times without reloading.

No. 6T550 12-gauge, 30 or 32-inch barrel. Choke bored. Mention length wanted. Our special price, with Globe sight..... **$17.92**

No. 6T555 Winchester Brush Gun. 12-gauge, 26-inch barrel, cylinder bored, magazine holds four cartridges. A fine gun for buckshot. Our price..... **$19.34**

The Brush gun is simple in construction, very few parts and not liable to get out of order. Most rapid action made, cylinder bored to do the best shooting possible with buckshot. Weight, packed in box, about 14 pounds.

Winchester Take Down Shotguns.

WONDERFUL VALUE FOR $19.34.

$19.34 FOR WINCHESTER latest model Take Down six-shot repeater 12-gauge shotgun. **Is a shooter equal to any $100.00 gun. We target every gun and they are carefully inspected before leaving our place. Greatest shotgun value ever offered. Order this gun and if you do not find it equal to any gun made, regardless of price, return it at our expense. Our $19.34 price we guarantee the lowest wholesale price to dealers.**

$19.34 AND $20.77

THE WINCHESTER Take Down Repeating **Shotgun is the popular model, 1897, with a strong, simple serviceable and handy take down system applied to it.** This gun may be taken apart and put together again as quickly and easily as a double barrel shotgun and carried in a Victoria case, packed in a trunk or rolled up in camp beddings. The system used is similar to that used on Winchester take down rifles, and has been thoroughly tested and found to be faultless. **Weight, packed for shipping, 14 lbs.**

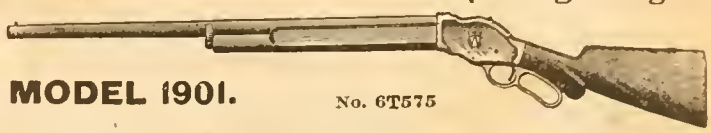
Weight, packed in box, about 14 pounds.

Winchester Trap Take Down Shotgun.

THE TAKE DOWN TRAP GUN is made for trap shooting in 12-gauge only, 30-inch barrel; weighs, 7¾ pounds, stock, 13⅝ inches; 2⅛-inch drop at the butt plate. It is fitted with fancy walnut stock and fancy walnut fore end, handsomely checkered, heavy rounded comb. Special drops can be made to order, but will incur a delay of 2 to 4 weeks. All Trap Guns will target 200 pellets in a 30-inch circle at 40 yards. Load, 3¼ drams, 1⅛ ounce No. 7½ chilled shot.

No. 6T570 12-gauge, 30-inch barrel; weight, 7¾ pounds. Our price. **$33.60**

The Winchester Lever Action Repeating Shotgun.



MODEL 1901.

No. 6T575

NO BETTER shooting gun made. The barrel can be examined and cleaned from the breech. The magazine and carriers hold five cartridges, which, with the one in the chamber, **makes six at the command of the shooter.** The forward and backward motion of the finger lever, **which can be executed while gun is at shoulder,** throws out empty shells, raises a new cartridge from magazine and puts it into the barrel. **The gun is then ready to be fired. Finest quality rolled steel barrel,** case hardened frame and pistol grip, **walnut stock.** All guns are **full choked, and no gun will be sent out that will not make a perfect target.** The standard gun will have a stock 12¾ inches in length and 2⅝ inches drop. Any variation from standard length or drop will be charged for extra. **Shipping weight, 15 pounds.**

Six Shooter. Retails at $30.00. **Our price, $21.47.** Order by number.

No. 6T575 10-gauge, 32-inch barrel. Weight, 9 pounds. **With our patent Globe sight.** Our special price...(Not made in 12-gauge).. **$21.47**

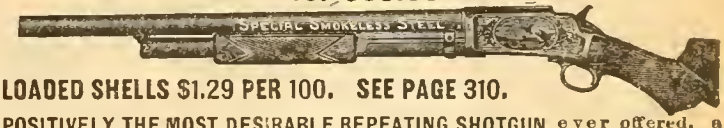
$1.29 PER 100 FOR HIGHEST GRADE LOADED SHELLS. SEE PAGE 310.

MARLIN TAKE DOWN SHOTGUNS, $16.25.

The Marlin Take Down Repeating Shotgun, model 1898, can be taken apart and put together very quickly and easily. Made in 12-gauge, 30-inch barrel only. Weight, about 7 pounds. Barrel made of blued steel choke bored, guaranteed for nitro powder. Pistol grip stock. This gun has been tried and thoroughly tested by the best shooters in the country and found to be perfect in every detail. Magazine holds five shells, and one in the chamber, making six shots.

No. 6T580 Factory price, $24.00; our special price, 12-gauge, 30-inch barrel only..(Weight, packed in box, about 14 pounds.).... **$16.25**

Fancy Marlin Take Down Repeating Shotgun for $30.00.



LOADED SHELLS $1.29 PER 100. SEE PAGE 310.

POSITIVELY THE MOST DESIRABLE REPEATING SHOTGUN ever offered, a marvel for accuracy, penetration and as perfectly balanced a gun as has ever been put on the market. **It is a take down model, six-shot,** the very latest design, convenient in every respect, no possible complications in the take down apparatus, **a gun that every true sportsman would like to own.**

THIS SPECIAL MARLIN SHOTGUN has a special smokeless steel barrel of the finest quality. The stock and fore end are made of specially selected fancy figured walnut and have an extra fine finish. The stock and fore end are beautifully checkered by hand. The illustration is too small to show the handsome engraving on the lock, or other features which make it one of the most attractive fire arms on the market. We doubt if any such gun as this can be secured from retail dealers at less than $50.00; in fact it is a new model which will be found in scarcely any but the very largest retail stores in large cities.

No. 6T586 C grade. Our special price in 12-gauge, 30-inch barrel; weight, 7¼ pounds, full choke bored..... **$30.00**

OUR GENUINE $10.00 PALMER RIFLE FOR ONLY $2.70

FOR $2.70 we offer you this genuine Palmer Rifle, with twenty rounds of cartridges, fitted with first quality walnut stock, best quality steel barrel, strong breech block, safety attachment, leaf sight. Made from the best material that money can buy, the locks, guard and trimmings case hardened, bored and rifled for strong hard shooting. Made originally for the U. S. government and costs about $10.00 to build.

THE SAFETY DEVICE. The Palmer Rifle is fitted with a safety device, so that you cannot pull the trigger until the gun is loaded and ready to shoot, making it one of the safest rifles conceivable. **At a forced sale we bought a large quantity of these rifles for cash,** and by adding our one small percentage of profit to the cost, including twenty rounds of ammunition, we are able to make you this extremely low price of **$2.70 for the GENUINE PALMER RIFLE.**

THE PALMER RIFLE has a 20-inch steel rifled barrel, shoots 56-50 caliber Spencer cartridges, which can be had from us or any first class hardware or sporting goods house, weighs about 5½ pounds, **and we offer them, while our stock lasts, at $2.70, including twenty rounds of cartridges with each rifle.** It is just the kind of a rifle to have on the farm, in the woods or in camp, and it will kill any kind of game, such as bear, deer, mountain lion, etc. Shoots cartridge No. 6T2366.

No. 6T650 Our Palmer Rifle, caliber 56-50, 20-inch barrel, with twenty rounds of cartridges, for only..... **$2.70**

Weight, packed for shipment, about 12 pounds.

THE BEST BOYS' RIFLE MADE FOR SQUIRREL AND SMALL GAME.

The New Pieper Rifle, Patented 1897. This is the best Boys' Rifle made. It fills a long felt want, and is first class in every respect. This rifle has the celebrated Remington action, which is the best action used. It is entirely machine made. All parts are interchangeable, which is a great advantage. It shoots accurately, is adapted to and will shoot either 22-caliber No. 6T2336 or No. 6T2338 cartridges, or BB caps, has 20-inch finely rifled octagon barrel. Weighs about 3¼ pounds. Just the rifle for squirrels, rabbits and small game. Don't buy a cheap rifle when you can get a genuine Pieper for $2.50.

No. 6T665 Our special price.... $2.50

NOTICE. 22-caliber short cartridges are good for 35 yards, 22-caliber long cartridges are good for 50 yards, and 22-caliber long rifle cartridges are good for 100 yards.

THE STEVENS' CRACK SHOT TAKE DOWN RIFLE FOR $2.25.

19 CENTS PER 100 FOR 22-CALIBER CARTRIDGES. SEE PAGE 311.

FOR $2.25 we furnish you the STEVENS' CRACK SHOT RIFLE which is well worth $5.00. This is a strictly American made rifle, smooth, well bored and well rifled, all the working parts are of steel and interchangeable, and if any part breaks we can furnish you another part to replace it.

The CRACK SHOT RIFLE will shoot accurately and is chambered to take a BB cap, No. 6T2331, No. 6T2332 or 22-caliber cartridges No. 6T2336, No. 6T2338 or No. 6T2340. We recommend using any of the above cartridges in it. It has a blued steel barrel, solid breech block, as shown in illustration, and can easily be taken apart by unscrewing the screw in front of the guard. We guarantee the stock to be of the best American walnut. The CRACK SHOT has 20-inch barrel and weighs about 4 lbs., and is good for 35 to 100 yards.

No. 6T666 Our special price.... $2.25

NOTICE. When ordering parts for guns, rifles or revolvers, always give the catalogue number in full, also give the name, caliber, gauge of the gun, rifle or revolver. This will save us from writing you for this information.

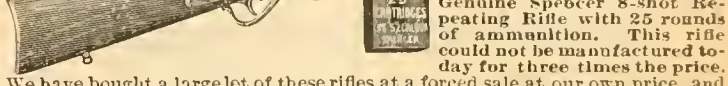
OUR SPENCER 8-SHOT REPEATING RIFLE FOR ONLY $3.65.

$3.65



For $3.65 we offer you the Genuine Spencer 8-shot Repeating Rifle with 25 rounds of ammunition. This rifle could not be manufactured today for three times the price. We have bought a large lot of these rifles at a forced sale at our own price, and in order to give our customers the benefit of our purchase, we have added our one small percentage of profit to the cost of this rifle, and are able to make you **the unheard of price of $3.65 for this Spencer 8-shot Repeating Rifle,** fitted with graduated leaf sight. The Spencer Repeating Rifle is loaded from the butt plate. Turn the magazine tube to the right, take it out, place seven cartridges in the magazine and one in the chamber, replace the tube and you can shoot eight times without reloading. **This is the lowest price ever made on a repeating rifle.** These rifles shoot the 56-52 caliber rim fire Spencer cartridges, shoots hard and strong, and we would advise you to send your order early as we will be unable to get any more of these rifles at anything like the price after our present stock is sold. The cartridges for this rifle can always be had from us or any first class hardware or gun store. **The Spencer Repeating Rifle** has a fine steel barrel 20 inches long, sound walnut stock, weighs about 8¾ pounds, and the cartridges for this rifle cannot be reloaded. This rifle has a steel frame and is so constructed that you can use it as a repeater or single shot rifle. It has graduated rear sight for ranges of 100 to 500 yards, and is good for large game, such as bears, moose, etc. Shoots cartridge No. 6T2367. **Order by number.** Weight, packed in box for shipment, with twenty-five cartridges, about 16 pounds.

No. 6T722 Spencer Repeating Rifle with 25 rounds of ammunition. Good for 100 to 500 yards. Our special price... $3.65

TESTING RIFLES FOR ACCURACY.

When testing rifles for accuracy, sit down while firing, and rest the muzzle, securing a solid rest for the arms and body. In this way, extreme accuracy can be obtained suitable for testing the rifle. If the rifle shoots to the left, move the front sight to the left or move the rear sight to the right. If the rifle shoots to the right, move the front sight to the right or the rear sight to the left. If it shoots too low, lower the rear sight. Do not, in any case, attempt to get accuracy by screwing the rifle in a vise. No reliable results can be obtained in that way, and even an accurate rifle will shoot wild.

Always keep the barrel cleaned and oiled when not in use. This prevents pitting in the bore of the rifle.

MARLIN REPEATING RIFLES.

THE MARLIN SITUATION.

CUSTOMERS PLEASE NOTICE. The Marlin Fire Arms Co. have refused to furnish us any of their rifles or shotguns, and they try to prevent other dealers from supplying us with Marlin goods, because we will not charge our customers as much profit on them as they insist we should.

OUR POLICY is to supply our customers with goods on a small margin of profit, and the Marlin Fire Arms Co. will not permit us to do this with their goods, so they make it as troublesome as possible for us to obtain any of their rifles or shotguns.

WE ARE ABLE to get supplies of their goods from time to time, even though they try to make it impossible for us to buy them from other dealers.

ON ANY OTHER rifles or shotguns in this catalogue we are able to make prompt shipments, except on guns built to special order, and should you order a Marlin rifle or shotgun we will do our utmost to give you prompt service.

IN ORDER THAT OUR CUSTOMERS MAY UNDERSTAND the situation, we hereby give you a copy of a letter received from the Marlin Fire Arms Co.

NEW HAVEN, Conn., September 18, 1901.

MESSRS. SEARS, ROEBUCK & CO., Chicago, Ill.

GENTLEMEN:—We have your order No. 93,204, for which we thank you. We will be unable, however, to fill any more orders from your house until some settlement is made on the price question. We understand you are catalogueing our goods at wholesale prices to your retail trade. What your object can be we do not know. You certainly must be far-sighted enough to see that such a policy cannot be a permanent success, and must be, at best, only temporary. We believe such a step on your part will result to the mutual disadvantage of all parties concerned. We sincerely hope, on further consideration of the matter, you will decide to abandon such policy, and continue as you did formerly to sell our goods at the same prices as other people doing business on a similar plan, and not printing better than 10 per cent above our wholesale price as printed on our factory net sheet.

Yours respectfully,
MARLIN FIRE ARMS CO.

The Marlin Rifle, Take Down Model 1897.

22-CALIBER.

19 CENTS PER 100 BUYS HIGHEST GRADE 22-CALIBER CARTRIDGES MADE. See page 311. We undersell all makers on ammunition of all kinds.

The New Marlin Model '97, Take Down Rifle, is the latest 22-caliber arm on the market. This rifle is practically the model '92 with the addition of the "take down" feature and many other valuable improvements. It has a finely tapered barrel and a neat rubber butt plate; the receiver is made of special steel, same as is used in the high power smokeless rifles, and is finely case hardened. This rifle is very easily cleaned; by simply removing the side plate (by use of the thumbscrew for the purpose), makes ready access to the inside of this rifle. It comes in 22-caliber only. Magazine holds 25 cartridges 22-caliber short, 20 cartridges 22-caliber long, and 18 cartridges 22-caliber long rifle. Shoots cartridges No. 6T2336, No. 6T2338 or No. 6T2340.

No. 6T734 Octagon barrel, 24-inch; weight, 5¾ pounds. Price.. **$12.75**

No. 6T735 Round barrel, 24-inch; weight, 5½ pounds. Price.. **11.50**

FOR FITTING LYMAN SIGHTS, 25 CENTS EXTRA.

BLACK POWDER CARTRIDGES. RIM FIRE—22-caliber short, are accurate to 35 yards; 22-caliber long, to 50 yards, and 22-caliber long rifle, to 100 yards in gond rifles. CENTRAL FIRE—32-20, 38-40, 44-40, etc., are accurate and good for 100 to 300 yards; 38-56, 32-40, 38-55, etc., are good for 100 to 400 yards; 25-35, 30-30 are accurate for 100 to 600 yards, and 45-70 government and 50-70 government are good for 1,000 yards.

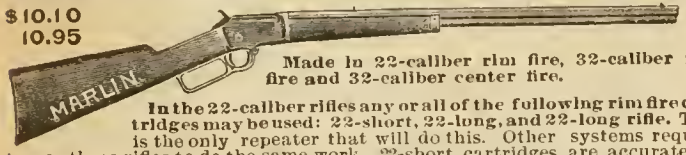
$10.10
10.95



Made in 22-caliber rim fire, 32-caliber rim fire and 32-caliber center fire.

In the 22-caliber rifles any or all of the following rim fire cartridges may be used: 22-short, 22-long, and 22-long rifle. This is the only repeater that will do this. Other systems require two or three rifles to do the same work. 22-short cartridges are accurate up to 100 feet, 22-long up to 150 feet, 22-long rifle up to 300 feet. The Marlin is the only repeater using the long rifle cartridge, and is guaranteed to shoot any of these cartridges as accurately as any arms made. This model takes entirely to pieces without tools, allowing of perfect cleaning. The magazine holds 25 cartridges 22-short, 20 cartridges 22-long and 18 cartridges 22-long rifle.

All 32-caliber rifles are sent out with two firing pins. This rifle is so made that in the same rifle may be used 32-short rim fire, 32-long rim fire cartridges, and by changing the firing pin, 32-short center fire and 32-long center fire cartridges may be used. The magazine holds 18 cartridges 32-caliber short and 15 cartridges 32-caliber long. This ammunition is cheap, and as compared to repeaters using the 32-20 cartridge will save the entire cost of the rifle on first 2,000 cartridges. The ammunition is what costs. Get the only repeater made for these cheap cartridges. The 32-caliber is good for 100 to 200 yards.

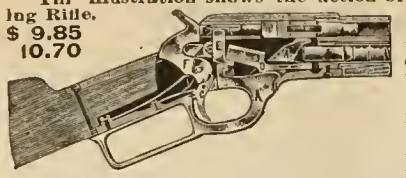
The New Marlin Repeating Rifles. Model 1894.

ALL HAVE CASE HARDENED FRAMES.

$ 9.85
10.70



Thi illustration shows the action of the Model 1894 Marlin Repeating Rifle.

This is the latest and most improved repeating rifle to use the popular 25-20, 32-20, 38-40 and 44-40 caliber center fire cartridges, and is the natural successor to the well known Model 1889. In the Model 1894 rifle every desirable feature of the 1889 which tended to make that arm the sportsman's favorite wherever used, is retained and the improvements suggested by five more years of experience and experiment are added. This rifle is practically the Model 1893 rifle adapted to the shorter cartridges and good for 100 to 300 yards. Improvements which have been tried and shown to be an advance are now embodied in our rifle to use the Model 1889 cartridges.

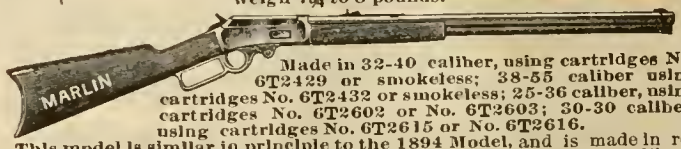
The New Marlin Repeating Rifles. Model 1893.

$9.85 to $12.60.

These rifles have smokeless steel barrels and case hardened frames and weigh 7¾ to 8 pounds.



Made in 32-40 caliber, using cartridges No. 6T2429 or smokeless; 38-55 caliber using cartridges No. 6T2432 or smokeless; 25-36 caliber, using cartridges No. 6T2602 or No. 6T2603; 30-30 caliber, using cartridges No. 6T2615 or No. 6T2616.

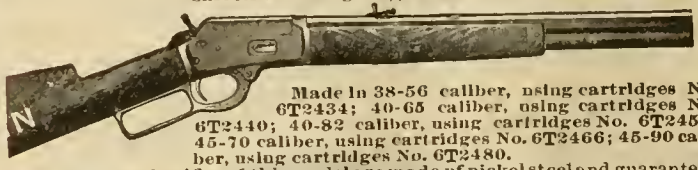
This model is similar in principle to the 1894 Model, and is made in response to the many demands for a rifle in 25-36, 30-30, 32-40 and 38-55 calibers. It is the only repeater on the market using 25-36 caliber cartridges. These rifles have exactly the same barrels as were used in the famous Ballards. The standard length of barrel is 26 inches, and a rifle with octagon barrels of this length weighs about 7¾ pounds. This weight, we believe, will be found about right for hunting purposes. The Model 1893 rifles, 32-40 and 38-55 caliber, are good for 100 to 400 yards; the 25-36 and 30-30 calibers are good up to 600 yards. All rifles of this model have case hardened frames. The barrels of these rifles are made of special smokeless steel. We can furnish smokeless powder cartridges of all these calibers.

No.	Barrel	Caliber	Weight	Shots	Using Cartridge No.	Price
6T760	Octagon, 26-inch	25-36	7¾ lbs.	10	6T2603	$12.60
6T762	Octagon, 26-inch	32-40	7¾ lbs.	10	6T2429	10.70
6T763	Round, 26-inch	32-40	8 lbs.	10	6T2429	9.85
6T764	Octagon, 26-inch	38-55	7¾ lbs.	10	6T2432	10.70
6T765	Round, 26-inch	38-55	8 lbs.	10	6T2432	9.85
6T766	Octagon, 26-inch	30-30	7¾ lbs.	10	6T2616	12.60
6T767	Round, 26-inch	30-30	8 lbs.	10	6T2616	12.33

The New Marlin Repeating Rifles. Model 1895.

$12.15 and $13.00.

Rifles of this model have case hardened receivers and smokeless steel barrels and weigh 8¾ to 9 pounds.



Made in 38-56 caliber, using cartridges No. 6T2434; 40-65 caliber, using cartridges No. 6T2440; 40-82 caliber, using cartridges No. 6T2458; 45-70 caliber, using cartridges No. 6T2466; 45-90 caliber, using cartridges No. 6T2480.

The barrels in rifles of this model are made of nickel steel and guaranteed to fill government tests. The increasing use of nitro powders makes this feature important. The barrels are also slightly tapered, giving extra strength around the chamber and making the balance of the rifle much better.

These rifles are identical with Model 1894, but made to shoot large sizes of cartridges, and are good up to 600 yards; the barrels are made the same as the old Ballard rifles, of special smokeless steel. The standard rifles have 26-inch barrels and weigh about 8¾ pounds. We cannot furnish any other styles or calibers of these rifles.

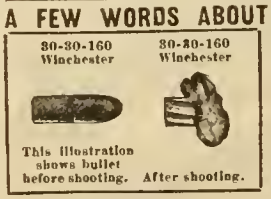
A FEW WORDS ABOUT RIFLES AND RANGES OF CARTRIDGES.



This illustration shows bullet before shooting. After shooting.

Our customers frequently ask us: What is the range of such and such cartridge? This is a difficult question to answer, because some may mean the range to kill game and others may mean the flight of the bullet. The killing range would depend upon what kind of game you wish to kill and where the bullet hits the game. In former years hunters used large caliber rifles, such as 45-70, 40-82, 50-70, etc., for deer and other large game. At the present time they use small caliber rifles and smokeless cartridges, and get the same results. For instance, the 30-30 Winchester cartridges with soft point bullets, as shown in the illustration, are effective and accurate up to 1,000 yards. The 25-35 and 25-36 smokeless cartridges are effective up to 600 yards, while the 30-caliber Army is accurate up to 2,000 yards. It is difficult to see any game at 500 yards, and a man becomes invisible at 1,000 to 1,500 yards. Most game is killed within 100 yards in the woods, but in open places it may be killed at 100 to 500 yards. For hunting purposes we recommend soft point bullets in smokeless cartridges, as the point expands on hitting the game. Full metal patched bullets are liable to go right through the game and they do not produce the shock that soft point bullets do. All governments are beginning to use full metal patched bullets in war, as they do not tear or shatter the bones of a man when hit, but disable him, unless he is struck in a vital place. It must be remembered that when a bullet leaves the rifle, it revolves in its flight, and it really bores a hole through the object.

WINCHESTER REPEATING RIFLES.

Bursting of Rifle Barrels.

In order that our customers will have no accidents, such as bursting of rifle barrels, we would like to have them heed the following instructions and prevent any possible accidents with their rifles.

DO NOT load rifle cartridges with shotgun powder, but use the regular rifle powder. When loading smokeless powder be very careful that you do not get too much powder in the shell; for instance, if you load a 32-40-caliber shell with black powder, you use 40 grains of powder, whereas if you load the same shell with smokeless powder you should use only 17 grains, as this smokeless powder in a 32-40-caliber cartridge has a bursting strain of 22,000 pounds to the square inch. You can readily see that if you should put a double load in the shell, you would increase the bursting strain to 44,000 pounds to the square inch, and if your rifle barrel does not burst with such a load it is a miracle. Smokeless powder should be weighed by an apothecary's scale, and should not, under any circumstances, be measured, for the many grades of smokeless powder vary in their strength, and you should always be guided by the directions printed on the powder can.

RIFLE BARRELS, such as the Winchester Arms Company make, have an elastic strength of 40,000 to 80,000 pounds per square inch, and cannot possibly burst with factory loaded ammunition, but it is very easy to burst them by misuse or improper loading, and no manufacturer is responsible for burst gun or rifle barrels.

AS AN EXAMPLE we will mention that you can very easily burst a gun barrel by putting a double load of nitro powder in the shell, whereas you could not break the same barrel with a heavy blacksmith's hammer, using all the strength you possess.

AN OBSTRUCTION in a rifle barrel, such as a bullet or some foreign substance, will either bulge or burst the barrel. Even an army cannon can be burst.

THE WINCHESTER 30-30-caliber rifle has a nickel steel barrel which has an elastic limit strain of 80,000 pounds to the square inch, while the 30-30 caliber Winchester cartridge has a bursting strain of 30,000 pounds to the square inch. You can see by these figures that the factory loaded ammunition is perfectly safe, and you can also see by these figures that if you should get a double load in the same shell, you would increase the bursting strain very close to the strain limit of the material used in the barrel and an accident is liable to occur.

WE KNOW of a case where the shooter has put such a very large load in his shell that he had produced a pressure so great that it melted the head of the cartridge, and the gas got into the mechanism, destroying the entire breech of the rifle.

IN CONCLUSION we will say that there never has been such a thing as a poor Winchester, Remington, Parker, L. C. Smith, Colt, Smith & Wesson or other standard firearms placed upon the market. All these and other standard makes of firearms are carefully tried and tested before they are allowed to leave the works, and no manufacturer is held responsible for burst gun or rifle barrels, because it is an impossibility to burst any of these guns, rifles or revolvers with any properly loaded shells or cartridges, unless, as before stated, there is an obstruction of some kind, probably unknown to the shooter, in the barrel, and we take this means of cautioning our customers against accidents, for no house is responsible for burst gun or rifle barrels.

WINCHESTER REPEATING RIFLES.

19 CENTS PER 100 FOR 22-CALIBER CARTRIDGES. All other sizes in proportion. SEE PAGE 311.

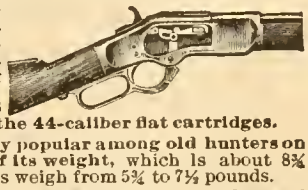
Recognized as the standard of accuracy throughout the world.

WE WOULD BE GLAD and perfectly willing to sell this line at lower prices, but the manufacturer restricts the selling prices and would not supply us with goods were we to sell below these printed prices.

THESE PRICES are guaranteed to be as low as offered by any reliable dealers in the United States, and should you be offered these goods lower by any dealer you would confer a great favor by advising us, in order to give us an opportunity of adjusting the prices.

WINCHESTER MODEL 1873 REPEATING RIFLES.

Our Old Reliable, Model 1873, Winchester Rifle. $11.20 to $12.50.



Made in 22-caliber short rim fire, using cartridges No. 6T2336; 32-20-caliber center fire, using cartridges No. 6T2384; 38-40-caliber center fire, using cartridges No. 6T2396; 44-40-caliber center fire, using cartridges No. 6T2409.

This is the successor of the Model 1866 repeating rifle, which was a rim fire, using the 44-caliber flat cartridges.

THIS MODEL 1873 RIFLE is still very popular among old hunters on account of its weight, which is about 8¾ pounds, while nearly all other repeating rifles weigh from 5¾ to 7½ pounds.

THE MODEL 1873 RIFLES are made in 22-caliber short rim fire, and 32, 38 and 44-caliber Winchester central fire, fitted with round or octagon barrels, at the following prices, and all Winchester rifles are guaranteed accurate shooters. These rifles are fitted with sporting rear and sporting front sights. The Model 1873 rifles are not made in take down model. The 22-caliber is good for 35 yards, the 32-caliber is good for 100 to 300 yards, and the 38 and 44-caliber are good up to 400 yards.

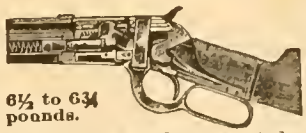
For fitting Lyman Sights, allow 25 cents extra.

RUSTED AND DAMAGED GUNS OR RIFLES. Do not return to us a gun, revolver or rifle which is rusted, pitted or has the finish worn off, for we have no way of selling these goods. If you have a gun, revolver or rifle which needs repairing, first write us, fully describing the article and what is broken and we may be able to send you the part necessary, thus saving the express charges on the gun both ways.

Winchester Model 1892 Repeating Rifles, $11.20 to $12.50.



6½ to 6¾ pounds.

This illustration shows the action of the Model 1892 Winchester Repeating Rifle. The system is the same as the Model 1886, now so well known, but it is made up in a lighter rifle, and weighs 6½ to 6¾ pounds. It is manipulated by a finger lever, the firing pin is first withdrawn, the gun unlocked and opened, the shell or cartridge ejected and a new cartridge presented and forced into the chamber, the firing pin held back until the gun is again locked. The locking bolts are always in sight, and when the gun is closed they support the breech bolt symmetrically against the force of the explosion. The Model 1892 Rifle uses the same cartridges as the Model 1873, in 32-20, 38-40 and 44-40-calibers central fire, and in addition they also take the 25-20 W. C. F. The gun is light, strong, handsome, and simple in construction, and good for 200 to 400 yards.

Made in 25-20-caliber center fire, using cartridges No. 6T2374; 32-20-caliber center fire, using cartridges No. 6T2384; 38-40-caliber center fire, using cartridges No. 6T2396; 44-40-caliber center fire, using cartridges No. 6T2409.

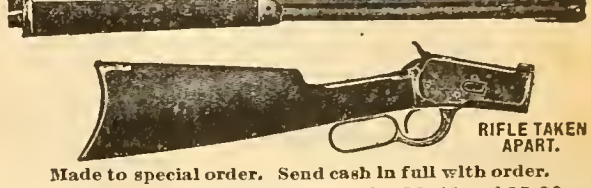
No. 6T799 Model 1892 Carbine, with 20-inch round barrel, full magazine in 32, 38 or 44-calibers; 6¼ lbs., made to special order. Allow us one or two weeks' time to make this carbine, and state caliber wanted. Price, each.$11.20

Winchester Model 1892 "Take Down" Repeater.



RIFLE TAKEN APART.

Made to special order. Send cash in full with order.

No. 6T800TD Octagon barrel, 24 inches, 32, 38, 44 and 25-20 calibers. (Mention caliber when ordering). Each.....$16.00

DIRECTIONS FOR TAKING APART Model 1886, 1892 and 1894 "Take Down" Rifles.—Lift up the magazine lever found at the muzzle end of the magazine and unscrew the magazine about one inch; throw down the finger lever, and unscrew the barrel one-quarter of a turn to the left; draw out the barrel from the frame. In a new gun the barrel may unscrew with difficulty; if so, hold the gun by the forearm in the left hand, and strike the lower part of the stock with the right, so as to drive it to the right.

TO PUT THE GUN TOGETHER.—Draw out the magazine about one-quarter of an inch. Throw down the finger lever; slip the shank of the barrel into its place in the frame, in such a position that one-quarter of a turn to the right will lock the barrel to the frame. If this gun becomes loose at the joint by wear, it may be readjusted by the following method: Take off the forearm of the gun; this will expose, on the front side of the receiver extension at the base of the barrel, three screws; by turning these up slightly any play between the ring and the front end of the receiver will be taken up, and the gun will go together without shaking, as before. This adjustment should not be used except in case of absolute necessity.

Winchester Repeating Rifle, Model 1890, "Take Down," 22-Caliber, $10.25.

19 CENTS PER 100 FOR 22-CALIBER CARTRIDGES. SEE PAGE 311.

This illustration shows the rifle Take Down and Assembled.

Made in 22-Caliber only.

Our Model 1890 Winchester Take Down Rifle is one of the most popular 22-caliber repeating rifles on the market. The rifle is cocked and loaded by a sliding action of the forearm. This rifle is fitted with 24-inch octagon barrel, adjustable, Model 1890, rear sight, weighs about 5¾ pounds, can be easily and quickly taken apart by unscrewing a thumbscrew on the left side of the frame, is made in 22-caliber rim fire only and is the most popular shooting gallery rifle.

The 22-caliber short is good for 35 yards, the 22-caliber long is good for 50 yards, and the 22-caliber Winchester special is good up to 200 yards. When ordering state which cartridge you wish to shoot, as one rifle will only shoot one style of cartridge. These rifles cannot be furnished in any other way.

No. 6T804 For 22-caliber rim fire, short, using cartridges No. T2336, 15-shot, octagon barrel. Our special price.....$10.25

No. 6T806 For 22-caliber long, rim fire, using cartridges No. 6T2338, 12-shot, octagon barrel. Our special price..... 10.25

No. 6T808 For 22-caliber Winchester rim fire, using special Winchester cartridges No. 6T2344, octagon barrel, 10-shot. Our special price 10.25

For fitting Lyman Sights on any of the above rifles, 25 cents extra. We box and pack guns free of cost to you. Some houses charge extra for this.

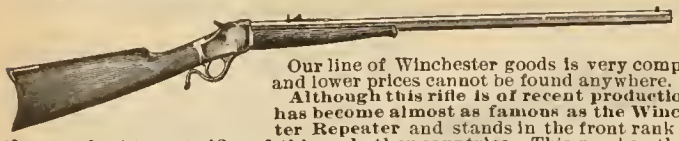
NOTE—Only the cartridge mentioned can be used in above rifles, as they are only chambered for one size cartridge and are warranted to be accurate and reliable.

DON'T use dense shotgun powder in rifle or revolver shells or you may burst your rifle or revolver barrel.

WHEN ORDERING PARTS for guns, rifles or revolvers always give the name, caliber, gauge of the gun, rifle or revolver. This will save us from writing you for this information. If you can mail us the broken part do so.

WINCHESTER SINGLE SHOT RIFLES.

19 CENTS PER 100 FOR BEST 22-CALIBER CARTRIDGES, other sizes in proportion. We undersell everyone on best ammunition made. SEE PAGE 311.



Our line of Winchester goods is very complete, and lower prices cannot be found anywhere.

Although this rifle is of recent production, it has become almost as famous as the Winchester Repeater and stands in the front rank with **the very best target rifles of this and other countries.** This gun has the old **Sharp's** breech block and lever, and is as **safe and solid as a Sharp's. The hammer** is centrally hung, but drops down with the breech block when the gun is opened, and is cocked by the closing movement. **It can also be cocked by hand.** This arrangement allows the barrel to be wiped and examined from the breech. In the outline everything has been done to make the gun pleasing to the eye. **All of these guns have best steel frame** and dark walnut stock. Other styles and calibers made to special order. **Every rifle warranted perfect and accurate. The double set locks are adjustable** by a little screw in rear of trigger, and can be set to pull as desired or not used at all. Pushing the rear trigger forward places it in the hair pull notch, same as working a double trigger. All rifles have sporting rear sights.

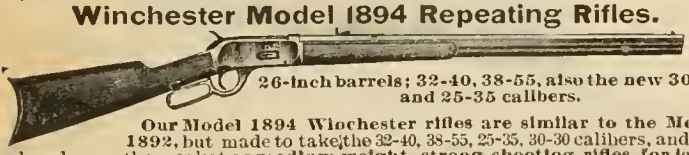
Set triggers on any of these rifles cost $1.50 extra, and we ship those from New Haven, Conn. We carry only regular triggers in stock. Any additional changes from the above styles will have to be made to order and cause a delay of from one to four weeks.

Winchester Model 1894 Repeating Rifles.



26-inch barrels; 32-40, 38-55, also the new 30-30 and 25-35 calibers.

Our Model 1894 Winchester rifles are similar to the Model 1892, but made to take the 32-40, 38-55, 25-35, 30-30 calibers, and are placed upon the market as **medium weight, strong shooting rifles for large game and long range work.** The 32-40 and 38-55 calibers are good for 500 yards. The 30-30 and 25-35 calibers are good for 750 yards. By using short range ammunition, these rifles can be used at short range of 100 to 200 yards by changing the elevation of the sights. These rifles are adapted to black or smokeless powder cartridges, have the reinforced locking bolt and are fitted with sporting rear and sporting front sights.

No.	Barrel	Caliber	Shoots Cartridges	No. of Shots	Wght.	Price
6T830	Octagon, 26-inch..	32-40 C. F.	No. 6T2429	10	7½ lbs.	$12.50

6T838	Octagon, 26-inch..	25-35 Winch...	No. 6T2601	10	7½ lbs.	14.75

For fitting Lyman Sights on any of the above rifles allow 25 cents extra.

NOTICE. **For Take Down Rifle, Model 1894, add $3.50 to above prices in any caliber. These are made to special order. Be sure to say which style barrel you wish, also caliber, and allow us one or two weeks to make them.**

EXTRAS ON RIFLES. **All deviations from standard styles and sizes involve a large proportional outlay for hand labor, and when ordered will be subject to the following charges: For additional length of barrel and magazine, add to price 75 cents per inch; and on Model 1886, add $1.00 per inch. Extra for single set triggers on Model 1873, $2.00. Extra for plain walnut pistol grip stock not checkered, $2.50. Extra for fancy walnut pistol grip stock and fore end checkered, $12.00. Extra for sling straps and swivels, $1.50 per set.**

DON'T **use dense shotgun powder in rifle shells, or you may burst your rifle barrel.**

Winchester Model 1886 Repeating Rifles.

$13.90 and $14.97

Our Model 1886 Winchester Rifle was built to succeed the Model 1873 rifle and calculated to shoot the heavy long range cartridges. For heavy game these rifles are good from 300 to 600 yards. All are fitted with the reinforced locking bolt, sporting rear and sporting front sights, except the 45-70 caliber, which is fitted with sporting leaf sight. Weight, 8½ to 8¾ pounds. We cannot furnish these rifles in any other caliber.

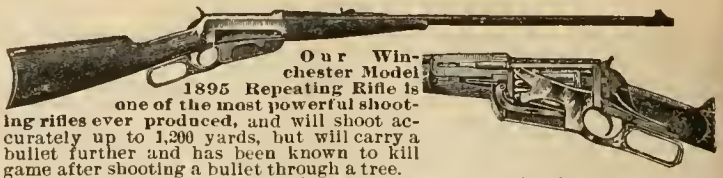
THE WINCHESTER MODEL 1895 BOX MAGAZINE SPORTING RIFLES.

This is the Gun that Shoots Two Miles. Velocity of Bullet 2,400 Feet per Second. 30-40 Caliber Army, 5 Shots.



Our Winchester Model 1895 Repeating Rifle is one of the most powerful shooting rifles ever produced, and will shoot accurately up to 1,200 yards, but will carry a bullet further and has been known to kill game after shooting a bullet through a tree.

The Winchester Box Magazine Sporting Rifle is the first box magazine **lever action** gun put on the market, and is one of the strongest shooting guns ever invented. The velocity of a bullet fired from this rifle is 2,400 feet per second. The penetration of this gun is demonstrated by a trial at the factory, at which place the rifle **shot through fifty-eight** pine boards, ⅞-inch each. It is light in weight, **handsome, safe, swift and sure.** The moving parts are few and strong. **It carries five shots in the magazine.** The disposition of the magazine and parts is such that **the gun can be readily used as a single loader,** keeping the loads in the magazine in reserve. This gun is adapted to **smokeless cartridges only,** and will shoot either the **steel jacketed or soft point bullets.** The **soft point** gives the best satisfaction for **large game shooting.** The barrel of the 30-40 caliber army is of nickel steel, and comes only in 28-inch, and only round barrels can be furnished. The Model 1895 Box Magazine Rifle shoots cartridges No. 6T2613 or No. 6T2614, which are good up to 2,000 yards.

No. 6T877 30-40 caliber army, 28-inch round barrel. This rifle will shoot a metal patched bullet through 58 pine boards ⅞-inch thick. Our price..... $17.82

No. 6T879 Caliber, 38-72, 275 grains, 26-inch Octagon barrel. Weight, about 8¼ pounds, 6 shot. Our price..... **14.90**

For fitting Lyman Sights on any of the Model 1895 Rifles, 50 cents extra.

Our 50-Caliber Springfield Government Breech Loading Rifle, $4.25.

With Leaf Sight and 20 Rounds of Ammunition.

$4.25

FOR $4.25 **we offer you this Genuine Springfield Government Breech Loading Rifle with 20 rounds of ammunition for each rifle.** This rifle cost originally from $12.00 to $14.00 to produce. They were made by the United States Government and bear the Government stamp. At a forced sale we bought a large lot of these for cash. We sold this large lot, and in order to get another lot we had to pay $1.35 more, which we must add to our former price of $2.90, making them now cost $4.25. Even at this price they are rare bargains. These are the Genuine Springfield Breech Loading Rifles taking the 50-70 caliber Government center fire cartridges, and any of our customers who have been in the civil war will know that there are no better rifles made at any price, for these are the same rifles that were used in our civil war.

These Genuine Springfield Rifles have 36-inch steel barrels ; the empty shell is thrown out when you open the breech block, ready for a new cartridge; they are fitted with sling swivels; the very best quality walnut stock; have the finest quality steel barrels; can be had with or without bayonets at the same price in case some of our customers wish to use them for G. A. R. purposes. In case you do not wish the bayonet mention it in your order. They will kill all kinds of game, and our special $4.25 price is within the reach of everybody. You cannot afford to be without a rifle at this price, and we would advise you to send your order early as we anticipate a heavy sale on this new lot of rifles and we think we cannot get any more after these are sold **Order by number.**

No. 6T881¼ Our Springfield Breech Loading Rifle, with 20 rounds of ammunition gives you an outfit ready to go hunting for only... **$4.25**

Weight, packed in a box ready for shipment, about 18 pounds.

No. 6T881¾ Loading Tools for this rifle, 50-70 caliber. Per set.... **$1.75**

We charge you nothing for boxing and packing rifles. Some houses do.

Trajectory of Rifles.

This illustration will give hunters and target shooters some idea of the flight of a bullet after it leaves the rifle.

The dark line shows the flight of the bullet, while the dotted line shows the level range.

You will notice by the illustration that the bullet rises and falls, forming a perfect curve which is called trajectory, before it hits the target, and it is therefore necessary for all rifle shooters to become acquainted with the range of their rifles before attempting to do fine shooting.

There can be no set rule laid down to educate rifle shooters in marksmanship, because there is such a large variety of calibers, and ½ drum of powder and lighter or heavier bullet would make a vast difference in the flight of the bullet, also the wind and elements have something to do with marksmanship, and the best way to become an expert is by becoming acquainted with the rifle you use. If you have a rifle that does not do what you expect of it, do not blame the rifle, but adjust the sights, see that you always get the same full or fine front sight for the same work, try it at various ranges, raise or lower the rear sights, take fine or coarse front sight and you will be surprised how soon you will become acquainted with your own rifle, and you will also appreciate how great an advantage it is to be acquainted with your rifle and the sights of same, for you do not always meet game at the same range, and by becoming acquainted with your rifle you will know whether to aim high or low according to the distance when you suddenly meet any game.

In order to give you an idea of how much curve a bullet makes at the highest point above a true horizontal line, we will mention that when shooting black powder cartridges at 100 yards the highest point will vary from 1 to 4 inches, at 200 yards it will vary from 3 to 12 inches, at 300 yards it will vary from 14 to 35 inches, according to the caliber of the cartridges. With smokeless powder it does not vary so much as it does with black powder cartridges, for instance, the 45-70-405 government black powder cartridge bullet at 100 yards will have a curve of 3¼ inches at its highest point, and at 300 yards it will have a curve of 32½ inches at its highest point (about 150 yards) above a true horizontal line, while the same cartridge with smokeless powder will have a curve of 29 inches at its highest point. The 30-30 Winchester bullet at 100 yards has a curve of 2 inches, at 200 yards its curve is 5¼ inches, at 300 yards its curve is 31½ inches at its highest point, so you can readily see that expert rifle shooting depends much on being acquainted with your rifle and a sighting of the same.

When testing a rifle take a muzzle rest. Don't fasten it in a vise. A vise will make the best rifle shoot wild.

SAVAGE HAMMERLESS REPEATING RIFLES.

The Savage is a hammerless rifle made on scientific principles and one of the most powerful shooting rifles yet produced. A steel boiler plate ⅜-inch thick has been perforated by a bullet—caliber 303—fired from a Savage rifle at a distance of 30 feet and it will penetrate 35 pine boards ⅞-inch thick. The Savage Hammerless Rifle is good up to 1500 yards with a regular caliber 303 smokeless cartridge, but if wanted for short range shooting, 100 to 200 yards, the caliber 303 minature cartridge will do the work. In fact the Savage is an all around rifle.

$21.50

VELOCITY 2,000 FEET PER SECOND. Powerful Shooters.

MODEL 1899.

No. 6T882 Savage Hammerless Repeating Rifle. Simple in construction, light in weight. Ejects shells from side. Length of barrel, 26 inches; weight, 8 pounds. Magazine holds five cartridges. WE BOX and EXAMINE ALL GUNS CAREFULLY BEFORE SHIPPING AND GUARANTEE SATISFACTION.

WE CHARGE YOU NOTHING FOR BOXING RIFLES FOR SHIPMENT—SOME HOUSES DO.

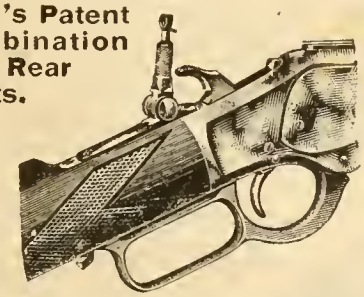
NOTICE—WHEN ORDERING SIGHTS, GIVE NAME ALSO THE MODEL AND CALIBER OF RIFLE....

...LYMAN SIGHTS...

This illustration shows how game appears to the hunter when using the Lyman Patent Combination Rear Sight. It resembles a ring or hoop and when using one of these sights it is not necessary to get a real fine sight, as is the case with open sights, in order to get the game. When the game is seen in the ring or hoop you generally get it.

NOTICE. Many customers are of the opinion that one Lyman Sight will fit any rifle. This is not a fact, for the sights vary for different rifles and we carry this line of sights for nearly all model rifles, so when ordering give the name and caliber of your rifle, also, if possible, give the model of same so we can send you the correct sights.

Lyman's Patent Combination No. 1 Rear Sights.



No. 6T1005 Lyman's Patent Combination Rear Sight No. 1. Anyone can attach it to the tang of the rifle in a few minutes with the assistance of a screwdriver. When ordering, state the name of your rifle, also the caliber and model of same, as these sights are made to fit each particular model and caliber of rifle. In other words, one sight will not do for any rifle, but we furnish them for nearly all styles of rifles on the market. Our special price..... **$2.15**
Extra for fitting sight to rifle, allow..... .25
If by mail, postage extra, 6 cents.

Lyman's Receiver Sight.

No. 6T1007 No. 21 Receiver Sight, for use only on the models 1886 and 1895 Winchester and the models 1893 and 1895 Marlin. Intended for rifles having long firing bolts, which prevents the use of No. 6T1005 sight. Price..... **$2.60**
For fitting this sight to rifle we make an extra charge of 50 cts.

Patent Ivory Front Sights.

No. 6T1008 No. 26, Patent Ivory Front Sight, to be used only with No. 6T1007 and will fit only model 1895 Winchester Rifles. It will not fit any other rifle. Price..... **45c**
If by mail, postage extra, 2 cents.

IN ORDERING SIGHTS BE SURE TO STATE the kind of rifle, also the model and caliber, in order to insure a perfect fit.

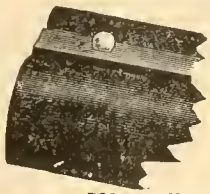
TO REMOVE SIGHTS drive from left to right and use a brass or copper punch so that it will not deface the sight. To put on a sight drive from right to left, facing the muzzle.

No. 6T1009 No. 20, Ivory Bead Jack Front Sight, for quick shooting. Good for shooting when the light is poor. Mention name and caliber of rifle. Price, each..... **70c**
If by mail, postage extra, 2 cents.

No. 6T1010 No. 3, Lyman's Patent Ivory Bead Front Sight. This sight gives the sportsman a clear white bead which can be seen distinctly against any object in the woods or in the bright sunlight. Mention name and caliber of rifle. Price, each..... **70c**
If by mail, postage extra, 3 cents.

No. 6T1012 No. 4, Lyman's Patent Improved Ivory Front Hunting Sight. This sight is better than the bead sight for a hunting rifle. **The ivory is so well protected by the surrounding metal that there is no danger of its being injured.** Mention name and caliber of rifle. Price, each..... **35c**
If by mail, postage extra, 3 cents.

Lyman's Patent Ivory Shotgun Sights.



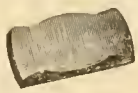
No. 6T1014 Lyman's Patent Ivory Shotgun Sight with reamer. Front and rear, for double barrel guns only. State whether front or rear is wanted. Price, per pair 70c; each, 35c
If by mail, postage extra, 2 cents.

No. 6T1015 No. 5, Lyman's Patent Combination Ivory Front Sight. One illustration shows the sight on the barrel and the other with the globe turned up and the ivory turned down. Mention name and caliber of rifle. Price, each..... **70c**
If by mail, postage extra, 3 cents.

No. 6T1022 No. 14, Excellent Spirit Level, which can be used in place of a blank piece. Mention name and caliber of rifle. Price, each..... **70c**
If by mail, postage extra, 3 cents.

Lyman's Rear Leaf Sight.

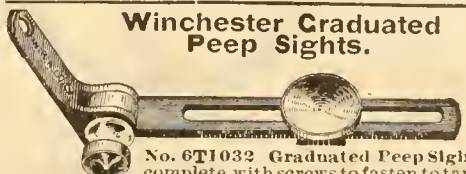
No. 6T1028 No. 6, one leaf is a bar with a triangular ivory center, the other is a wide open V crotch. Mention name and caliber of rifle.
Price, each..... **70c**
If by mail, postage extra, 2 cents.



No. 6T1030 No. 12, Blank Piece to replace the crotch sight which is usually on the barrel when the rifle is purchased and which should always be removed when peep sights are used. Mention name and caliber of rifle Price..(If by mail, postage extra, 3 cents).. **17c**

IN ORDERING RIFLE SIGHTS BE SURE to state the maker's name, also the model and caliber of your rifle.

Winchester Graduated Peep Sights.



No. 6T1032 Graduated Peep Sight, complete, with screws to fasten to tang of Winchester rifle. Mention name and caliber of rifles. Price..... **$2.30**
If by mail, postage extra, 6 cents.

Sporting Rear Sights.

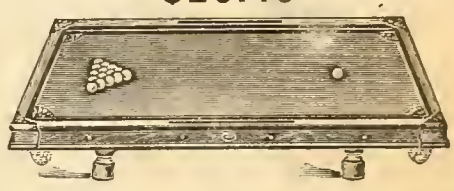
No. 6T1036 Sporting Rear Sight. Graduated from 50 to 300 yards. Mention name and caliber of rifle. Price, each..... **57c**
If by mail, postage extra, 3 cents.

No. 6T1042 Sporting Front Sight. Mention name and caliber of rifle.
Price, each..... **22c**
If by mail, postage extra, 2 cents.

No. 6T1046 Knife Blade Front Sight. German silver or ivory blade. Mention name and caliber of rifle. Price, each..... **45c**
If by mail, postage extra, 2 cents.

No. 6T1048 Rocky Mountain Front Sight. Mention name and caliber of rifle.
Price, each..... **44c**
If by mail, postage extra, 3c.

OUR COMBINATION BILLIARD AND POOL TABLE $20.40



The above illustration is engraved by our artist from the table itself. For $20.40 we furnish a Combination Billiard and Pool Table with accessories, for homes, public places, hotels, cigar stores, pool rooms, summer homes, etc.

ACCESSORIES. Each table is accompanied by 16 balls, 1¾ inches in diameter, made from the same composition as expensive billiard and pool balls, all have inlaid numbers, except the white or cue ball, same as high priced balls; 4 cues with leather tips, 1 triangle, 1 bottle, 4 pocket covers for changing the table from a pool to a billiard table, 1 bridge, 4 screw legs to make the table level, 10 ten pins, 2 packages of cue chalk, 4 extra tips and a book of instructions, by following which you can quickly learn in your own home to play nearly all kinds of games which may be played on the most expensive billiard or pool tables.

Our $20.40 Combination Billiard and Pool Table is 3 feet wide, and 6 feet long, with beautiful hardwood molded frame, high mahogany piano finish, bronze metal corners, extra good billiard cloth covering of bright green, fast color, flexible steel cushions, covered with cushion cloth which makes a very resilient cushion and does not deteriorate with age and the table is braced with T-shaped metal braces on the under side, so that it is almost impossible to become warped.

On each side of the frame as shown in the Illustration is an ivorine bead billiard counting device where scores for billiards can be kept by individuals or partners.

Our $20.40 Combination Billiard and Pool Table is so constructed that it may be placed on a dining room table, packing boxes, a large dry goods box or on anything of convenient height for playing a game, and may be instantly levelled by the four screw legs which will raise or lower any of the corners instantly, and when not in use can be put away in a closet behind a door or in some convenient place, so it will be out of your way.

OUR GUARANTEE OFFER. Send us $20.40 and we will send you this Combination Billiard and Pool Table with the outfit described above, by freight. You may take it from the railroad station, set it up, examine it, try and test it and if not perfectly satisfied with your purchase, repack it carefully, and return it to us at our expense of freight charges. All we ask is that you keep it in perfect condition.

As a home entertainer this table has no equal. It will keep your boys at home, affords considerable amusement to your family, friends, relatives and visitors. Is far less expensive than paying for games at regular billiard halls, for once you own the table, your games cost you nothing and in a very short time the table will pay itself for what you would have to pay when playing games at public places.

We have sold a great many of these tables the past season and all have given excellent satisfaction. Order by catalogue number.

No. 6T1100 Our Combination Billiard and Pool Table, 3x6 feet, weight, boxed for shipment, about 80 pounds. Our special price..... **$20.40**

$2.75 BUYS OUR AUTOMATIC REVOLVER.

AT $2.75 we offer you from our own revolver factory, in Worcester, Mass., an automatic shell ejecting 32 or 38-caliber revolver, under our guarantee that it is superior in every way to automatic revolvers of other makes that sell at much higher prices. We established our own revolver factory at Worcester, Mass., for the sole purpose of turning out a uniformly higher grade revolver than those usually furnished by other makers, and yet at a cost to us that would enable us to supply our customers at a lower price than we could possibly supply other makes.

MAKERS HAVE, in our judgment, for several years, been asking too much money for revolvers. There has been too much profit to the manufacturer and too much profit to the retail dealer, and it was with a view of changing this condition, getting a lower cost and a lower price to our customers, and a better made revolver, that we have established our own revolver factory.

THE CUSTOMER who reads this description can have little idea of the effort and outlay of money necessary to produce such a revolver for $2.75. From the time the manager of this department conceived the idea of building a factory and making our own revolvers, for nearly two years, we have been busy with a large force of men making special machines, getting out designs, making dies, jigs, gauges, tools, etc., before the first revolver could be produced.

IT HAS REQUIRED nearly two years time, a large force of mechanics and a big outlay of money to first build the equipment necessary to produce the finished revolver at the price. We are now fully equipped. Our revolver factory, like one of our gun factories, is also located in Worcester, Massachusetts, is in charge of one of the best revolver makers in the country. We have one of the most, if not the most modern, up to date revolver making plants in America. We have every facility for turning out the neatest, handsomest, most up to date design, best finished and best shooting revolver on the market and at the very lowest possible cost, and our special $2.75 price to you represents the net cost to us with but our one small percentage of profit added.

IF YOU WANT A REVOLVER you will find far greater value in one of our own make, one of the revolvers illustrated on this page, than in any other revolver made. This we positively guarantee. We will accept your order with the understanding that if the revolver is not perfectly satisfactory when received, if you are not convinced that it is the greatest revolver value offered by any house and in every way equal, and in many ways superior, to revolvers that sell at double the price, you can return it to us at our expense of express charges both ways and we will immediately return your money.

32-caliber Cartridges, 65c per 100. See page 311.

65c and 79c for 32 and 38-caliber Cartridges. See page 311.

FROM THE ILLUSTRATION engraved by our artist from a photograph of the revolver, you can get some idea of the general appearance of the revolver. This illustration is life size and shows the exact size of the 32-caliber revolver just as it appears in the photograph, yet you must see, examine and compare the revolver with others to appreciate what we are turning out, and how much you save by sending your order to us.

WE HAVE ENDEAVORED to make this revolver superior to the regular line of automatic revolvers, not only in what we consider a handsomer design, a neater and better shape, and a more beautiful outline, but we believe we have the best shell extracting device, the best cylinder catch and barrel latch, the simplest, strongest and best self-cocking action, that is produced on any revolver made regardless of price, and if you order one of these revolvers we leave it to you to be the judge. All are 5-shot and take center fire cartridges.

IN OUR NICKELING AND BLUING DEPARTMENT we believe we get a finer finish than is furnished on other revolvers. We have endeavored in this respect to turn out a revolver unexcelled, if equaled by any revolver made.

THESE REVOLVERS are made from the very finest decarbonized steel procurable. The cylinders are neatly fluted, the barrels are bored true to gauge and full rifled. They have the latest style high rib, as illustrated, are accurately sighted, made with handsome monogram rubber handle, neatly shaped trigger guard, trigger and hammer, a compact, well made and well finished automatic revolver, built with a view of combining the good qualities of all automatic revolvers with the defects of none and yet offered at a price lower than offered by any other concern, a price that barely covers the cost of material and labor, with but our one small percentage of profit added, only $2.75.

No. 6T1161	32-caliber, 3-inch barrel, nickel plated finish, rubber handle, 5-shot. Using cartridge No. 6T2377. Price	$2.75
No. 6T1162	38-caliber, 3¼-inch barrel, nickel plated finish, rubber handle, 5-shot. Using cartridge No. 6T2388. Price	2.75
No. 6T1163	32-caliber, 3-inch barrel, blued steel finish. Price	3.15
No. 6T1164	38-caliber, 3¼-inch barrel, blued steel finish. Price	3.15
No. 6T1165	32-caliber, 5-in. barrel, nickeled, rubber handle. Price,	3.25
No. 6T1166	38-caliber, 5-in. barrel, nickeled, rubber handle. Price,	3.25
No. 6T1167	32-caliber, 5-inch barrel, blued, rubber handle. Price,	3.75
No. 6T1168	38-caliber, 5-inch barrel, blued, rubber handle. Price,	3.75

Extra for pearl stock for any of the above revolvers, $1.00.
If by mail, postage extra, 17 to 24 cents.

$3.25 FOR OUR HAMMERLESS AUTOMATIC REVOLVER.

AT $3.25 WE OFFER this Hammerless Automatic Shell Ejecting Revolver, in 32 or 38-caliber, built in our own factory and guaranteed superior in every respect to hammerless revolvers of other makes that sell at much higher prices.

THIS HAMMERLESS REVOLVER at $3.25 like our special $2.75 Automatic Hammer Revolver, illustrated above, is built in the same factory—a factory we own and control at Worcester, Mass.—and our special $3.25 price barely covers the cost of material and labor with but our one small percentage of profit added. It is made from the same materials on the same machines by the same skilled labor as our $2.75 revolver above described. It differs only in that it is hammerless instead of a hammer revolver.

OUR BINDING GUARANTEE AND REFUND OFFER. Order one of our own revolvers at our special price, and we will send it to you with the understanding that if it is not perfectly satisfactory when received, you can return it to us at our expense of express charges both ways, and we will immediately return your money. Further, we guarantee every piece and part that goes into these revolvers, and if any revolver proves defective when received, in any piece or part, it can be returned to us at our expense of express charges both ways, and we will exchange it for another or your money will be refunded at your option.

IN EVERY DETAIL, in the making of the barrel, frame, cylinder and stock, this is the exact same type of a revolver as our special $2.75, above illustrated and described. It is gotten out with a view of giving our customers the highest type of a hammerless revolver it is possible to make, yet at the very minimum price, a price much lower than you can buy elsewhere.

32-caliber Cartridges, 65c per 100. See page 311.

65c and 79c for 32 and 38-caliber Cartridges. See page 311.

THIS ILLUSTRATION IS THE EXACT LIFE SIZE of our 32-caliber revolver, engraved by our artist direct from a photograph of the revolver, and from it you can get a general idea of the outline and style of the revolver, and we believe you will agree with us that it carries a distinctiveness in beauty of design and general style, and above all, we guarantee it to excel in workmanship and general finish any revolver on the market approaching it in price.

IF YOU ARE IN THE MARKET FOR A REVOLVER of any kind, we especially urge that you select either this $3.25 hammerless or our $2.75 hammer revolver, above, on the condition that if when received you do not consider it better than other makes at much higher prices, return it at our expense and we will immediately return your money.

WHY WE RECOMMEND THE HAMMERLESS REVOLVER OVER ALL OTHERS. We especially recommend that you select this our hammerless revolver at $3.25 in preference to the hammer revolver at $2.75. We recommend this additional outlay of 50 cents in the interest of safety. There is no hammer revolver that can be carried with absolute safety to the owner, for, the hammer being exposed, a fall, stumble or other accident that may bring the horn of the hammer immediately in contact with a rigid surface is liable to drive the hammer on the cartridge and discharge the revolver. Such accidents are not infrequent with hammer revolvers, whereas it could not happen with a hammerless revolver; the trigger being protected by a guard and the revolver being hammerless, there is no possibility of accidental discharge.

WHILE THE PROFIT IS EXACTLY THE SAME TO US whether you order a hammerless revolver or a hammer revolver, for the above reasons we especially recommend that you order the hammerless in place of the hammer revolver. All are 5-shot and use central fire cartridges.

WE FURNISH THIS REVOLVER in either nickel plate or steel blued, either in 32, using cartridge No. 6T2377, or 38-caliber, using cartridge No. 6T2388, with fancy rubber handles at the following prices:

No. 6T1171	32-caliber, 3-inch barrel, nickel plate finish. Price	$3.25
No. 6T1172	38-caliber, 3¼-inch barrel, nickel plate finish. Price	3.25
No. 6T1173	32-caliber, 3-inch barrel, blued steel finish. Price	3.65
No. 6T1174	38-caliber, 3¼-inch barrel, blued steel finish. Price	3.65

Extra for pearl stock for any of the above revolvers, $1.00.
If by mail, postage extra, 17 to 24 cents.

Cartridges, 65 cents and 79 cents per 100. See page 311.

WHILE WE ESPECIALLY URGE THE PURCHASE OF A REVOLVER MADE IN OUR OWN FACTORY, as illustrated and described on the opposite page, we show on this and the following pages, A COMPLETE LINE OF ALL THE WELL KNOWN MAKES, AND AT PRICES LOWER THAN YOU CAN BUY ELSEWHERE.

WE OFFER YOU ALL THE STANDARD MAKES OF REVOLVERS AT MANUFACTURERS' LOWEST PRICES.

IN ORDERING SINGLE REVOLVERS we advise sending by mail. This can be done by enclosing enough extra money to cover postage. The postage is 1 cent per ounce, or fraction thereof. We advise sending enough to cover insurance or registry fee as well as postage.

ON RECEIPT OF $1.00 we will send any revolver by express C.O.D. subject to examination, balance to be paid after the revolver is received and found perfectly satisfactory. We recommend, however, that you send cash in full with your order and save the small extra charge on a C. O. D. shipment. Nearly all our customers send cash in full with their orders.

HOW TO TEST A PISTOL OR REVOLVER.

PLEASE NOTE that expert pistol and revolver shooting can only be accomplished by experience and when once you become an expert shot, it is difficult for you to do poor shooting when you are in good form.

ALL REVOLVERS ARE TESTED at 12 to 20 yards except the high power strong shooting arms which are tested at 50 yards, and if you do not make a good target, it is not the fault of the revolver but is usually the fault of the sighting; for instance, a revolver that is tested at a target at 12 yards, and you can do good shooting at this range, you will find if you shoot the same revolver at 50 yards the bullets will fall under the target, so in order to become an expert shot it is quite necessary for you to become acquainted with the revolver you intend to shoot, and in a short time you will know whether to hold above or below the bull's eye in order to hit it.

WHEN TESTING A REVOLVER always take a muzzle rest, and shoot 5 or 6 consecutive shots at a bull's eye without stopping, then examine your target and see how the shots group and how near the group is to your bull's eye. This will give you an idea whether you should hold high, low, to the right or to the left of your mark. Always bear in mind that the wind has more or less effect on target shooting.

Made in 38-caliber only, using cartridges No. 6T2388.

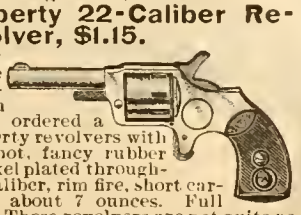
The Harrington & Richardson's New Automatic Bayonet Revolver is made in 38-caliber only, with 4-inch barrel, the bayonet extending 2½ inches forward of the muzzle. They are handsomely nickel plated, all working parts are steel and case hardened, and the bayonet is so constructed that it can be folded under the barrel instantly when desired. When open the bayonet is securely locked.

No. 6T1396 38-caliber, 4-inch barrel. Weight, 18 ounces. Nickel plated. Our special price....**$4.65**

Extra for pearl stocks.....1.10

If by mail, postage extra, 27 cents.

Our New Liberty 22-Caliber Revolver, $1.15.



Owing to the many calls which we have had for a cheap 22-caliber single action revolver, we have ordered a quantity of the Liberty revolvers with 2½-inch barrel, 7-shot, fancy rubber saw handle, full nickel plated throughout, taking the 22-caliber, rim fire, short cartridge. Weight, about 7 ounces. Full length, 5¾ inches. These revolvers are not quite as good as the Young America revolver, but are intended to take the place of a cheap single action revolver. They are as well made as any single action revolver yet produced.

No. 6T1399 Our Liberty single action revolver, 22-caliber, 2½-inch barrel, using cartridges No. 6T2336. Price....(If by mail, postage extra, 10c)....**$1.15**

Harrington & Richardson's Hammerless Revolvers.

65 AND 79 CENTS PER 100 FOR CARTRIDGES. SEE PAGE 311.

32 or 38-Caliber, Adapted to S. & W. Cartridges.

$3.60

This is Harrington & Richardson's latest production. The great demand for hammerless revolvers has prompted them to make a hammerless revolver of fine quality and workmanship, small and light and always ready to shoot. The revolvers have automatic shell ejectors, forged parts, steel barrels and rubber stocks. The 32-caliber has a small light frame, making them a good convenient pocket size. They are full nickel plated or blued steel. The 32-caliber use cartridges No. 6T2377, and the 38-caliber uses cartridge No. 6T2388.

No. 6T1411 32-caliber, 5-shot, 3-inch barrel, central fire, nickel plated. Weight, 13 ounces.... **$3.60**

No. 6T1413 32-caliber, 5-shot, 3-inch barrel, central fire, blued steel finish. Weight, 13 ounces, **$4.00**

No. 6T1418 38-caliber, 5-shot, 5-inch barrel, central fire, blued finish, Weight, 21 ounces.....**$4.50**

Pearl handles on any of the above revolvers will cost extra.....**$1.10**

If by mail, postage extra, 22 to 28cents.

WHEN ORDERING PARTS for guns, rifles or revolvers, always give the name, caliber or gauge of the gun, rifle or revolver. This will save us from writing you for this information.

Our 16th Century Flint Lock Pistol for Only $2.75.

F is the flint.
C is cover of powder pan.

For $2.75 we offer you our special Flint Lock Pistol. Many people supposed that there were no more of these revolvers to be had, but our European buyer succeeded in finding a small lot of them in Europe, and has sent them to us.

We are always on the lookout for anything that interests our customers, and if you are collecting relics we know that this 16th Century Pistol and our Flint Lock Musket will go along with your other antiquities.

This, our special flint lock pistol, is one which our grandfathers and great grandfathers used to shoot before the advent of modern arms and ammunition.

Do not think because we offer these pistols cheap, that they can only be used as an ornament, for if you desire you can shoot the pistol; shoot it the same as you would a muzzle loading gun.

The pistol has a 14-gauge barrel, 9 inches long and weighs 2¾ pounds, and is loaded from the muzzle the same as an ordinary muzzle loading gun.

After loading, place a little powder in the powder pan, close down the pan cover (C) to prevent the powder from falling out, pull the hammer to full cock, fire. The flint (F) ignites the powder by sparks caused by striking the pan cover. This pistol has a bright polished barrel, walnut stock, is brass mounted, and has a good, strong, substantial lock.

Do not fail to place your order as early as possible, because the supply is limited and at the present time we do not know of any more to be had anywhere. Show the boys the kind of a pistol which our grandfathers used to shoot, before gun caps were invented

No. 6T1430 Our special flint lock pistol, 9-inch barrel, 14-gauge, weight 2¾ pounds, our special price.....**$2.75**

OUR $4.50 FRONTIER REVOLVER.

This Frontier Revolver is offered as the BEST strong shooting arm made at a medium low price. The best revolver for the money for frontier use. This large, strong shooting and well finished revolver retails everywhere at from $6.00 to $8.00.

$4.50

TAKES CARTRIDGE No. 6T2409.

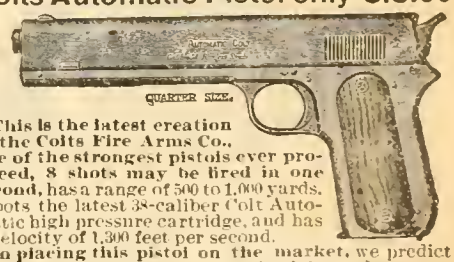
5½-inch barrel, 6-shooter, **fine engraved rubber stock, 44-caliber, center fire, full nickel plated or bined finish. This revolver is adapted to 44-caliber Winchester cartridges,** so that a person having a rifle need not change ammunition, but can use the same cartridges in both. Weight, 35 ounces.

No. 6T1434 Our price, nickel plated.....**$4.50**

No. 6T1436 The same revolver, blued finish **5.00**

If by mail, postage extra, 40 cents.

Colts Automatic Pistol only $18.50



This is the latest creation of the Colts Fire Arms Co., one of the strongest pistols ever produced, 8 shots may be fired in one second, has a range of 500 to 1,000 yards, shoots the latest 38-caliber Colt Automatic high pressure cartridge, and has a velocity of 1,300 feet per second.

In placing this pistol on the market, we predict an advent in pistols, for this pistol is made on entirely different principles from revolvers, the magazine is in the handle, and it has no cylinder, whereby it differs from revolvers. **To operate this pistol, place seven cartridges in the magazine, and one in the chamber, raise the hammer, and all you have to do after that is to pull the trigger, for the pistol cocks itself after every shot is fired** by its own recoil, ejects the cartridge which has been fired, places a new cartridge in the chamber, and is ready to shoot again as soon as you are ready to pull the trigger, in other words, the pistol shoots, raises the hammer, ejects the empty shell, replaces another shell in the chamber, about as fast as you can pull the trigger. If you keep your finger on the trigger, the entire eight loads may be fired as fast as you can pull the trigger.

No. 6T1440 Colts Automatic Pistol, using 38-caliber Colts Automatic high pressure smokeless cartridges, 6-inch barrel, blued finish, eight shooter; weight, 32 ounces; range, 500 to 1,000 yards; has the force of a rifle. Our special price....**$18.50**

NOTICE. Owing to the heavy advance in prices on revolvers at the different factories, and which are liable to go much higher,

Our Prices are Subject to Change Without Notice.

Place your orders early, while our present stock lasts, as these prices apply only to stock on hand.

$5.50 AND $5.90

THE IMPORTED AUTOMATIC DOUBLE ACTION REVOLVER.

IMITATION OF SMITH & WESSON.

This illustration, engraved from a photograph by our artist will give you some idea of the revolver.

It is central fire, and has 5½-inch barrel, finished in blued or nickel plated. Made in 44-caliber only.

It has rebounding hammer, rubber stock, weighs 35 ounces and is automatic shell ejecting.

This revolver takes the same cartridge as the Winchester Rifle, 44-caliber (No. 6T2409), so that a man who has a 44-caliber rifle can use the same ammunition in both the rifle and this revolver. We have contracted for a large lot of these revolvers in order to get the price so we can sell them with our one small percentage of profit at these figures.

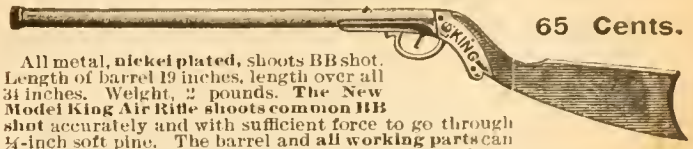
RUSTED AND DAMAGED GUNS.

Do not return to us a gun, revolver or rifle which is rusted, pitted or has the finish worn off, for we have no way of selling these guns. If you have a gun, revolver or rifle which needs repairing, first write us fully, describing the article and what is broken, and we may be able to send you the part necessary, thus saving the express charges on the gun both ways.

The New Model King Air Rifle, Single Shot.

Our King Rifles we Guarantee the Highest Grade Made.



65 Cents.

All metal, nickel plated, shoots BB shot. Length of barrel 19 inches, length over all 34 inches. Weight, 2 pounds. The New Model King Air Rifle shoots common BB shot accurately and with sufficient force to go through ¼-inch soft pine. The barrel and all working parts can be easily removed by simply unscrewing the metal cap on front part of gun, a feature when seen that must be appreciated, as it makes the removal of shot that are sure to become lodged in all muzzle loading air guns a very simple and easy matter. Each gun is sighted with movable sights.

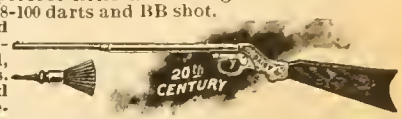
No. 6T1832 Our special price for the single shot, ... 65c

No. 6T1833 The New King Repeater. Same style as King single shot. This is one of the best Repeating Air Rifles on the market, and shoots 152 times at one loading. Our special price $1.10

If by mail, postage extra, 48 cents.

The Improved Daisy Air Rifle for 68 Cents.

One 68-cent Daisy is the most perfect little all metal gun ever shown. Shoots No. 18-100 darts and BB shot.



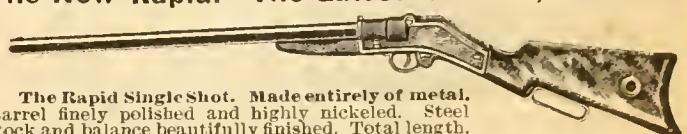
Made entirely of metal and wood, nickel plated, latest improved pattern; length of barrel, 19 inches; total length, 30 inches. Weight, 2 pounds. Is now fitted with globe sights, each rifle carefully tested before leaving factory. This is the latest model improved Daisy Air Rifle. Shoots shot or darts.

No. 6T1835 Our special price, with wood stock 68c

If by mail, postage extra, 48 cents.

DARTS. For prices of darts see Quackenbush Air Rifles.

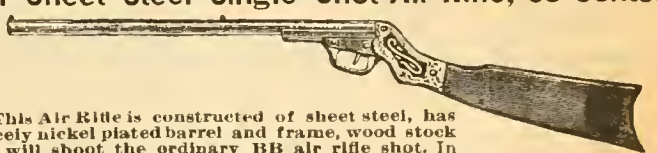
The New Rapid. The Latest Air Rifle, 95 Cents.



The Rapid Single Shot. Made entirely of metal. Barrel finely polished and highly nickeled. Steel stock and balance beautifully finished. Total length, 30 inches. Weight, 2¼ pounds. In the New Rapid you will find all the old difficulties overcome. It is a beauty. Put a BB shot in at the muzzle and cock the gun to shoot it.

No. 6T1836 Price, each ..... (If by mail, postage extra, 59 cents) 95c

Our Sheet Steel Single Shot Air Rifle, 63 Cents.

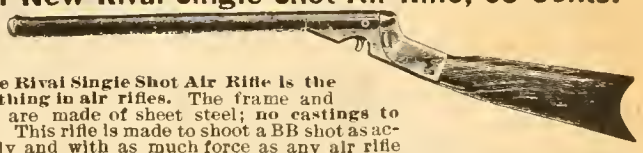


This Air Rifle is constructed of sheet steel, has a nicely nickel plated barrel and frame, wood stock and will shoot the ordinary BB air rifle shot. In order to load the gun, first drop a BB shot into the barrel, then cock the gun until you hear the trigger click, and the gun is ready to shoot. The total length of the Sheet Steel Air Rifle is 30 inches, and weighs about 2 pounds, and the above illustration, which is engraved from a photograph, will give you a general idea of its appearance. This rifle shoots BB shot and darts.

No. 6T1842 Our special price on this Sheet Steel Single Shot Air Rifle, 63c

If by mail, postage extra, 36 cents.

Our New Rival Single Shot Air Rifle, 63 Cents.



The Rival Single Shot Air Rifle is the latest thing in air rifles. The frame and barrel are made of sheet steel; no castings to break. This rifle is made to shoot a BB shot as accurately and with as much force as any air rifle made. The barrel and frame are nickel plated, the stock is made of good seasoned wood and the rifle is cocked by the well known hinge system, and almost any boy can operate it. The above illustration is engraved from the rifle and will give you some idea of it. Each gun is sighted and tested before it leaves the factory. The entire gun is 34 inches long and weighs about 2 pounds.

No. 6T1844 Our special price 63c

If by mail, postage extra, 44 cents.

The Columbian 1,000-Shot Air Rifle, $1.30.

The Columbian 1,000-Shot Air Rifle, as now made, with improved lock parts and magazine, is an air rifle which will give universal satisfaction. The loading device is very similar to that of the old model air rifle, that by pushing the sleeve forward you fill the magazine with BB shot, and to operate the rifle, hold the gun in the left hand, turn the muzzle toward the ceiling, throw the lever forward, same as you would with the Winchester rifle, and the gun loads itself. Every time you throw the lever you put a shot in the barrel, it is best to shoot after you load the gun, or you will get several pellets in the barrel. Should an imperfect shot get into the barrel, it can easily be removed by cocking the gun and inserting a wire from the muzzle, which pushes the shot into the chamber from which it can be easily removed. The Columbian Repeating Air Rifle will hold about 1,000 pellets of BB shot in the magazine, and can be shot repeatedly until the magazine is empty. The entire length of the Columbian 1,000-Shot Air Rifle is 34½ inches; the barrel is nickel plated and the frame is japanned; the stock is a good seasoned hardwood. The gun weighs about 4¼ pounds. It looks like a Winchester, works like a Winchester and pleases the boys.

No. 6T1846 Our special price ..... (Cannot be sent by mail) $1.30

NOTICE—On any goods not described or listed in this catalogue and made to order, we must ask cash in full with the order, and they cannot be returned under any circumstances.

LOADED SHOTGUN SHELLS.

IN DIRECTING YOUR ATTENTION to our line of loaded shotgun shells in the different sizes of shells and loads, both in black and smokeless powder, the highest grade of loaded shotgun shells made, we wish to plainly state that in offering these shells we are not restrained by the makers as to the price at which we can sell them. We are not called upon to enter into an agreement to sell them at exorbitant prices. We have not by any agreement placed ourselves in a position where we are compelled to take an exorbitant profit from our customers.

THE AMERICAN ASSOCIATION LOADED SHOTGUN SHELLS are supplied by the manufacturers only to such houses as will enter into an agreement to charge what we consider an exorbitant price for the goods. For example, they will furnish us 12-gauge shotgun shells, loaded with three drams of black powder and one ounce of shot at a net price of $1.21 per hundred; only on condition that we will not print a price in our catalogue less than $1.62 per hundred. This makes a profit of about $4.00 on 1,000 shells, and they exact about the same ratio of difference between their selling price to us and the price at which they will permit us to print in our catalogue on their entire line of all grades and sizes of loaded shotgun shells and metallic cartridges for revolvers, rifles, etc., and if we decline to ask such exorbitant profits and print such high prices they flatly refuse to sell us the goods, and any catalogue house or other concern who prints these prices which these companies exact are in our opinion taking from their customers an unfair and unjust profit.

WE HAVE NEARLY THREE MILLION CUSTOMERS in the United States and we do not believe that one of them would care to buy a shotgun, revolver or rifle shell or cartridge made by a company who sell their goods only on condition that such big profits be added to their selling price, demanding that the man who uses the goods (at least in our judgment) must pay for them more than they are worth.

OUR BLACK AND SMOKELESS POWDER LOADED SHELLS come packed 25 shells in a paper box, 20 boxes or 500 shells in a case. A case of 500 12-gauge shells weighs about 65 pounds; a case of 500 10-gauge shells weighs about 75 pounds.

TO GIVE YOU A BETTER MACHINE LOADED SHELL than you can possibly get elsewhere, to give you a higher grade of powder in a shell and at honest prices, prices based on the actual cost to make, material and labor with but our one small percentage of profit added, we have arranged for a supply of shells, metallic cartridges and ammunition, in car load lots, the highest of high grade, which we put out under our binding guarantee as to quality, and we urge you in behalf of honest merchandising to at least give our ammunition a trial, and call your attention to our position, which in spite of concerted effort to maintain high prices, we are prepared to supply you the highest grade of goods at lower prices than ever before.

OUR LOADED SHOTGUN SHELLS in both smokeless and black powder are made for us under contract by one of the best makers in America, a manufacturer who heretofore has manufactured a loaded shell in limited quantities for special trade where only extra high grade goods were wanted, for trap shooters, market shooters, semi-professional sportsmen, etc. These goods have always commanded extra high prices, but feeling forced in behalf of our customers to give them a very high grade of ammunition and at lower prices than we cared to allow others to dictate us to ask, we arranged with this manufacturer to largely increase his manufacturing capacity to accommodate our needs, and in doing this we made an arrangement whereby we could be supplied on the basis of the actual cost of material and labor with a very small manufacturing profit to which we add our one small percentage of profit, and for strength, sure fire, penetration, pattern, shape, cleanliness of action, in fact in every essential point, we guarantee our loaded ammunition, and especially our shotgun shells to be superior to any machine loaded shells on the market regardless of price.

IN THE LOADING OF OUR SHELLS only the most approved and highest type of machinery is employed. The even pressure of the powder is perfectly controlled in the loading, the even pressure of the wadding on the powder is unmatchable, the quality of the wadding, the quality of the shot has been carefully observed, and if you will send us an order, no matter how small, we assure you you will use no other than our special loaded shells.

WE ADVISE THAT YOU ASK YOUR FRIENDS to join with you and order these shells by the case or by the thousand and ship them by freight, so as to save you the express charges which are always considerably higher than freight charges.

OUR LINE OF BLACK POWDER LOADED SHELLS

We have all our shells loaded especially to our order with the best quality of black powder, the best quality and style of wadding, the best quality of shot by one of the best shell loading companies. A case of 500 12-gauge shells weighs about 65 pounds, and a case of 500 10-gauge shells weighs about 75 pounds.

Black Powder Hand Loaded Shells.

To any of our customers, who wish any specially loaded shells not mentioned in this catalogue, we will load by hand, the same loads as mentioned in this catalogue, but we will be obliged to charge 20 per cent extra for this work; for instance, if you wish specially loaded shells 3 drams of black powder and 1 ounce of shot, we will be obliged to charge 20 per cent more for the hand loaded than for the machine loaded shells, which we describe in this catalogue.

For any special loads of buckshot we cannot load less than 25 at a time, and we must charge for these, with black powder, $1.25 per box of 25 shells.

OUR SMOKELESS POWDER LOADED SHELLS.

We have done considerable experimenting with medium and high priced smokeless loaded shells, and as far as pattern, carrying power, and penetration are concerned, we find that by shooting the medium grade smokeless shells, and the high priced grade smokeless shells, in the same guns, the pattern, penetration and carrying power is almost identical and we therefore abandon all high grade and high priced smokeless powder loaded shells, believing that we should not ask our customers to pay any more for high priced goods than is necessary when the medium priced goods answer the same purpose.

LOADED METALLIC PISTOL AND RIFLE CARTRIDGES

IN DIRECTING YOUR ATTENTION to our line of loaded metallic cartridges, in all the different sizes for revolvers, rifles, etc., on the following pages, we wish to state that the same price restriction condition that covers the sale of the American Association loaded or empty shotgun shells applies also to loaded metallic cartridges. The manufacturers of these metallic cartridges are willing to supply us at their lowest prices only on condition that we print certain selling prices, which in our judgment are too high, and which would compel us to ask from our customers what we would consider an exorbitant profit. For example: They will sell us 22-caliber short rim fire metallic cartridges for 21 cents per hundred only on condition that we will not print a price on these cartridges in our catalogue lower than 28 cents per hundred. This is about 30 per cent profit, and they exact about the same proportionate ratio of difference between their selling price to us and the price at which they will allow us to print on their entire line of metallic cartridges, and no house who buys goods from these makers, must print prices any lower than the selling prices fixed by the manufacturers, prices which in our judgment are exorbitant and entirely unfair to the customer.

DETERMINED THAT OUR CUSTOMERS shall have the highest grade of metallic cartridges, and at prices not restricted by any maker, prices based on the actual cost of material and labor with but a one small honest profit added, we have discontinued the sale of the American Association cartridges and call to your attention our special line of metallic cartridges which we offer as the highest grade cartridges made, cartridges combining all the good points of all cartridges with the defects of none. These metallic cartridges are made for us under contract, by a manufacturer who with fifteen years of experience in the making of metallic cartridges, turns out what we believe to be (and what we believe our customers will say when they use them), the highest grade cartridge made. And in the making and the loading the manufacturer employs the very highest type of machinery, the finest grades of carefully tested ammunition, a line of cartridges which for sure fire, shape, smoothness, accuracy, and above all, penetration are unexcelled, if indeed equaled by any other cartridge made.

AMONG OUR THREE MILLION CUSTOMERS we believe there are few, if any, who would want to buy a cartridge made by a manufacturer who undertakes to dictate at what price the goods shall be sold, especially when he says we must sell at a price which in our judgment means an exorbitant profit, and when we give you the opportunity of buying the highest grade of cartridges at prices that are not controlled, prices that only pay one small percentage of profit above the cost to us, we believe that you will favor us with your orders, and will lend your kind influence in our behalf in interesting your friends and neighbors to our metallic cartridges, our loaded shotgun shells and other ammunition.

WHERE ANY MANUFACTURER UNDERTAKES TO DICTATE TO US at what prices we must sell his goods, and refuses to supply us unless we follow the prices laid down by the manufacturer, if in our judgment these prices are exorbitant and means the taking of an unfair profit from our customers, it shall be our policy in the millions of catalogues we print, that reach the hands of a very large percentage of the buying public in the United States, to make a plain statement of the facts to our people, and give them the opportunity of discriminating between goods on which the selling price is not controlled by the manufacturer as against goods which the manufacturer endeavors to control the retail selling price.

LOADED METALLIC CARTRIDGES.

COMPARE OUR PRICES WITH OTHER HOUSES.

REMEMBER, our terms are cash with order. These are the leading and popular selling cartridges, but we can furnish other kinds of cartridges not on this list at lowest market prices. Cartridges can be shipped with other goods by express or freight, but cartridges cannot be sent by mail, because they are explosive. Prices subject to change without notice. Our ammunition is always fresh. We buy metallic and shotgun ammunition in car load lots. We sell large quantities, consequently have no old stock on hand. These illustrations are one-half size of the cartridges. In case you are in doubt about the correct caliber, send us a sample shell which has been shot, with your order, or send the cover of the box. Rim fire cartridges cannot be reloaded.

WE HANDLE ONLY FRESH AMMUNITION, direct from the factory, loaded with first class powder. Compare our prices with other houses. None can compete with us. Cartridges cannot be sent by mail.

How to Load Shells to get the Best Results.

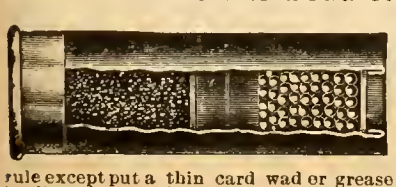

Illustration Showing how a Shell Should be Loaded. Our experience is that the loading of shells is largely responsible for good or poor targets. Some guns will make a good pattern with a certain size shot, and a poor pattern with another size, but nearly all guns will do better when the shell is properly loaded. Try the following rule if you load your own shells. For black powder: 1st—put in the powder; 2d—one thick cardboard wad; 3d—two or three felt wads; 4th—one cardboard wad; 5th—the shot; 6th—one thin card wad. Test load, 3 drams black powder, 1⅛ ounce No. 8 shot. For nitro powder use the same rule except put a thin card wad or grease proof wad over the powder instead of a thick card wad. When loading nitro powder, don't put in a heavier charge than the directions on the can call for. Guns are usually tested at a 30-inch circle, at 40 yards.

Our Apothecary Scale with Weights

Will weigh from 2 grains to 120 grains. The little weights made of sheet brass are the grain weights, weighing from 2 to 6 grains; the 10 grain weights are made of aluminum and stamped 10 grains. In addition to the above weights we also furnish the regular apothecary scruple and dram weights for druggists, 1 scruple being equal to 20 grains. These scales have 2-inch pans and come put up in a box 5½ inches long, 2⅝ inches wide, 1¼ inches deep.

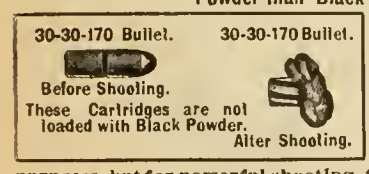
SMOKELESS CARTRIDGES.

Metallic Cartridges, loaded with Smokeless Powder, are all the same shape and size as regular Black Powder Cartridges, but have less grains of Powder than Black Powder Cartridges.



These two illustrations show a soft point bullet before and after shooting. The soft point bullets have a metal patch or jacket to the point, and when the bullet strikes it spreads at the point, as shown in illustration. **The full metal patched bullets** have a metal jacket covering the entire bullet and keep their shape after shooting. **We recommend soft point bullets for hunting purposes, but for powerful shooting, full metal patched are better;** for instance, a 30-caliber Army metal patched bullet will go through 58 pine boards, ⅞-inch thick, 15 feet from the muzzle of the rifle. A 30-caliber Winchester will go through 35 boards, ⅞-inch thick, in the same distance, while a lead bullet would go through only about one-half as many boards.

DON'T LOAD SHOTGUN SMOKELESS POWDER INTO CARTRIDGE SHELLS.

In fact, we advise using only factory loaded smokeless cartridges. Factory loaded ammunition is safe, but we have heard of rifles bursting BY LOADING SHOTGUN SMOKELESS POWDER IN RIFLE CARTRIDGES. Our terms are cash with order.

Rim Fire Smokeless. Come with Lead Bullets Only.

These illustrations are half size of cartridges. If you are in doubt about correct caliber, send us a sample shell, which has been shot, with your order, or send cover of box.

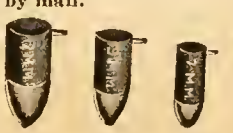
No. 6T2721 7 M.M. for pistols, per box of 50, weight, 18 ounces. 45c

No. 6T2722 9 M.M. for pistols, per box of 50, weight, 22 ounces.....55c

No. 6T2723 12 M.M. for pistols, per box of 50, weight, 24 ounces.....75c



No. 6T2724 Primers for Pin Fire Cartridges, per box of 100 .....20c

Our Experience with Paper Shells.

There are at the least calculation thirty styles of paper shells made, and each style comes in four to six different gauges and lengths, making a line of shells 120 to 180 styles, and when you stop to consider that the main shells used are 12-gauge, we have come to the conclusion that if the manufacturer could confine himself to two or three styles of shells, they could be manufactured and sold to our customers cheaper than by manufacturing such a very large variety of shells. **We have therefore started out with experiments in order to select the best possible black powder shell,** and the best possible smokeless powder shell, and in doing this we have figured with the manufacturer to name us his lowest possible prices for a very large quantity of these two styles of shells, which will cover the wants of our customers. **By confining our purchases to two styles of shells,** we are able to make you a lower price than we were by carrying a very much larger variety in stock. **We find in our experiments that the black powder shell must be an ordinary well made shell,** with the proper primer, and that the smokeless powder shell must be an ordinary shell with a smokeless base and a quick primer, and when you have this you have all that is necessary for good shooting.

The main point to be considered about getting good patterns, is to have the proper wadding in the shells; for instance, in a 12-gauge paper shell we advise putting a 12-gauge cardboard wad next to the powder, and one or two ¼-inch 12-gauge black edge over the cardboard wad then another card wad, then the shot and a thin cardboard wad over the shot and crimp the shell about a quarter of an inch; this will give you good satisfaction on a gun bored for nitro powder, but if you have a gun bored for black powder, we think you will get better satisfaction by putting a 12-gauge cardboard wad next to the powder, and one or two ¼-inch **11-gauge** black edge wads over cardboard wad, and then put one thin 12-gauge card wad over the shot.

OUR BLACK POWDER EMPTY PAPER SHELLS, SUITABLE FOR BLACK POWDER LOADING.

These shells come packed 100 shells in a box and we cannot sell less than 100 shells of one size at a time. All these shells take the No. 2 primer. If you wish to shoot smokeless powder in these shells put 2 grains of black powder into the shell before you put in the smokeless powder. Two grains is about half as much as a 22-caliber rim fire cartridge shell will hold. This is called "priming the shell" with black powder. A box of 12-gauge paper shells will weigh about 2 pounds and 14 ounces. A box of 10-gauge paper shells will weigh about 3 pounds. A box of 20-gauge paper shells will weigh about 2¼ pounds. **These shells cannot be sent by mail.** Price, per 100

No. 6T2728 12-gauge, 2⅝ inches long.....57c
No. 6T2729 10-gauge, 2⅞ inches long.....64c

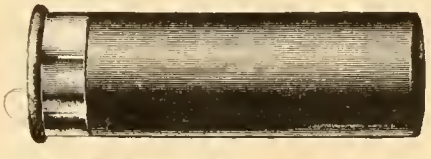
No. 6T2732 20-gauge, 2½ inches long.....60c

OUR SMOKELESS POWDER EMPTY PAPER SHELLS.

For "Bulk" Smokeless Powder.



These shells are especially adapted to smokeless powder, all have a quick primer. These shells come put up 100 in a paper box, and we cannot sell less than 100 of a size. A box of 12-gauge paper shells will weigh about 2 pounds and 14 ounces. A box of 10-gauge paper shells will weigh about 3 pounds. A box of 20-gauge paper shells will weigh about 2¼ pounds. **These shells cannot be sent by mail.**

No. 6T2733 12-gauge, 2⅝ inches long. Per 100..$0.80
No. 6T2734 10-gauge, 2⅞ inches long. Per 100.. .89
No. 6T2738 8-gauge, 3¼ inches long. Per 100.. 2.00
No. 6T2739 16-gauge, 2⅝ inches long. Per 100.. .80

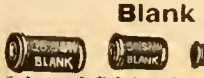
KYNOCH "PERFECT" EMPTY BRASS SHELLS.

Made for black powder and in 10-gauge only. These are lighter than second quality brass shells and we cannot sell less than 25 shells at a time.

No. 6T2745 10-gauge, 2⅞-inch long. Price, per box of 25 shells 25c

Weight, per box, 13 ounces. Explosives cannot be sent by mail.

Blank Cartridges.



Primed with regular powder charge, but without bullets. For 4th of July and Celebrations. Weight per box of 50, ¾ to 1¼ pound. **Order by number. Cannot go by mail.**

No. 6T2762 22-caliber, rim fire, per 100.....$0.13

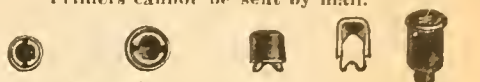
No. 6T2767 50-caliber, Government, per 100... 3.00

AN EXPLANATION ABOUT PRIMERS.

There are at least fifty to sixty styles of primers manufactured, and it becomes confusing to customers as to which style of primer to order. When ordering primers advise us for which name and brand of shells the primers are wanted and you will assist us greatly, for there are ever so many different styles of primers, and unless you give us the name and brand, we are obliged to guess at what you want; but if you can tell us the maker's name of the shells, and whether they are wanted for black or smokeless powder, we can generally send you the right size.

GUN CAPS AND PRIMERS.

Illustrations show the exact size of primers. Primers cannot be sent by mail.



No. 1 No. 2 and No. 2½ No. 6W No. 3 No. 4

Explosives cannot go by mail.

No. 6T3203 Trimmed Edge Waterproof Gun Caps for muzzle loaders, 100 caps in box, per box 5c; per 1,000 ..... .50

No. 6T3204 U. S. Musket Caps, for muzzle loading army muskets, 100 caps in box. Per box..... .06

No. 6T3205 Gun Caps, G. D. percussion, for muzzle loading cap pistols, 100 caps in box. Per box..... .05

No. 6T3206 Primers No. 2; for black powder paper or brass shells. Per box of 100, 14c; per 1,000..... 1.35

No. 6T3207 Primers No. 2 or 2½; for black powder paper or brass shells. Per box of 250, 33c; per 1,000..... 1.30

No. 6T3208 Pistol and Rifle Primers; for black powder. Nos. 0, 1 and 1½. Per box of 250, 33c; per 1,000..... 1.30

No. 6T3209 U. M. C. Primers No. 3; for nitro powder paper shells. Per box of 100, 14c; per 1,000..... 1.40

No. 6T3212 U. M. C. Smokeless Primers Nos. 5, 6, 6½, 7, 7½ and 8½; for cartridges and paper shells (state for which brand and caliber wanted). Per box of 250, 35c; per 1,000..... 1.40

NOTICE—When ordering primers tell us if you want them for Winchester, U. M. C., or other shells or cartridges. The primers are different for each kind, except No. 2. All No. 2 primers are alike in size.

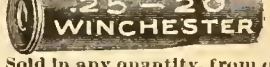
No. 6T3222 Winchester Smokeless Primers Nos. 1W, 1½W, 2½W, 3W, 4, 5 and 6. Per box of 100, 14c; per 1,000..... $1.40

No. 6T3223 Berdan Primers No. 1. For old style military cartridges. Per box of 250, 35c; per 1,000..... 1.40

No. 6T3224 Berdan Primers No. 1½. For old style brass shells. Per box of 250, 35c; per 1,000..... 1.40

When you are in doubt as to the primer you need, send us a sample of one which has been shot, with your order, and we will match it.

Primed Empty Rifle and Pistol Shells.



These shells have the primer, but have no powder and bullets.

Sold in any quantity, from one box to a thousand. All center fire. Shells cannot be sent by mail. Order by number, caliber, model of gun and style. Small sizes come 50 in a box. Sporting rifle and military sizes come 25 in a box.

A Few Words About Gun Wads.

There is considerable difference of opinion among shooters about the best method of loading shells, with reference to the wadding. We have gone into this matter extensively and our experience is as follows: That if you place one cardboard wad next to the powder, then use one or two of ¼-inch black edge wads (according to the length of the shell), after this put another cardboard wad over the black edge wads, then put in your shot and a thin cardboard wad over the shot, leaving about ¼-inch of the shell to be crimped, you will get as good results as you will from any fancy loading, all other things being equal.

The object of putting in a cardboard wad next to the powder, is that the powder will not tear the felt wad badly as the cardboard wad protects the felt wad. **The object of placing a thin cardboard wad next to nitro powder** is to prevent the nitro powder from absorbing the lubricant of the felt wads which is said to deteriorate the force of the powder. In our opinion the above methods of loading will give you a good average result. **The main scientific principles in shooting is to confine the gas generated by the burning powder behind the shot;** if loading as above mentioned doe. not give the proper pattern we advise you to try one size larger felt wads. For instance, if you do not get good results with No. 12 black edge wads, try No. 11 wads, for it sometimes happens that the diameter of one gun barrel is a mere trifle larger than another. **If you are doing rapid shooting,** enough so as to cause the barrel of your gun to become heated, bear in mind that this heating process expands the bore of the gun, though not enough to notice it with the naked eye, still enough to impair the shooting qualities.

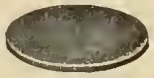
Cardboard Wads.

Order by Number and Gauge.
Made from Specially Prepared Cardboard.

No. 6T3300 Cardboard Wads, to be used next to the powder, but may be used over the shot also. Weight, about 1¼ pounds per 1000. Mention gauge wanted.

	Per box of 250	Per 1000
7 or 8-gauge wads	.5½c	21c
9 or 10-gauge wads	.5c	18c
11 to 20-gauge wads	.4c	15c

If by mail, postage extra, per box, 5 cents.



No 6T3320 Thin Cardboard Wads to use over the shot. Weight about 1 pound per 1000. Made from specially prepared paper. Mention gauge wanted.

	Per box of 250	Per 1000
9 or 10-gauge	5c	18c
11 to 20-gauge	4c	15c

If by mail, postage extra, per box, 5 cents.

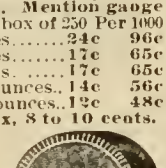
Black Edge Wads, ⅛-Inch Thick.

No. 6T3330 For use over black powder, but may be used over smokeless powder also if you put a card wad next to the powder. Weight, per 1000, 1 to 3½ pounds, according to size. Mention gauge wanted.

	Per box of 250	Per 1000
6-gauge, box of 250, weight, 9 ounces	24c	96c
7-gauge, box of 250, weight, 9 ounces	17c	65c
8-gauge, box of 250, weight, 8 ounces	17c	65c
9 or 10-gauge, box of 250, weight, 8 ounces	14c	56c
11 to 20-gauge, box of 250, weight, 7 ounces	12c	48c

If by mail, postage extra, per box, 8 to 10 cents.

Black Edge Wads, ¼-inch Thick.



No. 6T3340 For use over black powder, but may be used over smokeless powder also if you put a card wad next to the powder. Weight, per 1000, 2¼ pounds. Packed 250 in a box. Mention gauge wanted.

	Per box of 250	Per 1000
9 or 10-gauge	22c	85c
11 or 12-gauge	18c	72c

If by mail, postage extra, per box, 13 cents.

Black Edge Wads, ⅜-Inch Thick.

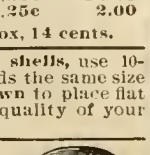
No. 6T3350 Black Edge Wads, ⅜-inch thick, for use over black powder, but may be used over smokeless also. One of these is equal to three of the ⅛-inch wads. 125 in a box. State gauge wanted.

	Per box of 125	Per 1000
9 or 10-gauge	28c	$2.20
11 or 12-gauge	25c	2.00

If by mail, postage extra, per box, 14 cents.

NOTICE—In 12-gauge brass shells, use 10-gauge wads. In paper shells, use wads the same size as shell. Always put the wad down to place flat and evenly, otherwise the shooting quality of your gun will be greatly impaired.

Nitro Felt Wads.



Made of elastic felt, soft and pliable, unlubricated, **perfectly dry and free from all greasy matter, for use over nitro powder.** 125 in a box, ⅛ and ¼-inch thick. State gauge wanted.

		Per box	Per 1000
No. 6T3360 ⅛-inch	9 or 10-gauge	7c	56c
	11 or 12-gauge	6c	48c
No. 6T3370 ¼-inch	9 or 10-gauge	11c	84c
	11 or 12-gauge	9c	72c

If by mail, postage extra, per box, 10 cents.

Pink Edge Felt Wads, ⅛-Inch Thick.

No. 6T3410 For use over black powder, but may be used over smokeless powder if you put a card wad next to the powder. Weight per 1000, 1¾ to 3 pounds, according to size. These wads come 250 in a box. State gauge wanted.

	Per Box of 250	Per 1000
9 or 10-gauge, pink edge, per box of 250	.25c	$1.00
11 to 20-gauge, pink edge, per box of 250	.20c	.80

If by mail, postage extra, per box, 10 cents.

Pink Edge Felt Wads, ¼-Inch Thick.

No. 6T3420 For use over black powder, but may be used over smokeless powder if you put a card wad next to the powder. 250 in a box. State gauge wanted.

	Per box of 250	Per 1000
9 or 10-gauge	30c	$1.20
11 or 12-gauge	25c	1.00

If by mail, postage extra, per box, 12 cents.

White Felt Wads, ⅜-Inch Thick.

No. 6T3430 For use over black powder, but may be used over smokeless powder if you put a card wad next to the powder. One of these is equivalent to three ⅛-inch wads. Weight, per 1000, 5 to 6 pounds. 125 wads in a box. State gauge wanted.

	Per box 125	Per 1000
7-gauge, per box of 125	40c	$3.20
8-gauge, per box of 125	40c	3.20
9 or 10-gauge, per box of 125	30c	2.40
11, 12, 16, 20-gauge, per box of 125	28c	2.20

If by mail, postage extra, per box, 18 cents.

SMOKELESS POWDER.

A FEW VALUABLE POINTERS ABOUT NITRO POWDER.

1—**Don't guess at the quantity of Dense Nitro powder, but get a druggist to weigh it for you. It is weighed by apothecary weight. We do not handle dense nitro powders. They are dangerous in the hands of people not familiar with handling them.**

2—**Use wads enough to confine the gas produced by the explosion, or there will not be force enough to carry the shot.**

3—**Don't use too heavy a load of nitro powder; it may strain the gun.**

NOTICE—Be careful in loading nitro powder. Don't deviate from the directions on the powder can.

NOTICE—Smokeless powder is only half as heavy as black powder; for instance, if you have a 1-pound black powder can you will fill it with one-half pound of smokeless powder.

SCHULTZE SMOKELESS POWDER.

This is one of the very best and safest of nitro powders. It is known as a "bulk" nitro powder, and can be loaded with a black powder and shot measure.

Schultze Powder for shotguns only; has very little smoke.

No. 6T3501 1 pound can (actual weight ½ pound). Price, per can..54c

No. 6T3502 10-pound can (actual weight 5 pounds). Price, per can.$4.86

Follow the directions on each can for loading.

E. C. SMOKELESS POWDER.

E. C. Shotgun Powder, little or no smoke. It is known as a "bulk" nitro powder, can be loaded with a black powder measure and is becoming more popular every year.

No. 6T3505 1 pound can (actual weight ½ pound). Price, per can..... 54c

No. 6T3506 10-pound can (actual weight 5 pounds) Price, per can $4.86

Great care must be taken in loading this powder to obtain the best results. Directions on each can. The great advantage of Du Pont's Smokeless, Schultze and E.C. Powders over common powders is the fact that there is much less recoil and no smoke to prevent seeing game or target for second shot.

NOTICE. Don't load shotgun powder in rifle cartridges. When loading smokeless powder by weight, use an apothecary scale, which weighs 5,760 grains to the pound.

DU PONT Smokeless or Nitro Powder is also a "Bulk" Nitro Powder.

The Du Pont Smokeless Nitro Powder is a fine grain, hard powder, safe and reliable. It may be loaded the same as black powder, except the quantity should be less; use paper shells only. If you use a regular black powder measure, load in 16-gauge, 2 to 2¼ drams; in 12-gauge, 2½ to 3 drams; in 10-gauge, 2¾ to 3½ drams. This is one of the most satisfactory nitro powders.

No. 6T3510 12½-pound can, equal in bulk to 25 pounds of black powder. Price, per can..... $11.88

No. 6T3511 6¼-pound can, equal in bulk to 12½ pounds of black powder. Price, per can..... $6.09

No. 6T3512 3½-pound can, equal in bulk to 6¾ pounds of black powder. Price, per can..... $3.10

No. 6T3513 ½-pound can, equal in bulk to 1 pound of black powder. Price, per can..... 54c

NOTICE—All nitro or smokeless powder can be shipped by express or freight, either alone or with other goods.

Du Pont's Smokeless Rifle Powder.

No. 6T3514 Du Pont's Smokeless Rifle Powder No. 1, for rifle cartridges from 25-20 to 45-90. See directions for loading with each can. Don't vary from them. This powder is put up in 1-pound cans only. Price, per can (actual weight, ½ pound)..... $1.00

No. 6T3515 Du Pont's Smokeless Rifle Powder No. 2, for all pistol and rifle cartridges 38-40 and 44-40. Directions with can. Comes in 1-pound cans only. Price, per can (actual weight, ½ lb)..... $1.00

No. 6T3518 Du Pont's Smokeless Special, for 30-caliber rifles. 1-pound can (actual weight, ½ lb). $1.25

BLACK POWDER.

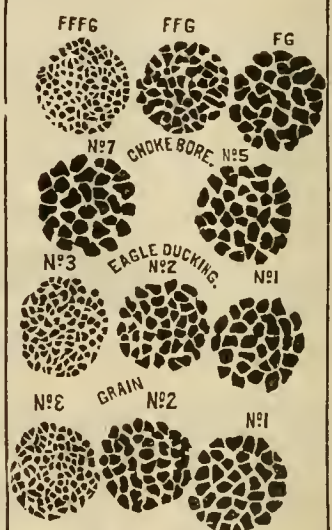
In black powder we handle regularly the American Powder Mills dead shot powder, and Du Pont's, for we consider these equal to any powders made and superior to many, and you will find our prices as low if not lower than any other reliable house in the United States.

Our powder is made especially for us from the best grades of refined saltpetre, willow or elder charcoal, refined sulphur and nitre in proper proportions. Don't buy cheap powder which gives poor penetration; pay a few cents more and get better satisfaction. **When ordering do not fail to mention which brand you prefer.** If you do not mention which brand you prefer we always send the kind which we happen to have on hand at the time.

For shotgun shells and cartridges in caliber 38 or larger, most hunters prefer FFG grain, and for 22, 25 and 32 caliber cartridges the FFFG grain is most popular. **When ordering don't fail to mention which grain you prefer.**

Remember black powder cannot be sent by express. It must be sent alone by freight, and on regular powder trains according to the railroad regulations, and the freight rate on powder is double first class. If possible advise us if your railroad station has a freight agent, and if there is no agent at your station allow enough money to prepay freight when ordering.

This illustration shows size of grains of different powders.



SIZES OF GRAIN.

FG is coarse.

FFG is medium.

FFFG is fine grain.

See illustration.

When ordering state which grain you prefer.

No. 6T3530½ In F, FF or FFF grain, per 25-lb. keg..... $3.90

No. 6T3532½ In F, FF or FFF grain, per 12½-lb. keg..... $2.15

No. 6T3534½ In F, FF or FFF grain, per 6¼-lb. keg..... $1.20

No. 6T3536½ In F, FF or FFF grain, per 1-lb. can..... 27c

NOTICE. Black Powder cannot be sent by express. It must be sent alone by freight on regular powder trains. Freight charges on powder are double first class. Advise us if your railroad station has a freight agent when you order.

THERE ARE 256 DRAMS OR 7,000 GRAINS OF BLACK POWDER TO THE POUND IF WISH YOU TO LOAD YOUR OWN SHELLS.

Du Pont Choke Bore Black Powder.

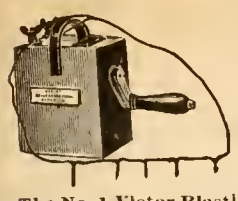
Price, per 25-pound keg..... $1.60

DO NOT CUT, TEAR OR MUTILATE THIS CATALOGUE. Order by number and we will know just what is wanted. Preserve this book carefully. IT IS YOUR GUIDE TO ECONOMICAL BUYING.

Our No. 1 Victor Blasting Machine.



In response to a great many inquiries for blasting machines, we have investigated the matter, and concluded to handle the No. 1 Victor Blasting Machine.

This machine is fitted with two posts from which to make the connection of electric fuze for blasting purposes.

The No. 1 Victor Blasting Machine has a capacity of firing five to eight holes in one instant.

To operate this machine place the electrical fuzes in the dynamite cartridge, the same as you would an ordinary cap and fuse. If blasting two or more holes connect the fuzes with connecting wire, and after the various holes are connected (like illustration above), attach one of the leading wires from one post to first fuze, then attach the other leading wire from the post to the last fuze wire, as shown in illustration, then pull up the handle of the blasting machine to the arrow point, after it is up press the handle down quickly with all the force you can, and this action will discharge all the cartridges in one instant. One-half a turn of the crank handle should produce a discharge of all the cartridges. The No. 1 Victor Blasting Machine is a dynamo electric machine and does not need to be recharged with electricity.

No. 6T3566½ No. 1 Victor Blasting Machine, capacity, five to eight holes. Our special price, $15.00

Electric Fuzes to be Used in Connection with the Victor Blasting Machine.

When using these fuzes it is not necessary to have blasting caps. The fuses are inserted in the dynamite cartridge the same as a blasting cap. The above illustration shows a fuze in a dynamite cartridge.

Always use the fuze 2 feet longer than the hole in which you put the dynamite cartridge; for instance, if you wish to blast at the bottom of a 4-foot hole, use a 6-foot fuze. These fuzes come 50 in a box, and we cannot sell less than a box of a size. Order by number and length.

No. 6T3568 Prices of Electrical Fuzes.

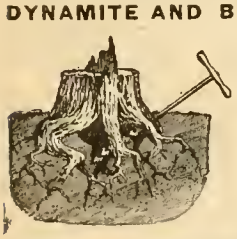
4 feet Fuzes.	Price, per 100	$2.70
6 feet Fuzes.	Price, per 100	3.20
8 feet Fuzes.	Price, per 100	3.68
10 feet Fuzes.	Price, per 100	4.16
12 feet Fuzes.	Price, per 100	4.65

Leading and Connecting Wire.

No. 6T3569 Leading Wire comes in coils of 500 feet to the coil. We cannot sell less than a coil.
Our special price per coil of 500 feet..... $4.00

No. 6T3569½ Connecting Wire. Where you wish to blast more than one hole the fuzes are connected by this connecting wire. We do not sell less than one pound. Price, per pound..... 32c

DYNAMITE AND BLASTING SUPPLIES.



Dynamite is, in our opinion, an excellent agent for removing stumps.

When a stump is in hard clay soil, place the dynamite under the stump if possible. When the stump is in sandy soil use an auger as shown in illustration, a 2-inch wood auger is preferable. When the ground is frozen is the best time to blow out stumps with dynamite. Please note that dynamite freezes at 42 degrees Fahrenheit.

To those who are not familiar with handling dyuamite, we will, on application, mail a booklet giving full information.

Dynamite comes in cartridge shape 8 inches long by 1¼ inches diameter, and a 25-pound case contains 48 to 51 cartridges. A 50-pound case contains 98 to 102 cartridges. Order by catalogue number and per cent number.

Dynamite is put up only 25 and 50 pounds in a case. We can only sell one kind in a case and not less than a case of a kind. It must be shipped alone from the factory by freight. Cannot be shipped with other goods.

No. 6T3570

No. 3x 30 per cent nitroglycerine, per pound	13 c
No. 2b 35 per cent nitroglycerine, per pound	13½c

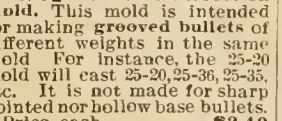
Shell Reducer and Resizer.

No. 6T4296 Shell Reducer and Resizer for any size from 32-40, and larger, to resize shells which have become bulged. Shipped from New Haven, Conn.
Each.....$1.35
Order size wanted. If by mail, postage extra, 15c.

TO LUBRICATE BULLETS. Dip the bullets in lubricant and set them on a board till lubricant is hard in the grooves. Good lubricant can be made from beef tallow with enough vaseline to soften it, or pure vaseline with enough paraffin to harden it. Never use fat which has salt or acid in it. It is liable to rust or pit the barrel.

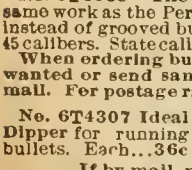
BULLET MOLDS.



Be sure and give the size wanted, also give the name of rifle or revolver.

For all sporting and military size cartridges, of regular weight bullets. For special bullets see Nos. 6T4304 and 6T4305. 1 part tin (or solder) and 40 parts of lead makes a good bullet. If bullet is too soft add more tin. These molds are all made specially and we require cash with order. Shipped from New Haven, Conn.

No. 6T4300 To make grooved bullets, each, $0.75
No. 6T4301 To make express bullets, each, 1.70
Give caliber of mold when ordering.

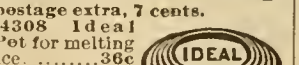


No. 6T4304 The Perfection Mold. This mold is intended for making grooved bullets of different weights in the same mold. For instance, the 25-20 mold will cast 25-20, 25-36, 25-35, etc. It is not made for sharp pointed nor hollow base bullets. State caliber wanted. Price, each.....$2.40
If by mail, postage extra, 15 cents.

No. 6T4305 The Cylindrical Mold will do the same work as the Perfection, but for patched bullets instead of grooved bullets. Made in 25, 32, 38, 40 and 45 calibers. State caliber wanted. Price, each..$2.40

When ordering bullet molds give the exact size wanted or send sample bullet or empty shell by mail. For postage rate see page 4.

No. 6T4307 Ideal Dipper for running bullets. Each...36c



If by mail, postage extra, 7 cents.

No. 6T4308 Ideal Melting Pot for melting lead. Price.....36c
Weight, packed, 25 oz.
For postage rate see page 4.

Melting Pot. Cut ¼ size.

Our New J. C. Pistol Hand Trap.

This is the latest and most novel contrivance ever invented for trap shooters. It weighs but 6 pounds and will throw any standard target such as blue rocks, white flyers, etc., as far as any stationary trap.

The trap when sprung is 39 inches long, and when it is set for shooting is 24 inches long. The carrier is made adjustable and the main spring is made so that it can be tightened or loosened for fast or slow birds as the shooter may desire.

This J. C. Pistol Trap is made of malleable iron, the carrier is made from steel stampings, and the entire trap resembles a pistol, as you will notice by the above illustration, and the main feature of this trap is that you can do trap shooting anywhere with it and it will throw targets at any and all angles. All you have to do is to point the trap the way you want the target to fly.

No. 6T4423 Our special price on this J. C. Pistol Trap.....$3.50
Weight, packed for shipment about 9 pounds.

Our White Flyer Expert Trap, $5.50.

For Expert Shooting.

This trap will be found more substantial and more compact than others now in use; all the working parts being large, strong and bearings well fitted, assuring positive action in every detail. The White Flyer Expert Trap is constructed with a central trigger pull, which allows the trap to be changed to any desired angle without interfering with the pulling device, and the ropes always have the same length and tension of the pull. These traps will throw any standard target such as the blue rock, white flyer, black bird and others at all angles.

No. 6T4424 Our White Flyer Expert Trap, weight packed for shipment, 40 pounds. Our price... $5.50

Our White Flyer Amateur Trap, $4.25.

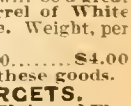
Our White Flyer Amateur Trap has been constructed to meet the demands of amateur sportsmen, and is a strong and serviceable trap but somewhat lighter than the White Flyer Expert Trap. It is made of best materials, carefully fitted and interchangeable in its parts, and is especially recommended for amateur sportsmen or private shooting grounds, and will throw birds at various angles.

No. 6T4425 Our White Flyer Amateur Trap, weight packed for shipment about 20 pounds. Our special price.....$4.25

OUR WHITE FLYER TARGETS.

The Latest and Best Target Made—Our Special White Flyer.

NOTE OUR PRICES of $2.00 for 500, $4.00 for 1000, and you will observe our price is below all others. Our terms are cash with order on these goods.



No. 6T4426 This is no doubt the coming target, and will fly from any trap taking the Empire or Blue Rock pigeon. We believe them to be superior in quality to all other targets, and have made arrangements with the manufacturer for an enormous quantity. They having a white rim, make a lighter colored target than the others, which will be a great advantage on dark days. Try a barrel of White Flyers and you will surely want more. Weight, per barrel (500 targets), 148 pounds.
Price, per barrel (500), $2.00; per 1000.....$4.00
Our terms are cash with order on these goods.

No. 6T4440 Price, per barrel (500) **$2.38**
Price, per 1000. ..... **4.75**

OUR ALCOHOL GAS STOVE.

This stove is constructed of brass with three arm rests for holding utensils, etc., as shown in the illustration, and is filled by unscrewing the wick cap on the top of the alcohol fount.

To operate the stove; first put the alcohol in the fount, then light the alcohol wick which in turn heats the burner, this generates an alcohol gas which protrudes through the little holes on top of the burner, after the small holes become ignited you then cover up the wick cap and the stove will continue to burn as long as desired, and when you wish to extinguish the flame it can be done very easily by simply blowing out. It burns wood or grain alcohol.

It is invaluable for camping, sick room, kitchen, etc., for temporary boiling of coffee and other purposes, and weighs packed in a paper box ready for shipment about 15 ounces.

No. 6T4448 Our special price **90c**
If by mail, postage extra, 16 cents.

OUR GUN AND RIFLE COVERS.

We have selected the following line of gun and rifle covers and placed a large season contract for them so as to enable us to give you the best possible value for the least amount of money in this line of goods. When you order a gun cover from us you are getting it at a price based on the actual cost of material and labor with only our one small percentage of profit added. You will assist us materially when ordering these goods, if you will give us the name of your gun or rifle, also length of barrel, and advise us whether it is a single barrel, double barrel, repeating shotgun or rifle for which you want the cover; this will enable us to furnish you the exact cover you wish without any delay. For special length not mentioned in this catalogue allow us one week's time to make them.

NOTICE. 8-oz. canvas means a yard weighs 8 oz.
10-oz. canvas means a yard weighs 10 oz.
12-oz. canvas means a yard weighs 12 oz.
The more ounces to the yard, the heavier the canvas.

Mention length of barrel and name of gun or rifle when ordering a gun cover.

Our Special 8-Ounce Cover, 35 Cents.

Hunters appreciate the value of these suits, as no blind or bough house is necessary when shooting on marshes. Weight, about 5 pounds. Cannot be sent by mail. Price, per suit.....85c

NOTICE: On any goods not described or listed in this catalogue and bought for you or made to order, we must not only ask cash in full with the order, but they cannot be returned under any circumstances, if sent as ordered.

HOW TO AVOID DELAY.

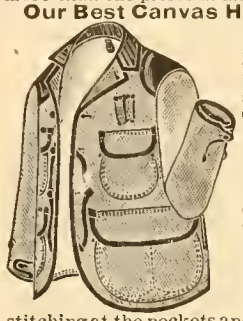
We carry a stock valued at about Two Million Dollars, and aim to keep this stock up; but it sometimes happens that we receive orders in one day from every part of the United States for the same single item, which exhausts the stock temporarily. It also sometimes happens that one of our factories fails in business, has labor strikes, can't make goods as fast as we sell them, and, while we try as far as possible to deal with reliable factories, we cannot guarantee to furnish goods under these conditions, but we always try to do the best we can for our customers. If you can give us a second or third choice, when we are out of an article it will avoid delay in shipping your order.

OUR HUNTING CLOTHING

OWING TO THE ANTICIPATED ADVANCE IN THE COST OF CANVAS, we have made arrangements with one of the largest manufacturers of this line of goods, and placed our season contract early in order to take advantage of the lowest possible prices on canvas, corduroy and leather, and by adding our uniformly one small percentage of profit to the actual cost of material and labor, we can offer you canvas and corduroy hunting clothing LOWER THAN ANY OTHER HOUSE, quality taken into consideration. Order by number.

IN ORDERING state the number of inches around the body at breast under the arms and say what size dress coat you wear. Any sizes not mentioned in the following coats will have to be made specially and will cost 10 per cent more than the prices named below.

Our Best Canvas Hunting Coat, $3.75.



No. 6T5135 Our Very Best Quality Hunting Coat, made of the very best quality 12-ounce army duck, dead grass color, double stitched throughout, lined throughout the entire back with good quality 8-ounce army duck, sleeves lined with Walker's sateen, corduroy collar and corduroy cuffs, with adjustable sleeves, reinforced waterproof leather shoulder pieces, leather bound throughout, including the pocket flaps; silk crow feet stitching at the pockets and silk stitched buttonholes. The pockets are made on the let-in principle, same as a dress coat, which is very neat, and the game pockets are made so as to be accessible from the front and under the armpits, as shown in illustration. This is our best hunting coat, has seven outside pockets and two spacious game pockets, with best quality of horn buttons, and no pains have been spared to make this hunting coat as good as any hunting coat can be made and is as nearly waterproof as a canvas coat can be. It comes in sizes of 36 to 46 inches. Give measure when ordering. Our special price only.....$3.75
If by mail, postage extra, 60 to 64 cents.
12-ounce canvas weighs 12 ounces to the yard.

Our Hunting and Riding Leggings.

We have taken great pains to select a line of leggings both canvas and leather, which we can sell at popular prices and which give entire satisfaction to our customers for hunting and other purposes. We have sold many thousand pairs of leggings for horseback riding, walking through wet grass, farm work and hunting, and our leggings have always given satisfaction. When ordering leggings always give the measurement around the calf of the leg, outside of the pants about 7 inches below the knee, so we can insure you a perfect fit.

For Hunting Boots and Shoes, see Index.

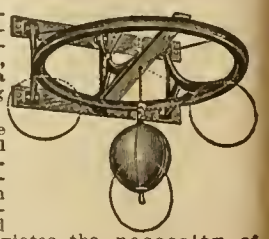
Our Perfect Striking Bag Platform, $3.60



From the accompanying illustration, engraved by our artist direct from the platform, you can form some idea of our Perfect Striking Bag Platform.

This platform is made of selected ash, well braced by iron brackets, and is so constructed that the platform may be raised or lowered after it is fastened to the wall. This obviates the necessity of lowering or elevating the entire platform to accommodate different sized people. The Perfect punching bag platform should be fastened so that the ring will be about 6¾ feet from the floor, this height will accommodate the average person. **This is the latest thing in a punching bag platform,** and constitutes a rigid, adjustable platform, one which can be used by man or boy without changing the position when once fastened against the wall.
No. 6T6819½ Our special price for the **Perfect Punching Bag Platform** (this price does not include the punching bag), only.....$3.60
Weight, crated for shipment, about 85 pounds.

Our Elastic Combination Jockey Strap Suspensory.

This Ideal Jockey Strap Suspensory is made entirely of elastic woven material, is free from buckles and buttons; the waist and thigh loop being all made of the same material makes it a neat, comfortable fitting combination jockey strap snspensory.

The material used in its construction is cotton and elastic, the weave is open, affording a certain degree of elasticity and at the same time making it a comfortable fitting article, with the pressure evenly distributed and no danger of the circulation being impaired. It can be washed in luke warm water, with castile soap, without danger of injuring the elastic.

For swimming, athletic exercises, bicycle riding, etc., this Jockey Strap Suspensory has no equal. Give waist measure when ordering, and we will fit you every time. If by mail, postage extra, 10 cents.

No. 6T6871½ Our special price only.....75c

BASEBALL UNIFORMS.

SEND 5 CENTS for our SAMPLE CARD of MATERIALS for BASEBALL SUITS.

Chicago Style.

Boston Style.

With reference to style and general finish, we will say that all our baseball uniforms are manufactured by one of the best manufacturers of this line of goods, whose experience extends over a period of twenty years; and by comparing our patterns, styles and finish, with those of any other house, you will concede that quality for quality and price for price you will find that our goods are 10 to 35 per cent cheaper than you can buy them from any other house, and no house can compete with us on these goods. Send 5 cents for our sample card of uniform materials which show the quality of goods used in their construction, also the various colors from which these uniforms are made. It takes 4 to 10 days to make up these uniforms, so please allow us this much time when placing your order, except Decoration Day and Fourth of July orders, which should be ordered two or three weeks in advance. Lettering on shirts will cost 3 cents per letter in addition to the price of the shirt; if the letters are over 3 inches in length allow 10 cents per letter as they will have to be made specially.

WE ADVISE FOR CLUB NAMES that you do not get the letters too large or they will not all go on the shirt. We always use our best judgment about lettering shirts and endeavor to have them arranged so they will look neatly.

OUR BASEBALL SHIRTS. When ordering give size of collar, chest measure, and when the arm is bent in the shape of a letter L in front of you, give measurement from the middle of back to the wrist.

Always state whether shirts are wanted laced or button front. When you do not state which you want, we always supply button front.

OUR BASEBALL PANTS are heavily padded and quilted, and come with elastic bottoms. When ordering give waist, hip and inseam measure to about four inches below the knee and we will fit you every time.

OUR BASEBALL CAPS are made up in the latest style, with best workmanship, and the material will be the same as in the shirt and pants. Mention size wanted when ordering.

ON THE CHEAP UNIFORMS we make the caps in Chicago style only, but on the best uniforms we furnish them in Chicago or Boston style. When ordering state which style you prefer.

OUR BASEBALL BELTS are carefully selected to match the uniforms.

OUR BASEBALL STOCKINGS are the genuine ribbed stockings, to match the uniform. The cheapest grade uniforms come with black stockings only, while the two best grade uniforms come in maroon, navy blue, or black colors. When ordering mention color preferred, also size.

DESCRIPTION OF OUR BASEBALL UNIFORMS.

UNIFORM No. 6T7080 Our cheapest uniform, made from first quality twilled material, in colors of blue mixed, brown mixed, red mixed and white. Be sure to mention color wanted and to avoid mistakes send a sample of the goods. If by mail, postage extra, each, 1 cent.

THESE GUN LOCKS are finished, but will have to be fitted to your gun.

No two guns are exactly alike and therefore we cannot furnish gun locks to fit exactly. Measure the length of your gun lock and tell us how long it is and we will send you the nearest we have to it. We usually send them a trifle longer because it is easy to cut out the stocks a little more to make it fit. Gun locks usually measure 4½ to 5 inches from end to end.

If by mail, postage extra, 6 cents.

Breech Loading Gun Locks.

We can only furnish the following breech loading gun locks in the sizes which we mention. As gun locks vary so much in size we have put in stock the sizes which are most generally used. These locks are all finished complete and are probably large enough to fit almost any gun where new locks are necessary,

When ordering locks give us the length of your old lock, or if you can do so make a drawing of it on a piece of paper and attach it to your order, and we will send you as near as we can, a lock to match it; but you must not expect a lock that will fit exactly in your gun. It may fit exactly or it may require some little work to make it fit your gun. When ordering do not forget to give us the size or a drawing of your gun lock.

No. 6T7348 Back action gun lock, complete with hammer. Right hand, 4½ inches long, 1 inch wide at hammer. For breech loaders. Price, each.....$1.25

MAIN SPRINGS OR GUN SPRINGS.

Any main or gun springs not described or listed in this catalogue, will have to be made by hand, and especially to order, and if you will send us the broken spring we will try to have a new one made for you, which will cost on any ordinary spring 40 to 50 cents, and for a main spring which is very difficult to make, the price will be higher, according to how long it takes our spring maker to make the spring. Do not forget to send the broken samples, and if possible tell us the name and caliber or gauge of the gun, revolver or rifle, for which you want the spring.
Price of ordinary springs.....40 to 50c
Price of complicated springs.....75c to $1.25

WHITE ASH OARS.

One pair of 6½-foot oars weigh about 6 pounds, and one pair of 9-foot oars weigh about 13 pounds.

Plain Ash Oars.

No. 6T7470 Length given is length of each oar.

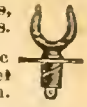
Oar Locks.

No. 6T7474 North River Oar Lock, galvanized malleable iron, 2 inches between horns. Weight, per pair, about 2 pounds. Price, per pair.....20c

No. 6T7476 Socket Oar Locks, malleable iron. Weight, per pair, 2 pounds. Width, 2 inches between horns. Price, per pair.....18c



No. 6T7478 Patent Swivel Oar Locks, galvanized iron. Weight, per pair, 2¼ pounds. Width, 2 inches between horns. Price, per pair.....50c

No. 6T7480 Side Plate Oar Locks, plain malleable iron. Weight, per pair, 2½ pounds. Price, per pair.....35c

Our Universal Bow Facing Oar Locks.

These Bow Facing Oar Locks are made of malleable iron to fasten on each side of the boat. The oars are cut in two and the handles of the oars are to be fastened to the shortest end of the oar locks in order to give the best results. The oars may be bolted and clamped to the locks, and when you row a boat in the usual way the boat travels forward instead of backward, so you can always see where you are going by looking ahead instead of looking backward over your shoulder. Weight, per pair, about 9 pounds.
No. 6T7481½ Our special price, per pair...$1.90
This price is for the oar locks only and does not include oars.

FOR BOATS SEE PAGE 331.

FISHING TACKLE DEPARTMENT.

Our Fishing Tackle Department for this season will contain the most complete assortment of high grade tackle on the market. We have dropped all the cheap grades and hereafter will not carry anything but good tackle. We guarantee everything we sell in this department to be exactly as represented and of the best quality. Do not compare our goods with the cheap grades. Descriptions of goods may be just alike, but when you come to compare the goods themselves you will find great difference. **ANY TACKLE BOUGHT FROM US MAY BE RETURNED AT OUR EXPENSE IMMEDIATELY IF YOU FIND IT NOT AS REPRESENTED, PROVIDED YOU RETURN IT IN PERFECT CONDITION.**

JAPANESE RODS.

We are offering our customers this season a line of Japanese jointed rods which we believe are better value than you can get from any other house in the United States, quality considered. We have departed from the regular rule of offering our customers common wood rods when we are able to offer them this season genuine Japanese rods at only a trifle more than common wood rods would cost.

We have endeavored to get most of this line of Japanese rods all fitted with solid reel seat and zylonite butt, which makes a very attractive and expensive looking rod, and by placing a large contract for these goods, we were able to get the cost of manufacture down to the lowest point, and by adding our one small percentage of profit we are able to give you such value as we believe you cannot get anywhere else in the United States.

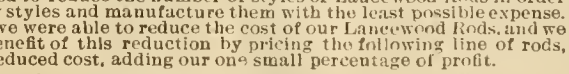
No. 6T8607 Four-Piece Calcutta Bamboo Rod, double telescope ferrules, ringed for line, with butt cap and reel bands. Length, 15 to 16 feet. Weight, about 3 pounds. Price, each.....$1.08

LANCEWOOD RODS.

There are about thirty to fifty styles of Lancewood rods, manufactured by the various makers, and each style necessitates a change in equipment, machinery, etc., and by reducing the number of styles of our Lancewood Rods, we are able to save the expense of these changes, which expense is necessarily added to the rods when so many styles are handled by one house. We have decided to reduce the number of styles of Lancewood Rods in order to handle a few styles and manufacture them with the least possible expense. By doing this we were able to reduce the cost of our Lancewood Rods, and we give you the benefit of this reduction by pricing the following line of rods, based on our reduced cost, adding our one small percentage of profit.

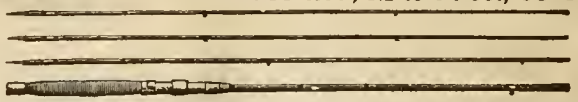
St. Croix River Lancewood Fly Rod, 10 to 10½ Feet, 92 Cents.



No. 6T8616 Our St. Croix River Lancewood Fly Rod, made in three pieces, with an extra tip, genuine lancewood throughout, nickeled mountings and raised telescope ferrules. Silk wound tie guides and silk whippings at each mounting. Solid reel seat below hand. Zylonite corrugated grip. Length, about 10 to 10½ feet. Put up in neat partitioned cloth bag. Weight, about 9 ounces. A fine looking rod.

Price, each.....(If by mail, postage extra, 14 cents) 92c

Twin Lakes Lancewood Bass Rod, 8½ to 9 Feet, 95 Cents.

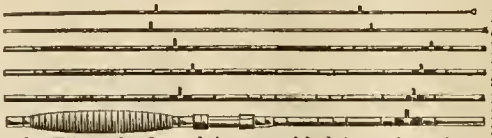


No. 6T8621 Twin Lakes Lancewood Bass Rod, made of genuine lancewood throughout; three pieces, with an extra lancewood tip, nickeled mountings, raised telescope ferrules, silk wound tie guides and silk wrappings at mountings, solid reel seat above grip, with corrugated zylonite butt. Length, about 8½ to 9 feet. Weight, about 14 ounces. Put up in neat partitioned cloth bag. A fine looking rod and one which will please you.

Price, each.....95c

If by mail, postage extra, 18 cents.

Combination Bass and Fly Trunk Rod, $1.75.



No. 6T8624 This Rod is made of first quality lancewood, has four pieces when made into a bass rod and five pieces when made into a fly rod. It may be used as a fly rod as well as a bass rod. When the fly rod is assembled it makes the rod measure 9 feet, and when assembled as a bass rod, it measures about 7½ feet. The bass fly tip is interchangeable with the third joint of the fly rod, making it a **combination rod.** The pieces are about 25 inches long, the rod has the reel seat above the hand, is silk wound at short intervals, has shouldered ferrules, standing spiral line guides, nickel plated ferrules and trimmings, corrugated zylonite black and white butt, and one of the most convenient rods on the market. Weight, 13 ounces.

Our special price for this combination rod.....$1.75

If by mail, postage extra, 16 cents.

Three-Piece Lancewood Bass Rod, about 5½ Feet, $2.10.

No. 6T8625½ Our Three-Piece Lancewood Bass Rod, about 5½ feet long, nickel plated telescope ferrules, silk wound at intersections, tie guides for line, solid reel seat above the grip, zylonite butt, nickel trimmings, silk wound, put up in a neat cloth bag, with an extra tip. Weight of rod, about 7 ounces, for boat castlug.

Our special price only.....$2.10

If by mail, postage extra, 12 cents.

The Beaverkill, a Very Fine Lancewood Fly Rod, $4.25.

No. 6T8626 Our Special Beaverkill Lancewood Fly Rod, made up with solid reel seat below the hand, German silver mountings all engraved or milled to make a very handsome appearance. It has solid anti-friction guides, windings of black and red, beautifully clustered. Put up in three joints with an extra tip on a wood form covered with velvet. We cannot recommend these rods too highly. **They are perfection.** Ordinarily retail at $7.00 to $10.00. Weight, 8 ounces. Length, 8½ feet.

Our price.....$4.25

If by mail, postage extra, 20 cents.

Lake George Special 6½ Foot Lancewood Bass Rod, with Agate Tips, $4.65.

No. 6T8627 Our Lake George Fine Special Lancewood Bait Casting Rod, with solid reel seat above hand, German silver mountings, all engraved or milled to make a very handsome appearance. It has anti-friction trumpet guides, agate tips, windings of black and red, beautifully clustered. Put up in three joints with an extra tip on a wood form covered with velvet. We cannot recommend these rods too highly. Ordinarily retail for $10.00. Weight, 8 ounces. Length, 6½ feet. The short rod is the coming bait casting rod. Our price.....$4.65

If by mail, postage extra, 18 cents.

Our Celebrated Greenheart Rod, 6½ Feet, $1.90.

This Celebrated Greenheart Rod is made very much on the same principle as a split bamboo rod, from a wood, known as Greenheart, which is usually imported from Spain and Italy, and is noted for its strength and durability. It is considered the strongest and best wood known for use in fish rods, and in color it is a greenish brown. They are having a large sale and are well liked.

No. 6T8628 Our Greenheart Bass Rod, nickel plated telescope ferrules, cork grip, alternate silk wrappings, nickel plated mountings, solid reel seat above the grasp, three pieces and an extra tip 6½ to 7 feet long.

Our special price.....$1.90

If by mail, postage extra, 20 cents.

Our Two-Piece Muskallonge and Trolling Rod, $2.40.

No. 6T8620 Made of Lancewood, two joints, for heavy trolling, zylonite butt, full nickel plated telescope ferrules and mountings, extra heavy mountings, with double guide on tip, zylonite grasp. Put up in partitioned cloth bag, length 7 feet. Strong and good. Price, each.....$2.40
If by mail, postage extra, 28 cents.

OUR SPLIT BAMBOO RODS.

This illustration will give you as near as it is possible an idea of how a split bamboo rod is made. At first the bamboo cane is split in a sort of triangle shape, as shown in illustration, and then six pieces are tapered and glued together, forming a hexagonal shape. This is where the rod derives its name—Split Bamboo—(the bamboo is split and glued together). After this the grip and reel seat is attached, then the rod is whipped or bound with silk, the ferrules and guides are attached, the rod is polished and varnished and it is ready for the market. The above illustration is intended to show the six pieces as they are separated and glued together.

NOTE—Our line of Split Bamboo Rods consists of the very best quality. We have taken great care in selecting our rods for the coming season, and our stock is the very best that can be obtained. Our prices on these rods are lower than any retail dealer can possibly sell them, so do not judge the quality by the price. We guarantee them exactly as represented or money refunded. Ten years ago a split bamboo rod could not be bought under $7.00 to $10.00. We can now sell them from 80 cents up. This is made possible by our large contract and the small profit we ask above the cost of labor and material.

Our Climax Split Bamboo Bass Rod, 8 to 9 Feet, 80 Cents.

No. 6T8630 Solid reel seat above the hand. This rod is one that we are making a run on at an exceedingly low price and are positive the rod cannot be duplicated for twice the amount anywhere in the country. Split and glued bamboo bass rods, nickel plated telescope ferrules, silk wound line guides, with alternate silk wrappings, nickeled mountings, three pieces, with an extra tip. Put up on a wooden form in a cloth bag. About 8 to 9 feet long. Weight, about 11 ounces. Our special price.....80c
If by mail, postage extra, 20 cents.

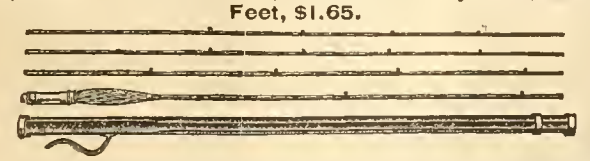
Our Acme Split Bamboo Fly Rod, 9½ to 10 Feet, 82 Cents.

No. 6T8634 Solid reel seat below the hand. This rod is the same quality as our Climax, except that the reel seat is below the hand for trout and light fishing. Has silk wound ring guides, with wrappings of fine silk every few inches; solid reel seat and nickel plated telescope ferrules and mountings. Length, about 9½ to 10 feet. Weight, about 11 ounces. Worth $1.75 anywhere. Comes in three pieces with an extra tip on a wood form and in a cloth bag. Our special price, each.....82c
If by mail, postage extra, 19 cents.

Our Chautauqua Lake Split Bamboo Bass Rod, About 7 Feet Long, $1.50.

No. 6T8640 Solid reel seat above the hand. Made of the best quality selected bamboo, split and glued, hexagonal, with silk wound line guides, cork butt, nickel plated telescope ferrules and mountings; short, heavy, strong and durable. A first class bait casting rod, put up in three pieces with an extra tip on a covered wood form. Length, about 7 to 7½ feet. Weight, about 8 ounces. The short rod is the coming rod for bait casting. Worth $2.75 anywhere. Our special price, with cork grasp.....$1.50
If by mail, postage extra, 17 cents.

Our Special Wilowemock Split Bamboo Fly Rod, 9½ to 10 Feet, $1.65.

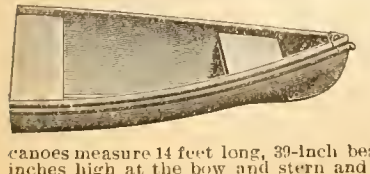


No. 6T8641 Solid reel seat below the hand. This rod is made of special selected bamboo, hexagonal in shape, with close wrappings of colored silk, full nickel plated telescope ferrules and mountings, cork grasp. Put up in three pieces with an extra tip on a fine covered wood form and in a neat bag. Length, about 9½ to 10 feet. A rod that retails at $3.00 in stores.
Our special price.....(If by mail, postage extra, 18 cents).....$1.65

No. 6T8650½ Our Steel Rod Shortener. This shortener fits in the grip of jointed steel rods and in doing so takes only the two smallest joints, leaving out the joint which fits in the grip. With this shortener you can make an 8½ foot rod 6 feet long. Price, each.....45c

If by mail, postage extra, 2 cents.

Our Sectional Sheet Steel Canoe.



Our canoes are made from sheet steel, galvanized and painted, and can be readily taken apart and put together. They are made 14 feet long, so that when taken apart and nested, as shown in illustration, they can be packed in a crate 7½ feet long. The boat weighs 105 pounds and when packed for shipment will weigh 150 pounds. These canoes measure 14 feet long, 39-inch beam, 14 inches high amidships and 19½ inches high at the bow and stern and all have safety air chambers. We ship these from our factory in Salem, Ohio, and when sent by freight they go at double first class rate.

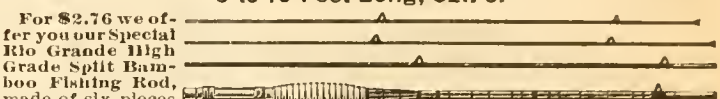
No. 6T8651½ Sectional Canoe with one 5½-foot paddle. Price..$26.00

Our Fox River Split Bamboo Bass Rod, 6 Feet Long, $2.78.

For $2.78 we offer you our Fox River Bamboo Trunk Fishing Rod, made of six pieces selected bamboo, split and glued together, with solid reel seat, standing line guides, fancy silk wrappings at short intervals, nickel plated mountings, shouldered ferrules and swelled butt. The bamboo is strengthened at the reel seat by extra inlaying of cedar, making it very strong and durable. **The rod comes in three pieces with an extra tip,** so that if you break one tip you may have the other one at your command; put up on a nicely covered wood form. Each piece is about 25 inches long, and when the rod is put together the entire length is about 6 feet, and weighs 8 ounces. This is undoubtedly one of the best bait casting rods to be had for the money, all fine bait casting rods are now made 5½ to 6½ feet long.

No. 6T8667 Our Genuine Fox River Bamboo Bait Casting Rod, about 6 feet long, with corrugated genuine celluloid butt for boat casting.
Our special price....(If by mail, postage extra, 17 cents).....$2.78

Our Special Rio Grande High Grade Split Bamboo Fly Rod, 9 to 10 Feet Long, $2.76.



For $2.76 we offer you our Special Rio Grande High Grade Split Bamboo Fishing Rod, made of six pieces selected bamboo, split and glued together, with solid reel seat, ring line guides, fancy silk wrappings at short intervals, nickel plated mountings, shouldered ferrules and swelled butt. The bamboo is strengthened at the reel seat by extra inlaying of cedar at the butt, making it very strong and durable. **The rod comes in three pieces with an extra tip,** so that if you break one tip you may have the other one at your command; put up on a covered wood form. Each piece is about 36 inches long, and when the rod is put together the entire length is about 9 to 10 feet, and weighs 8 ounces. This is undoubtedly one of the best Fly rods to be had for the money.

No. 6T8669 Our Rio Grande Split Bamboo Fly Rod, about 9 to 10 feet long, with corrugated genuine celluloid butt. Our special price.....$2.76

If by mail, postage extra, 13 cents.

Stamped Sheet Steel Boats.

These boats are made of eight plates of galvanized sheet steel, riveted and doubly seamed, making them strong, light and durable. They have the advantage over wooden boats in that they do not become water logged when exposed to the sun, can be easily transported from place to place, are always ready for use and for hunting purposes have no superior. They are modeled after the whalebacK steamers of the Christopher Columbus type, the bottom is dish shaped, and can be used in shallow water, over grass, reeds, etc., and each boat has an air chamber sufficient in size to float four men on the upturned boat, should it happen to capsize, making it practically a perfect, non-sinkable boat. At each end there is a hole through the air chamber from top to bottom of the boat, which can be used either to anchor the boat with a pole or attach a temporary sail. The boats are all painted a dead grass color, and with an additional coat of paint from time to time the boats should last a good many years. These boats are shipped from our factory at Salem, Ohio, and the freight charges will be four times the first class rate.

No. 6T8703 The "GET THERE" Sheet Metal Hunting Boat, 14 feet long, 36-inch beam, 14 inches deep at the top of combing. The cock pit is 9 feet long and the boat weighs about 80 pounds.

Our special price, with one pair of oars, one long or short paddle, one seat and one hickory slat bottom.. ....$17.50

No 6T8704 "BUSTLE" Sheet Metal Hunting Boat is almost identically the same as the "Get There" except the air chambers are on the side of the boat instead of the ends, making it 10 inches wider than the "Get There," and is a little more steady in the water. Our special price, with one pair of oars, one long or short paddle, one hickory slat bottom and one seat..... .....$24.50

Extra seats, each..... .75

Shipped from Salem, Ohio. Weight, 125 pounds.

Our Waterproof Canvas Folding Boat, $24.60.

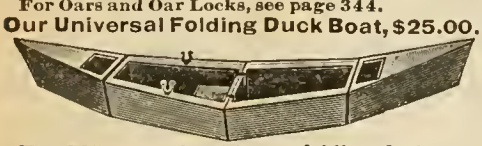
Our $24.60 canvas folding boats are constructed with bent wood ribs instead of common iron ribs, which rust easily, made of heavy army duck that will last a long time and not crack, and are built to our special order by a maker who has had twenty-five years' experience in canvas boat building—some boats which he built fifteen years ago being still in use. As these boats weigh only 35 to 45 pounds, they can be easily carried from one lake to another, may be shipped by express or freight at very small expense. Canvas boats take first class freight rates.

No. 6T8708 Our 12-foot Canvas Boat, 33 inches wide, 12 inches deep amidship, 15 inches deep at stem and stern, with jointed bottom board, jointed side boards, jointed gunwale, one steel, one pair of jointed 6½-foot copper tipped oars. Designed for three persons, who weigh, all told, not over 600 pounds, and draws about 4 inches of water. Very steady in the water. Wgt. complete, about 40 lbs. Price..$24.60

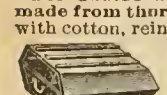
Each boat comes put up in a cloth bag so that it may be easily handled.

For Oars and Oar Locks, see page 344.

Our Universal Folding Duck Boat, $25.00.



For $25.00 we furnish our folding duck boat, made from thoroughly well seasoned wood, calked with cotton, reinforced with hoop bands and braces throughout, flat bottom and so constructed that the bow and stern may be detached and put inside of the boat, after which the boat may be folded and locked by unscrewing a bolt below one of the handles on the end. This bolt serves as a lock key. This boat is made with a handle on each end so that it may be checked as baggage on railway trains or it can be sent by express or freight at the first class rate, whereas a full length boat costs four times the first class rate when shipped by freight.



Our Universal Folding Boat is 14 feet long, 36 inches beam, and weighs about 80 pounds crated for shipment. The above illustration shows how the bow and stern may be taken apart, and the boat is hinged in the middle so it may be folded, and the small illustration shows how the boat looks when folded. When folded the boat stands 45 inches high.

No. 6T8710 Price for this folding boat...$25.00

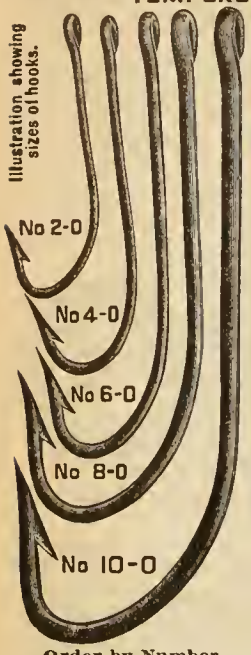
Price, each....18c

If by mail, postage extra, 3 cents.

FISH HOOKS, DOUBLE REFINED AND TEMPERED STEEL.



ALL BEST ENGLISH MANUFACTURE.

There are cheaper hooks in the market, but we do not carry them in stock, as they are worthless for catching fish.

This illustration shows the exact SIZE of the RINGED HOOKS SUCH AS Limerick, Kirby, Aberdeen, Carlisle and all other kinds of hooks as nearly as possible, measuring from the POINT of the hook, to the SHANK.

The other difference in the various hooks is in the LENGTH OF THE SHANK AND THE STYLE OF BEND.

SOLD ONLY IN BOXES OF 100, AND ONLY ONE SIZE IN A BOX.

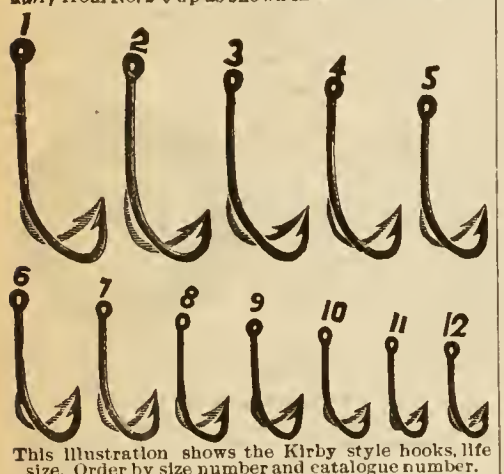
WE CANNOT SELL LESS THAN 100 HOOKS OF A SIZE.

We do not sell less than a box at these prices. If you purchase more than you require for yourself you can easily sell enough to pay for your whole purchase, so that those for your own use would cost you nothing.

State style wanted. See prices below.

Order by Number.

Order by catalogue number and give size of hook wanted. On above sizes No. 2-0 is the smallest, and No. 10-0 is the largest size. The sizes grow larger gradually from No. 2-0 up as shown in above illustration.



This illustration shows the Kirby style hooks, life size. Order by size number and catalogue number.

NOTE F The postage on a box of 100 hooks costs as follows, and must be added to the price of the hooks which you order, if you wish them sent by mail:

On Nos.	12	11	10	9	8	7
postage is	1c	1c	1c	1c	1c	1c
On Nos.	6	5	4	3	2	1
postage is.	1c	1c	2c	2c	2c	2c
On Nos.	1-0	2-0	3-0	4-0		5-0
postage is	3c	3c	3c	3c		4c
On Nos.	6-0	7-0	8-0	9-0		10-0
postage is.	6c	8c	10c	14c		21c

UNDERSTAND, you must add these prices to the cost of the hooks you order if you wish them sent by mail.

2⅝-inch spoon.....19c

3¼-inch spoon.....24c

If by mail, postage extra, 3 cents.

The Payson's Weed Guard Hook.

The Payson's Weed Guard Hook will not foul in the thickest weeds. In addition to the merits of this device as a weed guard it is a sinker in the right place and helps the bait caster. It also lands the frog belly down and a minnow in its natural position. When obstructions are reached the guard closes over the point of the hook, dropping again when the obstruction is passed. Comes in three sizes, fitted with best Carlisle hook, and two extra hooks. For sizes see illustration of ringed hooks.

Our Payton Patented Automatic Eyelet.

No. 6T9033 The Payton Automatic Eyelet is the most ingenious device yet produced for still fishing. A small line running through the eyelet, with hook on one end and a small sinker on the other constitute this non-resisting fish catching device. When the fish touches the bait he feels practically no resistance, and proceeds to swallow it with his usual sense of freedom, and you have caught the fish. This patent eyelet comes in three sizes, for small, medium and large fish, with a 15-foot cotton main line. When ordering please state whether you wish them for small, medium or large fish. Price, each.....9c

If by mail, postage extra, 2 cents.

S., R. & Co.'s Celebrated Minnow Buckets.

No. 6T9085 Handiest, lightest, most noiseless and most complete, minnow bucket ever put on the market. Free circulation of air and water, attracts the fish to it, thereby making good fishing around the bucket. If desired to keep the minnows fresh while in transit put a little ice in the bottom of the bucket. When you arrive at the lake drop the inside bucket into the water, where it can be kept on the surface by a string tied to the boat. The inside bucket is made of wire screening and so open that it affords full flow of fresh water all the time, bringing to your minnows the insect food upon which they exist, as well as attracting other fish to it. Weight, 3 and 3½ pounds.

Our Carbide Hunting Gas Lamp, $1.75.

For $1.75 we offer you a carbide hunting gas lamp which throws a light forty to fifty feet. It is made with handle to carry or with a hook, as shown in the illustration, for hanging. The lamp is beautifully nickel plated and burns calcium carbide; is very similar to a bicycle lamp, but is constructed for hunting, fishing and camping purposes. To operate this light, fill the carbide box about half full of carbide and fill the water tank about three-fourths full of clear water, being careful not to have any sand or dirt in it, and the lamp is ready to light.
No. 6T9110 Our carbide lamp, only.....$1.75
No. 19T364 Carbide, per can of 2 pounds.....22
Quarter pound of carbide should burn four hours. Carbide cannot be sent by mail. If you wish the lamp sent by mail postage extra, 20 cents.

No. 16 lid with hasp for padlock, making a secure shipping case with handles ready to check as baggage. One size only. Price, each.....$4.55

SEINES AND NETS.

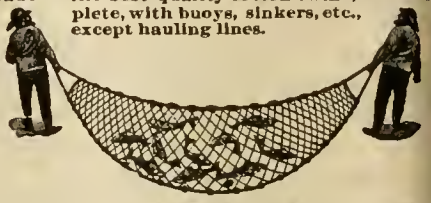
Our Seines and Nets are all made under our own supervision, and are guaranteed to be the best in material and workmanship. Our factory is fully equipped, and we are constantly adding improvements, and are able to turn out better nets than any other house. Our seines are all made to order but we can fill orders two to six days after we receive them, according to the orders we have on hand when we receive your order.

Our terms are cash in full with the order in all cases. You will save delay by complying with our terms. We make these goods specially to your order, and if made as ordered they cannot be returned under any circumstances.

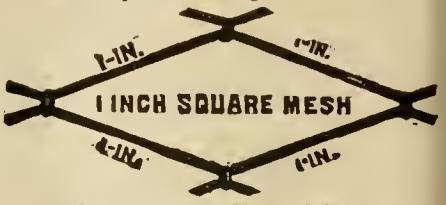
WE GUARANTEE QUALITY AND WILL CHEERFULLY REFUND YOUR MONEY IF GOODS ARE NOT AS REPRESENTED.

Lake and River Drag Seines.

Made of the best quality cotton twine, all complete, with buoys, sinkers, etc., except hauling lines.



In ordering Seines be particular to give catalogue number, size, mesh, length wanted and price. Special prices are given upon request for large lake seines and other lengths and depths not in this list. These seines all have top lines, ¼-inch manila rope, tarred, and bottom lines, ¼-inch manila rope, tarred, doubled, with reversed twist to prevent rolling.



NOTE—A seine mesh is diamond shaped, and a 1-inch square mesh measures 1 inch on each of the four sides. A 1¼-inch square mesh measures 1¼ inches on each of the four sides, etc. One inch square mesh is 2 inches stretched mesh; 1½ inch square mesh is 3 inches stretched mesh.

The following seines are hung with leads, floats and lines ready for use, except hauling lines. Compare our prices and quality with other houses and you will find that we beat them all.

Weight: A 50-foot seine weighs about 20 pounds; a 100-foot seine weighs about 40 pounds; a 150-foot seine weighs about 80 pounds; a 300-foot seine weighs about 180 pounds.

Perfection Cotton Netting.

This netting is intended for fishermen who wish to make their own seines. The price is for **STRETCHED MEASURE** and does not include lines, floats, leads, etc. When ordering always order it one and one-half times as long as the seine is wanted; for instance if you wish to make a 100-yard seine it takes 150 yards of this netting. **Made in white only.** Mention depth and size mesh wanted. Order by catalogue number. **This is Seine Netting and will not do for Gill Nets.**

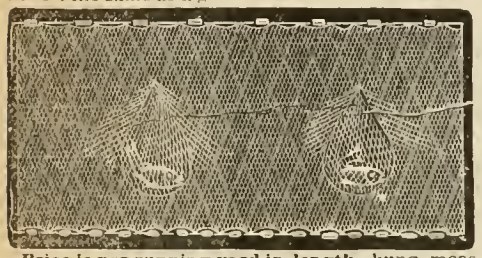
IMPROVED PERFECTION TRAMMEL NETS.

OUR PRICES ARE BELOW ANY COMPETITION, QUALITY CONSIDERED.

We handle only the Perfection Nets and Seines, recognized the world over as THE BEST. We could furnish poorer goods at less money, but the Perfection Seines are so far superior to all others, and our prices to you being but our small percentage above actual cost to make, is so very low, that we feel sure you will want the best. **Do not buy a cheap net or seine.** You will find it dear at any price. Perfection goods will always satisfy you.

The Perfection Trammel Net has three nets hung upon a single top and a single bottom line. Of the three nets two have large meshes of cotton seine twine. The inside net is made of best linen gilling twine, which is hung slack, forming a bag in which fish coming from either side are caught and unable to escape. **These nets are not "drag seines," but are to be "set" stationary in the water, the same as a gill net.**



Price is per running yard in length, hung measure, the three nets combined, complete with leads and floats. Square mesh. **Weight, per yard, about one-half pound. Nets cannot be returned when made to order.**

All No. 16, Soft Laid.

Other styles made to order. Meshes as given above are diamond square. Hung complete for use except hauling lines. **When ordering nets give size, price and catalogue number.**

NOTE—Trammel Nets are made to order only, and if order is filled correctly we cannot take the goods back, as we seldom have any two orders just alike in every particular. Consequently if the net was returned it would be a dead loss to us.

PERFECTION SQUARE COTTON DIP NETS.

No. 6T9850 Made of cotton seine twine. Roped all around edges, with loops at corners. All are made 1-inch square mesh, No. 12 soft twine. Price is for netting only. No frame comes with these nets. **Cannot be returned when made to order.**

12x12 feet square shape, each	1.62

PERFECTION COTTON GILL NETTING.

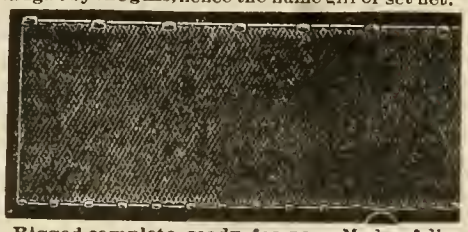
This Gill Netting is made from No. 20x5 ply cotton twine, in any depth, and is made to special order according to your measure; when ordering mention depth desired, also mention size mesh wanted. Understand this is not a rigged net; it is the netting only and does not have the floats, leads and lines, and as it is made to order, cannot be returned under any circumstances if made as ordered.

No. 6T9853 Cotton Gill Netting, ¾-inch square mesh, mention depth wanted. Price, per lb.....$1.10

No. 6T9854 Cotton Gill Netting, 1, 1¼, 1½, 1¾ or 2-inch square mesh, mention depth and mesh wanted. Our special price, per pound.....85c

LINEN GILL OR SET NETS.

A gill net is a single net, hung with floats and leads complete, without hauling lines. Made of best imported linen twine. **These nets cannot be used for drag seines,** the twine being too fine. They are set in the water and allowed to remain from 5 to 24 hours. When taking the net out of the water commence at one end and lift gently when taking up the net. **The fish are caught by the gills,** hence the name gill or set net.



Rigged complete ready for use. Made of linen twine. Price per running yard in length, hung measure. **Weight, per yard, about ¼ pound. Nets cannot be returned when made as ordered.**

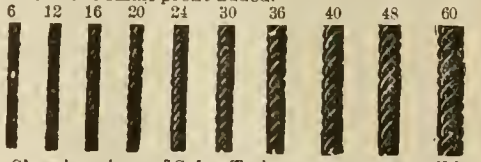
PERFECTION SEINE TWINE.

THE BEST SEINE TWINE MADE, at 24 cents per pound is a price heretofore unknown. We are able to make the heretofore unheard of price of 24 to 37 cents, by reason of contracting with the manufacturer for our entire year's supply and we can offer it to you on the basis of actual cost to produce, with but our one small profit added.



Showing sizes of Seine Twine as near as possible These illustrations appear larger than the twine.

Our Seine Twine is the best in the market, laid smooth and even and uniform in size. We do not handle the loosely laid, bunchy, cheap goods.

No. 6T9925 White Seine Twine, soft laid, in skeins of about 1 to 1¾ pounds each. Nos. 6, 9, 12, 16, 20, 24, 28, 32, 36, 40, 44, 48, 60. No. 6, smallest; No. 60, largest. 32 to 48 is the proper size for fly nets; 16 to 24 is the bammock size. Price, per pound, No. 6.....24c

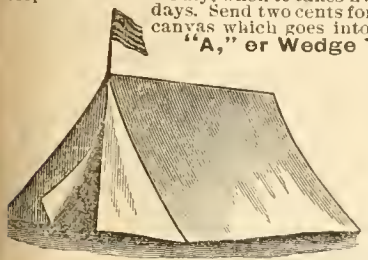
OUR TENT DEPARTMENT.

How to Pitch a Tent.

Having unrolled the tent in the exact position you want it to be when up, place the ridge pole, rounded side up, inside the tent, and on a line with the large eyelet holes, which are in the center of the roof; then insert the uprights in the holes bored in the ridge pole, and let the pikes in the upright pole come through the top of the tent. If a fly is used let the pikes also go through that, in precisely the same way as the tent; then take hold of the uprights and raise tent and fly together; secure the corner guys first and then the others between them. Do not drive the pegs straight, but angling; they hold very much better in this way. The tent being now up and guys all adjusted so that they bear equal strain, then proceed to dig a V-shaped trench all around the tent, about three inches deep; this will insure you a dry floor at all times. Do not take the tent down when wet or even damp. Heat and dampness are the cause of mildew, which destroys more tents than all other causes combined.

SPECIAL NOTICE—If you are interested in other styles of tents not listed in this catalogue, we invite your correspondence. Quotations given on application, and at bottom prices. We can meet your expectation. Tents are made to order and cannot be returned if sent as ordered. We can fill orders in two to four days after we receive the order, except in June and July, when it takes five to twelve days. Send two cents for samples of canvas which goes into our tents.

"A," or Wedge Tents.



Weight, without poles, 18 to 40 lbs.; weight of poles, 14 ounces to the foot in length.

When POLES are not wanted with TENTS deduct 1½ cents per running foot from these prices. The following prices include poles:

Order No.	Length and Breadth	Height	Price, 8-oz. Duck	Price, 10-oz. Duck	Price, 12-oz. Duck
No.	7 x 7 ft.	7 ft.	$2.82	$3.21	$ 4.36

Refreshment Tents.

Oblong or Refreshment Tent, made of plain white duck; not striped, as shown in illustration. Price includes poles, pins, guy ropes, etc., complete, ready to set up. Illustration shows front open; the front may be closed or stretched out in front for an awning, or taken off altogether, as it is put on with hooks for these changes. An 8-ounce stripe, blue or brown, is the same price as 12-ounce double filling white duck. Tents are made to order and cannot be returned if made as ordered.

No. 6T10344			8-oz.	10-oz.	12-oz.
Size	Height Wall	Height Center	White Duck	White Duck	Double Filling Duck

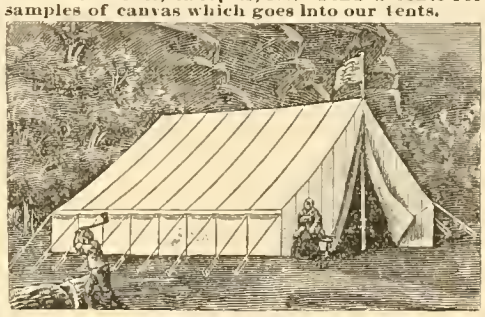
12x21½	11 ft.	10.26	11.25	14.38
14x21½	11 ft.	10.62	11.73	15.14
14x23½	11 ft.	13.32	14.78	19.30

The above prices include everything complete, except walls, ready for putting up. Where 8-ounce stripe is wanted the price will be the same as 12-ounce double filling. Tents without poles, 5 per cent less than above prices.

Wall Tents. These are the best style tents for all general purposes, such as camping, golfing, to use as an out house, summer kitchen, etc. We can furnish tents in large or small quantities on short notice generally. Our tents are the best quality, they are all full size, and all have a good "pitch" to roof, to turn rain, and all made in a durable and substantial manner. Tents cannot be returned, as they have to be made to order. We warrant them to be exactly as represented. In ordering, give catalogue number, length, breadth and price. We can make to order all kinds of tents, canopies, etc. Send 2 cents for samples of canvas which goes into our tents.



No. 6T10350 Wall Tent.

We give weights of tents with poles below on 8-ounce tents. 10-ounce will weigh about ⅛ more and 12-ounce about ¼ more than 8-ounce. The weights may vary slightly, as poles do not always run alike.

No. 6T10350

18 x 30	5	11	240	23.52	27.40	35.98
18 x 35	5	11	290	26.17	30.51	40.08

Where higher wall is wanted, add 5 per cent of the cost of the tent for each 6 inches extra height of wall.

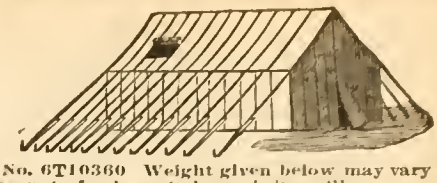
Poles and pins are included in above prices. Prices on any size of wall tent, not mentioned above, given on application; we can furnish any style of tent wanted.

A tent fly makes an extra movable or double roof to a tent, and affords a greater protection from sun and rain, and can be made to serve as an awning, either in front or rear of tent. They are not really necessary, and are not included in prices of tents, but we can furnish them, if ordered, at one-half the price of tents of corresponding size and quality; for instance, a fly for a 7x7, 8-oz. tent, costs $1.80 extra.

When tent poles are not wanted with tents, deduct 5 per cent from above prices of tents. Tents cannot be returned when made as ordered.

Photographers' Tents.

Tents cannot be returned, as they are made to order. It takes two to four days to fill tent orders.



No. 6T10360 Weight given below may vary on account of poles not always being alike.

Size	Weight of 8-oz. Lbs.	Pole	Wall	Price, complete, without dark room		
				8-oz. single filling duck	10-oz. single filling duck	10-oz. double filling duck

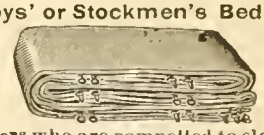
16x30 ft.	275	13 ft.	6 ft.	26.33	30.60	36.45

Prices on tents include poles, pins, guy ropes, etc. Tents above are complete, ready to set up. If poles are not wanted deduct 5 per cent from above prices. Dark rooms, lined with red muslin, extra, 6x6 feet, $5.50; 4½x4½ feet, $4.75. Our dark rooms are made of same material, same weight and color as the tent—all white. We make the room only; the artist can darken it to suit his own taste. Some use black silesia, some yellow, orange or red muslin, etc.

Quotations on other sizes on application and at bottom prices. Tents are made to order and cannot be returned if made as ordered.

Prices on stable tents, stable tops, Sibley tents, canopy tops without wall, photographers' tents, square hip-roof tents, or any other style, given on application and at bottom prices.

Cowboys' or Stockmen's Bed Sheets.



For herders who are compelled to sleep in a tent or on the ground, or they may be used as sod covers. Weight, 10 to 22 pounds. Fitted with snaps and rings or eyelets as may be ordered. When ordering say if you wish snaps and rings or eyelets. Made to order of very best heavy white duck, and cannot be returned if sent as ordered.

Stack covers have short ropes, BUT NO POLES; machine and merchandise covers have eyelets around side. Any other size furnished on short notice. Prices on application. Stack Covers cannot be returned.

CANVAS BINDER COVERS.

No. 6T10371 Weight, 6½ to 7¼ lbs. Fitted to cover the binder and not the whole machine. Will fit any binder. 5x16 feet. Made of white 8 and 10-oz. duck. Price, each, 8-ounce, $1.60; 10-ounce, $1.85

BLACK OILED OR TARPAULIN WAGON COVERS

These covers, although black and called tarpaulins, have no tar in their composition. Our waterproof dressing is an oil preparation and is entirely free from anything calculated to rot or burn the canvas, but adds to the durability of the cover, being impervious to water and very soft and pliable. It will neither rot nor mildew from damp, nor break from being too hard. They are invaluable to all persons who are shipping and receiving goods that are liable to be damaged by wet weather. In ordering give catalogue number, size and price. Weight, 9 to 28 lbs. 6x12, 12 lbs.; 6x9, 9 lbs.; 7x12, 16 lbs.; 7x14, 19 lbs.

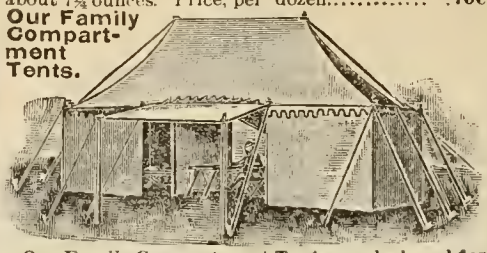
They last a lifetime. Cannot be broken.

No. 6T10387 Short Peg, 8¾ inches long. Weight, about 4½ ounces. Price, per dozen.....50c
No. 6T10388 Long Peg, 13½ inches long. Weight, about 7½ ounces. Price, per dozen.....70c

Our Family Compartment Tents.



Our Family Compartment Tents are designed for camping parties or families, or parties where ladies desire separate rooms. The rooms are divided by sheeting of the same height as the wall. The tent top, sides and wall are canvas, and the rooms are on each side of the tent, while the center forms a dining room. The front wall may be raised to form an awning, as shown in the illustration, or may be left as a wall, as you may desire. The prices of these tents include poles, pegs, guy ropes and sheeting to use as partitions. Tents are made especially to order and cannot be returned if made as ordered. When ordering give catalogue number and size wanted.

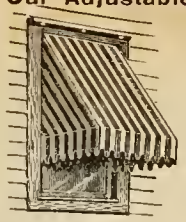
Waterproof Ponchos.

No. 6T10394 Our Luster Ponchos, made of finest quality rubber, lined with fine sheeting and has hole in center, covered with heavy flap. By using this hole and drawing the blanket over the head, it forms a large rubber cape, protecting the entire body. It is absolutely waterproof and may also be used as a rubber blanket. Size, 45x72 inches. Weight, 3¼ pounds.
Price, each.....$1.25

Arctic Sleeping Bags.

The Improved, made of heavy, waterproof tan colored duck, lined with sheepskin, with the wool left on; inside of sheepskin lining is a heavy drill lining that can be taken out and cleaned at any time. Large enough to cover any man entirely. Can cover up "head and ears," and still have plenty of air. Loops on sides, so that it can be hung up with ropes if desired. With these bags all beds and bedding can be dispensed with. It rolls up into small package, so that it can be fastened to a saddle or "packed on back." The best bed ever invented for outdoor sleeping or tent camping. Weight, about 20 pounds.
No. 6T10396 Price, each.....$12.00

Our Adjustable Window Awning, $1.65



Our Adjustable Window Awning is constructed so that it may be readily adjusted by almost anybody, and it will not be necessary to have experience such as awning hangers in cities are obliged to have in order to hang it. It is made from regular awning material, blue and white striped, with scollops at the bottom as shown in the illustration, and may be raised or lowered with ropes like any ordinary awning. It will prevent the sun from fading your carpets, make your home pleasant when the sun is shining brightly, as well as being a fine ornament to any house. This awning comes in two sizes to fit windows from 2½ to 3½ feet wide; when ordering state the width of your windows so we can send you the proper awning for same. For instance a 3 foot awning will fit a 3 or 3½ foot window but would not fit a 2½ foot window. Order by catalogue number.
No. 6T10399 Our Adjustable Window Awning. State width of windows. Our special price....$1.65
Weight, packed for shipment, 10 lbs.

Camp Chairs and Stools.

No. 6T10456 20-piece set, containing the fire jack and complete apparatus, without the tableware. Price.....$4.45

MEMORIAL DEPARTMENT.

WRITE FOR SPECIAL FREE CATALOGUE OF TOMBSTONES AND MONUMENTS MADE FROM

THE WORLD'S BEST ROYAL BLUE VERMONT MARBLE.

IT IS EVERYWHERE CONCEDED TO BE THE FINEST IN THE WORLD. It is of rich, unfading color, and superior to the other blue marbles on the market which lose their color on exposure to the weather. A FINE, CLOSE GRAINED MARBLE.

OUR SUPERIOR FINISHING. We do not use oxalic acid, and we employ only skilled artisans. We do not have our work done by the piece, but only employ day labor, thus securing the best possible fineness in finish.

WE OFFER YOU the handsome Marble Markers shown on this page at half the prices you can buy them from your nearest marble dealer. Our low prices are cash with the order, delivered on the cars at our mills and quarry in Vermont.

SEND US ANY LETTERING YOU MAY DESIRE CARVED IN THE MARBLE and we will charge you but 6 cents per letter for ordinary sunk inscription letters, as shown in name and date lines; 2½ cents each for sunk verse letters, and on larger tombstones where raised letters are required we will charge you but 18 cents per letter for 2x⅛-inch letters raised in panel. If it is not exactly as represented and the lettering handsomely engraved according to your instructions, you can return it to us and we will refund the money.

FOR OTHER DESIGNS AT LOWEST PRICES WRITE FOR OUR NEW SPECIAL MONUMENT CATALOGUE.

OUR HANDSOME $5.10 MARKER.

No. 22T700 OUR $5.10 price includes the Marker and Base complete but without any lettering, and the price is based on the actual cost of cutting the work out of the quarry with but our one small percentage of profit added. This stone is handsomely polished, and as shown in the illustration, it is trimmed with tracing and beveling. Height, with base, 1 foot 6 inches; size of base, 16x8x6 inches; marker, 12x12x4 inches.

No. 22T700 Price, cash with order, delivered on the cars at our quarry. 125 pounds..... $5.10

For sunk name and date letters 6 cents each; for sunk verse letters, 2½ cents each.

OUR SUPERIOR $7.65 TOMBSTONE.

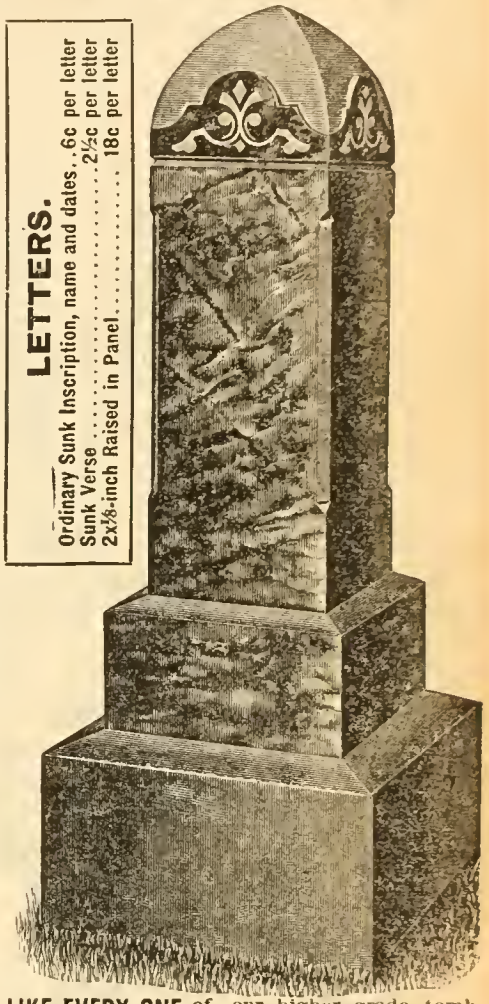
No. 22T716 AT $7.65 we offer this Royal Blue Marble Marker, made of the same rich, unfading Vermont marble as all the others, but measuring 24 inches high and 18 inches wide at base. Delivered on the cars at our Vermont quarry. Height with base, 2 feet; size of base, 18x8x8 inches; size of marker, 16x14x4 inches.

No. 22T716 Price, cash with order, 206 lbs... $7.65

For sunk name and date letters, 6 cents each; for sunk verse letters, 2½ cents each.

UNHEARD OF VALUE AT $14.65 AND UPWARDS.

LETTERS.
Ordinary Sunk Inscription, name and dates.. 6c per letter
Sunk Verse ..... 2½c per letter
2x⅛-inch Raised in Panel..... 18c per letter

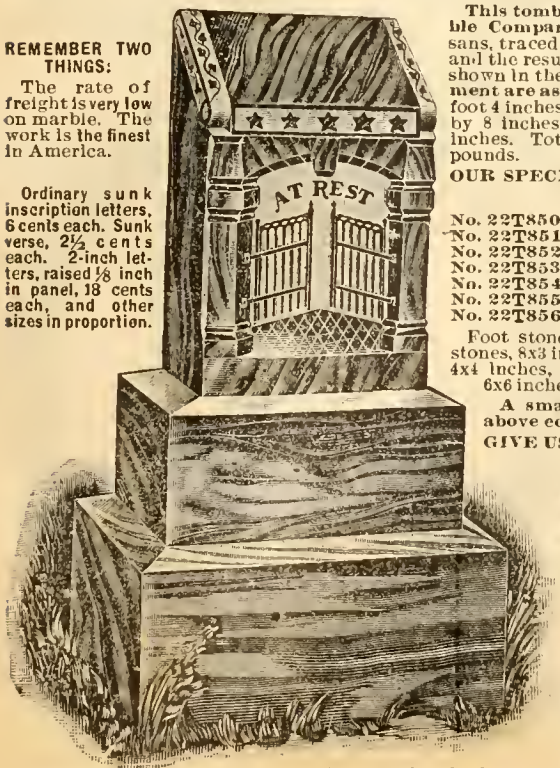


OUR SPECIAL $22.50 Handsomely Ornamented Tombstone.

Cash with the Order, Delivered on the Cars at our Quarry and Marble Works in Vermont.

REMEMBER TWO THINGS:
The rate of freight is very low on marble. The work is the finest in America.

Ordinary sunk inscription letters, 6 cents each. Sunk verse, 2½ cents each. 2-inch letters, raised ⅛ inch in panel, 18 cents each, and other sizes in proportion.



This tombstone is quarried from the Royal Blue Marble Company's Quarry, cut and polished by expert artisans, traced and carved by artists in their line of work, and the result is the beautiful and imposing monument shown in the illustration. The dimensions of this monument are as follows: Bottom base, 1 foot, 10 inches, by 1 foot 4 inches, by 10 inches. Base, 1 foot 6 inches, by 1 foot, by 8 inches. Die, 1 foot 10 inches, by 1 foot 2 inches, by 8 inches. Total height over all, 3 feet 4 inches. Weight, 729 pounds.

OUR SPECIAL CASH WITH THE ORDER PRICES ARE AS FOLLOWS:

No. 22T850	Dark Vein	$22.50
No. 22T851	Florence No. 2	22.55
No. 22T852	Dark Mottled	23.75
No. 22T853	Extra Dark Vein	23.80
No. 22T854	Average Florence	23.85
No. 22T855	Extra Dark Mottled	24.95
No. 22T856	Florence No. 1	25.00

Foot stones, 6x2 inches, sand rubbed, each 50c; foot stones, 8x3 inches, sand rubbed, each 75c; corner posts, 4x4 inches, for cemetery lot, each $1.00; corner posts, 6x6 inches, for cemetery lot, each, $1.65.

A small sample piece of marble to any of the above colors will be mailed on receipt of 10 cents.

GIVE US FROM FOUR TO SIX WEEKS IN WHICH TO FINISH, LETTER AND SHIP.

ALL MARBLE WORK is carefully boxed and delivered on the cars at our quarry in Vermont, and guaranteed to reach you in perfect order or we will replace it free of charge. Where we quote prices delivered on the cars at quarry it is done to save the expense of freight, cartage and handling into and out of our store in Chicago, and all the saving goes to the customer in the low prices we make, prices only made possible by eliminating all the handling expenses.

ABOUT THE FREIGHT. The weight of each tombstone is given. The average rates of freight east of the Mississippi River on them is 25 to 50 cents per hundred pounds, and south of the Ohio River from 50 cents to $1.00 per hundred pounds; west of the Mississippi River, east of the Rocky Mountains, from $1.00 to $1.50 per hundred pounds, greater or lesser distances in proportion; so you will find the freight will amount to next to nothing as compared with what you will save in price.

LIKE EVERY ONE of our higher grade tombstones, this monument is made in the same famous quarry, and, by reason of having been made there, you are guaranteed a quality which you might not expect anywhere else.

The measurements of the smaller size of this tombstone are as follows: Bottom base, 1 foot 4 inches, by 1 foot 4 inches, by 8 inches. Base, 1 foot, by 1 foot, by 6 inches. Shaft, 2 feet 6 inches, by 8 inches, by 8 inches. Height over all, 3 feet 8 inches. This tombstone is made in the following variety of colors, cash with order, delivered on the cars at our Vermont quarry:

No. 22T955	Dark vein marble, 455 lbs	$14.65
No. 22T956	Florence No. 2, 455 lbs	14.70
No. 22T957	Dark mottled marble, 455 lbs	15.60

NEW 1902 BICYCLES AT $9.75 TO $14.95

AT FROM $9.75 TO $14.95, according to grade, we furnish men's and women's bicycles in the very latest models for 1902, bicycles brought strictly up to date, embodying all the new improvements, all the new 1902 features.

$14.95 for our highest grade bicycle, one of the highest grade wheels made, the celebrated Napoleon and Josephine, three-crown nickel jointed wheel, complete with highest grade equipment, including the celebrated Morgan & Wright double tube pneumatic tires.

$12.75 for the celebrated high grade, flush joint, Elgin King and Queen Bicycles, improved for 1902, handsomer and better than ever before and fitted with high grade equipment, including high grade guaranteed Seroco single tube tires.

$10.95 for the famous Kenwood Bicycle in either gents' or ladies' style, new and improved for 1902, well equipped throughout, including our high grade, guaranteed Seroco single tube tires.

$9.75 for the Edgemere Bicycle, either gents' or ladies' style, fitted with a good standard equipment and offered at this exceedingly low figure in competition with bicycles generally sold at double this price. Furnished in men's diamond frames or ladies' drop curved frames as desired—as per detailed description below.

OUR REPUTATION as the largest dealers in bicycles in America, selling direct to the rider, is so well known, so thoroughly established in every community, that we do not feel it is necessary to dwell at length on the many advantages we have or on the incomparable values we always furnish.

LAST SEASON we sold about one-quarter of all the wheels made and sold in America. Our sales for 1901 were between 90,000 and 100,000 bicycles, while the estimated production and total sales for this country was approximately 400,000. It will thus be seen that we practically control the bicycle situation, make the price, and for like quality undersell by far any and all competition.

OUR BINDING GUARANTEE. With every bicycle we issue a written binding guarantee, guaranteeing every piece and part of the material and workmanship that enters into the construction of the wheel. We give the strongest kind of a guarantee as to quality.

TIRE GUARANTEE. For the season of 1902 we will use the celebrated Morgan & Wright double tube pneumatic bicycle tires on our highest grade wheels, the $14.95 Napoleon and Josephine, and every tire is covered by the manufacturers (Morgan & Wright) binding association guarantee, guaranteeing the tire perfect, and if any tire proves defective or unsatisfactory in any way it can be returned to us or to Morgan & Wright at any time within thirty days from date of purchase and it will be repaired or replaced with a new tire. Everyone knows the Morgan & Wright tire with fair usage will give the very best of satisfaction and last from three to five years.

THE SEROCO SINGLE TUBE GUARANTEED TIRE is furnished with all other bicycles, with the Edgemere, Kenwood, and Elgin King and Queen. These tires are made for us under contract by one of the best makers in the country. Every tire is guaranteed to be perfect in every respect, and if any tire proves defective in any way or unsatisfactory it can be returned to us at any time within thirty days and it will be repaired or replaced with a new tire. A Seroco tire with care will give the best of satisfaction and last for several years.

OUR TEN DAYS' FREE TRIAL OFFER. Anyone ordering a bicycle from us can give the bicycle ten days' trial (any ordinary usage), and if for any reason they become dissatisfied with the bicycle at any time within ten days, they can return it to us at our expense of express charges both ways, and we will immediately return the money sent us, together with the express or freight charges that have been paid.

OUR $1.00 C. O. D. SUBJECT TO EXAMINATION PAY AFTER RECEIVED PROPOSITION.

WHILE WE ALWAYS ADVISE OUR CUSTOMERS to send cash in full with their orders, as it saves them the extra express charge of 25 to 50 cents which express companies always make for collecting and returning the money to us; and further, C. O. D. shipments sometimes cause a little inconvenience to the purchaser, as the C. O. D. has to be paid the express agent before the goods can be delivered. Whereas, if the full amount of cash is sent with the order there is no charge for collecting and returning the money to us, the bicycle will be shipped direct to you and you only have to pay the express or freight charges which amount to next to nothing as compared to the saving in price.

OUR CUSTOMERS TAKE NO RISK in sending cash with the order, for in case you become dissatisfied with your bicycle at any time within ten days, you can return the bicycle to us and we will immediately return your money. You will note every bicycle is sent out under our binding guarantee and under a ten days' trial offer. However, if you do not wish to send cash in full with your order, we will on receipt of $1.00, send any bicycle to any address by express C. O. D., subject to examination. You can examine it at your nearest express office and if found perfectly satisfactory, exactly as represented, then pay the express agent your price and express charges, less the $1.00 sent with the order.

UNDERSTAND, you take no risk in sending your money to us for you are always protected by the strongest kind of a guarantee and your money is always ready for you, if the goods do not reach you in perfect condition and are not found in every way satisfactory to you.

LADIES' OR GENTS' 1902 MODEL EDGEMERE BICYCLES.

AT $9.75 WE FURNISH THE 1902 MODEL GENTS' EDGEMERE BICYCLE complete with a good standard equipment, including our Seroco tires. In ordering a gents' Edgemere Bicycle send us $9.75, mention catalogue No. 19T2, state color of enamel wanted, whether black or maroon, state whether a 22 or 24-inch diamond frame is wanted, gear desired, and we will ship you the bicycle at once, together with

OUR WRITTEN BINDING GUARANTEE.

AS GOOD AS A $40.00 WHEEL.

Atchison, Wis.

Sears, Roebuck & Co., Chicago, Ill.

Dear Sirs: I received your letter today and I thought I would write and tell you that I got the wheel all right and I am well pleased with it. It is just as good as a $40.00 wheel. Yours truly,

ARTHUR E. KAMMER.

AT $9.75 WE FURNISH THE 1902 MODEL LADIES' EDGEMERE BICYCLE, same as the gents' machine illustrated, except it has a handsome drop curved 22-inch frame, fitted with dress and chain guards and with a complete equipment, including the Seroco pneumatic tires. In ordering, send us $9.75, mention catalogue No. 19T1, state color of enamel desired, whether black or maroon, gear wanted, and we will send you the bicycle with the understanding that if it is not perfectly satisfactory when received, you can return it at our expense and we will immediately return your money.

UNDERSTAND, accompanying every bicycle is the strongest kind of written binding guarantee, guaranteeing every piece and part, including the

SEROCO PNEUMATIC TIRES.

You take no risk, for we agree to return your money at once if you are not perfectly satisfied.

No. 19T2
Order by Number.

From the above illustration, engraved from a photograph, you can obtain a very good idea of the general appearance of our new 1902 model Edgemere Bicycle. The Edgemere is handsomely finished throughout, and is fitted with highly nickel plated sprockets, which come in assorted designs.

GENTS' EDGEMERE BICYCLE Order No. 19T2 comes in either 22 or 24-inch frame, 1⅛-inch tubing, gear 68 to 90, 28-inch wheels, enameled either in black or maroon, weight all on about 28 pounds. Nicely finished, and usual bright parts nickel plated, complete with full equipment including Seroco tires. Price.. ..... **$9.75**

LADIES' EDGEMERE BICYCLE Order No. 19T1 comes with 22-inch drop curved frame, of 1⅛-inch tubing, all usual bright parts nickel plated, complete with full equipment, including Seroco tires.

Price..... **$9.75**

$10.95 BUYS THE CELEBRATED 1902 MODEL GENTS' KENWOOD BICYCLE

UNDERSTAND, every Kenwood Bicycle is covered by the strongest kind of a written binding guarantee. The equipment throughout is high grade, including our Seroco guaranteed single tube pneumatic tires, high grade pedals, saddle and handle bar, everything first class. Every piece and part guaranteed.

WE ARE THE SOLE SELLING AGENTS FOR THE KENWOOD BICYCLE.

For the last three seasons we have had control of this wheel, and it could be had only from us. Formerly it was sold through specially appointed agents, and always at the highest price.

THE KENWOOD WHEEL was awarded diplomas, medals and blue ribbons at the World's Fair. Since that date, and especially since we came into control of this wheel we have aimed to keep it in the very first rank of up to date high grade wheels, and we therefore urge that you do not compare it with any of the many cheap bicycles that are being advertised at prices ranging from $15.00 to $20.00.

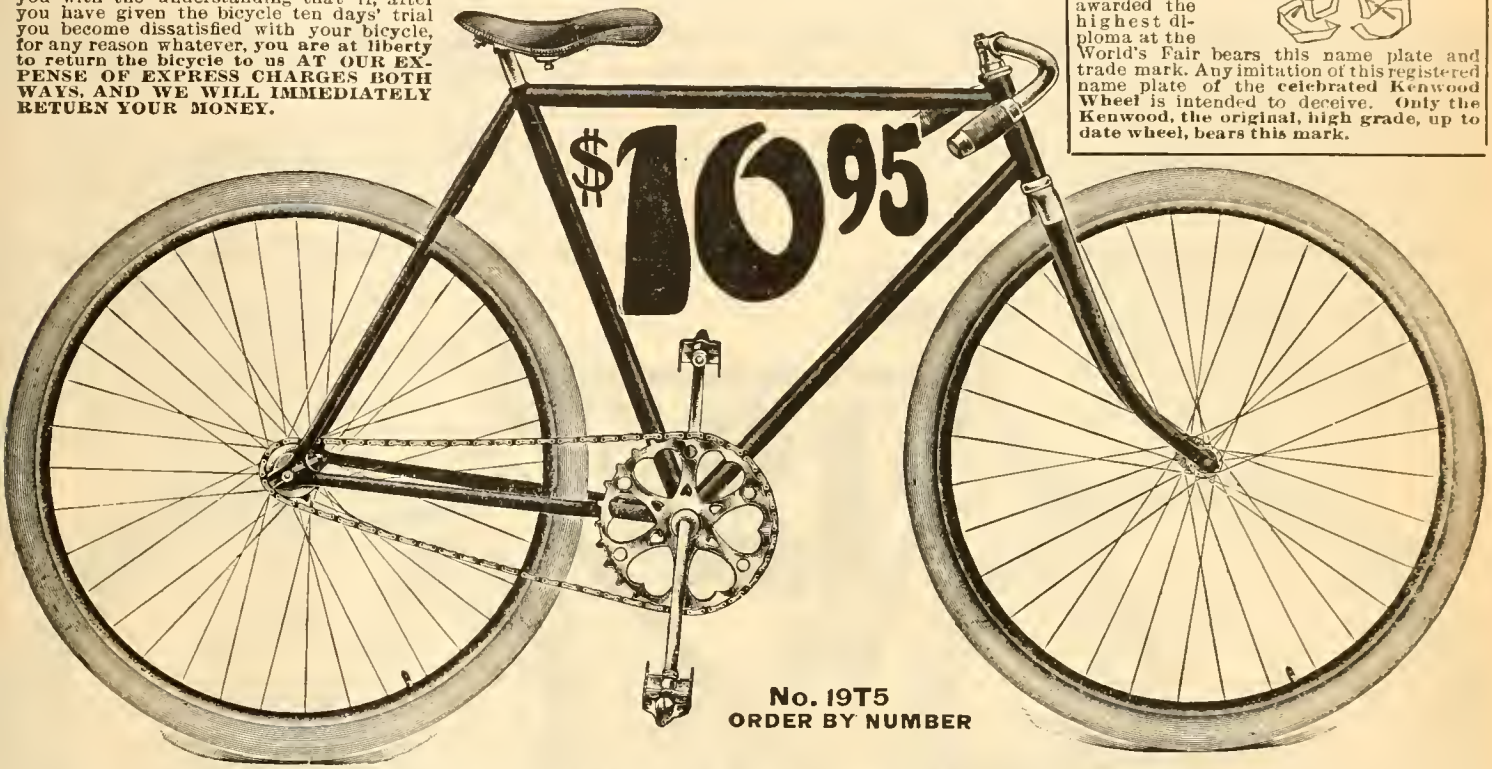
Our $1.00 SUBJECT to EXAMINATION PAY AFTER RECEIVED PROPOSITION

WHILE IT IS GREATLY TO THE ADVANTAGE of our customers to send cash in full with their orders for bicycles, thus saving the inconvenience and expense of paying the extra express charge of 25 to 50 cents, which the express companies always make for collecting and returning the money to us, nevertheless to those who prefer to see and examine the bicycle before paying for it, we will on receipt of $1.00 send any bicycle to any address, and when the bicycle is received you can pay the express agent the balance and express charges.

OUR 10 DAYS' FREE TRIAL OFFER. Whether you send cash in full with your order or you send $1.00 and pay the balance after received, every bicycle is shipped to you with the understanding that if, after you have given the bicycle ten days' trial you become dissatisfied with your bicycle, for any reason whatever, you are at liberty to return the bicycle to us AT OUR EXPENSE OF EXPRESS CHARGES BOTH WAYS, AND WE WILL IMMEDIATELY RETURN YOUR MONEY.

THE KENWOOD IS KNOWN BY THE NAME PLATE.

Since 1890 the one name plate, as illustrated, stamped Kenwood as the highest of high grade wheels. The Kenwood wheel that was awarded the highest diploma at the World's Fair bears this name plate and trade mark. Any imitation of this registered name plate of the celebrated Kenwood Wheel is intended to deceive. Only the Kenwood, the original, high grade, up to date wheel, bears this mark.



No. 19T5
ORDER BY NUMBER

The above illustration, engraved by our artist from a photograph, gives you an idea of the appearance of our new 1902 model high grade Gents' Kenwood Bicycle, reduced from last year's price of $13.75 to the present astonishingly low price of $10.95.

THIS WHEEL goes to you under our binding guarantee covering every piece and part that enters into it, including the high grade Seroco tires. At this price it is shipped to you with the understanding that if it is not satisfactory you have the privilege at any time within ten days to return it at our expense, your money to be immediately returned to you.

GENERAL DESCRIPTION.

FRAME—Our $10.95 Gents' Kenwood Bicycle comes in either 22 or 24-inch frame, as desired. The frame is made from the very highest grade 1⅛-inch seamless tubing, flush at every joint, including rear braces, latest flush connection at seat post.

UPPER BRACES—The upper braces are made from ¾-inch cold drawn diamond tubing, bent very narrow at seat post cluster. The lower braces are made from ⅞-inch cold drawn tubing, tapering.

WHEELS—Wheels are made from selected material. They are 28 inches in diameter, 32 spokes in front, 36 in rear. The frames are the very best rock elm, seasoned and steamed. The wheels are highly finished throughout.

CRANKS—The cranks are the latest up to date model, made with 7-inch throw. Made from drop forgings, handsomely finished, heavily nickel plated and highly polished.

SPROCKET—Every $10.95 Kenwood has the very latest 1902 sprocket; assorted designs, new shape, adjustable, made from the very finest drop steel forgings, heavily nickel plated and highly polished.

HUBS—The $10.95 Kenwood has high grade barrel hubs turned from solid bar steel, fitted with ¼ and ⅜-inch balls, with ball retainers complete. The hub cones are made from the very best tool steel, tempered to a straw color. Hubs are highly polished and heavily nickel plated.

FINISH—The $10.95 Kenwood is given an extra fine finish. The enameling is done by the best known process. All usual parts are heavily nickel plated on copper, highly polished. The frame comes enameled in black or maroon, as desired.

TOOL BAG AND TOOLS—Our $10.95 Kenwood is furnished with a heavy solid leather tool bag, highly polished and finished, complete with best set of bicycle tools, including wrench, oiler, pump and quick tire repair outfit.

PEDALS—The $10.95 Kenwood is furnished with strictly high grade pedals, full ball bearing, heavily nickel plated inside and out, and highly polished.

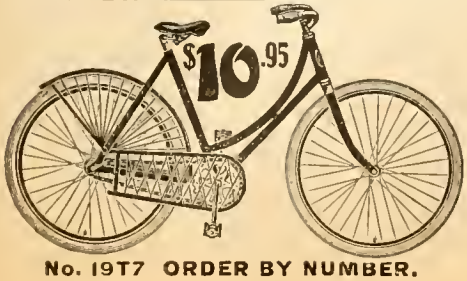
HANDLE BARS—The $10.95 Kenwood has a high grade ⅞-inch diamond steel tubing seamless handle bar, 20 inches wide, drop or upturned as desired, fitted with best leather grips.

SADDLE—The $10.95 Kenwood is equipped with a strictly high grade fair leather padded saddle, extra well finished, and one of the best saddles on the market.

TIRES—We equip the $10.95 Kenwood complete with highest grade Seroco single tube pneumatic tires, tires that are covered by the strongest Association guarantee.

GEAR—72 to 96 inches as desired. An unusual demand may prevent sending exact gear wanted, but we shall always send the nearest possible size.

WEIGHT—All on, about 28 pounds.



No. 19T7 ORDER BY NUMBER.

OUR $10.95 LADIES' KENWOOD BICYCLE.

No. 19T7.

Similar to the Gents' Kenwood Bicycle, fully described above, except it has the handsomely curved 22-inch drop frame, and is fitted with dress and chain guards, comes enameled in black or maroon, gear 68 to 80 inches as desired. **Send us $10.95, specify color and gear,** give catalogue number **19T7** and we will send you this handsome **Ladies' Kenwood Bicycle,** fitted with the same high grade equipment as the **Gents' Kenwood,** including high grade padded saddle, fine combination pedals, nickel plated steel handle bar, tools and toolbag, and the celebrated **Seroco pneumatic tires.**

WE GUARANTEE THE BICYCLE TO BE SATISFACTORY OR YOU MAY RETURN IT AT OUR EXPENSE AND WE WILL IMMEDIATELY RETURN YOUR MONEY.

OUR NEW $12.75 ELGIN KING BICYCLE

Reduced from our 1900 price of $18.00 and our 1901 price of $14.75 to the Astonishingly Low Price of..... **$12.75**

A BIG REDUCTION IN PRICE and a big improvement in style, finish and general make for this season. A new model for 1902 brought strictly up to date as one of the highest of high grade wheels, and yet at a price but a fraction of what is asked by other houses for bicycles of the same grade.

OUR $12.75 RED HEAD ELGIN KING BEAUTY. A special feature of the new $12.75 1902 Elgin King is the red head finish, the head being beautifully enameled in red, while the balance of the frame is enameled in black. We have endeavored in the illustration, without colors, to give you an idea of the way in which this red and black combination enamel finish is effected. It makes a beautiful wheel, a bicycle which must be seen to be appreciated.

OUR $12.75 ELGIN KING BICYCLE embodies every new up to date feature. 1⅛-inch tubing, the very latest style diamond frame, the very latest design of nickel plated fancy finished fork, a feature found only on the most expensive wheels. **The very latest one-piece hanger.** The latest style of expander in seat post and handle bar, flush seat post cluster, flush at every joint. Latest style and highest grade ball retaining device, in all ball bearing parts, built on the very latest lines for 1902 with a view to embodying all of the good points of all high grade bicycles, with the defects of none. **The Elgin King is too well known to require lengthy description from us.** It is a bicycle that was made for years by the Elgin Cycle Company of Elgin, Ill., a wheel that originally sold for $125 then $100 then $75.00 and then when it came into our control was offered first at $18.00, the next season at $14.75 and this season with **all the latest improvements and extra high grade equipment throughout, including high grade pedals, saddle, handle bar, tool bag and tools, and our own high grade Seroco pneumatic tube bicycle tires, offered for only.....** **$12.75**

OUR $1.00 C. O. D. OFFER. While we always advise our customers to send cash in full with their orders, thus saving the extra charge made by the express companies for collecting and returning the money to us, of from 25 to 50 cents, to those who prefer to see and examine the bicycle before paying for it, we will send any bicycle to any address, by express, C. O. D., subject to examination, on receipt of $1.00.

WE ARE SOLE SELLING AGENTS for the Elgin King and Queen Bicycles. They can be had only from us and there is no bicycle on the market that you can buy within $10.00 of the price that will approach in quality of material, workmanship, finish, style or beauty the new red head beauty, the Elgin King for 1902.

THE ELGIN KING RED HEAD BICYCLE IS ONE OF THE HANDSOMEST BICYCLES EVER TURNED OUT

of a factory. Its lines are beautiful, the design is mechanically perfect in construction, none but the very best of material is used under the most stringent inspection, by thoroughly trained mechanics.

OVER 50,000 ELGIN KING AND QUEEN BICYCLES have been sold by us in the last two seasons. Surely some of them are in your neighborhood where you can see and examine them and compare them with other wheels, and get some idea what an excellent bicycle it is and how much money you can save by ordering from us.

OUR BINDING GUARANTEE.

EVERY ELGIN KING AND QUEEN BICYCLE is sent out accompanied by the strongest written binding guarantee, by the condition of which if any piece or part gives out by reason of defect in material or workmanship, it will be replaced or repaired free of charge. The binding guarantee covering the tires, covering every part that goes into the bicycle is sent with every Elgin King and Queen wheel we sell.

OUR TEN DAYS' FREE TRIAL OFFER.

SEND US $12.75. State whether you wish gents' or ladies' bicycle, height of frame and gear wanted, and we will send the bicycle to you by freight or express, guaranteeing it to reach you in the same perfect condition it leaves us, and if after ten days' trial you become dissatisfied with it for any reason whatever, you can return the bicycle to us at our expense of express or freight charges both ways and we will immediately return your money.

No. 19T10
ORDER BY NUMBER.

From the above illustration, engraved by our artist from a photograph, you can form an idea of the appearance of this our new 1902 Model Elgin King Bicycle, a bicycle which we offer at $12.75, reduced from last year's price of $14.75, as the equal of any bicycle you can buy elsewhere at double the price.

DETAILED DESCRIPTION.

FRAME—The frame is made of the highest grade flush tubing drop forged, flush joint connections and reinforcements. The frame is flush at every joint and is one of the handsomest, strongest and best made bicycle frames on the market. It is finished in the latest style red head enamel design, making it one of the handsomest bicycle frames turned out of any factory. They come in 22 or 24-inch, as desired.

HUBS—The hubs are turned from solid bar steel, accurately ground, fitted with the latest style ball bearing retainers and improved oiling device. They are beautifully finished, highly polished and nickel plated.

BEARINGS—The bearings are all dust proof, made from tool steel, carefully tempered and ground, full ball bearing, with best tempered steel balls and latest patent ball retainers.

CRANK AND SHAFT—The very latest 1902 one-piece crank hanger, 7-inch throw, beautifully finished, heavily nickel plated and highly polished.

SPROCKETS—The sprockets are the very latest style for 1902, exactly as illustrated above, made from the finest drop forgings, highly polished and heavily nickel plated.

GEAR—72 to 96 inches, as desired.

CHAIN—Finest quality ⅛-inch. Hardened steel blocks and rivets, all tempered to a straw color.

CHAIN ADJUSTER—The very latest 1902 style chain adjuster.

HANDLE BAR—Up or down turned, rigid or adjustable handle bar, as desired. Handle bars are made from finest seamless tubing, heavily nickel plated. They come complete with best leather grips.

PEDALS—Extra high grade rat trap or combination, full ball bearing, accurately adjusted, heavily nickel plated and highly polished.

SPOKES—Very finest quality swaged piano wire, highly polished.

RIMS—We use only the best quality white hickory wood, air seasoned, full finished.

SADDLE—Extra high grade full padded fair leather saddle.

TIRES—**At $12.75 the Elgin King is equipped with the highest grade Seroco single tube pneumatic bicycle tires.** They are covered by our binding guarantee, and we consider them the equal of any tires on the market.

FINISH—**The Elgin King, our red head beauty,** is finished with the head enameled in a beautiful shade of red, the balance of the frame in black, and the contrasting colors, under the high finish we give it, makes one of the handsomest bicycle frames produced by any maker. All usual bright parts are heavily nickel plated on copper. The wheel is handsomely finished throughout, and at our special $12.75 price it comes complete with high grade Seroco tires, pedals, handle bar, saddle, tools and tool bag, complete with quick tire repair outfit.

WEIGHT—The bicycle weighs, all on, about 28 pounds.

OUR NEW $12.75 ELGIN QUEEN BICYCLE

Reduced from our 1900 price of $18.00 and our 1901 price of $14.75 to the Astonishingly Low Price of.... $12.75

A CONTINUED REDUCTION, a steady improvement in quality and equipment, so that it is now a bicycle bargain that competitors cannot hope to equal. Entirely new for 1902, and a splendid value, to be had from us only, as we are the sole selling agents for the Elgin King and Elgin Queen bicycles, and they are covered in every piece and part by our written, binding guarantee.

WE ARE THE LARGEST BICYCLE DEALERS IN AMERICA. Last year we sold over 100,000 bicycles, a large percentage of which were Elgin Kings and Elgin Queens. They went into every town and every community in the United States. There are some of our wheels among your friends and neighbors. They can tell you about the quality, about the value, how much money they saved, and they will advise you whether you should send your order to us or not. We are pleased to refer to any one of the hundred thousand people to whom we sold bicycles last year. We do not believe there is one who purchased from us last season but what will recommend his friends and neighbors to purchase from us this season.

OUR $12.75 ELGIN QUEEN, with every new and up to date feature for 1902, has a handsomely curved drop frame of latest design, with a properly designed and finely finished nickeled front fork, such as are only found on the most expensive bicycles. Crank hanger, modern and made of the most serviceable drop forgings, mechanically perfect and of handsome pattern. No unsightly bolts to fasten seat post or handle bar, both being fitted with latest style internal expander. Frame is full flush jointed at every connection. All bearings are of the best possible material, made as nearly dust proof as modern construction will permit. **The Elgin Queen embodies all the good points, with the defects of none, and is too well known to require extended description from us.** It was made for years by the Elgin Bicycle Co., of Elgin, Ill., and was originally sold, first at $125.00, then at $100.00, then at $75.00, until it came into our control, when we at once reduced the price to $18.00, the next season at $14.75, and for 1902, after adding every possible improvement, together with the highest grade equipment, including the

Celebrated Seroco Single Tube Tires,

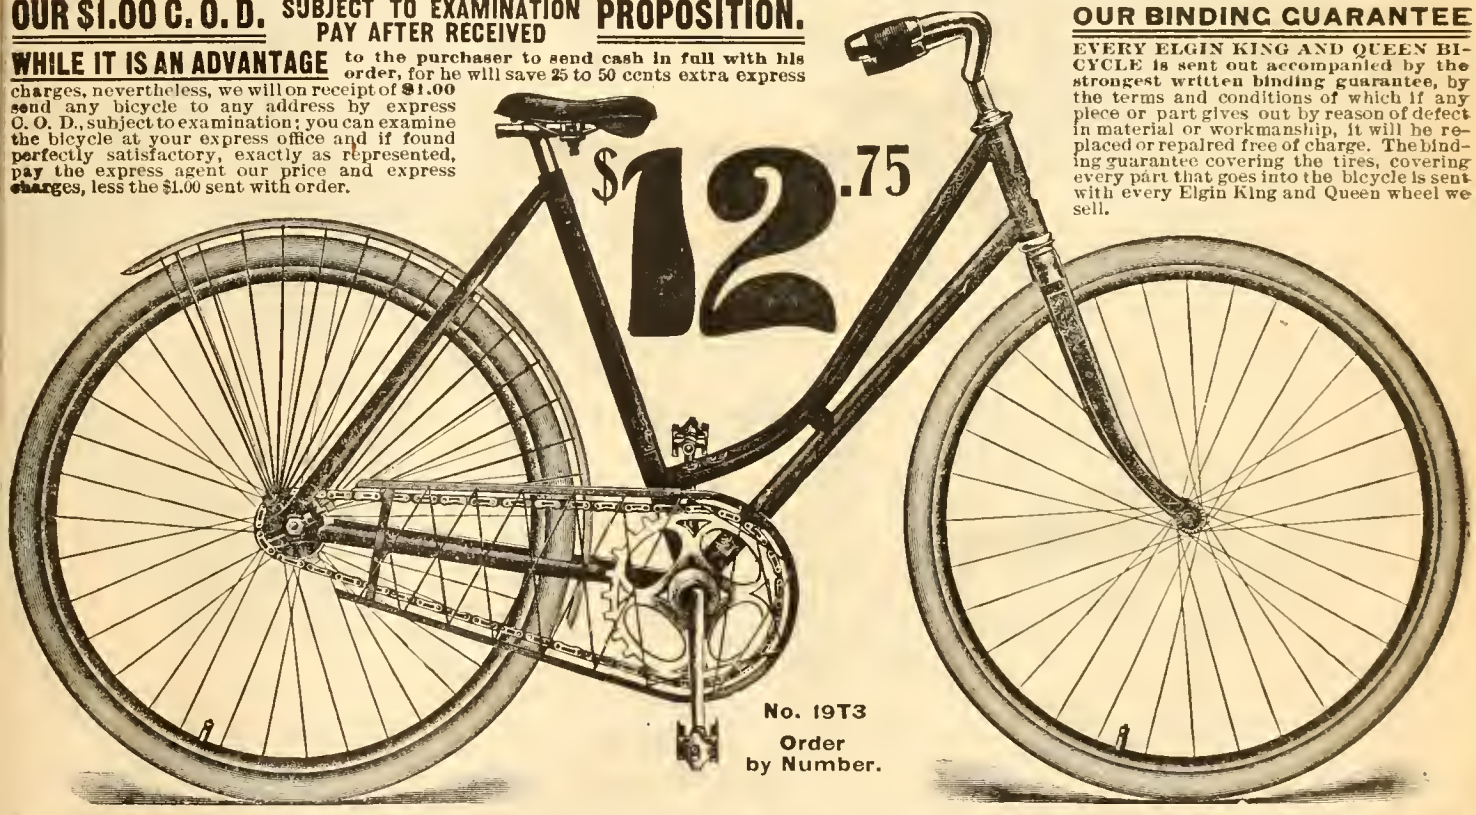
high grade handle bar, saddle, pedals, tool bag and tools, we are able to offer it now for only $12.75.

WE ARE SOLE SELLING AGENTS FOR THE ELGIN QUEEN AND ELGIN KING BICYCLES

They cannot be obtained from anyone else, and no one can compete with us in giving such splendid bicycle values at $12.75, a price that covers only the actual cost of manufacture of the bicycle, tires, saddle, handle bars, pedals, tools and tool bag, with but our one small percentage of profit added, making a price so low that it is impossible to purchase a similar bicycle at less than within $10.00 of our price, and in spite of the low price we make, we are able to guarantee each and every part of the bicycle, including tires. We guarantee the bicycle to reach you in as perfect condition as when shipped by us, and if it is not perfectly satisfactory and just as represented, you may return it at our expense of transportation both ways and we will immediately return your money . . . . . .

OUR $1.00 C. O. D. SUBJECT TO EXAMINATION PAY AFTER RECEIVED PROPOSITION.

WHILE IT IS AN ADVANTAGE to the purchaser to send cash in full with his order, for he will save 25 to 50 cents extra express charges, nevertheless, we will on receipt of $1.00 send any bicycle to any address by express C. O. D., subject to examination; you can examine the bicycle at your express office and if found perfectly satisfactory, exactly as represented, pay the express agent our price and express charges, less the $1.00 sent with order.



No. 19T3
Order by Number.

OUR BINDING GUARANTEE

EVERY ELGIN KING AND QUEEN BICYCLE is sent out accompanied by the strongest written binding guarantee, by the terms and conditions of which if any piece or part gives out by reason of defect in material or workmanship, it will be replaced or repaired free of charge. The binding guarantee covering the tires, covering every part that goes into the bicycle is sent with every Elgin King and Queen wheel we sell.

From the above illustration, engraved by our artist from a photograph, you can form some idea of the appearance of this, our new 1902 model, drop frame, Ladies' Elgin Queen Bicycle, a bicycle we offer at $12.75 in competition with bicycles that sell generally at about double the price.

GENERAL DESCRIPTION

FRAME—The frame is 22 inches high, handsome drop curved shape, made from 1⅛-inch high grade seamless flush tubing.

WHEELS—The wheels are made from the very best material procurable. They are 28 inches in diameter, 32 spokes in front wheel, 36 in rear. The rims are the best rock elm, seasoned and steamed, will never warp, split or crack. The wheels are highly finished throughout.

CRANKS—The cranks are the latest 1902 model, one-piece, made from drop forgings, heavily nickel plated and highly polished.

HANGER CONES—The hanger cones are made from the finest tool steel tubing, tempered to a straw color.

PEDALS—The Elgin Queen is furnished with extra high grade full ball bearing pedals, heavily nickel plated and highly polished.

SADDLE—The Elgin Queen is furnished with a strictly high grade fair leather padded saddle, extra well finished, and one of the best saddles ever made.

TOOLS AND TOOL BAG—The Ladies' $12.75 Elgin Queen is furnished with a heavy, solid leather tool bag, highly polished and finished. It comes complete with the best set of bicycle tools, including wrench, oiler, pump and quick tire repair kit.

GEAR—68 to 80 inches, as desired. Unusual demand may prevent sending exact gear, but we always send the nearest possible size.

SPROCKETS—The sprockets are the very latest 1902 pattern, assorted designs, made from finest drop forgings, heavily nickel plated and highly polished.

HANDLE BAR—The Elgin Queen has the very finest ⅞-inch diamond seamless steel tubing handle bar, extra wide, drop or upturned, as desired, heavily nickel plated and highly polished, fitted with the latest style nickel ferrules, with leather grips.

TIRES—With our $12.75 Ladies' Elgin Queen we furnish our celebrated Seroco single tube guaranteed tires, one of the best single tube pneumatic bicycle tires made; tires that are covered by the regular Association thirty days' guarantee, and with care will last many seasons.

HUBS—The Ladies' $12.75 Elgin Queen has high grade barrel hubs turned from solid bar steel, fitted with ¼ and ⅜-inch balls, with ball retainers complete. The hub cones are made from the very best tool steel, tempered to a straw color. The hubs are highly polished and heavily nickel plated.

EXPANDERS—The Elgin Queen is furnished with the latest style expander in seat post and handle bar for adjusting and fastening the seat post and handle bar in any position.

CHAIN—With the Elgin Queen is furnished a high grade steel link chain, tempered to a straw color and beautifully finished.

FINISH—The Elgin Queen is given an extra fine finish. The enameling is done by the best known process. All usual parts are heavily nickel plated on copper and highly polished. Comes enameled in black or maroon, as desired.

EQUIPMENT—At $12.75 we furnish the bicycle fully equipped, complete with pedals, saddle, handle bar, tools and tool bag, mud and dress guards. Every bicycle goes out under our binding guarantee.

$14.95 FOR OUR NEW 1902 NAPOLEON

$14.95 BUYS OUR HIGHEST GRADE BICYCLE, THE HIGHEST OF HIGH GRADE, THE FULL THREE-CROWN NICKEL JOINTED, NICKEL HEAD, FLUSH JOINT NAPOLEON.

MORGAN & WRIGHT'S highest grade double tube, season guaranteed pneumatic bicycle tires, extra high grade, finely finished ball bearing pedals, high grade adjustable handle bar; extra high grade full padded saddle, heavy finished leather tool bag, complete set of high grade tools including quick tire repair outfit, the best of everything throughout, in the highest grade bicycle shown by any maker for the season of 1902, and all for $14.95.

SPECIAL POINTS OF EXCELLENCE over all other bicycles and found only in our $14.95 Napoleon and Josephine Bicycles.

THREE CROWNS—The strongest, handsomest, smoothest and best finished bicycle frame connections made, rear stay crown, rear fork crown, front crown. FLUSH JOINTS—Flush joints throughout, including three-crown, seat post cluster, front and bottom stays, the strongest re-inforced flush joint frame connection made. NICKEL CROWNS—The three nickel crowns, flush seat post cluster, steering head, rear brace ends and front fork ends are heavily nickel plated on copper, highly polished and beautifully finished; guaranteed without exception the handsomest, strongest and altogether the best bicycle frame nsed on any bicycle for 1902. THE LATEST 1902 ONE-PIECE HANGER—including one of the handsomest heavily nickel plated front sprockets made. THE LATEST 1902 EXPANDER IN SEAT POST AND HANDLE BAR for adjusting seat post and handle bar to any position. EVERY NEW, UP TO DATE FEATURE FOR 1902 IN OUR $14.95 NAPOLEON AND JOSEPHINE, combining the good features and high grade marks of all high grade wheels with the defects of none, none of the ear marks of cheapness common to bicyeles that are being sold generally at $15.00 to $30.00. MORGAN & WRIGHT TIRES—The Morgan & Wright double tobe pneumatic bicycle tires have gained such a reputation amoog high grade bicycle tires, they have become so generally recognized as the highest grade, longest lived, most resilient, the least liable to give trouble and the easiest tire to repair if out of order, punctured or otherwise, that we have decided to equip all our $14.95 Napoleon and Josephine Bicycles with only the genuine Morgan & Wright double tube, season guaranteed, highest of high grade tires, thus bringing the equipment of the $14.95 Napoleon up to the very highest standard of quality.

WE RECOMMEND the Napoleon and Josephine Bicycles above all others, and while our $10.95 Kenwood is a thoroughly reliable wheel, the equal of bicycles that sell generally at more than double the price, and our Elgin King and Queen, the new 1902 handsomely decorated red head bicycles at $12.75, are strictly high grade, guaranteed in every way and equal to bicycles that sell at, double the price, we especially recommend our highest of high grade, Napoleon and Josephine, our $14.95 bicycles, which we put out under our binding guarantee as the equal of any bicycles on the market regardless of price.

DO NOT COMPARE the Napoleon and Josephine with any of the many cheap bicycles now being advertised and sold by dealers geoerally. It can only be compared with the highest grade bicycles made. The Napoleon and Josephine bicycles have been manufactured for years and always sold at the very highest price. THEY HAVE STOOD THE TEST OF SERVICE. They were originally sold only through exclusive agents, one in eaeh town, and always sold at the highest price for the highest grade wheels. Ask your friends aod neighbors about the Napoleon. Thousands were sold before we secured control of these bicycles, and in the past two seasons we have sold about 50,000 of these wheels. They have gone into almost every town in the United States. Surely some are being ridden by your friends and neighbors. We know if you can see one of our three-crown nickel joint Napoleons and can ask the owner what he thinks of it, you will have no other.

OUR BINDING GUARANTEE. With every Napoleon and Josephine Bicycle at $14.95, we issue the strongest kind of a written binding guarantee, covering every piece and part that goes into the bicycle, including the strongest Association binding guarantee for the Morgan & Wright pneumatic tube tires with which the Napoleon and Josephine Bicycles are equipped.

OUR $1.00 C. O. D. SUBJECT TO EXAMINATION PAY AFTER RECEIVED PROPOSITION.

WHILE NEARLY ALL OUR CUSTOMERS SEND CASH IN FULL (for it saves an extra express charge on return of money to us of 25 to 50 cents), and makes it convenient for the customer and ourselves, nevertheless, to those who prefer to see and examine the bicycle before paying for it, we will on receipt of $1.00 send any bicycle to any address C. O. D. subject to examination. You can examine the bicycle at your nearest express office and if found perfectly satisfactory, exactly as represented and such a bicycle as you could not buy elsewhere at anything like the price,

YOU CAN PAY OUR PRICE AND EXPRESS CHARGES LESS THE $1.00 SENT WITH YOUR ORDER.

NOTE—This wheel is strictly a three-crown frame, flush at every joint, flush seat post cluster, nickel plated at every joint, nickel head, nickel around crowns, nickel rear fork ends, nickel front fork end, latest one-piece hanger, highest of high grade in every piece and part, and offered at only $14.95, a price that barely covers the cost of material and labor with but our one small percentage of profit added.

No. 19T15

ORDER BY NUMBER.

From the above illustration, engraved by our artist from a photograph, you can form some idea of the appearance of our new 1902 model $14.95 up to date Napoleon Bicycle.

DETAILED DESCRIPTION.

FRAME—The frame is 22 or 24 inches, as desired, made of the highest grade 1⅛-inch seamless tubing, the very finest 1902 connections. Three-crown frame, flush at every joint, the highest grade, handsomest, smoothest and strongest full flush joint frame shown by any maker for 1902.

WHEELS—The highest grade wheels made. The very best piano wire swaged spokes, full finish, very fine hubs, hubs turned from bar steel highly polished, heavily nickel plated and accurately trued. Full ball bearing with the latest patent ball retainers.

RIMS—The rims are the highest grade, handsomely striped, full seasoned non-warpable maple rims, such as are used only on the highest grade of wheels made.

REAR FORKS—The latest 1902 three-crown pattern, latest design fork and stays, tapering and continuous, flush at every point.

BEARINGS—The very highest grade bearings, made from tool steel, carefully tempered to straw color, highly polished and finished, ball-bearing with latest patent ball retainers at every bearing.

FRONT FORKS—Crown, drop forgings, finest seamless tubing fork sides; crown and fork ends, heavily nickel plated on copper and highly polished.

HANGER—Latest 1902 one-piece hanger, beautifully finished; made ball bearing throughout, latest patent ball retainers.

SPROCKETS—Sprockets are the latest 1902 design of sprockets, assorted designs, beautifully and neatly shaped pattern, heavily nickel plated and beautifully polished.

TIRES—Morgan & Wright highest grade double tube season guaranteed pneumatic bicycle tires. We wish to call your special attention to the fact that the Napoleon and Josephine Bicycles are fitted only with these now generally recognized highest of high grade tires made, the longest lasting, the least liable to get out of repair and the easiest tire to repair when injured by puncture or otherwise. Every tire is covered by our own and the manufacturer's (Morgan & Wright) binding season guarantee. With care these tires will last five years at least.

GEAR—Geared regular 72 to 96 inches, as desired.

SADDLE—Strictly high grade full padded fair leather saddle.

NICKEL HEAD—The head is the handsomest all flush joint bicycle head made, shortened to the latest 1902 design, nickel plated throughout, the entire head being heavily nickel plated on copper, highly polished and beautifully finished.

HANDLE BARS—We equip the $14.95 Napoleon with our special high grade, extra wide, full adjustable handle bars, a bar that can be instantly adjusted to any position, as desired, complete with special high grade leather grips.

PEDALS—On the $14.95 Napoleon we use a special high grade pedal, heavily nickel plated, accurately adjusted and full ball bearing.

FINISH—All connections heavily nickel plated on copper, nickel plated at every joint, as illustrated. The three crowns nickel plated, fork ends, head and arch crown, the whole made perfectly flush at every part, including flush seat post cluster. The frame is enameled by the best known process, either black or maroon, as desired, beautifully striped and without doubt the handsomest bicycle on the market regardless of price. In ordering be sure to state color of enamel desired.

OUR $14.95 1902 MODEL JOSEPHINE BICYCLE.

THE JOSEPHINE IS THE LADIES' MODEL OF OUR HIGHEST GRADE WHEEL. THE GENTS' OF THE SAME GRADE IS KNOWN AS THE NAPOLEON. THE LADIES', THE DROP CURVED FRAME WITH DRESS AND CHAIN GUARDS, AS ILLUSTRATED BELOW, IS KNOWN AS THE JOSEPHINE.

IT IS OUR THREE-CROWN flush nickel jointed bicycle, the highest of high grade, the best wheel we sell, a bicycle which is fitted with Morgan & Wright highest grade double tube pneumatic bicycle tires, the highest grade equipment throughout and offered with all the latest improvements, all the new 1902 features, at the actual cost of material and labor, with but one small percentage of profit added, less than dealers can buy in any quantity, only $14.95.

THE NAPOLEON AND JOSEPHINE BICYCLES require little or no description, they are already so well known among the highest of high grade wheels. They have been made for the last ten years by one of the best bicycle makers in America, at a factory in which only the very best of material has been used, only the most skilled mechanics employed, and turned out always as the equal of any bicycle made regardless of price, and until we secured control of the output and reduced the selling price to the actual cost to build with but our one small percentage of profit added, the Napoleon and Josephine bicycles could be had only from retail agents, one especially appointed agent in each town or city, and there only at the top notch price, the highest price asked for high grade wheels.

AS THE LARGEST DEALERS in bicycles in America, selling more bicycles direct to the consumer than all other catalogue or mail order houses combined, consuming as we do about one-quarter of the bicycle production of this country, controlling the output of the factory in which our bicycles are made, basing our selling prices on the actual cost of material and labor, with but our one small percentage of profit added, we can furnish you in our new 1902 model three-crown nickel joint Ladies' Josephine Bicycle, at $14.95, such a bicycle as you could not buy elsewhere at less than about double the price.

OUR BINDING GUARANTEE. With every Josephine bicycle at $14.95, equipped with the highest grade Morgan & Wright double tube pneumatic bicycle tires, we issue the strongest written, binding guarantee, covering every piece and part that enters into the construction of the bicycle, including the strongest kind of a season guarantee, a guarantee binding upon the manufacturers and ourselves.

OUR $1.00 C. O. D. SUBJECT TO EXAMINATION, PAY AFTER RECEIVED PROPOSITION. On receipt of $1.00 we will send any bicycle to any address by express C. O. D., subject to examination. You can examine it at your express office and if found perfectly satisfactory, exactly as represented, you can then pay the express agent our price (less the $1.00), and the express charges. We, however, advise that you send cash in full with your order, and thus save the 25 to 50 cents express or collection charges; of course, with the understanding that if for any reason you become dissatisfied with the bicycle at any time within ten days, you can return it to us at our expense and we will immediately return your money.

While our Kenwood Bicycle at $10.95 is a thoroughly reliable wheel, covered by our binding guarantee, and the Elgin King and Queen at $12.75 are strictly high grade, flush joint, ball bearing bicycles, the equal of bicycles which sell at double the price, we especially urge that our customers select our finest wheels, the three-crowned nickel joint Napoleon and Josephine, the best bicycles on the market, complete with highest grade equipment throughout, including the celebrated Morgan & Wright double tube pneumatic bicycle tires, which we sell at $14.95 in competition with bicycles that sell generally at more than double the price.

No. 19T17
Order by Number.

From the above illustration, engraved by our artist from a photograph, you can get some idea of this our new 1902 Model Ladies' Three-Crown Nickel Joint One-Piece Hanger $14.95 Josephine Bicycle. Every bicycle is furnished exactly as illustrated. Flush at every joint, with every high grade up to date 1902 feature, a bicycle the equal of any bicycle on the market regardless of price.

DETAILED DESCRIPTION.

FRAME—The very latest designed 1902 model of a ladies' drop frame in three-crown construction, as illustrated. Certainly the handsomest, strongest and highest grade ladies' frame ever offered. Made of 1⅛-inch cold drawn seamless steel tubing, 22 inches high, reinforced and well brazed at every joint; flush at all connections, the steering head, the front, upper rear and lower rear crowns, seat post cluster, both rear and front fork tips are heavily nickel plated and beautifully finished.

WHEELS—The wheels are of the highest grade, made only of the very finest swaged piano wire spokes, full finished, rims are made from carefully selected, non-warpable, seasoned maple, the highest grade on the market.

HUBS—The hubs are the highest grade, made from selected steel, turned from solid bar steel, heavily nickel plated, ball bearing throughout, accurately adjusted and fitted with the highest grade ball retainers.

BEARINGS—The Josephine is equipped with the highest grade bearings made, all turned from solid bar tool steel, tempered to a straw color, highly finished, accurately adjusted and gauged, ball bearing at every part, with latest patent ball retainers.

HANDLE BAR—We use the latest adjustable handle bars, with internal expander, which can be adjusted to any position desired. They are extra wide, heavily nickel plated on copper, and fitted complete with the best quality leather grips.

FRONT FORKS—Latest handsome fork crown, made from drop forgings, 1902 Josephine design, finest seamless tubing fork sides, crown and fork tips heavily nickel plated on copper.

REAR FORKS—The latest 1902 three-crown pattern, handsomely shaped and finished, made flush at joints. The crowns are heavily nickel plated on copper, both upper and lower.

SADDLE—The saddle is strictly high grade, full padded, fair leather in ladies' design, one of the best saddles made.

HANGER—The very latest 1902 one-piece hanger, handsomely designed, nicely finished, heavily nickel plated and fitted with finest ball bearings.

THE TIRES—The tires are the celebrated Morgan & Wright highest grade double tube pneumatic tires, tires covered by the strongest season guarantee, bicycle tires that are known everywhere as the highest of high grade, that will undoubtedly wear longer and give better satisfaction than any bicycle tire on the market.

SPROCKET—The very latest 1902 sprocket, assorted designs, made from the finest steel, handsomely finished, heavily nickel plated and highly polished.

PEDALS—The pedals are extra high grade, made from the finest tool steel highly nickel plated inside and out, highly polished and true to gauge, and full ball bearing.

EXPANDERS—Both seat post and handle bar are fitted with latest internal expander, thus doing away with all unsightly bolts and nuts.

FINISH—All connections are heavily nickel plated on copper. The flush cluster seat post, the joints and the three crowns, the rear fork ends, the arch crown and the front fork ends are heavily nickel plated on copper, making one of the handsomest bicycles shown by any maker. The frame comes enameled in either black or maroon as desired, enameled by the best known process, neatly striped and finished, and are without doubt the handsomest bicycles shown this season.

EQUIPMENT—At $14.95 we equip the Josephine bicycle with the very highest grade equipment; with Morgan & Wright tires, high grade adjustable handle bar, high grade saddle, pedals, tools, tool bag and quick tire repair outfit, and the bicycle comes complete with mud and dress guards. It weighs, all on, about 28 pounds, and at our $14.95 price is furnished carefully crated, delivered on board cars at Chicago. We guarantee it to reach you in the same perfect condition it leaves us, and give you the privilege of a ten days' trial, and if for any reason you become dissatisfied with it within the ten days, you can return it to us at our expense of freight charges both ways, and we will immediately return your money.

For one of the finest Ladies' Wheels made, a bicycle embodying all the up to date features for 1902, such a bicycle as you could not buy elsewhere at double the price, we especially urge that you order our $14.95 Josephine.

Our $10.75 Bicycle.

For Boys from 7 to 12 Years of Age.

TWO SIZES—Be careful in ordering. The small size, for boys from 7 to 9 years of age, has a 16-inch frame, the wheels being 24 inches; specify Catalogue No. 19T69. The large size, for boys 10 to 12 years old, has an 18-inch frame with 26-inch wheels, and should be ordered from Catalogue No. 19T71.

DESCRIPTION.

No. 19T78 Girls' 18-inch drop frame bicycle, with 26-inch wheels, for girls 10 to 12 years of age..... **$10.75**

Boys' All Steel Velocipedes.

Give the boy all the fun he wants at the expense of a few pennies.

We show an all steel velocipede that will stand a "heap of racket" on the part of the restless youth.

There are no nuts or bolts in the head connections to rattle or come loose. It is adjustable and can be taken apart in shipping. The coil spring in seat does not sag or get out of repair. **We use the best drive wheel made** in this velocipede. The manner in which the fork and backbone are secured to head and axle is a new method **far superior to any other, and makes them doubly strong.** The handle is of one piece and stationary. The frames are made of malleable iron. Made both with steel tires or rubber tires. Prices as follows:

STEEL TIRES.

No. 19T621	Front wheel, 16 inches	**$1.35**
No. 19T622	Front wheel, 20 inches	**1.60**
No. 19T623	Front wheel, 24 inches	**1.95**
No. 19T624	Front wheel, 26 inches	**2.25**

RUBBER TIRES.

No. 19T625	Front wheel, 16 inches	**$2.50**
No. 19T626	Front wheel, 20 inches	**3.00**
No. 19T627	Front wheel, 24 inches	**3.45**
No. 19T628	Front wheel, 26 inches	**3.95**

Tricycles.

Notwithstanding the immense popularity of the bicycle, the tricycle still remains in favor. Many parents prefer them for their children by reason of their safety, convenience, and the ease with which they can be run by the little girl or boy. The tricycle which we illustrate is made for girls or boys from two to seven years. **They are constructed with especial care,** and will stand the abuse they very frequently receive. They are very easy running and handsomely finished. The improved spring seat takes all vibration, and being upholstered in plush and furnished with back, makes riding easy and comfortable. Frame is enameled black. Quoted with iron tire wheels or C plate rubber tire wheels. The following are our special prices:

IRON TIRE WHEELS.

No. 19T630	Rear wheels, 18 inches	**$2.95**

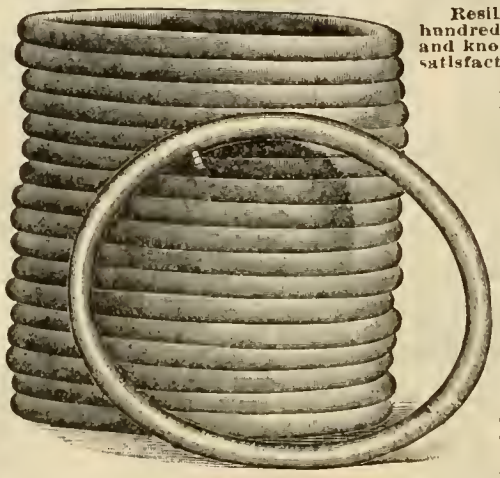
No. 19T632	Rear wheels, 22 inches	**4.45**

RUBBER TIRE WHEELS.

No. 19T633	Rear wheels, 18 inches	**$4.45**
No. 19T634	Rear wheels, 20 inches	**5.45**
No. 19T635	Rear wheels, 22 inches	**6.95**

OUR KENWOOD SINGLE TUBE TIRES AT $3.50 PER PAIR.



Resilient, speedy and durable. We have sold over one hundred thousand pairs of these justly celebrated tires and know by experience that they have given universal satisfaction to all of our customers that have used them. Inasmuch as our bicycle business is beyond question the largest business of its kind in the world, our purchasing power is so strong that for this season we have been enabled to make a most satisfactory contract, involving several hundred thousand dollars, whereby we practically control the output of this celebrated tire, which is made by one of America's largest and most thoroughly equipped tire factories, a factory that is fitted with the latest and most improved labor saving machinery, with a plant giving them exceptional facilities, together with a large force of thoroughly trained mechanics.

The chief consideration whereby we were enabled to make such a favorable contract was, that we agreed to accept the delivery of the tires as fast as they could be made, and particularly during the dull months of fall and winter, thus enabling the factory to run continually and, therefore, on a most economical basis. While we could easily ask a dollar or two more per pair, we are content to give our customers the benefit of this advantageous purchase by simply adding our one small percentage of profit. A brief description of these tires is as follows: The inner wall or air chamber is constructed of the finest quality of Para rubber, upon which layer after layer of wear-resisting fabric is alternately amalgamated with further layers of a fine quality of rubber until the outer wall is reached, the latter being composed of a quality of rubber stock especially selected for its durability, and then cured in mechanically perfect steel molds. It would be impossible in this limited space to thoroughly explain the countless operations and manifold tests to which these tires are subjected before being offered for sale, but we can truthfully say that in the history of our previous bicycle experience we have never been able to offer such a remarkably good value at the price stated.

WE GUARANTEE EACH AND EVERY TIRE TO BE ABSOLUTELY FREE FROM ANY IMPERFECTIONS, either of material or workmanship, in accordance with the regular Association guarantee, and we will cheerfully repair or replace any tire claimed defective, providing the same is sent us prepaid for our examination within thirty days from date of sale. **This does not apply to punctures or damage caused by neglect or wear.**

With each complete pair of tires we include a first class hand pump and a single tube repair kit, but neither are furnished with single tire.

The sizes and prices of the Kenwood tires are as follows:

No. 19T70	**28x1⅝ inches.**	Price, per pair	**$3.50**
No. 19T71	**26x1½ inches.**	Price, per pair	**3.25**
No. 19T72	**24x1½ inches.**	Price, per pair	**3.00**

TIRES.

WHEN ORDERING TIRES To assist us in filling your orders for tires intelligently, be careful in giving us the correct size. **When in doubt read the following instructions,** and you will make no mistake. Notice our diagram, showing manner of taking measurement, following these directions:

A wheel measuring 20¼ inches, requires a 24-inch tire.

A wheel measuring 22¼ inches, requires a 26-inch tire.

A wheel measuring 24½ inches, requires a 28-inch tire.

Or, measuring a wheel with an inflated tire, measure from the ground to the top of tire, which will give the measurement needed, such as 24, 26 or 28 inches.

Morgan & Wright's Plain Double Tube Tires.

Too well known to require special notice here.

Prices quoted do not include pump or repair kit.

No. 19T30 Style S. Size, 28x1¼ inches.

Our Guaranteed Single Tube Tires at $2.75 per Pair.

These tires are thoroughly well made and every tire guaranteed to be perfect both in material and workmanship. They are cheap only in price and we can recommend them as being very satisfactory. Made only in standard road size, 28x1⅝ inches. At this price we include a pump and repair kit.

No. 19T16 Guaranteed Single Tube Tires. Price, per pair..... $2.75

Unguaranteed Single Tube Tires.

These are the tires largely used by other houses in trying to compete with the more reliable tires offered by us; and while we sell the tires separately, we will not guarantee them, nor use them on any of our bicycles. The tires come only in the 28x1⅝ size, and at the price quoted we do not supply pump or repair kit.

No. 19T14 Unguaranteed Single Tube Tires. Price, per pair..... $2.25

Hartford Tires.

Hartford Tires of the single tube variety, require no extended description. A pump and repair kit furnished with every complete pair, but not with single tires.

No. 19T102 Hartford Tires No. 80, 28x1⅝ inches. Price, per pair..... $6.50
No. 19T103 Hartford Tires No. 77, 28x1⅝ inches. Price, per pair..... $5.95

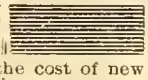
No. 19T55 Goodrich, 24-inch tube. Price, each..... $1.20
If by mail, postage extra, each, 12 cents.

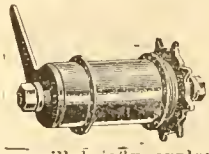
Tread Bands for Tires.



These treads are continuous corrugated heavy rubber bands, to be cemented over the worn tread of any 28-inch tire by the aid of ordinary rubber cement, thus often saving the cost of new tires or casings. Sold singly or in pairs.

No. 19T110 Tread Band. Price, each..... 60c
If by mail, postage extra, each, 6 cents.
No. 19T112 Tread Bands. Price, per pair.. $1.20
If by mail, postage extra, per pair, 12 cents.

The Barwest Coaster Hub and Brake.



We know of no bicycle invention introduced within recent years that possesses as many advantages as the modern and latest improved coaster hub and brake. Its true worth cannot be described within the limits of our short space, but we will briefly explain that this coaster hub and brake consists of a mechanically perfect rear bicycle hub, somewhat heavier than the ordinary hub because within the barrel and flange are contained the coasting and braking device. A coaster hub and brake is wanted for two reasons, coasting, as a means of pleasure, and a brake to probably save life and limb; consequently, when one wants a brake it is wanted badly. The action of back pedaling immediately and automatically locks the rear wheel, consequently the bicycle must come to a stop, either gradual or sudden, at the will of the rider. The Barwest Coaster Hub and Brake will fit any bicycle, is drilled with 36 holes and clip furnished to attach to rear fork, and purchasers can have the same put into their rear wheel by any local repair man. The size of the sprockets that we can furnish is 8, 9 and 10-tooth for ⅜-inch chain. Unless otherwise specified, we will send a 9-tooth sprocket.

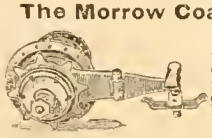
No. 19T40 Coaster Hub and Brake. Each.. $3.25

The New Departure Coaster Hub and Brake.

Latest model, a very handsome hub, furnished drilled for 36 spokes, with 8, 9 or 10-tooth sprocket for ⅜-inch chain. A clip is furnished for attaching hub arm to rear fork. We will send 9-tooth sprocket unless otherwise specified.

No. 19T56 New Departure Hub. Each.... $3.95

The Morrow Coaster Hub and Brake.



Latest model, furnished drilled for 36 spokes, with either 8, 9 or 10-tooth sprocket for ⅜-inch chain. We send 9-tooth sprocket unless otherwise ordered.

No. 19T57 Morrow Hub. Price, each..... $3.95

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

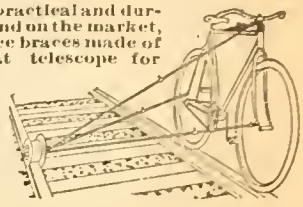
Coaster Brake Rear Wheels (Less Tires).

Standard shape wood rim, natural finish, to take 28-inch tires, such as Seroco, Kenwood, Morgan & Wright, etc. Sprockets are either 8, 9 or 10-tooth for ⅜-inch chain. Always specify number of teeth wanted on sprocket, otherwise we send 9-tooth.

No. 19T65 Rear Wheel with Barwest Coaster Hub. Price, each..... $4.45
No. 19T66 Rear Wheel with Morrow Coaster Hub. Price, each..... $5.15
No. 19T67 Rear Wheel with New Departure Coaster Hub. Price, each..... $5.15

At these prices we cannot fill orders for special size, style or color of rims. If G. & J. or Dunlop, or any other size or kind of rim is wanted, add 50 cents to above prices and write your order distinctly.

Our Railroad Attachment.



This is the most practical and durable device of its kind on the market, and consists of three braces made of steel tubing that telescope for convenience in carrying, together with a steel wheel with flanges, the running surface of which is covered with rubber, also the necessary clamps for attaching the braces to the bicycle. Our illustration plainly indicates the manner of attachment, which is so simple that anyone can attach or detach the device within the space of a very few minutes, and when not needed for use on the railroad track the parts can be taken down and placed in the cloth carrying case, which we furnish with every attachment, and the same can then be securely fastened to the bicycle when the latter is used on the wagon roads. The parts are substantially made and intended for honest wear, nicely enameled in black and weigh 9 pounds. We have found this device to be very popular with railroad and telegraph men, particularly in the West, although it is adapted for use by anyone, and the parts will fit a lady's bicycle as readily as a man's bicycle.

No. 19T99 Railroad Attachment. Price.. $8.50

Padded Saddles.

Thoroughly up to date, well padded, made of well tanned leather; supplied with a finely nickeled spring and clamp.

No. 19T115 Gents' Saddle. Price, each..... 45c
If by mail, postage extra, each, 30 cents.
No. 19T116 Ladies' Saddle. Price, each..... 45c
If by mail, postage extra, each, 30 cents.

Christy Anatomical Saddles.

Aluminum base; hair padding; maroon leather top, making a very comfortable saddle; made in both ladies' and gents'.

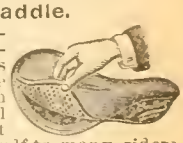
No. 19T121 Gents' Saddle. Price, each..... $1.20
If by mail, postage extra, each, 40 cents.
No. 19T122 Ladies' Saddle. Price, each... $1.20
If by mail, postage extra, each, 40 cents.

Road Saddle with Torsional Spring.

Its perfection is due to the action of the double torsional spring, which by twisting, not springing, takes up and exhausts all the jars, jolts and roughness found on country roads thus doing away with most of this disagreeable feature of bicycling. It is made of first class material and makes an ideal saddle for lady riders.

No. 19T130 Gents' Saddle. Price, each.... $1.00
If by mail, postage extra, each, 38 cents.
No. 19T131 Ladies' Saddle. Price, each... 1.00
If by mail, postage extra, each, 38 cents.

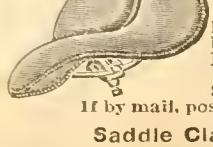
The Rubberneck Saddle.



Its special feature is a patented rubber cushion, honeycombed with air cells, which is placed between the steel base and the leather covering which serves as the top. The material and workmanship is of the best and the saddle will commend itself to many riders. Made in two styles, ladies' and gents'.

No. 19T142 Gents' Road Saddle, each.... $1.50
If by mail, postage extra, 32 cents.
No. 19T143 Ladies' Road Saddle, coil springs. Price, each..... $1.50
If by mail, postage extra, 32 cents.

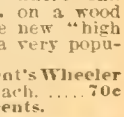
Gents' Wheeler Saddle.



Made of the finest oak tanned leather, on a wood base, having the new "high back" feature; a very popular saddle.

No. 19T160 Gent's Wheeler Saddle. Price, each..... 70c
If by mail, postage extra, 30 cents.

Saddle Clamp.



Well and strongly made, will fit any two-spring saddle. Nicely nickel plated.

No. 19T926 Saddle Clamp. Price, each..... 7c
If by mail, postage extra, 3 cents.

Our Leader Pedals.

Elegant in design, first class in finish and fully guaranteed. Broken parts will be cheerfully replaced if sent to us prepaid. Made in standard size with ½-inch, 20-thread pedal pins. Mated right and left. Always state catalogue number of style desired.

No. 19T268 Tool Bag. Price, each.....21c
If by mail, postage extra, 8 cents.

Ladies' Pistol Pocket Tool Bag.

Made of finest oak tanned leather, beautifully embossed, clasps to match with straps to attach to bicycle frame.

No. 19T271 Ladies' Tool Bag. Price, each.....29c
If by mail, postage extra, 9 cents.

Tourists' Bicycle Case.

Made in triangular shape as per illustration. This case is made of heavy pressboard, covered with canvas and linen lined. The cover is fastened with patent clasps, and straps are provided for attaching to frame. It will fit any 24-inch diamond frame and most of the 22-inch frames, unless the latter have very short heads.

No. 19T276 Tourist Case. Price, each.....59c

Another case, same description as above, but made stronger and more substantial, and better adapted for regular use.

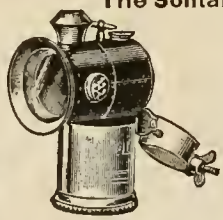
No. 19T280 Tourist Case. Price, each.....85c

BICYCLE LAMPS.

In making your selection kindly bear in mind that our oil lamps are made to burn common kerosene or coal oil, obtainable everywhere. The new gas lamps require calcium carbide (Catalogue No. 19T364), which can be ordered from us.

NOTE—All lamps are guaranteed to be perfect when sold, and we will credit or exchange same when delivered to us in same perfect and unused condition as when shipped, but we cannot accept for credit or exchange lamps that have been used.

The Solitaire Gas Lamp.



Made of brass, beautifully nickel plated; the smallest good gas lamp before the public. Will burn from four to five hours, gives a very good light and it is certainly the best cheap gas lamp made. Ordinary granulated carbide is used in this lamp. It is fitted with a combination bracket, suitable for head or fork.

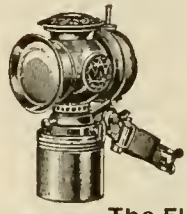
No. 19T330 Solitaire Gas Lamp. Price, each.....75c
If by mail, postage extra, 18 cents.

The Searchlight Gas Lamp.

Beautifully made of brass, every wearing part reinforced. A handsome design, every part so accurately made as to insure absolute perfection. The only lamp made that can be instantly taken apart for cleaning; has removable dome, top body, tip holder, lens and reflector—all of the very finest construction. The lamp burns loose carbide, has needle valve for regulating flow of water, and gives such a powerful light as to rightly deserve its name, "Searchlight." The bracket supplied with lamp is adjustable to fit any bicycle.

No. 19T343 Searchlight Gas Lamp. Price..$1.75
If by mail, postage extra, 35 cents.

The Solar Gas Lamp.



Too well known to require lengthy description. Made entirely of brass, beautifully nickel plated, 7 inches high. It has large colored jewel side lights and 2½-inch convex lens, removable for cleaning. The bracket accompanying lamp will fit either on head or fork-side.

No. 19T350 Solar Lamp. Price, each.....$2.10
If by mail, postage extra, 40c.

The Electro Gas Lamp.

Made entirely of brass and aluminum; small in size, only 6 inches high, weight 16 ounces, still it has a large carbide chamber for burning loose carbide. The reflector is very large, of the parabolic type, the burner of lava, gives a large flat flame, insuring a brilliant light far in front of the rider. The bracket accompanying every lamp is adjustable for either fork or steering head.

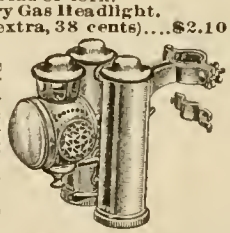
No. 19T356 Electro Gas Lamp. Price, each $1.98
If by mail, postage extra, 30 cents.

The 20th Century Gas Headlight.

Burns any loose carbide six to eight hours with one charge. Aluminum parabola reflector, which spreads a wonderful light. A brass carbide holder accompanies every lamp, together with full directions for handling same. New adjustable lamp bracket, to fit either head or fork.

No. 19T359 20th Century Gas Headlight. Price, each.....(Postage extra, 38 cents)....$2.10

Duplex Gas Lamp.



Novel construction, made entirely of brass, elegantly nickel plated, Twin cylinders, one for water the other holding carbide; perfect adjustment permitting relighting of lamp until carbide is entirely exhausted. Has powerful lens, large reflector, colored side lights, adjustable bracket. Lamp is also suitable for vehicles or autos.

No. 19T362 Duplex Lamp. Price, each....$2.25
If by mail, postage extra, each, 35 cents.

Calcium Carbide.

For use in Acetylene Gas Bicycle Lamps. ½-inch size, packed in airtight tin cans containing 2 pounds.

No. 19T364 Carbide, 2-pound can. Price, per can....(Not mailable).....20c

OIL LAMPS.

The Ever Ready Oil Lamp.

An all brass lamp, nickel plated, jewel side lights, large bull's eye lens; burns brightly, using common kerosene oil, and will give satisfaction.

No. 19T366 Ever Ready Lamp. Price, each.....55c
If by mail, postage extra, 14 cents.

Our Dandy Lamp.

The best cheap oil lamp made. Entirely of brass, handsomely nickel plated, no solder to melt, no parts to fall apart while riding. Burns kerosene oil, is 5 inches high and easily kept clean.

No. 19T368 Our Dandy Lamp. Price, each.....65c
If by mail, postage extra, 18 cents.

Combination Lamp Brackets.

Combination Lamp Bracket, for head of frame or fork, is an up to date original accessory; unique in design, simple in construction, hence easily adjusted, light, durable, made and finished in the best possible manner. Nickeled steel.

No. 19T770 Price, each.....15c
Postage extra, 4c.

The Solar Oil Lamp.

Will not smoke, jar or blow out; made entirely of brass, nickel plated, 6 inches high, has adjustable bracket, colored side jewels, 2¼-inch convex lens, and is a very good lamp. Burns kerosene. Postage extra, 23c.

No. 19T370 Solar Oil Lamp. Price, each.....$1.10

The Banner Oil Lamp.

Made of brass, riveted wherever there are joints, burns kerosene. Has a hinged front door, wick locking device. Oil fount is removable and reversible. This is a thoroughly satisfactory lamp in every respect. Fitted with adjustable bracket.

No. 19T372 Banner Lamp. Price, each.....$1.35
If by mail, postage extra, 25 cents.

The 20th Century Headlight.

This well known bicycle lamp does not need much description. It is smaller, lighter, and simpler than ever, many improvements being made for 1903, but all with a view to increasing its already great light giving capacity. It has the parabola reflector, self locking wick, cannot jar out.

Rigid bracket, adjustable to fit any angle on fork or head; also has a bail handle, for use as a hand lantern. Burns kerosene.

No. 19T376 20th Century Oil Lamp. Price, each....(Postage extra, 24c.).....$1.49

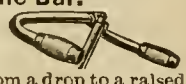
The Searchlight Oil Lamp.

Burns kerosene oil; positively the finest lamp of this kind ever constructed for bicycle use. Every metal part of the lamp is made of brass with beautiful embossing, the exterior being elegantly nickel plated. The oil fount, or bottom, is reversible, so that lamp can be attached to either fork or to steering head. It has a double front lens, while the reflector is detachable and covered with a glass so as not to tarnish. The bracket supplied with each lamp is adjustable, so as to fit on any part of bicycle, either on the front fork or on the head.

No. 19T380 Searchlight Oil Lamp. Each..$1.75
If by mail, postage extra, 30 cents.

HANDLE BARS.

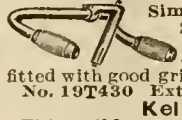
Adjustable Handle Bar.



Sometimes called "Reversible Bar." Made of best steel tubing, with patent forged stem. By loosening bolt, the bar can be instantly changed from a drop to a raised position, or vice versa. Made only 20 inches wide, ⅞-inch expander stem, and fitted with good grips, securely cemented. Postage extra, 31c.

No. 19T427 Adjustable Bar. Price, each....60c

Extension Stem Adjustable Bar.



Similar to preceding bar, but with 2½-inch forward extension stem, ⅞-inch in diameter, with expander. The upper bar is 20 inches wide, fitted with good grips. Postage extra, 40 cents.

No. 19T430 Extension Bar. Price, each.....95c

Kelly Handle Bar.

This well known bar permits an endless variety of adjustment, the arms being separate. Each bar fitted with a pair of good grips. Stem is ⅞-inch only, with expander.

No. 19T433 Kelly Bar. Price, each.....$1.35
If by mail, postage extra, 40c.

We also furnish the Kelly Bar with 2½-inch forward extension stem, especially adapted for tall riders. Stem ⅞-inch only, with expander. Each bar fitted with a pair of good grips.

No. 19T434 Extension Bar. Price, each..$1.55
If by mail, postage extra, 45c.

The Hussey Bar.

Many and varied adjustments are possible with this bar, including forward extension. Each bar is fitted with a pair of good grips. Stem ⅞-inch only, with expander.

No. 19T438 Hussey Bar. Price, each.....$1.45
If by mail, postage extra, 45c.

Our 12-Cent Bell.

Electric stroke, large gong, 2 inches in diameter. Made of pure bell metal. Strong steel base and reliable double screw fastening. It is handsomely nickel plated and a beautiful bell at a very low price.

No. 19T487 Bell. Price, each.....12c
If by mail, postage extra, each, 8 cents.

Fancy Bell.

A handsomely nickel plated bell, having 1¾-inch gong, made of pure bell metal. The gong has beaded edge, with ribbon border and rotary electric movement.

No. 19T490 Ribbon Border Bell. Price, each.....15c
If by mall, postage extra, 8 cents.

Bell with Enameled Flag Top.

This bell is handsomely designed, having a 2-inch gong, made of pure bell metal, with the national emblem enameled thereon. The entire bell is handsomely nickel plated and has the rotary electric movement.

No. 19T494 Flag Bell, electric movement. Price, each.....22c
If by mall, postage extra, 8 cents.

Decorated Bell for 18 Cents.

A beautiful bell, with gong made from pure metal. Base and all movement parts made of brass, every part being elegantly nickel plated. This bell has that celebrated rotary electric movement, so pleasant to the ear, and is a beauty.

No. 19T497 Decorated Bell. Price, each...18c
If by mall, postage extra, each, 8 cents.

Anchor and Shield Bell.

A very pretty design, 1¾ inch gong, with the shield handsomely enameled in colors, all other parts being finely nickel plated. This bell has rotary electric movement.

No. 19T499 Anchor and Shield Bell. Price, each.....24c
If by mall, postage extra, 8 cents.

The Continuous Ringing Bell.

This bell works like a watch; by turning the gong to the right, you wind up the continuous ringing mechanism; by simply pressing the lever, the bell will ring for any desired length of time. Gong is of the beaded pattern, 2⅝-inch diameter, made of pure bell metal, base of steel fastened to handle bar by a double screw clamp. All parts elegantly nickel plated, and an ornament to any bicycle.

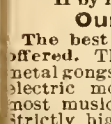
No. 19T502 Continuous Ringing Bell. Price, each.....33c
If by mall, postage extra, each, 12 cents.

Continuous Ringing Bell, with Flag Top.

In appearance this bell resembles our No. 19T502, shown above, only that it is larger, having a 2¾-inch gong, and the top is also handsomely enameled, showing the national emblem in natural colors. The mechanism is ratchet electric, continuous ringing, and makes a beautiful bell.

No. 19T506 Continuous Ringing Flag Bell. Price, each.....40c
If by mall, postage extra, 12 cents.

Double Chimes Bell.



One bell, double gong, 2 inches in diameter, different tones, making a strikingly musical alarm. A very fine large bell.

No. 19T515 Chime Bell. Price, each.....39c
If by mall, postage extra, each, 14 cents.

Our Winner Electric Chimes.

The best handle bar bell ever offered. The two fine large bell metal gongs combined with rotary electric movement produce the most musical alarm ever heard. Strictly high grade and just the bell for particular riders.

No. 19T520 Our Winner Electric Chimes. Price, each, 59c. (If by mail, postage extra, 12 cents.)

Tire Chimes.

A loud, musical double alarm, continuing as long as rider wishes—simply pull a string, bell does the rest. Easily attached to any front fork, as per directions packed with each bell.

No. 19T517 Tire Chimes. Price, each, 59c
If by mall, postage extra, each, 10c

Tire Gong.

Similar to the chimes in construction, but gives a single stroke alarm, attached to front fork and worked by a cord from handle bar. Full directions with each bell.

No. 19T518 Tire Gong. Price, each, 39c
If by mall, postage extra, each, 9 cents.

Solid Brass Bicycle Lock.

The cheapest good brass lock ever sold at this low price, thoroughly well made, of new design.

No. 19T560 Brass Bicycle Lock. Each, 7c
If by mall, postage extra, 3 cents.

Sprocket Lock.

A very handsome appearing lock, steel case, black finish, shackle of brass. Well made and a most remarkable bargain at our price.

No. 19T563 Sprocket Lock. Price, each.....11c
If by mall, postage extra, each, 3c.

Yale Sprocket Lock.

Brass spring shackle steel case, finished ivory black. Actual size, 2⅞ inches, two keys.

No. 19T567 Yale Sprocket Lock. Price, each.....15c
If by mall, postage extra, each, 4 cts.

A Newly Designed Sprocket Lock.

Every rider needs a lock. This one is intended to be attached to front sprocket, thereby locking same securely, which makes it impossible for anyone to ride the bicycle in the owner's absence. This style is new, lock is neat and elegantly finished, made of real bronze.

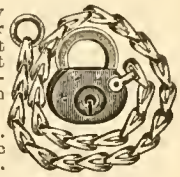
No. 19T570 Sprocket Lock. Each..17c
If by mall, postage extra, each, 4 cents.

New Model Sprocket Lock.

A new design. Very handsomely finished, black body with brass shackle. A lock that will recommend itself.

No. 19T574 New Model Sprocket Lock. Price, each.....12c
If by mall, postage extra, 4 cents.

Bicycle Lock, with Chain.



A chain lock is desired by many riders, and we herewith offer one that fills the bill, and is not too heavy for the pocket when not in use. Has steel case, black finish, brass shackle and chain, with one key.

No. 19T577 Lock and Chain. Price, each.....17c
If by mall, postage extra, 5 cents.

Cyclists' Watch Chain.

Emblematic of the wheel, being made of bicycle chain links and to which is attached a miniature sprocket. Handsomely nickel plated and a useful novelty.

No. 19T580 Cyclists' Watch Chain. Price.. 13c
If by mall, postage extra, 3 cents.

Bicycle Whistles.

The Gem Whistle gives a soft, loud alarm, a favorite whistle.

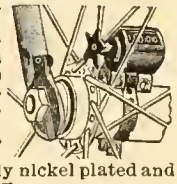
No. 19T608 The Gem Whistle. Price, with chain.....14c
If by mall, postage extra, each, 5 cents.

Single Tube Whistles.

Single Tube Whistle; the strongest and shrillest whistle in use. The slightest effort is all that is required to use it.

No. 19T611 Single Tube Whistle. Price, each.....13c
If by mall, postage extra, each, 4 cents.

The Security Cyclometer.



The Security Cyclometer for 28-inch wheels. Positively the most durable cyclometer ever presented to the rider. It fits around the barrel of front hub between the flanges and cannot be knocked or broken off in falls. The interference pin is placed on inside of fork, out of danger. Its mechanism is perfect, with a total register of 10,000 miles. It is finely nickel plated and thoroughly first class in every way.

No. 19T614 The Security Cyclometer. Price, each.....64c
If by mall, postage extra, each, 3 cents.

The Veeder Cyclometer.

The Veeder Cyclometer registers 10,000 miles and repeats. So well known to the riding public as to require no special introduction. It is the original barrel cyclometer, very neat and compact, as well as being thoroughly reliable. Weighs but 1 ounce. It is both dust and waterproof, finely nickel plated, every instrument being carefully tested at factory. Furnished for 28-inch wheels.

No. 19T617 The Veeder Cyclometer. Price, each.....60c
If by mail, postage extra, each, 3 cents.

Veeder Double Barrel Cyclometer.

The Veeder Double Barrel Cyclometer is practically two cyclometers set side by side. One registers to 10,000 miles and repeats. The other is a trip cyclometer, and registers 100 miles; but at any moment may be set back to "0," enabling the rider to ascertain his mileage for any trip or hour. Furnished for 28-inch wheels.

No. 19T620 Veeder Double Barrel Cyclometer. Price, each.....$1.20
If by mail, postage extra, each, 5 cents.

Pumps.

"A very windy Pump," made of good, strong material, and will last two or three seasons. The favorite style and size. Single action, including hose connection which will fit all modern valves, having a universal inside thread.

No. 19T648 Pump. Price, each.....9c
If by mail, postage extra, each, 5 cents.

Our 27-Cent Giant Foot Pump.

The Giant Foot Pump, will not rust or corrode. Positively the best foot pump ever sold at this price. Sold in many retail stores at double our price. Finely nickel plated. Barrel 1¼x12 inches, with a powerful plunger, large wood handle, a pump that will inflate a tire in a jiffy. Hose has a swivel connection that will fit all modern valves having a universal inside thread. You make no mistake in buying this pump.

No. 19T652 Giant Foot Pump. Price, each.....27c
If by mail, postage extra, each, 27 cents.

Our Marvel Foot Pump.

This is an extra heavy pump, has a cast iron base, wide enough to stand alone; intended for those requiring a heavy pump; has a 12-inch barrel, with regular hose, having universal connection that will fit all standard valves. Pump is well plated and nicely finished.

No. 19T654 Marvel Pump. Price, each.....39c
If by mail, postage extra, 34 cents.

The Giant Pocket Pump.

A combination hand or foot pump, very powerful. Illustration shows pump extended for use as a foot pump, also when telescoped ready to carry in pocket. Made of seamless brass, finely nickel plated. Size when closed, 6¾ inches; extended, 15½ inches. Has universal valve connection to fit any standard tire.

No. 19T660 Giant Pocket Foot Pump. Price, each.....38c
If by mail, postage extra, 10 cents.

Large Foot Pump.

This pump is adapted for heavy work, has 18-inch barrel, hose with universal thread connection. Is strong enough to inflate carriage or vehicle tires.

No. 19T664 Pump. Price, each....49c
If by mall, postage extra, 39 cents.

Handy Strap Carrier.

Consisting of two russet leather straps, each 25 inches in length, provided with adjustable leather lined spring clips. The straps can be used to attach packages to handle bars or on bicycle frame. Being light and small, they can be easily rolled up and carried in the pocket, if desired.

No. 19T700 Handy Strap Carrier. Per pair..15c
If by mall, postage extra, per pair 8 cents.

Canvas Parcel Carrier.

A favorite bag, made of canvas, with double thickness in flap, which fastens with patent clasps. The bag is attached to handle bar with two leather lined spring clasps. As the bag has ample width it has a large capacity and will be found very useful. Size, 12x9x3 inches.

No. 19T703 Canvas Parcel Carrier. Each...24c
If by mall, postage extra, 10 cents.

Pocket Parcel Carrier.

Positively the neatest and lightest carrier made. It consists of a black netted bag, extra wide at bottom, with a double elastic band at top, which fastens securely to any shape handle bar, by means of two spring clasps. As there is no frame used in its construction, it can be instantly adjusted to any width and it will accomodate any reasonably sized package. When not in use, it can be rolled up and carried in the pocket or tool bag.

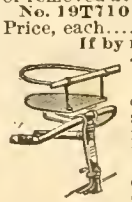
No. 19T706 Pocket Parcel Carrier. Price..21c
If by mall, postage extra, 5 cents.

Camera Carrier.

Made of heavy steel wire, japanned, with extra long straps. This makes an ideal carrier for cameras, valises or heavy packages. It can be instantly attached to handle bars or removed at will.

No. 19T710 Camera Carrier. Price, each.....31c
If by mall, postage extra, 16 cents.

The Fairy Child's Seat.



Adapted for use on either ladies' or gents' bicycles, extremely light and does not interfere with the adult rider. The supporting wire rods follow the shape of handle bar and steering head, and securely fastened with but one buckle. Perfectly safe for children of ordinary weight.

No. 19T718 Fairy Child's Seat. Price, each..98c

Our Triumph Oiler.

In this oiler we present one of the neatest patterns on the market, well made, nicely nickel plated and just the right size to go in tool bag.

No. 19T742 Triumph Oiler. Price, each.....4c
If by mall, postage extra, each, 2 cents.

Perfect Pocket Oiler.

The cleanest and handsomest pocket oiler in the world.

No. 19T746 Perfect Pocket Oiler. Price....15c
If by mall, postage extra, each, 2 cents.

Adjustable Coasters.

Adjustable Foot Rests or Coasters; very light, but strong and neat in design. When not in use can be folded against the side of the fork, out of your way.

No. 19T760 Adjustable Coasters. Price, per pair.....11c

If by mail, postage extra, per pair, 6 cents.

Cork Grips.

Our lucky purchase is your gain. Only 7 cents per pair while they last. Made of the best material that can be secured, with nickel plated ferrule tips. You can afford to secure a new pair of grips while these last, for they are excellent value for the money.

No. 19T790 Cork Grips. Price, per pair..... 7c

If by mail, postage extra, per pair, 4 cents.

Leather Grips.

These grips are made from genuine sole leather and are certainly the most durable grips made. Made in ⅞-inch size only.

No. 19T798 Leather Grips. Price, per pair....7c

If by mail, postage extra, per pair, 5 cents.

Fancy End Cork Grips.

With enameled ends nicely inlaid, as per our illustration, made for ⅞-inch size only, and with maroon or black tips.

No. 19T800 Fancy Cork Grips. Price, per pair,14c

If by mail, postage extra, per pair, 7 cents.

Aluminum Chain Guards.

These are real aluminum, not to be confounded with the many cheap makeshifts now on the market. They are an ornament to any bicycle, and are sure to accomplish their purpose, to prevent lady riders falling on account of skirts becoming caught in chain. Always state for what size front sprocket.

No. 19T840 Aluminum Guard, medium size, for 19-tooth sprockets. Price, each.....$1.55

If by mail, postage extra, 32 cents.

No. 19T841 Aluminum Guard, for 23-tooth front sprockets. Price, each $1.55

If by mail, postage extra, 32 cents.

The Automatic Chain Brush.

Overcomes all trouble arising from dirty chain. It consists of a pair of first quality bristle brushes, clamped in a nickeled steel frame and so adjusted that bristles are in constant contact with chain. Always with you. Fits all makes of bicycles. No friction. Bristles will last the average rider from one to two years and may be readily replaced.

No. 19T860 Automatic Chain Brush. Price, each, complete..... ....25c

If by mail, postage extra, each, 6 cents.

No. 19T861 Extra Bristles. Price, per set.....8c

If by mail, postage extra, per set, 2 cents.

Burlington Mud Guard.

Improved for 1902, the lightest, most durable mud guard made. Made of rubber cloth, rolls up small enough to go into tool bag. Just the thing to protect the enamel of your bicycle. It saves many times its cost, in that you don't have to clean your bicycle so often, and it saves the enamel.

No. 19T884 Mud Guard. Price, each.....20c

If by mail, postage extra, 3 cents.

Automatic Rear Wheel Brake.

This brake is attached to the lower rear forks as indicated in illustration. Any rider can place it in position. It acts as a positive brake as soon as the rider back pedals, as that action straightens the lower reach of the chain, which in turn operates on the brake roller, and thus the spoon is applied to the tire. This brake is perfect, nicely finished, removable at will, and ought to be on every bicycle. Don't fail to send for one.

No. 19T900 Automatic Brake. Price, each..85c

If by mail, postage extra, 18 cents.

Handle Bar Buffer.

The Rubber Handle Bar Buffer goes on over frame and prevents your handle bar from knocking off the enamel. Every cyclist should have one.

No. 19T910 Handle Bar Buffer. Our special price, each.....6c

If by mail, postage extra, 3 cents.

Patent Trouser Guard.

Patent Trouser Guard, a neat and handy device for saving the trousers from dirt and grease; can be carried in the vest pocket or worn around the legs under the trousers when not in use.

No. 19T916 Patent Trouser Guard. Per pair..2c

If by mail, postage extra, per pair, 3 cents.

Bicycle Screwdriver.

Made of steel, twisted in serpentine shape, useful for many purposes; has a 2-inch blade.

No. 19T936 Steel Screwdriver. Price, each...2c

If by mail, postage extra, 2 cents.

S., R. & Co.'s Bicycle Wrench.

Every rider needs a good wrench for his tool bag. This wrench is made of best quality steel, hardened jaws, handsomely nickel plated.

No. 19T940 Bicycle Wrench. Price, each.....9c

If by mail, postage extra, 6 cents.

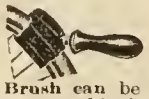
Drop Forged Bicycle Wrench.

Made heavier than our cheaper wrench. Drop forged, with hardened jaws; suitable for all purposes possible for a small wrench. Finely nickel plated. Will fit in any regular size tool bag.

No. 19T950 Bicycle Wrench. Price, each....14c

If by mail, postage extra, 8 cents.

Bicycle Tire Brush.



Made of Russian bristles. Will clean both tire and edges of rim at same time. A most useful article for the rider, as it prevents the soiling of hands or clothes. Brush can be readily cleaned with hot or cold water and is then as good as new.

No. 19T954 Bicycle Tire Brush. Each.....19c

If by mail, postage extra, 10 cents.

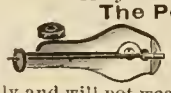
Chain Brush.

Chain Brush for cleaning chain and sprockets, made of pure bristles. The very thing for muddy chains and sprockets.

No. 19T960 Chain Brush. Price, each.....10c

If by mail, postage extra, 8 cents.

The Perfect Nipple Grip.



Made of the best drop forged steel, jaws case hardened. The only tool that will budge obstinate nipples; will last indefinitely and will not wear off the square edge of nipples.

No. 19T980 Perfect Nipple Grip. Each.....33c

If by mail, postage extra, 6 cents.

Handy Nipple Grip.

Fits the pocket and tool bag, is nicely nickel plated and a very handy little article, needed by every rider.

No. 19T984 Handy Nipple Grip. Price, each.....8c

If by mail, postage extra, 2 cents.

Adjustable Stirrup Toe Clips.

Adjustable Stirrup Toe Clips. Latest 1902 model. The one-piece leather cover can be quickly adjusted to fit a large or small foot.

No. 19T988 Adjustable Stirrup Toe Clips. Price, per pair.....27c

If by mail, postage extra, per pair, 10 cents.

Thiem's Toe Clips.

Thiem's Toe Clips, are made of crucible wire. The foot cannot slip from the pedal with this clip, and nothing but a severe accident will put it out of shape. Use only screwdriver to apply to pedal.

No. 19T992 Thiem's Toe Clips. Per pair.....13c

If by mail, postage extra, per pair, 10 cents.

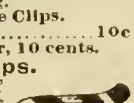
Ideal Toe Clips.

These Toe Clips are made of the best spring steel, of handsome design, nickel plated in the best manner. They are easy to get into and afford great purchase in hill climbing.

No. 19T994 Ideal Toe Clips. Price, per pair.....10c

If by mail, postage extra, per pair, 10 cents.

The Standard Toe Clips.

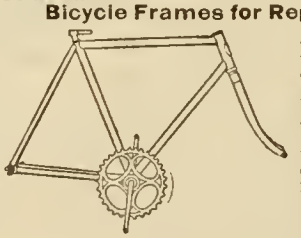


The Standard Toe Clips are made of tempered steel and are a very popular clip. Fit any pedal. No fast riding without them.

No. 19T996 Standard Toe Clips. Price, per pair.....9c

If by mail, postage extra, per pair, 10 cents.

Bicycle Frames for Repair Orders.



We are frequently called upon to assist our customers in obtaining repairs for bicycles made by defunct concerns, and as such calls will constantly increase, we have made arrangements to supply a stripped frame and fork of modern design to fill such orders, that our customers may purchase such frame and fork and with assistance of his old wheels, tires, saddle and handle bar may have practically a new and good bicycle instead of being compelled to buy an entirely new machine. We have seen instances where repairs on a frame or hanger have cost our customers as much as our price for frame, and at that rate they still had nothing but a second hand frame. In such cases it would be economy to buy one of the frames we quote below. We can only supply 22 and 24-inch men's frames and only the regular 22-inch ladies' frames. At our quotations we include the main frame, front fork, head, cups and cones, hanger cups and cones, crank and sprocket, also seat post. On the ladies' frames we include the dress and chain guards. The usual bright parts are highly nickel plated, while the frames proper are nicely enameled either in black or maroon.

No. 19T1020 Gents' 22-inch frame and fork.....$5.45

No. 19T1021 Gents' 24-inch frame and fork..... 5.45

No. 19T1022 Ladies' 22-inch frame and fork..... 5.95

Built Up Wheels for Repair Purposes, Without Tires.

SPECIAL FOR DEALERS AND OTHERS.

We frequently find that we have a surplus of front and rear wheels which are just what the rider or dealer may require to put some otherwise good bicycle into riding shape. The greater portion of these wheels are for 28x1⅝-inch tires and are nearly all with natural finish rims. The latter, however, we cannot regulate as surplus wheels may be of various colors or finishes, governed by the stock on hand. However, in receiving an order for a pair of wheels we will always send mates. It is important in ordering rear wheels or pairs to give us the size and number of teeth desired on the rear sprocket. We wish particularly to state that we cannot build odd sizes of wheels at these prices, but on anything except 28-inch there will be an extra charge of 25 cents per wheel or 50 cents per pair.

No. 19T1040 Pair of Wheels. Price.....$2.90
No. 19T1041 Rear Wheel only. Price. ... 1.75
No. 19T1042 Front Wheel only. Price... 1.15

We can furnish Wood Rim Wheels for 28-inch G. & J. tires as follows:

No. 19T1052 G. & J. Wheels. Per pair....$3.50
No. 19T1053 Rear Wheel only. Price.... 2.15
No. 19T1054 Front Wheel only. Price... 1.35

For price on G. & J. tires see page 353.

Wood Rim Wheels for 28-inch Dunlop tires supplied at following prices:

No. 19T1055 Dunlop Wheels. Per pair...$3.50

No. 19T1057 Front Wheel only. Price... 1.35

For price on Dunlop tires see page 353.

Bicycle Hubs.

We have made a most advantageous purchase and offer our customers a pair of thoroughly reliable hubs, fully guaranteed, at a very low price. The hubs are very light and flanges very tough. Bearings of 3-point contact. Sprockets, 7, 8, 9 or 10-tooth for either ⅜ or ½-inch chain, 5-inch tread. Always specify size and width of sprocket. All hubs have ball retaining device. Drilled with 32 holes in front hub and 36 holes in rear hub.

No. 19T1048 Hubs. Per pair, complete....$1.30

If by mail, postage extra, per pair, 25 cents.

No. 19T1049 Rear Hub only. Price, each....85c

If by mail, postage extra, 15 cents.

No. 19T1050 Front Hub only. Price, each...45c

If by mail, postage extra, 10 cents.

Wood Rims.

WE ARE HEADQUARTERS FOR WOOD RIMS.

Our Rims are made of selected stock, thoroughly seasoned, and are natural finish. The rim manufacturers have adopted a standard width, viz.: So that a rim to fit a 28x1⅝-inch tire will also fit a 28x1¾-inch tire and vice versa. We furnish our rims drilled ready for use, the front rim being drilled with 32 holes, the rear rim for 36 holes, these being standard drill. We cannot supply rims of special color, or drilled other than 32 front and 36 rear.

No. 19T1060 Front Rim, 28x1½ or 1⅝, 32 holes. Price, each.....30c

If by mail, postage extra, each, 21 cents.

No. 19T1061 Rear Rim, 28x1½ or 1⅝, 36 holes. Price, each.....30c

If by mail, postage extra, each, 21 cents.

No. 19T1062 Pair of Rims, 28x1½ or 1⅝, 32 and 36 holes. Price, per pair.....60c

If by mail, postage extra, per pair, 42 cents.

BICYCLE REPAIRERS AND DEALERS . . .

Will find it to their advantage to buy their supplies from us.

Spokes, Nipples and Washers.

Our spokes are made of the best steel wire, finely nickel plated, standard gauge. We only furnish them 12⅛ inches long for 28 inch wheels (measuring diameter of wheel including tire).

No. 19T1100 Spokes and Nipples. Per dozen..9c

If by mail, postage extra, per dozen, 8 cents.

No. 19T1101 Sawtooth Washers, sold only by the 100. Price, per 100 .....5c

If by mail, postage extra, per 100, 5 cents.

Seat Posts.

Our Seat Posts are made of the best seamless steel tubing, handsomely nickel plated on copper. The prevailing style now in use is the front L. Owing to the many different sizes of posts now in use, it is positively necessary that customers specify the exact diameter of the down post.

The regular length of our posts is about 5 inches, though we can furnish any length desired, by having same made to order; always state diameter when ordering seat posts, also, whether plain or expander.

No. 19T1110 Regular length, plain posts, either ⅞, 1, 1⅛, 1¼ or 1⅜-inch diameter. Price, each.....24c

If by mail, postage extra, 12 cents.

No. 19T1111 Regular length, same as above, but with expander. Price, each.....33c

If by mail, postage extra, 12 cents.

No. 19T1112 Special length, seat posts to order, either plain or expander. Price, each 75c

If by mail, postage extra, about 18 cents.

Detachable Chain.

Never before could such a chain be bought for such a low price. They are made by a large chain factory of national reputation, and are accurate as to gauge and pitch. We furnish these chains in 60 link lengths, suitable for almost any combination of sprockets, and as every link is detachable they can be readily shortened, if necessary. Separate links can be had at any time, and we advise the purchase of a few extra links, for emergency use, as they can be carried in the tool bag and may come handy.

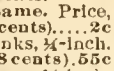
No. 19T1150 Detachable Chain, 60 links, ⅜-inch. Price, each.....55c
If by mail, postage extra, 23 cents.

No. 19T1151 Extra Links for same. Price, each....(If by mail, postage extra, 2 cents).....2c

No. 19T1152 Detachable Chain, 60 links, ¼-inch. Price, each.(If by mail, postage extra, 28 cents).55c

No. 19T1153 Extra Links for same, ¼-inch. Price, each..(If by mail, postage extra, 2 cents)...2c

Chain Adjuster.



Don't wait until you break your chain adjuster before ordering new ones. Order now, and when your adjuster breaks, as the best of them will do, you will not be occasioned any unnecessary delay. Our adjusters are made from select material, and are the strongest kind made. Heavily nickeled.

No. 19T1154 Chain Adjuster. Our special price, per pair (If by mail, postage extra, per pair, 2c)..5c

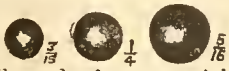
Detachable Chain Repair Link.

Invaluable to every rider. No tool bag complete without one. Don't wait for your chain to break before buying one, it costs but a trifle and its presence in your tool bag will relieve your mind of any worry as to how you will reach home if your chain should break.

No. 19T1160 Repair Link. Price, each.....5c
If by mail, postage extra, each, 2 cents.

Bicycle Balls.

Steel Balls, highest grade, guaranteed true to gauge. Made of the finest case hardened tool steel. Beware of cheap balls, made of poor material. They are worse than worthless, for they ruin your wheel.



No. 19T1170 ⅛-inch balls. Price, per dozen.....3c
If by mail, postage extra, per dozen, 2 cents.

No. 19T1171 ⅛-inch balls. Price, per dozen.....4c
If by mail, postage extra, per dozen, 2 cents.

No. 19T1172 ⅛-inch balls. Price, per dozen....5c
If by mail, postage extra, per dozen, 2 cents.

No. 19T1173 ¼-inch balls. Price, per dozen.....7c
If by mail, postage extra, per dozen, 4 cents.

No. 19T1174 ⅜-inch balls. Price, per dozen....9c
If by mail, postage extra, per dozen, 4 cents.

No. 19T1175 ⅜-inch balls. Price, per dozen....12c
If by mail, postage extra, per dozen, 4 cents.

REPAIR OUTFITS FOR TIRES.

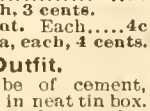
M. & W. Double Tube Repair Kit.

For Double Tube Tires. Containing cement, rubber patch, needle and lacing, in neat tin box.

No. 19T1186 M. & W. Double Tube Kit. Price, each.....10c
If by mail, postage extra, each, 3 cents.

Single Tube Outfit.

One of the best repair kits made. Used for injecting a puncture healing cement through the puncture, which, drying on inside, closes the hole.



No. 19T1190 Single Tube Kit. Price, each.....9c
If by mail, postage extra, each, 3 cents.

No. 19T1191 Extra Tubes Cement. Each.....4c
If by mail, postage and tube extra, each, 4 cents.

C. & J. Tire Repair Outfit.

Complete Outfit, containing tube of cement, patching rubber, emery cloth, etc., in neat tin box.

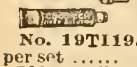
No. 19T1192 C. & J. Kit. Price, each 10c
If by mail, postage extra, 4 cents.

Dunlop Repair Kit.

Same as supplied with Dunlop tires, very complete outfit, containing rubber patching, cement, etc.

No. 19T1193 Dunlop Kit. Price, each.....10c
If by mail, postage extra, 5 cents.

Goodrich Jiffy Repair Outfit.



Consisting of a very fine tool and a tubed Jiffy solution, for quickly repairing punctures in single tube tires. Full directions accompany outfit.

No. 19T1195 Tool and tube solution. Price, per set 15c
If by mail, postage and tube extra, each 7 cents.

No. 19T1196 Extra tube solution. Price, each 4c
If by mail, postage and tube extra, each 6 cents.

Vim Tire Repair Kit.

Same as supplied with Vim tires. It is suitable for any single tube tire. The Vimold cement contained in this kit can be had separately.

No. 19T1198 Vim Kit. Price, each.. ..... 20c
If by mail, postage extra, 5 cents.

No. 19T1199 Extra Tubes Vimold. Price, each, 6c
If by mail, postage and tube extra, 5 cents.

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

Sureshot Solution.

For repairing punctures in single tube tires this cement is very satisfactory. Tubes, ⅝x4 inches.

No. 19T1194 Sureshot Solution. Price, per tube.....7c
If by mail, postage and tube extra, each, 5 cents.

Valves for Single and Double Tube Tires.

No. 19T133 Metal Valve and Stem complete. Price, each..9c
If by mail, postage extra, each, 2 cents.

No. 19T134 Metal Valve only. Price, each.....6c
If by mail, postage extra, each, 2 cents.

No. 19T135 Rubber Stem only. Price, each...4c
If by mail, postage extra, each, 2 cents.

No. 19T136 Shoe Valve for single tube tire. Price, each.....12c
If by mail, postage extra, each, 3 cents.

No. 19T80 G. & J. Valve. Price, each.....14c
If by mail, postage extra, each, 3 cents.

TIRE REPAIR ACCESSORIES.

Tube Horn.

Very useful for inserting inner tubes. Every rider using M. & W. or similar tires, should have one.

No. 19T1205 Tube Horn. Price, each.....8c
If by mail, postage extra, 3 cents.

Tire Mouse.

A very handy tool for inserting inner tubes in M. & W. or similar double tube tires.

No. 19T1206 Tire Mouse. Price, each.....22c
If by mail, postage extra, 4 cents.

Soapstone.

In replacing inner tubes, it prevents the tube from sticking. Put up in small tin boxes.

No. 19T1207 Soapstone. Price, can..7c
If by mail, postage extra, 4 cents.

Lacing Thread.

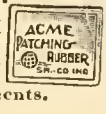
Used in lacing casings for double tube tires. Put up in small skeins, also in ¼-pound balls.

No. 19T1215 Lacing Thread. Price, per skein.5c
If by mail, postage extra, 2 cents.

No. 19T1216 Lacing Thread. Per ¼-lb. ball.22c
If by mail, postage extra, 7 cents.

Acme Patching Rubber.

Acme Patching Rubber, made from pure Para rubber, 1 dozen sheets in package.



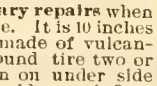
No. 19T1197 Acme Patching Rubber. Price, per package..... .....13c
If by mail, postage extra, each, 3 cents.

Patching Plugs.

Patching Plugs for mending single tube tires, made of the finest quality rubber. Put up 1 dozen assorted in a package.

No. 19T1200 Patching Plugs. Per package..10c
If by mail, postage extra, per package, 3 cents.

Pincers for Inserting Plugs.



These pliers are made for inserting plugs in single tube tires, but are also found useful for many other purposes.

No. 19T964 Plug Pliers. Price, each.....4c
If by mail, postage extra, 5 cents.

Morgan & Wright Puncture Band.

Intended for temporary repairs when rider is away from home. It is 10 inches long, 1½ inches wide, made of vulcanized rubber; will go around tire two or three times and button on under side of rim, thus enabling rider to inflate damaged tire and ride home.

No. 19T1204 Puncture Band. Price, each....8c
If by mail, postage extra, each, 3 cents.

Acme Tire Tape.

Acme Tire Tape will mend those pin punctures that you get so often. You can't afford to be without it. No cyclist should be without this very useful part of a repair outfit. We have put the price where it is as low as it is possible to put it.

No. 19T1210 Acme Tire Tape. Price, per roll..3c
If by mail, postage extra, per roll, 3 cents.

Lacing Cord.

Lacing Cord for guard on ladies' wheels. Comes in blue, black, maroon and green; enough in a bunch to lace one wheel.

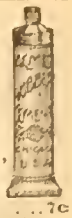
No. 19T1220 Lacing Cord. Price, per bunch. 8c
If by mail, postage extra, per bunch, 3 cents.

Neverleak Tire Fluid.

This is a compound invented for the purpose of making porous tires air tight, and is also a self healing puncture fluid. By injecting this fluid into tires you do not impair its resiliency, nor will it injure the rubber or fabric. It is considered a very satisfactory article by those who have used it. This is the genuine article, put up in ½-pint cans only.

No. 19T1232 Neverleak Tire Fluid. Price, per ½-pint.....29c
Not mailable.

Pure Rubber Cement.



Pure Rubber Cement; the best that can be made.

No. 19T1226 Rubber Cement, ¾x4-inch tube. Price, each.....3c
If by mail, postage and tube extra, 9 cents.

No. 19T1227 Rubber Cement. 1x6-inch tubes. Price, each.....5c
If by mail, postage and tube extra, 10 cts.

No. 19T1232 Acme Rubber Cement. In 4-ounce cans. Price, each.....7c
If by mail, postage and tube extra, 15 cents.

No. 19T1233 Acme Rubber Cement, in ¼-pint cans. Price, each.....12c
Not mailable.

No. 19T1234 Acme Rubber Cement, in 1-pint cans. Price, each.....(Not mailable).....18c

Wood Rim Liquid Cement.

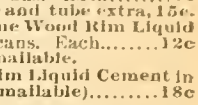
No. 19T1240 Acme Wood Rim Liquid Cement. In 1x6-inch tubes. It sticks. Each.....5c
If by mail, postage and tube extra, 10c.

No. 19T1241 Acme Wood Rim Liquid Cement in 4-ounce cans. Each.....7c
If by mail, postage and tube extra, 15c.

No. 19T1242 Acme Wood Rim Liquid Cement in ½-pint cans. Each.....12c
Not mailable.

No. 19T1243 Acme Wood Rim Liquid Cement in 1-pint cans. Each.....(Not mailable).....18c

Hard Tire Cement.



Acme Tire Cement. Hard, in 3-ounce cakes. Convenient for cementing grips on bars, etc. Best made.

No. 19T1247 Acme Tire Cement. Each.....5c
If by mail, postage extra, each, 5 cents.

No. 19T1248 Acme Hard Tire Cement. Best on the market, guaranteed pure, 1-lb. cakes. Each.18c
If by mail, postage extra, each, 18 cents.

Three in One Bicycle Oil.

Especially prepared for bicycle use, as it prevents rust, cleans all metal and enameled parts, and also lubricates the bearings and chain. Supplied in 3-oz. bottles, not mailable.

No. 19T1260 Three in One Bicycle Oil. Price, per bottle.....14c

Nickel Plating Liquid.

For retouching rusty or dull spokes or other nickel plated parts of bicycle. Indispensable to the rider who appreciates a fresh appearing wheel. Easily applied. Brush free with every bottle.

No. 19T1270 Nickel Plating Liquid. Price, per bottle, with brush.....8c
If by mail, postage and tube extra, 12 cents.

Enamel Brush.

For applying either enamel or varnish. Made of camel's hair, with polished handle.

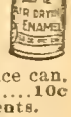
No. 19T1273 Enamel Brush. Price, each....8c
If by mail, postage extra, each, 2 cents.

Enamel Varnish.

To be applied over enamel to preserve it and to brighten old enamel.

No. 19T1276 Enamel Varnish, in ¼-pint can. Price, per can.....11c
If by mail, postage and tube extra, 15 cents.

Bicycle Enamel.



This enamel is air drying and does not require baking, but can be applied by anyone. Put up in 4-ounce cans in the following colors: Blue, black, green, maroon, vermilion and yellow.

No. 19T1280 Bicycle Enamel Per 4-ounce can, specify color.....10c
If by mail, postage and tube extra, 15 cents.

Chain Lubricant.

All chains require frequent cleaning and lubricating. In our lubricant is found an acceptable substitute for oil, in that it is more cleanly and will not catch dust as readily as oil.

No. 19T1284 Chain Lubricant. Each... 3c
If by mail, postage extra, each, 3 cents.

Bicycle Lubricating Oil.

A very necessary article in taking proper care of a bicycle and its bearings. Put up in ¼ and ½-pint cans. The larger size is not mailable.

No. 19T1288 Lubricating Oil. ¼-pint can....6c
If by mail, postage and tube extra, 17 cents.

No. 19T1292 Lubricating Oil. ½-pint can..12c
Not mailable.

The High Water Pants Cuffs.

These cuffs are made of good, substantial cloth, with elastic insertion, to accommodate the knee action. By their use a pair of ordinary trousers are quickly transformed into bicycle, golf or riding breeches, and still they are separate, so as to be carried in pocket if so desired.

No. 19T880 Price, per pair.... .....27c
If by mail, postage extra, per pair 6c.

SEND FOR OUR

FREE CLOTH SAMPLE BOOK OF MEN'S CUSTOM TAILORING....

On request we send a handsome Sample Book of Men's Custom Tailoring Goods, containing samples of a full line of materials for suits, pants, overcoats and ulsters, which we make to measure at the lowest prices, about one-half the prices charged by tailors generally.

Vehicle, Harness and Saddlery DEPARTMENTS.

FROM OUR OWN FACTORIES located at Brighton, Ohio, and Kalamazoo, Mich., we offer for this season, a higher grade of vehicle work than we have ever before been able to show; better made and better finished work throughout than will be offered by any other house, better than anything handled by the local implement and carriage dealer, a class of work such as is offered only in the best city repositories, and there at fancy prices. Our two factories are located where we can take advantage of the lowest possible prices for the highest grades of material that enter into the construction of the different styles, where we can secure the highest class of mechanical skill at the least possible expense, where the finest work can be made with the greatest economy.

OUR OWN MAKE. All road wagons, top and open buggies, surreys and phaetons are now built in our own factories under the care of our own superintendents, and we are this season better fitted than ever before to furnish strictly first class material, workmanship and finish that is characteristic of our own make, causing so much demand for vehicles built by us. We have made contracts with reputable manufacturers that build first class work to furnish our wagons, trucks, etc., and by agreeing to take enormous quantities of each style, we can name prices lower than any dealer can procure the same work. You can readily see how it is possible for us to do this, for we buy ten carloads where a regular dealer buys one. **WE KNOW WHAT WE BUY.** Every farm wagon, truck, spring wagon, etc., built outside our own shop, is carefully inspected by our own inspectors before shipment is made and so confident are we that every job is correct that we issue

OUR ONE YEAR BINDING GUARANTEE

with each vehicle listed in our catalogue. This guarantee covers every part of the vehicle, and should any piece give out through defective material or workmanship during a period of one year from date of sale, we will replace it free of charge.

ABOUT REPAIRS, SEE PAGE 365.

OUR TRIAL OFFER. So confident are we of our ability to furnish you a better rig for less money than you can buy elsewhere, that we extend this offer to everyone: Select any rig shown in this catalogue, we will send it to you on our regular terms; you can give it ten days' thorough trial, during which time you can compare it with any rig you can get from your dealer at home or from any dealer or maker anywhere, and if at any time during the ten days you, for any reason, become dissatisfied with our rig, if at the expiration of ten days, you are not still satisfied that you have gotten more value from us than you could get from anyone else, you are at liberty to return the rig to us at our expense of freight charges both ways, and we will immediately refund your money.

FACTORY DELIVERY. The prices we quote on our vehicles are the prices crated and delivered on board the cars at the factories, and not at our place of business in Chicago. The saving in handling goes a long way to help us to name these extremely low prices. It should be understood that the price is always the price delivered at the factory, from which point you must pay the freight, but you will find the freight will amount to next to nothing as compared with what you will save in price

IT WILL BE USELESS TO ASK FOR ANY REDUCTION IN PRICE ON ANY VEHICLE.

On our own work, the work we make in our own factories at Kalamazoo, Mich., and Brighton, Ohio, we could easily meet almost any view as to reduction in price by taking it out of the cost of the rig if we were so inclined, but this we will not do.

OUR $5.00 C. O. D. SUBJECT TO EXAMINATION PAY AFTER RECEIVED PROPOSITION. While nearly all our customers send cash in full, thus saving an extra charge of 50 to 75 cents for collecting and returning money to us, and also some inconvenience to the purchaser in the delivery of the vehicle, we will on receipt of $5.00 send any buggy or carriage to any address east of the Rocky Mountains by freight C. O. D., subject to examination, balance and freight charges payable at the railroad station after the vehicle is received. Understand, we recommend that you send cash in full with your order, allowing us to ship the buggy direct in your name, saving you 50 to 75 cents for collection charges; but, if you prefer, we will send it C. O. D. on receipt of $5.00.

ABOUT THE FREIGHT.

MOST OF THE RAILROAD COMPANIES accept vehicles by freight at one and one-half times first class. In some cases it is two times first class, and as the shipping weight is estimated under each vehicle, and the first class freight rate for one hundred pounds from Chicago to the different points in all the different states is listed in the front part of this catalogue, you can calculate very closely what the freight will amount to on any vehicle to your place.

TO MAKE SURE YOU CAN ASK YOUR LOCAL FREIGHT AGENT, OR, IF YOU WISH YOU CAN WRITE TO US AND WE WILL BE PLEASED TO SEND YOU A FREIGHT ESTIMATE FROM THE FACTORY TO YOUR NEAREST RAILROAD STATION ON SUCH A RIG AS YOU WANT.

OUR PRICES are for vehicles at our factories, and in every case customer pays the freight from the factory to his railroad station.

WE CANNOT BE UNDERSOLD. If you will compare the prices listed in this catalogue with those of other dealers and other catalogue houses, you will readily realize the exceptional values we are offering this season. Prices of springs, steel tires, iron, wheels, etc., have advanced, in fact there is hardly a part of a vehicle that has not advanced in cost of raw material. Our buyers are always on the lookout for these advances, and with our large cash resources were able to place large contracts for our stock before the advance took place, and we secured most all our material at prices far below those that the average manufacturer will be able to secure them. Our prices cannot be equaled, quality considered; however it is possible by using a lower grade of wheels, a cheaper body, cheaper grade of upholstering and cheaper paints to produce a vehicle at the same price as ours, but for a strictly high class, reliable vehicle as shown and described in this catalogue, we defy competition. We could build vehicles such as are usually sold by most dealers and catalogue houses, but we have a reputation of furnishing nothing but first class material and workmanship in all our work, and we do not desire to compete with the shoddy class of goods that flood the market each year; besides, you know each and every piece of material we use is covered by OUR ONE YEAR BINDING GUARANTEE. It is not for the profit on the one vehicle we may sell you that we are working, but we are in the business to stay, and we try and build each vehicle so that it will not only please you, but will be a lasting advertisement in your community, and bring us orders from your friends. We will not ship a job that we know is not just as represented and described, for we know it would ruin the reputation we have gained—namely, "MANUFACTURERS OF HIGH GRADE VEHICLES AT LOWEST PRICES."

OUR WHEELS DO NOT WABBLE. Wheels that wabble are the first sign of a cheaply constructed vehicle. We recognize that the most vital part of a vehicle is the wheels and we take special pains to see that each wheel is given the proper dish to enable it to stand the rough usage it may be subjected to.

NOTE OUR PROCESS. We buy nothing but the finest wheels that can be procured for the money, and we put on our own tires. After welding the tires in proper sizes they are placed in an improved automatic tire furnace, and are kept continually revolving until they are at a blue heat. This expands every part of the tire instead of just one portion, as is the custom of most manufacturers. While at a blue heat, fully expanded, they are placed on the wheels and run through a patent tire evener, which sets the tire on the rim of the wheel so that no part projects more than another, but makes it the same all around. The tire is then cooled off in water, which contracts and gradually gives the wheel the proper dish, which is the most important part of a wheel and makes a wheel last twice as long and bear twice the load of the old machine method of putting the tires on cold and dishing at the same time. **The wheel is next put on a machine for boring the hub for the boxing and this machine is so constructed that each hub is bored at the right angle, and it would be impossible to furnish a wheel bored on this machine that was not exactly true. The wheel is now ready for the boxing,** which has previously been covered with a thick coat of white lead. We place the wheel on the hydraulic press and the boxing under a pressure of twenty-five tons is forced into the hub. This press is automatic and cannot be stopped till the boxing has been driven just so far and reverses at the proper place so that no boxing can be driven further than another. **This insures a solid hub and tight boxing far superior to the old sledge hammer method of driving boxes. We use every automatic machine and every improvement in the market,** and this insures for our customers wheels that will outwear two sets of the regular wheels usually furnished on jobs sold by most local dealers and jobbers, and our tires won't need resetting nearly as often.

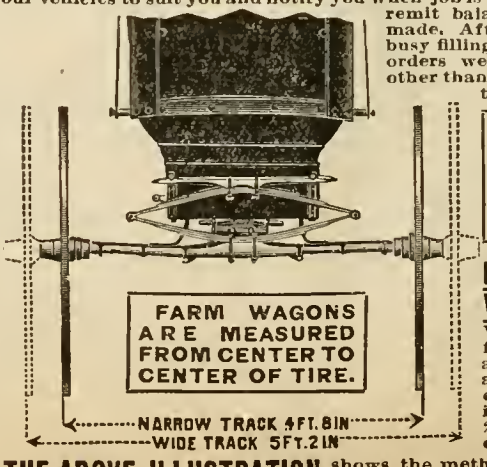
THE GEAR. Next in importance to the wheels we consider the gear, and here is how we put it up. The wood parts, such as wood axle caps, spring bars and reaches are carefully selected hickory. We cement the axle caps or beds to the axle, using the best English waterproof cement, and they are then clamped down till the cement is perfectly hard and well set. We then put them on a sand belt, where they are sanded down to a perfectly smooth surface. **The axles and wood caps are then thoroughly primed with lead and oil and allowed to stand till perfectly dry before the clips are put on.** This insures a perfect axle and the water cannot get in and crack the paint, as you so often notice on cheap work. The reaches are then braced and connected to the axles with Norway iron braces and clips, and front axle is fitted with full circle fifth wheel, having king bolt back of axle. When our high grade oil tempered springs are attached we have a gear to correspond with our wheels, and **a complete running gear we guarantee to last and outwear any gear built on the same proportions.** So on all the way through, we exercise great care; we finish the body, upholster the seat and back, build the top, everything complete, and watch every detail with the one end in view, namely to produce a vehicle that will be better value for your money than you can obtain elsewhere and one that will be a lasting advertisement for us.

JUST COMPARE the general build and finish with a job purchased from other catalogue houses or other dealers, and you will readily see why there is so great a demand for our work built in our own factories.

THE RESULT IS that last year we nearly doubled the sales of the previous year, and as every vehicle sold last year was carefully inspected and built, we feel that each job will be the means of securing more orders for us and we anticipate a vehicle business this season that will far exceed our past sales. **WE ARE READY FOR IT.** In order to take care of this demand for our work, we have fitted both our Brighton, Ohio, and Kalamazoo, Mich., factories with every improvement and automatic labor saving device known to the vehicle trade, and have greatly increased our capacity, till now we have two of the best regulated factories in the United States with a combined output that will take care of our increasing business.

WE HAVE NO DULL SEASON. Years of experience in the vehicle business has enabled us to assemble in this catalogue a line of up to date, stylish vehicles that meets the demand of the farmer, doctor, liveryman, peddler and business men in general; no matter what your calling, we have a vehicle to suit you. In furnishing a regular line, and being able from past experience to list vehicles that we know will sell, we can keep our factories running the year around, having no dull season, and as we build each style vehicle in large lots, running through our factories immense stock of wheels, gears, bodies, tops, etc., we not only prepare ourselves for the rush of orders when the vehicle season opens, but are able to greatly reduce the cost of output. See No. 11T809 if changes are wanted.

SPECIAL OFFER. Between September 1st and April 1st, when we are preparing for the busy season, running through our factories large lots of each style vehicle, painting, striping and upholstering can be changed to meet the ideas of our customers. Send us a deposit of $10.00 during this season and we will change any of our vehicles to suit you and notify you when job is ready to ship, so you can remit balance before shipment is made. After April 1st we are so busy filling and shipping regular orders we cannot make changes other than allowed in the description of each vehicle.



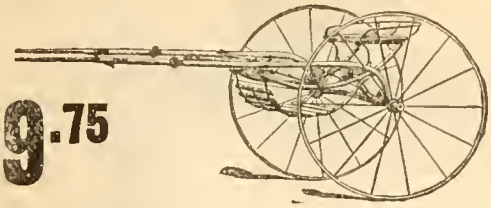
WE USE THE CELEBRATED GOODYEAR 2-WIRE RUBBER TIRES.

BE SURE TO STATE WIDTH OF TRACK. With the exception of a few special track vehicles, as noted in our catalogue, all vehicles are furnished either in the 4 feet 8 inches, narrow, or 5 feet 2 inches, wide track, as desired.

THE ABOVE ILLUSTRATION shows the method of measuring track, same being distance from outside to outside of rear wheels on the ground.

OUR FULTON SPECIAL ROAD CART, $9.75.

OUR FULTON SPECIAL ROAD CART IS MADE THROUGHOUT OF CAREFULLY SELECTED MATERIAL. EVERY PIECE AND PART COVERED BY OUR ONE-YEAR BINDING GUARANTEE.



No. 11T3

The workmanship is first class, and the illustration shows the cart just as it will appear when you have received it at your freight station.

The wheels are Sarven's patent, 46 inches high, 1-inch oval edge steel tires. The cart is very strong and thoroughly well made, nicely finished in wine color; carrying capacity, two passengers. All wood parts, seat and spring block are made of carefully selected seasoned timber; shafts, cross bar and shaft circle are of select hickory; 1-inch double collar steel axle, square at shoulders, octagon in center, hung so as to be perfectly balanced on long, easy riding, oil tempered springs. Seat 30 inches wide from rail to rail, long bent seat arm. Made in either width of track, narrow, 4 feet 8 inches, or wide, 5 feet 2 inches. **In ordering state width of track required.**

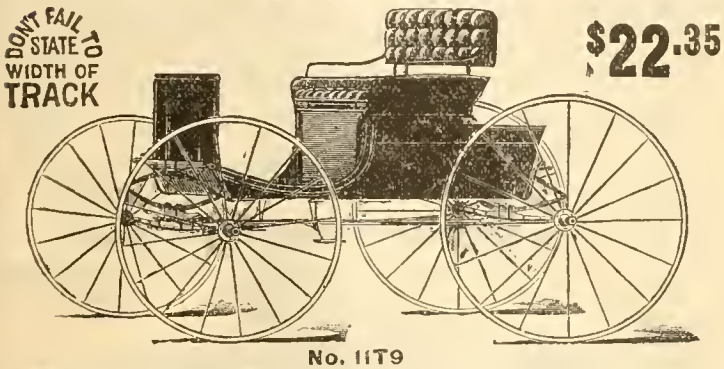
Shipped from Chicago. Weight, about 150 pounds, ready for shipmant.

OUR $22.35 ROAD WAGON.



No. 11T9

$22.35 IS OUR LOWEST PRICE for a reliable road wagon. Road wagons could be sold closer, and it would be possible for us to build a road wagon that we might sell at $16.00 to $17.00; but believing our customers are entitled to reliable work, believing we would be robbing our customers by using cull wheels, cheap material and cheap finish; believing that this, **our cheapest rig, should be a substantial one—a wagon that will give service. a wagon that will satisfy our customers**—we offer only such a wagon, **and this at $22.35,** barely covers the cost to build—the cost of material and labor—with but our small percentage of profit added. You will find this road wagon better than any road wagon you can buy elsewhere at the price, and if not so, you are at liberty to return it to us at our expense of freight charges both ways and we will cheerfully return your money. It is stylish, light, strong and convenient. It is unusual value for the price offered.

GENERAL DESCRIPTION.

BODY—The body is Corning style, made of carefully selected material. The sills are of Pennsylvania ash, the panels are of air seasoned poplar; corners are mitered with hardwood posts, panels are glued, screwed and plugged.

SPRINGS—Oil tempered, best grade end springs, made from spring steel carefully tested. They are strong, easy riding.

WHEELS—Sarven's patent, full bolted, ⅞-inch tires; with oval edge tire; height of wheels 38 inches front, 42 inches rear; well finished and fully guaranteed.

GEAR—The gear is made of second growth hickory thoroughly ironed with wrought and Norway iron. Axles beds cemented and clipped to axles; wrought iron full bearing fifth wheel; strong reaches well ironed and braced with wrought iron stay braces.

TRIMMINGS—Seat cushion and back upholstered with imitation leather or standard grade of body cloth as desired. The upholstering is nicely tufted and buttoned.

PAINTING—Body, black, with neat striping; seat raisers, seat and back panel finished to match; gear, dark green or red.

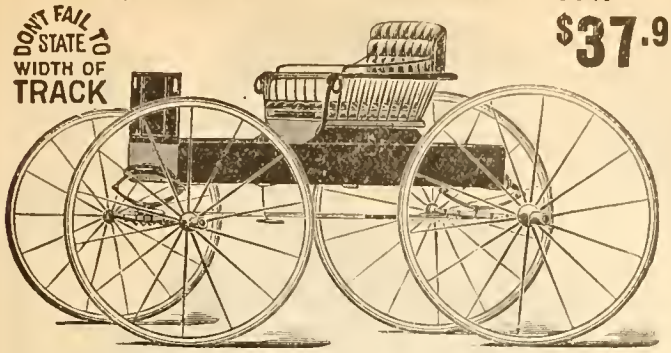
OUR RUBBER TIRES ARE THE WELL KNOWN GOODYEAR TIRE. We handle the best grade rubber, both in our pneumatic and our solid tire work. Rubber tires in general should have the best of care. As the life of all rubber is uncertain and is not guaranteed by the manufacturers, we cannot and do not cover rubber tires in our guarantee. They are bought in good faith by us, they are sold to our customers in the same way, and with care should last a number of years.

OUR $37.95 STEEL TIRED BOSTON BEAUTY.



No. 11T51

GENERAL DESCRIPTION.

BODY—23 inches wide by 54 inches long. The seat is adjusted with concave risers, body is finished with oval edge irons. The body has convex panels, is glued, clamped, plugged and screwed and hung on Bailey body hangers with roller rub irons.

GEAR—Anderson wrought iron, finished gear, furnished with 1500 mile axles with dust proof collar. Axles are ⅝-inch fantail, refined steel. Wood axle caps cemented to axle. Axle woods are the best selected second growth hickory, sand finished. Springs are elliptic, 34 inches sweep, made of the best oil tempered steel, full finish. Gear is ironed throughout with best Norway Iron. Has roller rub irons. Has the celebrated Robinson full circle fifth wheel, is one of the best gears possible to build.

WHEELS—Sarven's patent hub, guaranteed to be strictly well seasoned; screwed rims throughout to insure never splitting. Front wheels are 40 inches high, rear wheels 44 inches high. They are ¾-inch or ⅞-inch tread.

PAINTING—The body is painted jet black; the gear, New York red or Brewster green with striping.

UPHOLSTERING—Cushion made with coil springs fitted inside of box frame. Trimmings are of No. 1 whipcord cloth. There is a 10-inch bent back on seat of the latest model which is trimmed with the same No. 1 whipcord. Body has a full length velvet carpet, high patent leather dash.

We furnish the rig complete with full length carpet, anti-rattlers, wrench, and shafts with quick shifting coupler.

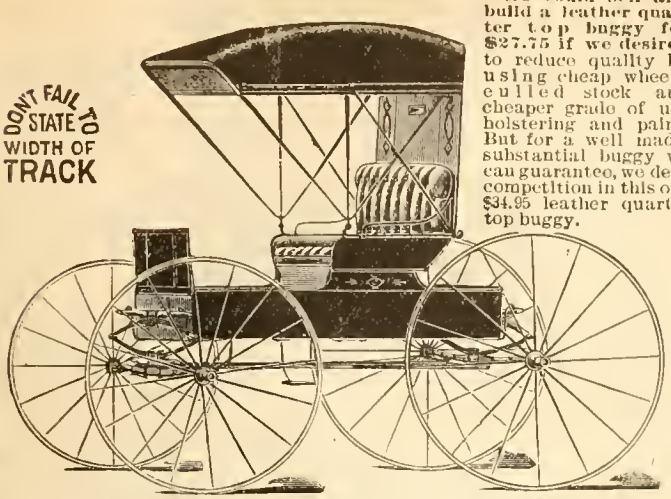
"THE WONDER OF THE BUGGY WORLD." $34.95

Leather Quarter Top.

We could sell and build a leather quarter top buggy for $27.75 if we desired to reduce quality by using cheap wheels, culled stock and cheaper grade of upholstering and paint. But for a well made, substantial buggy we can guarantee, we defy competition in this our $34.95 leather quarter top buggy.



No. 11T215 GENERAL DESCRIPTION.

BODY—22 inches wide by 54 inches long. Piano box, double braced, screwed, glued and plugged; with concave panels, round corners, and seat risers convex.

WHEELS—38-inch front, 42-inch rear. Made of selected hickory stock. Sarven's patent, bolted between each spoke; boxes set by hydraulic pressure in white lead. ⅞-inch felloe fitted with oval edge, steel tire, ⅛ inch thick.

GEAR—All wood parts selected hickory, braced and bolted; double reach ironed full length, genuine Anderson full circle fifth wheel; oil tempered elliptic end springs. Quick shifting shaft couplers.

UPHOLSTERING—Style as shown in illustration with heavy, dark green body cloth. Solid panel spring back and springs in cushion, seat ends padded.

TOP—Three-bow with deep cut leather quarters and leather back stays, lined and padded; heavy rubber roof and back curtain and enameled drill side curtains. Can furnish four-bow if desired.

PAINTING—Body black with neat design on seat risers; gear Brewster green, neatly striped. Comes complete with toe carpet, lined panels, boot, storm apron, side curtains, wrench, quick shifting coupler and double braced shafts. Will furnish carmine gear if desired.

$46.75 THREE-QUARTER TOP BUGGY.

We have had so many requests for a three-quarter size buggy built in our factory that we have arranged to build this handsome three-quarter job in both our Brighton, Ohio, and Kalamazoo, Mich., factories, and find we can sell same to you for $46.75.

$46.75

No. 11T251

BODY—Piano body 19x54 inches bottom measurement, panels convexed worked out of ⅞-inch selected lumber. Concave seat risers with concave seat panels; seat 24x16 inches with solid panel spring back.

GEAR—1⅛ long distance felt pad axles with dust proof bell collar. All wood parts made of select second growth hickory, axle caps cemented to axles and sanded to smooth surface, making a non-perceptible joint.

SPRINGS—Celebrated Armstrong single leaf spring with Bailey body loop, and has in addition the longitudinal spring running from front to rear axle giving additional strength and keeping the body from pitching frontward or backward.

WHEELS—Sarven's patent wheels, 38 inches front and 42 inches rear, or 40 inches front and 44 inches rear, ¾ inch tread, select second growth hickory, screwed rims and oval edge steel tires, full bolted. Axle boxes leaded and put in hub by hydraulic pressure. We put quick shifting shaft couplers on this gear.

TOP—Three-bow leather quarter, with quarter cut extra deep, leather back stays and leather valance stitched front and rear. Good quality head lining with lined back curtains. Rubber dust hood reinforced by leather for covering top when down. Higgins' patent curtain fasteners.

UPHOLSTERING—We use good quality dark green wool dyed body cloth in this job, and pad and line seat panels. Can upholster with leather if ordered for $1.50 extra.

PAINTING—Body given our Acme Royal finish painted jet black, highly polished; gear dark green with glazed carmine striping in wheels. Can paint gear all carmine if ordered. Comes regular with ¾ length carpet and body panels lined, whipsocket on dash, shafts, storm apron and boot. Either 4 foot 8 inches narrow or 5 foot 2 inches wide track, as ordered.

OUR VERY FINEST... ACME ROYAL TOP BUGGY $54.90

IF YOU ARE IN THE MARKET for a high class buggy, one that is usually sold for $80.00 to $100.00 by local dealers and others, we ask you to read carefully the detailed description of this our very finest Acme Royal Top Buggy.

THIS BUGGY IS NOT TO BE COMPARED with the class of buggies that usually sell from $55.00 to $65.00, but is made of carefully selected material, and we offer you in this buggy better value than is possible to secure elsewhere.

OFFERED $100.00 FOR HIS BUGGY.

Below is an extract from a letter we received; we have hundreds of such letters from satisfied customers.

"I want to thank you for the splendid buggy you sent me. I have several times been offered $100.00 cash for it, but I did not purchase for sale. Everyone admires it."

Your friend, G. D. WILKINSON, M.D.,
Giddings, Texas.

GUARANTEED ONE YEAR.

And with care will outwear any two buggies usually sold at $100.00.

WE DEFY ANYONE TO FURNISH A BETTER BODY AND FINISH THAN WE PUT ON OUR ACME ROYAL BUGGY.

Nothing but finest grade oils and varnishes used, giving a lasting finish and luster, and our buggy will look better after one year than the ordinary buggy will look after 30 days use.

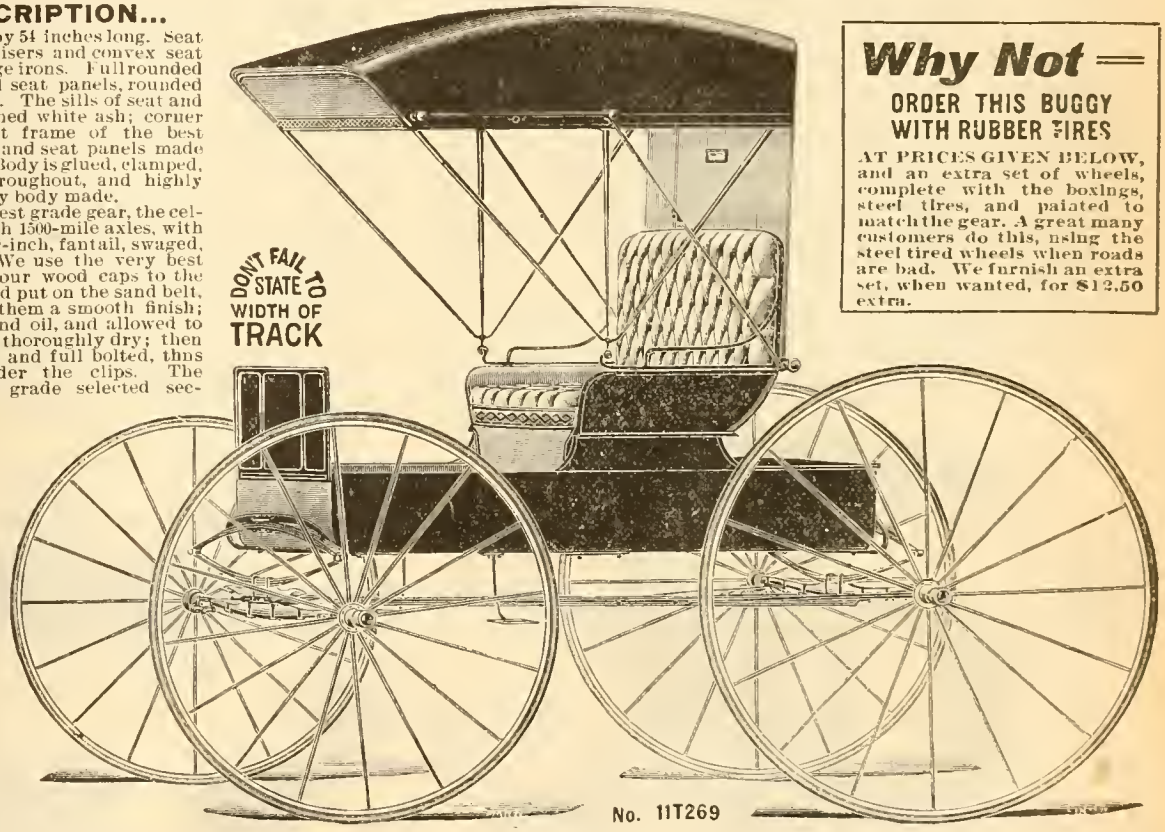
READ THE DESCRIPTION OF PAINTING.

...DETAILED DESCRIPTION...

BODY—Body is 22 inches wide by 54 inches long. Seat is 27x16 inches. Concave seat risers and convex seat panels. Seat ironed with oval edge irons. Full rounded corners on body and seat. Swell seat panels, rounded front to cushion, high seat panels. The sills of seat and body are made of the best seasoned white ash; corner posts, toothpick braces and seat frame of the best seasoned white ash; body panels and seat panels made of selected well seasoned poplar. Body is glued, clamped, plugged and screwed, braced throughout, and highly finished. There is no better buggy body made.

GEAR—We use in this our highest grade gear, the celebrated Anderson gear, made with 1500-mile axles, with dustproof collar. The axles are $\frac{1}{16}$-inch, fantail, swaged, made of the best refined steel. We use the very best waterproof cement in cementing our wood caps to the axles. They are then clamped and put on the sand belt, smoothing them off and giving them a smooth finish; they are then primed with lead and oil, and allowed to stand a sufficient time to become thoroughly dry; then the clips are put on, full clipped and full bolted, thus giving them good priming under the clips. The gear woods are of the highest grade selected second growth hickory, carefully finished. The gear is ironed throughout with Norway iron. Full length reaches; reaches ironed full length, braced and bolted. We use the highest grade 36-inch open head elliptic, oil tempered steel springs, full finished, three-plate front and four-plate rear. We use the celebrated Robinson full circle fifth wheel. The gear is furnished with the high grade quick shaft couplers, for the instantaneous changing of the shafts to pole or pole to shafts, and body is hung on Bailey body loops.

WHEELS—Dodson celebrated brand of Sarven's patent wheels, a strictly high grade, guaranteed wheel, made of well seasoned hickory, made with full screwed rims; comes in either Sarven's patent or compressed band wood hub, as desired. They are full bolted between each spoke. Front wheels are 38 or 40 inches high; rear wheels, 42 or 44 inches high. Can furnish compressed band wood hub if desired.



No. 11T269

Why Not ORDER THIS BUGGY WITH RUBBER TIRES

AT PRICES GIVEN BELOW, and an extra set of wheels, complete with the boxings, steel tires, and painted to match the gear. A great many customers do this, using the steel tired wheels when roads are bad. We furnish an extra set, when wanted, for $12.50 extra.

TRIMMINGS—Cushion and back trimmed with very fine, heavy 16-ounce, all wool dyed green body cloth. Cushion is fitted up with box frame. Staple and Handford open coil springs in cushion and back. The pattern of cushion and back is diamond biscuit as illustrated; full lined seat panels, leather covered seat handles, leather boot, rubber covered step pads, heavy enameled leather dash, full length velvet carpet, full swell cushion in front, the back is very high; in fact, this job is upholstered in the highest style of the art, and if you do not find it a better job of upholstering than you have ever seen offered by anyone else you can return the rig to us and we will return your money. Machine buffed leather trimming, in place of cloth, furnished at $2.00 extra.

TOP—Full leather quarter top, made of strictly No. 1 machine buffed leather, extra well finished. The top is made extra high, extra wide and extra deep, with extra deep heavy quarters. Has solid leather valance front and rear. The valance is raised in the center, bound by hand and sewed to the top by hand. The top is lined throughout with a heavy dark green wool head lining, heavy lined rubber back curtain. The back stays are solid No. 1 leather, full padded and lined with heavy green cloth. The top is fitted with a heavy double strength glass curtain light. Higgin's patent curtain fasteners, leather covered prop nuts, very fancy enameled steel bow sockets, finest quality joints, rails and trimmings. Top comes complete with full length back and side curtains. Top is made from the best material that can be secured, only the most skilled mechanics are employed, and it is such a top as you will not find on any buggy outside of buggies that sell at double the price in repositories in large cities. Three-bow; can furnish four-bow if ordered.

PAINTING—This buggy is painted in the highest style of the art; body jet black, without striping. The body and seat are built up with twelve coats of filler, rough stuff, color and varnish, and is given a finish you will find on nothing but the very finest work in the best repositories. The gear is painted dark green, with double lines of glazed carmine striping. We could save several dollars in the painting of this rig, but with a view of giving our customers the best painted job it is possible to turn out, nothing but the very best of oils, varnish and colors have been used. Every rig is given ample time in paint shop; only the most skilled mechanics are employed. We turn out the finest buggy we make painted in a manner to insure lasting service and every satisfaction. We can furnish carmine gear if ordered.

TRACK—This buggy comes in narrow track, 4 feet 8 inches, or wide track, 5 feet 2 inches, as desired.

SHAFTS—We furnish this rig with double braced shafts, made from selected second growth hickory, ironed, braced and bolted throughout with the best Norway iron, extra well finished; metal tips, leather trimmed 30 inches back with heavy enameled leather, bound in the best possible manner; such shafts as you will find only on the very finest buggies.

The special price quoted is for the buggy crated and delivered on board the cars at our factory either in Brighton, Ohio, or Kalamazoo, Michigan, and the freight will amount to next to nothing as compared with what you save in price.

No. 11T609

GENERAL DESCRIPTION.

BODY—The body is 61 inches long, 27 inches wide, made from good selected well seasoned material, full ironed and full finished, making an easy riding, good appearing general purpose rig.

TOP—The top is well made, well finished, light and strong, attached to four steel curved upright rods with four angle tension top braces, with full length side and back curtains, wrench, anti-rattlers and shafts.

SEATS—The seats are strong and roomy, and can be detached without removing the top. They are very comfortable, substantial, well braced and well finished.

GEAR—The axles are 1⅛-inch, fantailed, double collar, best axle steel, with hickory axle bed cemented, clipped and bolted.

WHEELS—The wheels are Sarven's patent, ⅞ or 1-inch; height, 38 inches front and 42 inches rear.

SPRINGS—Elliptic 1½-inch end springs, four or five-plate, made from good spring steel, securely clipped to hickory spring bar, axle bed and hickory head block.

TRACK—4 feet 8 inches or 5 feet 2 inches. State width required.

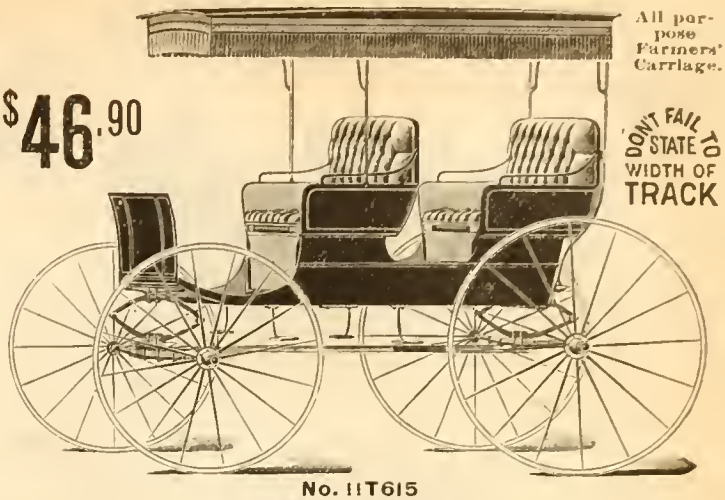
$46.90

DON'T FAIL TO STATE WIDTH OF TRACK



No. 11T615

GENERAL DESCRIPTION.

BODY—5 feet 10 inches long by 25 inches wide on the bottom; a good, long, roomy body. The body is made of seasoned lumber; fitted with heavy sliding phaeton seats and with high panel backs. The rear seat, while made to take out, is securely fastened to the rear canopy top standard, to make the seat very secure. The sides of the body are full ironed, full bolted, full braced, and double stayed and reinforced at the joints.

UPHOLSTERING—Cushions and backs in both seats are trimmed in cloth, biscuit pattern, full buttoned finish. Full springs in seat, spring back, full padded, full lined seat ends. Full length carpet in body, enameled tan curved dash and canopy top.

WHEELS—Sarven's patent; sixteen spokes to the wheel. Good hickory stock; a thoroughly honest, well built wheel. Heavy Sarven's steel hub bands. The wheels are bolted between each spoke. Wheels heavily tired, crimped and rounded throughout. Front wheel, 38 inches high, rear wheel, 42 inches high; 1-inch rims.

GEAR—A good heavy balance spring, substantial well made gear, 1⅛ inches. The gear is ironed throughout with good heavy iron, double reaches ironed full length with heavy iron.

TRACK—Narrow, 4 feet 8 inches; wide, 5 feet 2 inches.

PAINTING—Body is painted dark green with black seat panels; gear, dark green, neatly striped. Black body or red gear if desired.

WHEEL AXLES—The axles are double collars, swaged, made of a fine axle steel. Fitted to the axles are heavy hickory axle caps, which are fastened with heavy wrought iron clips and bolts.

SPRINGS—Good heavy substantial elliptic end springs, four-leaf in front and five-leaf in rear; good heavy circle fifth wheel, king bolt in rear of axle.

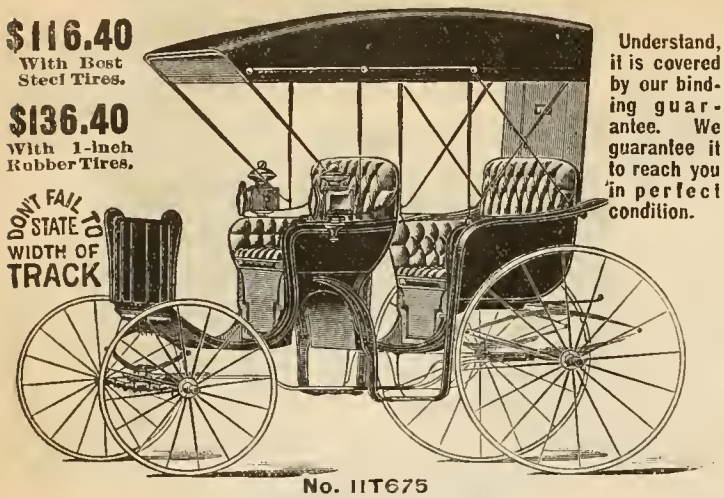
$116.40 With Best Steel Tires.

$136.40 With 1-inch Rubber Tires.

Understand, it is covered by our binding guarantee. We guarantee it to reach you in perfect condition.



No. 11T675

GENERAL DESCRIPTION.

BODY—Body is large, roomy and strong, and at the same time artistic in proportions; latest style cut under, thoroughly ironed and braced. We could not furnish a better body, as every detail is studied and watched carefully and we know there is not a more stylish, well proportioned body on the market. Front seat is 33 inches wide by 16 inches deep, with 10-inch solid panel spring back; rear seat is 35 inches wide by 19 inches deep, with 15-inch solid panel spring back. Body measures 29 inches wide, bottom measurement.

GEAR—On this cabriolet we furnish a strong hand made gear, all wood parts being selected second growth hickory; front axles fitted with wood cap, cemented and clipped to axle; rear axle coached. Single bent reach, ironed and braced. 1500-mile long distance axle, fitted with felt pad and dustproof collar.

WHEELS—Highest grade selected second growth hickory wheels, screwed rims, front 34, rear 44 inches, 1 or 1½-inch tread, Sarven's patent regular, but will furnish compressed band wood hub when ordered.

SPRINGS—Best oil tempered, full elliptic springs, one in front, two in rear; made of the best refined spring steel.

UPHOLSTERING—Style as shown in illustration, with heavy dark green body cloth, light colored whipcord or No. 1 machine buffed leather, as desired. Cushions and backs fitted with springs. If not specified in your order we will use our judgment in kind of upholstering.

TOP—We furnish a handsome, well proportioned leather quarter top on this job; quarter deep cut buffed leather with leather back stays padded and lined.

PAINTING—This job is given our regular Acme Royal piano finish; body, black with belts and neat striping to match color of gear. Gear painted black, Brewster green, New York red or sultan red, as desired. Comes regular with green gear, unless otherwise ordered.

This cabriolet is furnished regular with fine oil burning lamps and pole.

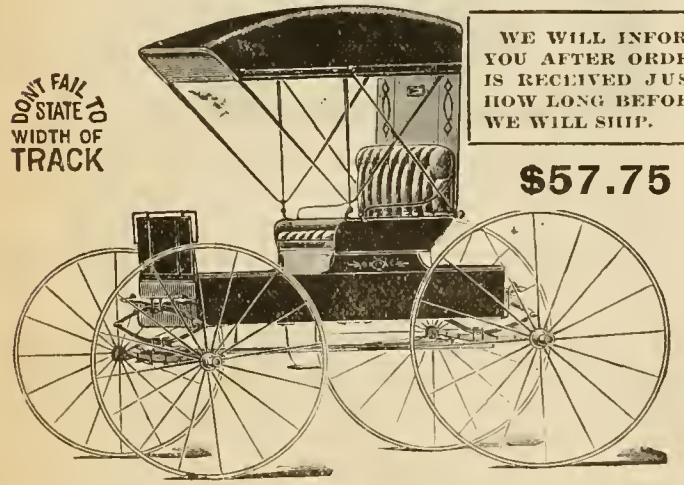
$57.75—BUILT TO ORDER—$57.75.

If you do not find in our regular line just what you want, perhaps we can build this job to suit you.
We have to run this job through our factories one at a time, which adds greatly to the cost of production, and we must have time to build it, as it is built up after your order is received.
Covered by our One-Year Binding Guarantee.



No. 11T809

GENERAL DESCRIPTION.

Note the choice we give on this buggy.

BODY—19, 22 or 23 inches wide by 54 inches long, concave seat risers and convex panels; screwed, glued and plugged; well seasoned material, with full length body loops, well ironed and braced. Piano box, as illustrated, or Corning body if ordered.

GEAR—Axles ⅝-inch, 1500-mile long distance, with felt pad dust proof bell collar; refined steel; all wood parts carefully selected second growth hickory, fully ironed and braced, with wrought and Norway iron. Quick shifting shaft couplers.

SPRINGS—Oil tempered, full sweep elliptic end springs, as shown in illustration, with wood spring bar. If ordered, will give you choice of the following: Brewster side bar, or Brewster side bar in combination with coil springs; elliptic end springs, with Bailey body loops or longitudinal springs; Armstrong single leaf end spring, with or without longitudinal spring.

WHEELS—Sarven's patent or compressed band wood hub, as desired; ⅜, ½, or ⅝, as ordered, with ¾, ⅞ or 1-inch tread. All wheels made of carefully selected second growth hickory, with screwed rims. Tires fitted hot, full bolted between every spoke.

UPHOLSTERING—We will upholster this job in Keratol leather, dark green body cloth, or light colored whipcord, as ordered, any style shown in our catalogue; comes regular as shown, if not otherwise specified. Solid panel back, with springs in cushion and backs.

TOP—Three or four-bow leather quarters, cut deep, with heavy rubber roof and back curtain, lined, good grade head lining to correspond with color of upholstering. Can furnish two and one-half or three and one-half bow handy top when ordered. Can furnish good quality rubber top, in place of leather quarter, if desired.

PAINTING—Comes regular with body black, gear dark Brewster green; can stripe body and gear, if desired. Can furnish gear painted carmine, New York red, black, or coach green. Fancy seat risers when ordered.

TRIMMINGS—Comes regular with full length carpet and lined panels, shafts, wrench, anti-rattler dash, whipsocket, storm apron and rubber boot. Can furnish with or without nickel mountings, with or without rubber padded steps.

Weight, complete, crated for shipment, about 600 pounds.

Shipped from Eastern Ohio or Eastern Indiana, from which point the customer pays the freight.

OUR WAGONS STAND HARD TESTS.

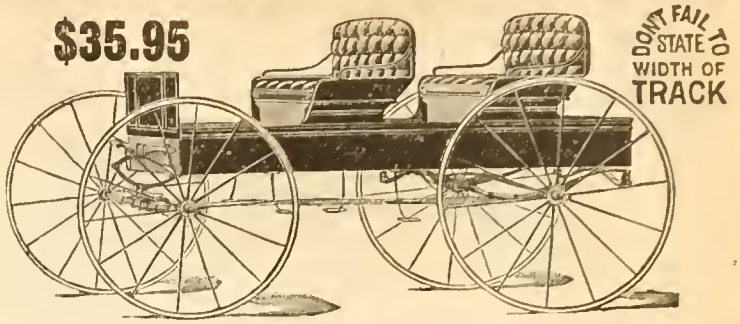
SECANE, Delaware Co., Pa., October 17, 1901.

SEARS, ROEBUCK & Co., Chicago, Illinois.

In regard to your spring wagon will say that we drove the wagon from Lebanon, Ky., to Denver, Colo., crossing the Ozark Mountains in Missouri. Then back to Brookfield, Mo., and from there to Florida, crossing the Cumberland Mountains in Tennessee and Alabama; and from Florida to Pennsylvania, crossing the Sand Mountain in Alabama. The wagon carried from 700 to 800 pounds all the time. We never broke anything and were not out a cent for repairs, only having the hind tires shrunk. We bought the wagon in June, 1900.

Yours truly, SHERMAN ECKER.

OUR $35.95 COMBINATION PLATFORM SPRING WAGON.



No. 11T1015

GENERAL DESCRIPTION.

BODY—The body is 7 feet long and 32 inches wide, with panels 8 inches deep. This body is extra strong, having side and end sills 3¼x1½ inches, mortised, with a 2¾-inch center sill, running full length, mortised in the cross sill. Drop end gate.

SEATS—In this wagon we furnish two high back, solid panel seats, as illustrated. They are large and roomy, removable, and ironed throughout with best Norway iron.

SPRINGS—In this, our half platform gear, the springs are made by D. W. Schuler & Son of the best oil tempered spring steel, thoroughly tested. Front spring 1⅜ inches, four-leaf; rear spring 1¼ inches, four-leaf.

GEAR—The axles are 1⅛-inch, double collar, made of the best refined steel, with axle beds cemented, clipped and bolted to axles. The rear axle is coached, front axle is full fantailed, full circle bearing, short turn fifth wheel. Heavy double reaches, well ironed full length, braced and bolted with wrought iron stay braces.

WHEELS—The wheels are Sarven's patent, best air seasoned, selected second growth hickory. 1-inch tires, full bolted to rims between each spoke.

TRIMMINGS—Seat and back cushions are nicely upholstered with the long wear genuine whipcord, imitation leather or genuine leather. Genuine leather $3.00 extra.

PAINTING—Body, black or Brewster green, nicely decorated; gear, green or carmine, neatly striped.

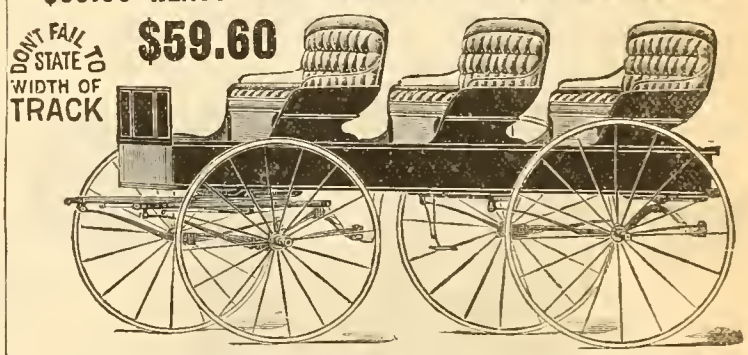
$59.60 HEAVY THREE-SEAT FULL PLATFORM WAGON.



No. 11T1021

We have a large demand for these wagons among liverymen, who use it for carrying six or more passengers, or for carrying one or two passengers with several trunks or sample cases. It is also used very largely in the far West.

At $59.60 we furnish this heavy, three-seat full platform wagon, delivered on board the cars at the factory in Southern Ohio, from which point the customer pays the freight.

GENERAL DESCRIPTION.

BODY—Body is made of the very best selected material. Solid ash sills, well ironed, glued, screwed and plugged. It is 8 feet 6 inches long and 3 feet 2 inches wide. Has a drop end gate with snap lock springs. We furnish three large roomy seats with full backs, as shown in illustration.

GEAR—1¼-inch double collar steel axles. Full circle fifth wheel. All clips are of the best wrought and Norway iron.

WHEELS—Sarven's patent hub, made of selected hickory, fully warranted; 1¼-inch oval edge tires.

SPRINGS—Full platform, coupled together with equalizing shackles, strong and durable, having a capacity of 1,800 pounds, and will carry more on good roads.

TRIMMINGS—Seat cushions and backs upholstered with Evans' enameled finished leather, nicely tufted. Seat cushions have full length falls to bottom of buggy.

PAINTING—Body, black; gear, dark Brewster green, or carmine, as ordered.

TRACK—4 feet 8 inches or 5 feet 2 inches. In ordering, give track required.

No. 11T1027

This is a strong, well built, well ironed, well finished wagon. Guaranteed by the manufacturers and by us.

GENERAL DESCRIPTION.

BODY—The body is 7 feet long, 36 inches wide, with drop hinged end gate, snap spring fasteners; fitted regularly with one seat with cushion and double roll upholstered lazy back as illustrated. The body is well ironed, well braced, well bolted and hung on a good, strong, well finished gear.

SPRINGS—Half platform rear springs, with elliptic end spring.

GEAR—The axles are 1⅛-inch, double collar, made of the best refined steel with hickory axle bed, cemented, steel clipped and bolted. Fitted with a full bearing fifth wheel; good reaches, well ironed, braced and bolted with wrought iron stay braces.

WHEELS—Sarven's patent, 1⅛-inch, made of good selected air seasoned hickory stock, fully warranted.

TRIMMINGS—Seat and lazy back are upholstered in good wear imitation leather.

PAINTING—This wagon is well painted. Body, black with suitable striping; gear, green or red, as desired. Lettered to order when so requested at 5 cents per plain letter, or 10 cents per gold letter. Furnished with substantial, well ironed shafts, anti-rattlers, wrench and washers.

TRACK—4 feet 8 inches or 5 feet 2 inches. State width required.

We can furnish this wagon in a lighter build—1-inch axles, hung on three elliptic springs, body 6 feet long by 31 inches wide, for $34.95.

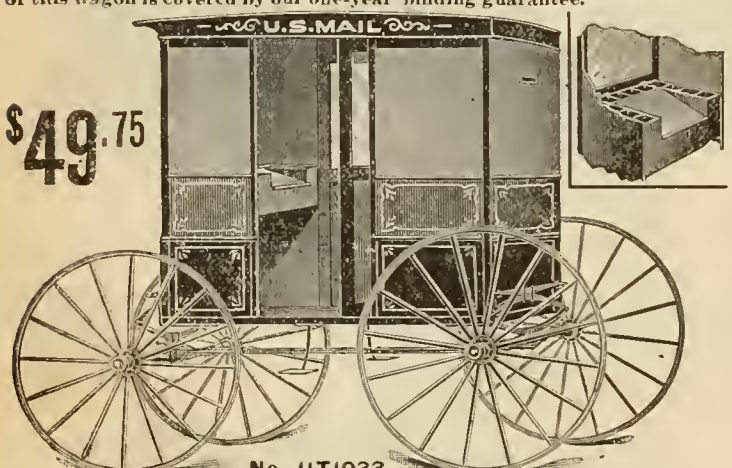
Weight, crated for shipment, about 650 pounds.

Shipped from the factory at Brighton, Ohio; customer pays freight.

OUR $49.75 RURAL MAIL DELIVERY WAGON.

We have arranged with the manufacturers of our milk wagon to build for us this season this handsome wagon especially for rural mail delivery, and we feel that the equal cannot be procured anywhere on the market at the price quoted above. Every piece and part entering into the construction of this wagon is covered by our one-year binding guarantee.

$49.75



No. 11T1033

GENERAL DESCRIPTION.

BODY—The body is made of selected material, is 30 inches wide by 55 inches long, with a 21-inch wood panel running clear around. The upper side panels are made of heavy duck with a swinging glass transom in front with roll up curtains in the rear, fitted with a curtain light. Sliding doors with the upper panel of glass, and comes complete with the desk fitted with mail boxes, as shown in the illustration.

GEAR—We pay particular attention to the gear of this vehicle, all wood parts being selected second growth hickory, fitted with ⅛-inch dust and mud proof long distance axles, with the axle beds cemented to the axles. Has short turn fifth wheel, 36-inch oil tempered elliptic springs; wheels are either ¾ or 1-inch tread of Sarven's patent style, with screwed rims, 40-inch front and 44-inch rear, fitted with ¼-inch oval edge steel tire.

UPHOLSTERING—The seat is furnished with spring cushion and lazy back, trimmed in a good quality of imitation leather.

PAINTING—Body is painted in the latest style, as shown in the illustration, with carefully blended colors, neatly striped. The gear is painted red.

Comes complete with shafts in either 4 feet 8 inches narrow, or 5 feet 2 inches wide track, as desired.

EXTRAS.

Pole in place of shafts..... 1.50

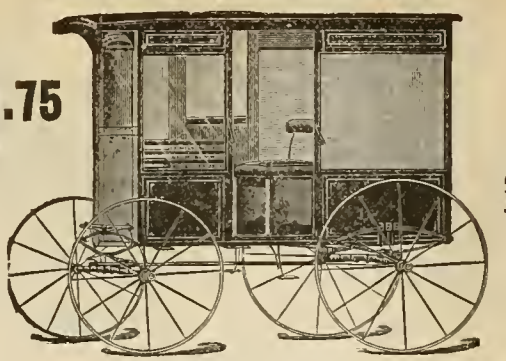
Both pole and shafts..... 3.00

Shipping weight about 500 pounds.

This wagon is crated under 30 inches in height, thus securing the lowest possible freight rate. The prices quoted are for wagon delivered free on board the cars in Southern Michigan.

OUR $59.75 IDEAL MILK WAGON.

$59.75



DON'T FAIL TO STATE WIDTH OF TRACK

No. 11T1035

GENERAL DESCRIPTION.

BODY—Body is made from the best seasoned wood. It is 7 feet long, 2 feet 10 inches wide. It is a complete knock down body, put together with twelve iron rods. It stands only 27 inches from the ground and will turn around in a circle of 12 feet.

DOORS—This rig is fitted with steel patent sliding doors with glass panel in upper half of door. Front is fitted with solid panel at bottom and swinging glass panel at top; front sides fitted with glass panels or white enamel oil duck. This rig is fitted with our own patent short turn wrought iron fifth wheel.

AXLES—Axles come regularly 1-inch, of the best crucible steel, double collar. For $4.00 extra we can furnish a heavier gear throughout with a 1⅛-inch axle. If 1⅛-inch axles are wanted, be sure to state so and include $4.00.

PAINTING—This rig is painted in the very best manner. Body, dark blue or dark green, with vermilion striping; gear, wine color, nicely striped. The carrying capacity of this wagon is 700 pounds.

TRACK—4 feet 8 inches or 5 feet 2 inches. State width required.

WHEELS—Wheels are No. 1 grade Sarven's patent or compressed band. They are well bolted, round edge tires, extra thick, crimped and bolted between each spoke.

OUR FAMOUS SEARS WAGON

HIGHEST GRADE FARM WAGON BUILT.

THIS IS THE LIGHTEST DRAFT WAGON on the market, made of selected material throughout by one of the oldest wagon manufacturers in the country. All wood parts treated with boiling linseed oil, so as to protect them against climatic effects, and we give the wheels special treatment, so that the tires will hold much longer than on the ordinary farm wagon. All skein wagons fitted with our celebrated truss rod axles.

EVERY PIECE AND PART COVERED BY OUR ONE-YEAR BINDING GUARANTEE.

If this wagon, as listed, is not what you want, write us, as we can furnish almost any kind of farm wagon. WILL BE PLEASED TO QUOTE PRICES ON OUR SEARS WAGON WITH SOLID OR TUBULAR STEEL AXLES.

Be sure and state whether you desire wide or narrow track.

PRICES QUOTED BELOW are for wagon complete with drop tongue, neckyoke and doubletrees, without brake, free on board cars in Northern Indiana.

OUR GIANT HANDY WAGON.

Our Giant Handy Wagon is popular because of its everlasting wearing qualities and general convenience. In the harvest field it saves high loading; it is ideal in drawing logs, rails, and for general service around the farm, and on the road. In fact, everywhere. It is less expensive than any other wagon of the same capacity. It can scarcely be overloaded. Furnished according to size from our factory in Western Illinois, shipped knocked down and freighted under the same classification as the ordinary farm wagon. The wagon is guaranteed by the manufacturer and by us to be just as represented in every piece and part. We catalogue it this season at a close price, cash in full with order, to accommodate our regular customers. The customer pays the freight from the factory

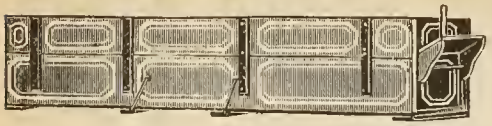
AN IDEAL WAGON BOX.



No. 11T1221 Owing to the constant demand from our customers for a thoroughly well made wagon box, we have decided to catalogue one at a price but little in advance of the factory cost. We can furnish this substantial, well built, well finished box, guaranteed as represented, at our factory in Indiana, at the following factory prices:

Be careful to give exact measurements between standards on bolsters.

Our 10-foot 6-inch box with bottom bed, 14 inches deep; top box, 12 inches deep to fit bolsters 38 or 42 inches between standards, for $10.85

EXTRAS:

For bottom box, 16 inches deep, and top box, 12 inches deep, add..... .45
For third or tiptop box, 9 inches high, no irons on edge, add..... 1.75
For high grade spring seat, two heavy leaf springs, add..... 1.95
If a lazy back is desired, add..... .20
For box brake attached, add..... 2.50

WE DO NOT SELL EITHER BOTTOM OR TOP BOX SEPARATELY. We furnish extras at the above prices only when ordered in connection with a complete box. Customer pays freight from our factory in Indiana.

OUR WOOD WHEEL HANDY WAGON.

No. 11T1241

THIS WAGON IS MADE WITH THE KING BOLT IN BACK OF THE FRONT AXLE, as shown in the small illustration, which adds strength to the front axle and makes it stronger than the regular method of running bolt through front axle. The reach and bolsters are of selected oak. The spokes are second growth oak, level bearing skeins and strong hickory axles. Wheels, 32 inches front and rear, made in two sizes as listed below. Painted in handsome wine color and guaranteed by us. Prices quoted are for wagons free on board cars at factory in Northern Indiana. Comes complete, as illustrated, with tongue.

Size of Skein	Weight	Capacity	Price with 3x⅜-inch Tires	Price with 4x⅜-inch Tires
3 x 9 inches	525 pounds	3,000 pounds.	$25.50	$28.00
3¼ x 10 inches	550 pounds	5,000 pounds.	27.25	29.80

State if wide (5 feet) or narrow (4 feet 6 inches) track is wanted.

EXTRAS: If neckyoke, evener and whiffletree are desired, add..... $2.50
If gear brake is wanted, add..... 4.00

DEPARTMENT OF CUTTERS.

NEW CUTTERS BUILT IN OUR FACTORY AND WILL BE READY TO SHIP BEFORE NOVEMBER 1ST.

LAST YEAR we disposed of all the cutters we built and could have sold at least 500 more had we been prepared to fill orders, but it seems, while we prepared a very large stock of each style of cutter shown in our catalogue, we underestimated the demand and were forced to cancel some orders. The increasing demand for cutters, built in our own factory, seems to be as great as the demand for our high grade vehicle work, which has assumed enormous proportions, as customers find work bought from our factories has a style and finish distinctly its own, and is a value that cannot be produced anywhere on the market at anything like the price we quote.

WE FIND that last year's cutter business almost doubled that of the preceding year, proving that each cutter sold was an advertisement for us and that these customers were glad to recommend us to their neighbors and friends, thus securing more orders for us and adding new names to our large list of satisfied customers. As each cutter is inspected by our own inspectors at our factory and is built under the supervision of our own foreman, we feel that every cutter we sent out last year will be the means of securing us more orders, and we have, therefore, arranged to build 75 per cent more cutters than we sold last year.

With vastly increased output, running each of these four styles through our factory in large lots, with a distinct department of our big Kalamazoo factory for cutters alone, equipped with the best cutter manufacturing facilities, we feel that the values we are offering this season are greater than ever offered before.

ALL OF OUR CUTTERS as shown in illustrations below, will be built this season and ready to ship before the snow flies. As we readily appreciate the importance of making extra prompt shipment, we have arranged to make shipment the day order is received at our factory. We have no carried over stock with the finish dulled. Every cutter to be shipped out will be newly finished and exactly as represented in the description below.

DO NOT WRITE US FOR OTHER STYLES as we do not furnish anything different from the illustrations shown below. It is only by building standard lines of cutters that we now meet the demands of the consumer in general, and running them all through our factory in large lots, building each style according to the specifications, making no changes except in the style of upholsterings as quoted in descriptions, that we are able to name these prices and make prompt shipment. As stated, we are able to ship any of the styles shown the day order is received at our factory, but cannot under any circumstances furnish different or changed style.

RECORDS SHOW that last year we received a great many orders from dealers and jobbers who found that, at the prices quoted in our catalogue, they were able to procure better value in lots of 10 or 12 than could be procured from the regular dealer in carload lots. All orders from such parties will be handled promptly; but do not ask us for any reduction in price, as our price is alike to one and all, and is the same whether one job is ordered or a carload, as we treat everyone alike and do not make special prices to large buyers.

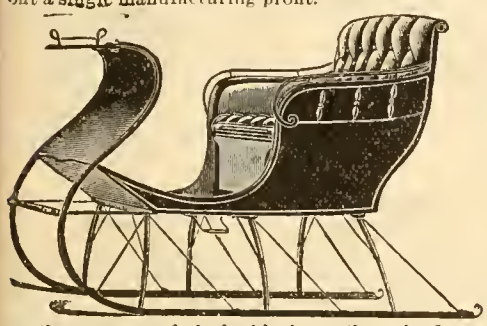
We issue with each Cutter our regular

ONE YEAR VEHICLE GUARANTEE,

and should any piece or part give out through defective material or workmanship, we will replace it FREE of all expense to the customer.

OUR $16.95 PORTLAND CUTTER.

IN FIXING THE PRICE we do not provide for the jobber, the traveling salesman, or the local agent, but we make shipment direct to the customer, pricing this sleigh at the actual factory cost, adding but a single manufacturing profit.

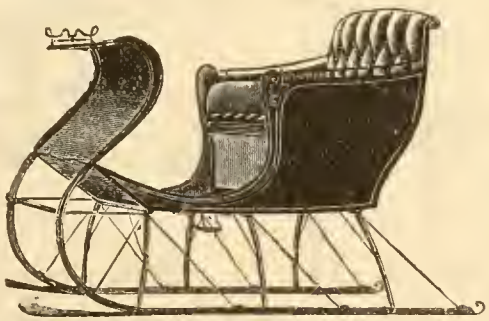


No. 11T1403 Body is made of the best air seasoned selected material, solid panels, guaranteed not to split, warp or crack. Gear is made of selected second growth hickory; double bent knees. Braces, bolts and clips best grade Norway iron. Higgins' best grade hardened steel shoes; seat upholstered in the best possible manner with 14-ounce dark green broadcloth, with spring back and spring cushion. Cushions are removable. Painting is first class, highly polished and neatly ornamented; body, black, neatly striped; gear, Brewster green; nickel plated arm rails and dash rail with steps, nicely trimmed and furnished with shifting rail, so horse can be driven to one side if desired.

No. 11T1403 Price, complete with shafts..... $16.95
Extra for pole in place of shafts..... 1.25
Extra if trimmed in red plush in place of broadcloth..... 1.50
Shipped direct from our factory at Kalamazoo, Mich., from which point the customer pays the freight. Shipping weight, crated, about 200 pounds.

OUR $19.90 IMPERIAL PORTLAND CUTTER.

THIS OUR SPECIAL $19.90 Portland Cutter, is the latest in design for this season. It is modeled after the original Ideal Portland; built from thoroughly seasoned and carefully selected materials. We are furnishing for $19.90 a cutter that cannot be had elsewhere for less than $5.00 to $8.00 more money.



No. 11T1409 Body is large, roomy and comfortable; made with high panels and extra high back; made of the best air seasoned timber, solid panels. All joints are reinforced, screwed, glued and plugged. Gear is made of the best selected second growth hickory; double bent knees. Braces, bolts and clips from the best Norway iron. Higgins' best grade hardened steel shoes, securely bolted to runners. Painted in the highest style of the art, highly polished, neatly striped and ornamented. Body black, striped in gold bronze and carmine. Gear, Brewster green, striped in gold bronze. Seat upholstered in heavy 14-ounce English green broadcloth. Full spring back and spring cushion; cushions are removable; curved dash with side wings and nickel plated dash rail. Nickel plated arm rails; neat foot steps and nicely trimmed shafts and furnished with shifting rail.

No. 11T1409 Price, complete with shafts..... $19.90

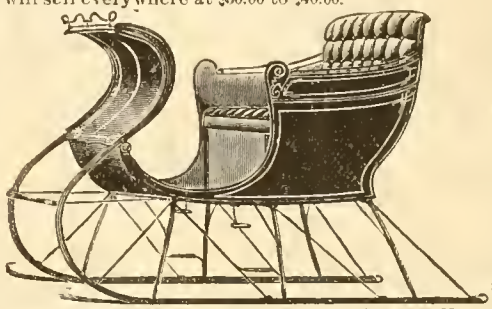
Extra if trimmed in red plush in place of broadcloth..... 1.50
Shipped direct from our factory at Kalamazoo, Michigan, from which point the customer pays the freight. Shipping weight, crated, about 200 pounds.

PRICES ON VEHICLES ARE SUBJECT TO ADVANCE WITHOUT NOTICE.

The steel market is such that we are looking for higher prices in springs, axles, wheels, etc. Buggies may cost from $1.00 to $3.00 more to build; surreys, $3.00 to $5.00 more. We will fill orders at printed prices as long as our material on hand lasts; if it is then higher we will claim the right to advance our prices to cover the exact difference in cost of material to us.

OUR $22.50 FINEST STANHOPE PORTLAND CUTTER.

OUR FINEST CUTTER the New Stanhope Portland at $22.50, made in our own factory at Kalamazoo, Mich. Latest in design, latest in finish, thoroughly up to date; offered in competition with cutters that will sell everywhere at $30.00 to $40.00.



No. 11T1415 This, our finest Stanhope Cutter, has a very large body, beautifully designed; solid panels, extra high side panels, with "O G" shaped handsomely hand carved effect; curved bracket front and round molding; special constructed and steam curved wing dash, elegantly proportioned with wings on side and mounted with nickel plated dash rail. Gear made throughout of the best selected air seasoned material; second growth hickory double bent knees; ornamented steps; Higgins' best grade hardened steel shoes, securely bolted to runners. Painted in the best manner known, tastily striped and ornamented, dark green panels, and dash with black molding handsomely striped; Brewster green gear, with gold bronze striping. Seat upholstered in the highest style of the art with heavy green English broadcloth. Full spring cushion and spring back. Cushions are removable. Nickel plated arm rails; nicely trimmed shafts and furnished with shifting rail.

No. 11T1415 Price, complete with shafts..... $22.50

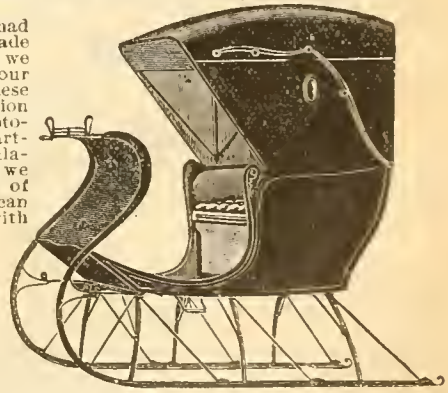
Extra if trimmed in red plush in place of broadcloth..... 1.50
Shipped direct from our factory at Kalamazoo, Mich., from which point customer pays freight.
Shipping weight, crated, about 200 pounds.

HIGH GRADE PORTLAND WITH TOP, $31.90.



No. 11T1421 Last year we had so many requests for a high grade Portland cutter with top that we decided this year to build in our factory a large number of these jobs, as shown in the illustration (which was taken from a photograph). As our cutter department is a part of our large Kalamazoo vehicle factory, where we each year build thousands of buggy and surrey tops, we can sell a high grade Portland with a good, substantial top as described below.

DESCRIPTION.

The body is large, roomy and comfortable, with extra high panels and very high back, made of selected air seasoned timber with joints being reinforced, screwed, glued and plugged. All wood parts of the gear are made of carefully selected second growth hickory with double bent knees strongly braced, bolted and clipped with best Norway iron. The runners are fitted with Higgins' best grade hardened steel shoes, securely bolted. The body is artistically striped after first receiving a high polish, which gives it a very handsome appearance. The body is painted black, striped with a gold bronze and carmine; gear, painted dark brewster green, striped in gold bronze. Has full spring back and spring cushion, upholstered with good, heavy English green broadcloth. The seat cushion and back are removable, so that they can be stored in summer time without being damaged. The sides of the seat are lined with the same grade of cloth as cushions. Fancy curved dash with side wings and nickel plated dash rail, as shown in the illustration. Comes complete with neatly trimmed shafts with couplings, as shown in the illustration, instead of shifting bar. The top on this cutter is three-bow good heavy full rubber top with roll-up rear curtains, sides and quarters being all in one piece, there being no side curtains, like the ordinary top, but same is built on the Goddard style; has oval glasses in side curtains, very neat in appearance and in combination with the cutter as described above, makes a very handsome top cutter.

No. 11T1421 Price, complete with shafts, $31.90. Extra for pole in place of shafts, $1.25. Extra, if trimmed in red plush instead of broadcloth, $1.50. Extra for both pole and shafts, $2.75.

HARNESS DEPARTMENT.

WE INVITE ATTENTION to our very complete Harness and Saddlery Department. On this line of goods we undersell the retail dealer by a big margin, as in most cases our prices to you are less than the prices at which manufacturers and jobbers sell to the ordinary retail dealer. It is no exaggeration for us to say that WE CAN SAVE YOU FROM 35 TO 50 PER CENT on these goods, besides giving you a LARGER assortment and a BETTER grade of merchandise than is found in the regular harness stores in other towns.

WE HANDLE THE VERY BEST OF HARNESS that is possible to be made. Our harness is made of the very best of high grade leather with fine trimmings. Our single and double buggy harness is of the very latest styles and the trimmings the very best nickel composition or Davis rubber trimmings. Our Farm, Team and Concord Harness is of the very best that can be made, and we invite the closest comparison of quality and price.

OUR $1.00 C. O. D. SUBJECT TO EXAMINATION OFFER.

While we always advise against shipping harness C. O. D., subject to examination, for the reason that it is usually much cheaper to ship a harness by freight than express, and when we ship harness C. O. D., subject to examination, there is an extra charge for collecting and returning the money to us of 25 to 50 cents, whereas if you send cash in full with your order the harness can be shipped direct to you by freight at the lowest rate and save you any C. O. D. or collection charges; nevertheless, to those who prefer to see and examine any harness or saddle before paying for it we will, on receipt of $1.00, ship any harness or saddle to any address east of the Rocky Mountains C. O. D., subject to examination. You can examine it at your nearest express office and if found perfectly satisfactory, exactly as represented, you can pay the agent our price and the express charges, less the $1.00 sent us.

NOTICE. WE WILL MAKE ANY CHANGE you want in any of our team harness you may order from our catalogue, and only charge you what it costs us to make such changes, except where we say no changes made.

ALWAYS STATE the parts you want in place of the ones which are listed with the harness. ALWAYS STATE the size of collar wanted when ordering the harness with collars or in ordering sweat pads; if you want a harness without the collar always state the size of hames it will require to fit your collar. ALWAYS STATE the kind of check wanted, whether overcheck or side check. IF YOU DO NOT STATE the kind of check wanted, we will send you overcheck. ALWAYS STATE the style of the harness you want, whether single or double, also the kind of trimmings, whether XC, nickel or imitation rubber. ALWAYS STATE the weight of your horse. Give us the measurement of your horse around girth where saddle or pad work, and from gig saddle to horse's tail. The size of bridle from bit ring to bit ring over the head, and state style of horse, if long ranged or short chunky horse.

HARNESS DEALERS, LIVERY MEN, everyone interested in these goods, is invited to compare our prices with what they have been paying for equal goods. Many goods we list dealers can buy from us at less money than they have been paying jobbers and wholesalers. Look carefully over our very complete line of blankets, fly nets, dusters, robes, etc. Nowhere will you find as complete an assortment, nowhere will you be able to match our low prices.

NOTE. EXTRAS: Russet Hand Parts on any harness over $8.00, 25 cents extra. Extra for Buckles on Crupper on Single Harness, 15 cents; Double Harness, 30 cents.

WE MAKE NO CHARGE FOR BOXING, CRATING, PACKING OR CARTAGE, BUT DELIVER ALL GOODS AT ANY EXPRESS OFFICE OR FREIGHT DEPOT IN CHICAGO FREE OF CHARGE

DEPARTMENT OF SADDLES.

IN OUR SADDLE DEPARTMENT WE HAVE ENDEAVORED TO SHOW EVERYTHING IN THE SADDLE LINE, INCLUDING ALL THE VERY LATEST STYLES AND MOST DESIRABLE GOODS.

OUR SADDLES are all made by the largest and most reliable manufacturers in the country, concerns whose reputation for the manufacture of the HIGHEST GRADE WORK is everywhere recognized.

IF YOU BUY YOUR SADDLES FROM US you will be sure not only of getting lower prices than you could possibly get elsewhere, but the best grade work on the market.

OUR SADDLE TRADE HAS GROWN until we are now among the largest dealers in this line in this country. We are daily shipping saddles to almost every state and territory in the Union, as well as foreign countries. The low prices we offer and the quality of goods we handle, commend our line to your favorable consideration.

ABOUT OUR PRICES. We advertise hand made saddles at from $1.85 upward, and we believe a careful comparison of our prices with those of any other concern will convince you that we can save you from 25 to 50 per cent in price. The freight or express charges will amount to next to nothing as compared with what you will save in price.

WE ARE EXTREMELY ANXIOUS TO RECEIVE YOUR ORDER, not so much for the little profit there is in it for us as for the good it will do us as an advertisement, and will endeavor to send you a saddle with which you will be so well pleased that your friends will also order from us.

OUR LINE OF STOCK SADDLES we believe is the handsomest line on the market, and the prices certainly are below any possible comparison. Our Western and Southwestern trade has been so very large that we have felt justified in making very extensive preparations in the stock saddle line for the coming season, and if you are in the market for this class of goods, we are sure that one trial order will convince you that you cannot afford to place your orders elsewhere.

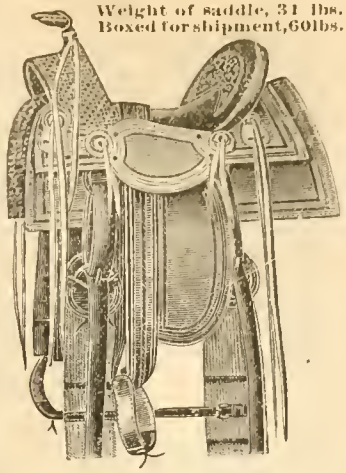
Our Special $25.92 Saddles.

This saddle is a special leader with us and such a saddle as you could not buy elsewhere at within 33⅓ per cent of the price.



Weight of saddle, 31 lbs.
Boxed for shipment, 60 lbs.

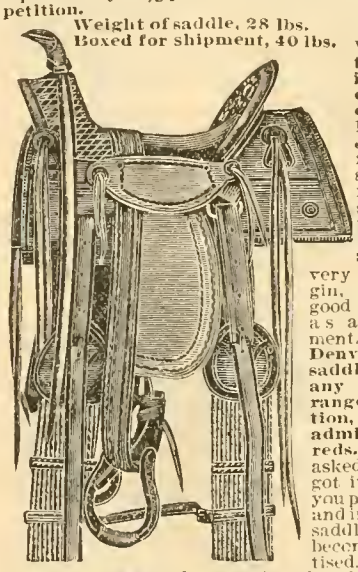
No. 10T1481 This saddle is entirely new. It is made extra heavy, goose neck style, under rigged, fancy basket, stamped, with heavy roll cantle. It is made on a 16-inch White River steel fork, hide covered tree; 30-inch heavy wool lined skirts; heavy 3-inch stirrup leathers to lace; fenders 18 inches long, 9 inches wide; 1¾-inch tie straps 6½ feet long to buckle on near side, and 2 inches to buckle on off side. It has long head strings. The girth is California strand white hair, wool lined chafes and connecting straps; 1¼-inch heavy iron stirrups, leather covered with an extra heavy leather bottom; heavy beaded roll cantle, and extra heavy jockey.

Notice—We have improved this saddle by putting in it a higher grade tree than we formerly used: it is the latest improved pattern and we consider it far superior to any other tree we could possibly use in this our special $25.92 stock saddle.

No. 10T1481 OUR SPECIAL PRICE, $25.92

Our Denver Special Bound Cantle Stock Saddle, $19.73.

Our San Juan Steel Fork Tree Saddle is offered as the highest class of work possible to produce at a price fully 33⅓ per cent below any kind of competition.



Weight of saddle, 28 lbs.
Boxed for shipment, 40 lbs.

No.10T1490 We are extremely anxious to receive your order for our Denver San Juan steel fork tree saddle, not so much for the small profit there is in it for us, as they are sold on very narrow margin, but for the good it will do us as an advertisement. **When our Denver San Juan saddle goes onto any ranch, any range, any section, it is seen and admired by hundreds.** You will be asked where you got it, and what you paid for it, etc., and in this way our saddle department becomes advertised.

General Description: This saddle is made for us on a special San Juan steel fork tree. The tree is 15¼ inches, hide covered, and we believe such a tree as you will not find in any other stock saddle on the market. It has 25-inch heavy wool lined skirts, heavy 2¼-inch stirrup leathers to lace, with fenders 16 inches long and 8 inches wide, heavy 1½ inch tie straps, and heavy 1¾-inch tie to buckle on off side. **Furnished with the very best selected California strand girth of wide Angora hair, with connecting strap. Furnished with the very best tempered steel leather covered stirrups, special high grade bound cantle. Any description we can give for our special bound cantle Denver San Juan stock saddle will not do it justice. You must see it to appreciate it. Our stock saddle business has grown until we have a department second to none in volume of business.** Its growth has been made possible by reason not only of our giving such value for the money as cannot be had from any other house, but by constantly and carefully studying the wants of the Western stockmen and ranchmen. This we have done until we believe we offer a line of saddles which will be found not only lower in price, but much more satisfactory in all the little detail of construction, finish, comfort, durability and strength, than anything you could possibly get elsewhere.

No. 10T1490 Price.....$19.73

COWBOYS, RANCHMEN,

All who appreciate good, stout, well made, everlasting saddles, are invited to give these pages their special attention.

Our Nevada Stock Saddle.

Weight of saddle, 3½ pounds.

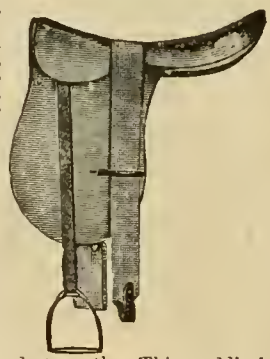
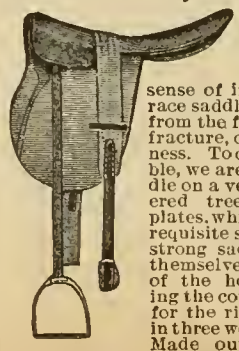
Our price.....**$10.45**

Our Sidney Lucas Race Saddle, $11.97.



No. 10T1530 Our great success attained in the handling of ordinary race saddles has induced us to make an extra effort to please those who want a strictly high grade, first class race saddle. The old style trees have served their days. Our latest and most improved light steel, leather covered tree has supplanted all other styles. Durability of these saddles is not questioned. They are the best that skilled labor and fine material can make, the steel tree being light is made for durability and strength. This saddle is made with very fine imitation pigskin seat and skirt, stirrup leathers, linen rawhide covered, girth and surcingles, 2-inch white cotton web, polished iron stirrup, fancy flannel pad. This saddle is made only in 3 pounds. Our special price.....**$11.97**

Our Kentucky Race Saddle, $17.95.



No. 10T1535 Calls for strictly high grade race saddle have caused us to make this special saddle. There has always been a sense of insecurity in respect to the race saddle made on common trees, from the fact that the tree is liable to fracture, owing to the extreme lightness. To obviate this as far as possible, we are now making this race saddle on a very fine steel, leather covered tree, strengthened by steel plates, which in addition acquires the requisite strength, preserves intact a strong saddle. They accommodate themselves more readily to the shape of the horse's back, thus insuring the comfort of the horse and ease for the rider. We make this saddle in three weights: 1¼, 2½ and 3 pounds. Made out of extra fine pigskin, seamed jockey pigskin skirts, stirrup leathers, linen rawhide points, girths 1½-inch fine linen webs, with nickel iron stirrups, fine soft serge pad. **This is the finest race saddle that we handle.**

Our special price, each.....**$17.95**

Our Double Cinch Boys' Saddle, $6.00.

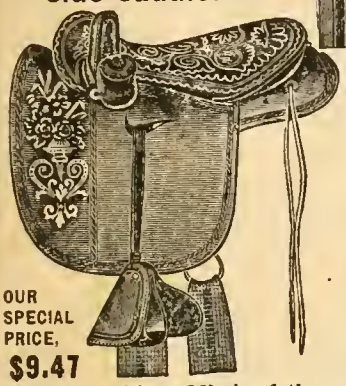
Our Special. The Princess Side Saddle.

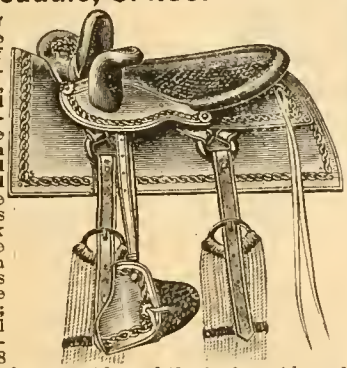


OUR SPECIAL PRICE, **$9.47**

No. 10T1565 **Tree:** The tree used in the manufacture of this our special Princess Side Saddle, is a strictly first class Ruwart tree, with bars of saddle padded with sheep skin, so as to be soft and easy on the horse's back. **Leather:** The leather used in the manufacture of this saddle is of the very finest selection of russet skirting, highly polished well finished edges, leather tanned expressly for saddles and guaranteed to be superior to leather used in a great many other saddles at a great deal higher price than our special price, $9.47, on this saddle. **Seating:** The seating of this saddle is of the finest quality of buckskin, handsomely ornamental stitched, making a very soft and easy cushion. This saddle is made with large jockey on back; the skirting is handsomely stamped four pieces, pigskin impression body, extra heavy 1¾-inch leather surcingle with ¾-inch stirrup strap, fine buckskin impression hooded stirrup, leather bottomed, lined with sheepskin, leaping horns seamed and buckskin lined, heavy double under rigging with woven hair cinches with 1½-inch tie straps on each side. We want your order for this saddle, not so much for the small amount of profit there is in it for us, but because we know that you will be well satisfied with this saddle and it will be a great advertisement for us. If you order this saddle and do not find it the greatest bargain you have ever seen for the money, you can return it to us at our expense and we will refund you the money paid for this saddle.

No. 10T1565 Our special price on this saddle $9.47
Weight, about 16 pounds; boxed for shipment, 30 pounds.

Our Special Southwest Side Saddle, $14.00.



No. 10T1567 This saddle is made of oiled California skirting, double rigged seamed leaping horn, made on the western style tree, and heavy rolled cantle, the same as man's heavy stock saddle. The tree used in this saddle is the genuine Ruwart tree; skirts, wool lined, 12½ inches wide and 28 inches long on the near side and 12½ inches wide and 23½ inches long on the off side, with pocket 5½x8½ inches on the off side. The illustrations show both sides of this saddle. The seat is all leather covered, basket stamped pattern, hand stitched solid rolled cantle. Makes a very firm, strong, durable side saddle. Stirrup straps, ⅞-inch, with 2½-inch hooded, wool lined stirrup; cinches, 20-strand white Angora hair, with tongs; 1¾-inch buckle tie strap on the off side and 1½-inch buckle tie straps on the near side. This is one of our special leaders for 1902.

Price of this saddle.....$14.00

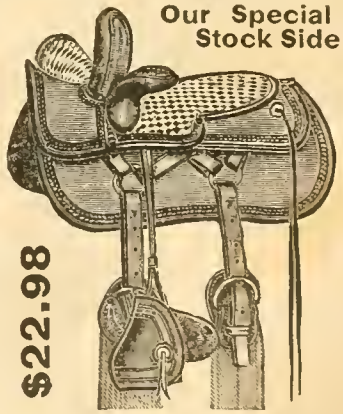
No. 10T1600 This is an Improved Western Style Side Saddle, and one of the best on the market. It is made on an 18-inch Ruwart tree, skirts are of California skirting, plain, underskirts square wool lined. Seating of genuine buckskin ornamentally stitched, has ⅞-inch stirrup leather. Cinches, 20-strand gray California hair, 1¼-inch tie straps, leaping horn genuine buckskin seamed. A regular double cinch rigged saddle.

Our price.....(Weight, 19 pounds)..... $13.25

Our Special Colorado Stock Side Saddle.

$22.98



No. 10T1605 Sears, Roebuck & Co.'s Special Cow-Girl Colorado Stock Side Saddle; made on an 18-inch Ruwart rawhide covered tree, heavy ironed and one of the best trees on the market. Seating and jockey of the saddle are in one piece with hood to lace and the leaping horn is handsomely hand stamped in diamond patterns. Skirts extra heavy oil tanned skirting, round cornered, 27 inches long and 15 inches wide with sheepskin lining. The rigging you will notice on the saddle is our sawbuck style with covered rings, the lap of each strap is sewed by hand, making it very firm and strong, short buckle cinch strap on near side and long buckle cinch strap on off side, wood stirrups, leather bottom and large tapideros wool lined. Cinches: The front cinch is made of soft woven hair with wool lined chafes and buckle ring with connecting strap. This is a strictly high grade Western Saddle, and we guarantee it in every respect, in style, quality of leather and workmanship. Our special price.....$22.98

Weight, about 20 pounds; boxed, 40 pounds.

Zylonite Rings.

No. 10T4540 S., R. & Co.'s Special Zylonite Rings. This ring is made specially for us by one of the largest manufacturers of zylonite goods, and is made of a quality similar to the celluloid ring, but each ring is tested thoroughly before leaving the factory, and we think is equal to any celluloid ring that can possibly be made. The price of the ring is a great deal cheaper, and we would recommend zylonite rings to all our customers as being strictly up to date in color and in workmanship. Be sure and mention color of ring wanted and the diameter. Weight of celluloid and zylonite rings is for dozen, according to size.

Price, each.....$1.00
Weight, 7 ounces.

Our Montana Special Sheep Shearing Machine.

Improved 1902 Model.

$18.75

IMPORTANT NOTICE. Clipper plates are packed in good order when leaving the factory. We do not furnish new plates for plates that teeth are broken out of. Be careful when using clippers. If you break the teeth you will have to buy new plates, as we do not guarantee the teeth not to break.

This machine will save time and save any injury to the sheep in shearing. It does not require a practical man to run this Special Montana Clipping Machine. A book of full instructions is shipped with every machine which shows the position that the sheep will be in.

The machine consists of a large wheel which is perfectly true and gear is enclosed in a stationary frame and drives a hardened steel cut pinion. Improved sheep head and sharpener, so you can sharpen the knives without sending them away. The pinion shaft is even with a small turn balance wheel, which, running at a high speed, makes the machine run perfectly steady at all times. The cutters are of an improved pattern and are so made that they will easily penetrate in any kind of wool that grows, no matter how dense or fine. The number of sheep this machine will cut without sharpening the knives depends much on the condition the sheep are in and how much grit or sand there may be in the fleece.

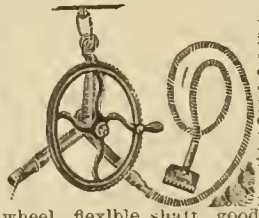
All farmers who raise sheep and shear them should not be without one of the Improved Montana Machines, or some other good sheep shearing machine, as you get longer wool and your sheep will never be injured in shearing. You will save the price of the machine in two weeks. **Weight, boxed, 70 lbs.**

No. 10T4846 Price of the machine, with four pair of sheep knives.....$18.75

No. 10T4847 Price of machine with three pair of sheep knives, and one pair horse knives..... 18.75
Add for extra cutting handle..... 7.00
Add for extra knives, per pair..... 1.00

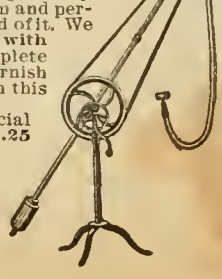
Add extra for belt wheel, which you can attach to the machine on the crank bar and run the machine by power. The 8-inch pulley is substituted for the crank handle. You can run the machine with any kind of power with a 1-inch flat belt to transmit the power to the machine.
Price of belt wheel, extra.....$1.50

Our New Illinois Swing Clipper.



No. 10T4863 The very latest and best improved machine on the market. The machine suspended from ceiling by rope which passes through a screw eye, free end is passed under eccentric pulley journaled in the frame, which locks at any point desired by letting go the rope. Large balance wheel, flexible shaft, good cutting knives, turns very easy, any one can work this machine. Complete with one cutting head.
Price, each.....$7.85
Top plates, each..... .90
Bottom plates, each..... 1.45
Extra cutters, to attach to machine..... 2.25
Extra head and handle, to attach to machine 4.50
Weight, about 36 pounds.

The Acme Hand Power Clippers.

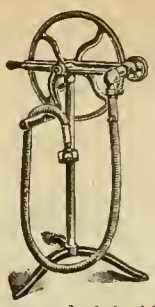


This machine is complete with ball bearing cutters. It is the only machine in the market that has an all steel tempered flexible staff with riveted joints and is ball bearing. Very light running, easily handled, takes up little room and performs every service required of it. We furnish **vibrating cutters with each machine.** It is complete and ready for use. We furnish one extra cutting head with this machine.

No. 10T4865 Our special price.....$17.25
Weight, packed for shipment, 75 pounds.

Extra cutters, $3.00; top plates, $1.00; bottom plates, $1.50 each for above clipping machine. **All machines should have two extra set of cutters.**

Our Dakota Horse Clipper, $10.75.



The picture represents one of the latest and most perfect Horse Clipping Machines on the market. This is a new pattern, strictly up to date, with all the latest improvements that are used in high priced machines. It has many advantages over others which will readily recommend themselves to the user. First, it has a positive driving mechanism, and the operator knows that when he turns the handle of the drive wheel that the knife will cut, because there is no belt to slip, and no extra motions required to do the work. The next special feature is the knives, which are held together by one set screw, so that it is impossible to tighten one end of the blades tighter than the other, as the set screw works in the center and tightens the full blade evenly. The large drive wheel is machined all over, the teeth are milled from solid metal, and engaged in a hard steel pinion, the small balance wheel revolving at a great speed completely equalizes the motion, completely closed and dust proof; this machine is equipped with flexible shaft attached to the machine and cutting head. We believe in presenting this our latest improved Dakota Clipping Machine to our customers that we are offering them a machine that will be hard to duplicate anywhere.

No. 10T4881 Our price of this machine with one set of knives complete. $10.75
No. 10T4883 For extra knives to attach to the clipping head, price per pair.....$2.25

NOTICE—To sharpen sheep shearing knives or horse clipping plates: Take a very fine piece of emery cloth, stretch securely over a smooth surfaced board, and tack it down. Place your sheep shearing knives or clipper plates face down perfectly flat, and rub them eight or ten good quick rubs and you will sharpen the teeth very quickly. This will save you sending your plates away to be sharpened as you can repeat this process very often during the day. **Weight, boxed, 75 pounds.**

Curry Combs.

A horse well curried not only looks sleek and attractive, but his health is greatly improved by keeping his skin clean and pliable. Careful grooming saves much feed.

Derby Bandages, Fine Double and Single Cotton and Red and White Flannel Bandages.

No. 10T5437 S., R. & Co.'s Fine White Cotton Derby Bandage, with long tie. This is the finest cotton bandage, made in three lengths.

Length	2 yards	2½ yards	3 yards
Weight, ounces	8	10	14
Price, per set	20c	29c	35c

Heavy Cotton Derby Bandage. This bandage is made of extra quality fine knitting yarn, 4¾ inches wide, two bandages 2½ yards long for the fore legs, and two bandages 3 yards long for the hind legs, put up in sets in nice package. This is a double knitted bandage, well made. Weight, per set, packed in box, 20 ounces.

No. 10T5438 Price, per set.....70c

Bandages.

Our Special Single Web Cotton Bandage. This bandage is made of a fine quality of knitting yarn, woven single, which binds closely and never slips. They do not stretch or string out, and are very elastic in width, allowing plenty of play and give at the joints. This bandage is considered one of the best that can be used on trotting or running horses. Put up in sets of four bandages, and in two colors, white and natural gold. Two bandages for the fore legs 2½ yards long, and two bandages for the hind legs, 3 yards long. Width of bandage, 4 inches. Horsemen generally favor this style of sets, as the hind leg requires a longer bandage than the fore leg.

No. 10T5439 Neat fawn or brown color. Weight, boxed, 20 ounces. Price, per set.....80c

No. 10T5441 Plain white bandage. Weight, boxed, 20 ounces. Price, per set.....65c

American Buffalo Robes are the Best, $5.50 to $7.50.

Retail everywhere at $10.00 and upwards.

The World's Best Robe. This robe is made of a very fine quality of imported brown wool, having a knit body with this wool carefully woven in. The appearance of the robe is like the old buffalo robe of the plains; has a very curly face. The robe, when finished, has a very soft and pliable effect, being lined with black astrakhan cloth lining, such as fine astrakhan capes are made of, with an inner lining of rubber cloth; which makes the robe absolutely wind and waterproof. This robe, when wet from snow or rain, will dry quickly, and never has the hard effect of the old buffalo robe from the fact that there is no hide to get dry and hard. It has a very handsome felt pinked border edge. We can fully recommend it to our customers as a strictly first class article of the very finest quality. We make this robe in three sizes:

	Size, inches	Weight, lbs.	Each
No. 10T10478	54x52	8	$5.50
No. 10T10479	54x62	10	6.50
No. 10T10480	54x72, or extra large	11½	7.50
